THE cruel and malicious story that comes from Boston, stating that Mr. Edwin Booth is demented, and was seen a day or two ago wandering aimlessly about the streets of that city, is positively and indignantly denied by Mr. Stuart Robson. "No man can have such influence with the Administration as Commissioner Rann seems to enjoy, unless the Administration itself accepts his offenses as its own. So long as Rann remains at the head of the Pension Office Mr. Harrison makes himself responsible for the corruption, and some of them are the measures in the annals of Washington. There will be a rattling of the dry bones when the committee of the people's congress shall investigate Mr. Rann's Department."

Mayor Manly, recently returned from a visit to the historic city of Berne on the occasion of its seventh centennial celebration, gave the Board an entertaining account of his sojourn there, pleasingly portraying many scenes and incidents and exhibiting a number of souvenirs of the pageant.

He stated that Berne had its municipal colors—red and black with the bear on the shield enshrined in sentiment and hallowed by ancient memory—and suggested it might not be inappropriate for the citizens of New Berne also to adopt some such emblematic colors. Commissioned by the committee of organization he presented a very handsome historical book from the mother city of Berne to the trans-Atlantic daughter, which was received with much appreciation, and on motion a committee was appointed to draft resolution expressing thanks for the valued gift, for the cordial reception of our delegate and the many other manifestations of a kind regard.

Minutes read and the Board took a recess until 8 p. m. Tuesday Oct. 13th.
 W. D. WALLACE, City Clerk.

What Does It Mean?
 Under the head "Oyster War" the Washington Gazette has the following item:
 "Capt Rodman received orders yesterday to hold a detail of ten men in readiness for the oyster war at any moment. The detail has been made and the boys are quaking in their boots."
 And the Raleigh correspondent of the Wilmington Messenger says under date of October 6th:

Regulation was made today by the Governor for a Gatling gun, 10 barrel, calibre 45, for the company of the naval reserve at Charlotte. Some breech-loading howitzers will also form part of its equipment, the Navy Department sending these. The oyster patrol steamer Lily has also been armed, with Hotchkiss breech-loading cannon and small arms. Capt. Adam Warner, who commanded the patrol last spring, is in charge again."

The JOURNAL gives the above simply as the other papers furnish it. We simply inquire, "Who are they going to fight?"

Gratifying to All.
 The high position attained and the universal acceptance and approval of the pleasant liquid fruit remedy Syrup of Figs, as the most excellent laxative known, illustrate the value of the qualities on which its success is based, and are abundantly gratifying to the California Fig Syrup Company.

The Result of Merit.
 When anything stands a test of fifty years among a discriminating people like the Americans, it is pretty good evidence that there is merit somewhere. The value of a medicine is best proved by its continued use from year to year by the same persons and families, as well as by a steady increasing sale.

Few, if any, medicines have met with such continued success and popularity as has marked the introduction and progress of BRANDRETH'S PILLS, which, after a trial of over fifty years, are conceded to be the safest and most effective purgative and blood purifier introduced to the public.

That this is the result of merit, and that BRANDRETH'S PILLS actually perform all that is claimed for them, is conclusively proved by the fact that those who regard them with the greatest favor are those who have used them the longest.

BRANDRETH'S PILLS are sold in every drug and medicine store, either plain or sugar coated.
