

# THE DAILY JOURNAL.

VOL. X.—NO. 172.

NEW BERNE, N. C., FRIDAY, OCTOBER 16, 1891.

PRICE 5 CENTS.

## BUSINESS LOCALS.

**BARGAINS** in beautiful work-baskets—fancy styles—job lot just received. J. SUTHER.

**SMOKE** Genuine Cubana Tobacco. cotbit

**FOUND** near Meadow's Grist mill, one bunch keys, Apply at JOURNAL OFFICE.

**TOBACCO**—If you want the highest market price for your Tobacco ship it to Remm Warehouse, Durham, N. C., care Jno. B. Hutchings & Co.

**TO ONE** who can copy music in a clear style, I will give work at intervals during the winter. I prefer the services of one who understands harmony and counterpoint, although this knowledge is not necessary. CHAS. L. GASKILL.

**NEW DRUG STORE**—Drugs, Medicines and Chemicals, O. P. Popular Proprietary Medicines. All varieties of Druggists' Sundries, Trusses and Braces, New crop Garden Seeds, Fine and Large Hook Cigars and Tobacco, ALL NEW. Prescriptions accurately compounded (and not at a price), our motto and our success. O. P. GASKILL, Druggist and Apothecary, Middle St., front doors from Kollock. (Jan 21)

**THE Old North State** is making a grand display of her resources and industries this week at the Southern exposition in Raleigh.—Wash. Post.

**YESTERDAY** we said the "Durham Glove is two years old." Of course we intended to say the Glove, but the mistake was not so bad after all, for the Glove is always on hand and fits exactly.

**We agree** with the State Chronicle that it is a great mistake to say that the Sub-Treasury is the ultimatum of the Alliance. They are in the fight for a reform of the present Republican financial system, and they are going to help those who can and will secure the best and most feasible reforms. They are using the Sub Treasury as a basis, and they are ready to abandon it for something that will increase the currency and provide for its proper distribution and not be open to the objectionable features of that plan.

**THE Swedes** and Norwegians are not on the best of terms at home, and their mutual antipathies come with them to this country. These feelings have latterly assumed such pronounced and violent shape in Minnesota that the people of both nationalities are determined that the representatives of neither shall hereafter be recognized in American politics. This will simplify the political situation in Minnesota materially where the Norwegians and Swedes have hitherto developed a vigorous appetite for office.

**IT is not surprising** to learn that England heads the list of foreign claimants against the new Chicago government for damages incurred by the late war. Over \$50,000,000 indemnity will be asked for losses on nitrate works, and there are individual English claims amounting to \$10,000,000 or \$20,000,000 more. The Spanish and Italian claims amount to \$5,000,000 each, while the United States, notwithstanding the fact that Minister Egan was insulted, the American legation policed, and the warship Baltimore mobbed, only puts in a modest bill of \$25,000.

**AMONG** the important cases to be decided at the present term of the Supreme Court are those of Steinbach & Co., of New York, and Marshall Field & Co., of Chicago, which are brought with the view of obtaining an authoritative determination in regard to the validity of the McKinley tariff law. Both of these firms paid, under protest, the duties imposed by that law upon certain goods which they imported. Their protest was considered by the board of general appraisers and decided adversely. Accordingly, the cases now come to the Supreme Court for final adjudication.

**THE Brooklyn Standard-Union** refers to the meeting at which Cleveland presided and Hill spoke as the Democratic "Comedy." Contra: Richard Croker, the chief nemesis of the Tammany wigwag, says: "The speeches of Mr. Cleveland and Governor Hill will have a great effect, and will unite all good Democrats in support of the State ticket. The Democratic campaign has been opened, and the Republicans will soon find out that they are on the defensive. From now until election day you will hear the Democratic side of all issues. In my opinion, the presence of Cleveland and Hill at the meeting is good for 20,000 votes for Mr. Flower and the entire Democratic ticket."

## LOCAL NEWS.

### NEW ADVERTISEMENTS.

**John Sutor—Bargains.**

**W. A. White—First Chance.**

**J. M. Howard—See Notice.**

**Dr. W. L. Lassiter—Professional Card**

**COTTON**—New Berne Market—Sales yesterday 86 bales at 7 1/4 to 8.

The News and Observer says that between five and six thousands visitors were on the Exposition grounds Wednesday.

Cox & Cox of Belle Haven resume oyster canning operations this week. This is the first cannery in the State to begin this year.

The New Berne Improved Cotton Ginny has steamed up and made a satisfactory trial of the machinery. It is about ready to begin operations.

The inquest held over the steambot agent that fell into the river yesterday found the following verdict: "He escaped drowning from causes unknown to the jury."

Our regular Stonewall correspondent sends information of the death of Mr. H. H. Muse, a kind and honest man and excellent citizen of Pamlico county. He died at his home on the 14th inst., aged 72 years.

