The Article on New Bern. of about a week. The valuable historical information contained in them will rander them well worthy of preserva-

of getting the same in so convenient me typographical errors occurred in the one given yesterday. In the quota-tion from the N. C. Teacher, the city's name was spelled with a final e where is should have been New Bern and farther down the Colonial Records were called "the Col. O'neal Records." These errors will be corrected in the Weskly Journal.

Mr. and Mrs. N. S. Richardson and hair son Fred left yesterday morning white relatives in Henderson and Raleigh and to attend the State Expo

\$100,000 for Road Improvements. Seldom do country roads receive the attention they deserve but the people of a portion of Alabama seem to be awake on the subject. The question of road improvements is being vigorously agitated by the people of Colbert and Lawrence counties that state. A meet-

ing was recently held in Colbert. Addresses were delivered by prominent citizens and much interest was manifested. A result of the meeting, a committee was appointed to meet in Sheffield to take action regard to roads. It is proposed that bonds be issued to the amount of \$100,000 and the proceeds be devoted to macadamizing the princi-

pal roads of the counties. If it was proposed to expend \$100,000 on improving the roads of Craven county how astonishing it would appear what opposition would be likely to be manifested by some of its inhabitante! And yet we expect our roads are in as bad condition as those in the two Alabama counties spoken of. They are certainly bad enough at any rate, and farther than that, there is not a county in the State which has as good roads as it should. But money spent wages. on improvement in this direction is well expended. It facilitates and lessens the cost of travel and transportation and enhances the value of property NEW along the line of the Improved roads. Now that the city has a road machine we hope that under some arrangement it will at intervals when not needed on the streets be put into service on the roads of the county at loast those that are approaches to the city, which are Mr. H. B. Duffy's Millinery miserable, annoying to travel over and which occurs Thursday and Friday, a discredit to both the city and county. October 8th and 9th.

The Lumber Railroad at Dover. The Goldsboro Lumber Company, of this city, are doing a great work at their immense branch lumber mills at Dover, on the A. & N. C. R. R. They are putting in a line of railroad of their own, perfectly graded, equipped with steel rails and owning a beautiful locomotive of standard make and commensurate power and speed for all requirements.
Their road at present will be some

seven or eight miles in length, running through vast pine forest and tapping other timber reservations of the company, It is known as the "Dover & Southbound R. R.," and is destined doubtless to play an important part in the railroad development of Eastorn North Carolina, Messys, Street and Hyman, whose push and energy have complished wonders in the development of the timber interests of this section, are the local promoters of the enterprise. - Goldsboro Argus.

The Result of Merit.

When anything stands a test of fifty ears among a discriminating people like the Americans, it is pretty good evidence that there is merit somewhere. The value of a medicine is best proved by its continued use from year to year by the same persons and families, as well as by a steady increasing sale. Few, if any, medicines have met with such continued success and popularity as has marked the introduction and progress of BRANDRETH'S PILLS, which, On motion the question of title to land after a trial of over fifty years, are croschments of private land on any of effective purgative and blood purifier

That this is the result of merit, and that Brandretu's Pills actually per- 3th Standard Penches 15 & 20c. can form all that is claimed for them, is 3th conclusively proved by the fact that 2th those who regard them with the Finance committee stated that the greatest favor are those who have used