Alonzo Rhem charged with violating the city ordinance against disorderly conduct was fined \$5 and costs yesterday, by Mayor Manly. An appeal was taken to Superior court and he was placed under \$100 bond.

Losses by fire sometimes occur by neglect to examine flues at the commencement of cold weather to see whether they have in any way become defective during the summer. A word to the wise is sufficient.

All regular correspondents to the JOURNAL will please have their items reach us not later in the week than Monday. Also we would respectfully say that no long article need expect to be published unless paid for.

The case of E. L. Smith vs. the schooner Melven being an action brought by plaintiff for wages which he alleged were due was tried by Judge Seymour at his office yesterday and decided in favor of the schooner.

We publish in this issue the professional card of Dr. William L. Lassiter. Dr. Lassiter is a young colored man who recently graduated from the medical department of Howard University, District of Columbia, and comes here highly recommended, and is a native North Carolinian, from Northampton county.

Greenville is working for a smoking tobacco factory. The Reflector says the stock subscriptions have reached sufficient proportions for the enterprise to organize and a meeting has been called for the purpose of electing a board of directors and taking all other steps necessary to securing the charter and starting the factory.

The Superintendent of the United States coast and Geodetic Survey gives notice to mariners that a red can buoy, No. 4, has been substituted for the red day-buoy, with the same number, formerly shown in a position from which Weir's point bears, N. E. distant four-fifths of a mile and also that the black day-buoy formerly shown in a position from which Weir's point bears North, distant one and three-fifths miles has been removed. These changes effect charts 140 and 408.

**Coming and Going.**  
Mr. J. C. Whitty returned yesterday morning from attending a meeting of the Baptist Atlantic Association.

Mrs. O. E. Slover, Mrs. E. B. Ellis and Miss Lizzie Ellis went up to Raleigh to attend the Exposition and Mr. J. E. Latham and Mr. S. M. Brinson also left to attend the Exposition.

Mr. E. J. Matthews left to visit his mother at Creedmoor, Granville county.

Mr. J. M. Mody left to send some time in the western part of the State.

Miss Nannie Hill returned last night from a visit to relatives and friends in Greene and Lenoir counties.

**Increase of Hay Culture.**  
The Scotland Neck Democrat notices with approval that more than an ordinary quantity of peavine and other hay has been saved by the farmers of its section this season and asserts that there is no necessity for farmers to buy any hay as it can be grown in abundance there.

The same holds true of Craven county and our people are giving more attention than formerly to this crop. Some farmers are raising good quantities of it and harvesting it with improved machinery—horse mowers, and horse rakes, but there is nothing like the supply raised that should be. There is not even enough to meet the demands of local consumption. Many cargoes of Northern hay are brought to New Berne every winter but this state of things ought to be reversed. Not only ought each farmer to raise as much forage of every description as he uses but there ought to be a surplus large enough to supply the demands of the city and also to admit of shipments being made to other sections.

**Mangled All the Occupants.**  
BIRMINGHAM, Ala., Oct. 15.—Last night six laborers on a construction train at Besley City went to sleep in a car where a red-hot stove was also to two kegs of powder. The powder ignited and exploded, blowing the car to fragments, killing Sam Williams, John Jones, Orange Fleming, and Frank Miller, and fatally injuring Henry Norway and Henry Brinson.

## FAIRS.

**Their Benefits**—The New Berne Fair—Its Good Effects—Our Next One.

Fairs and expositions are a topic of the day. The Goldboro and Elizabeth City Fairs have recently been held, week after next the Albemarle Park Association is to hold its third annual Fair in the latter city, the Southern Inter-State Exposition is now in progress in Raleigh and also the North Carolina State Fair which is being held this week in connection with the Exposition, and the preparations for the World's Fair to be held in Chicago are being made on a colossal scale and furnish abundant opportunity to those who wish to expatiate on the marvellous growth and present power and influence of this glorious country.

In the midst of these things let it be borne in mind that eight months have passed away since the last New Berne Fair—the fourth annual exhibition of the East Carolina Fish, Oyster, Game and Industrial Association was held and that the time is comparatively near for us to show once more to assembled multitudes the handiwork of our artisans, the products of our factories, the resources of our rich fields, forests and waters and the present progress and future capabilities generally of this naturally rich and productive region.

Owing to the wide range, varied character and superiority of the exhibits the fame of our former Fairs has spread widely and this city, county, and eastern section of North Carolina is coming more prominently into notice than ever before and a stimulus to industrial activity, and the promotion of a solid confidence in its continued increase and in the future still greater development of our latent resources, and in the assurance of continued advance in prosperity are direct beneficial results flowing therefrom.

The officers of the Fair are on the alert as usual and working with a will for the next exhibition. They will soon hold a meeting and decide upon the exact date for holding it. In the meantime and until the Fair opens let every man, woman and child of Craven and surrounding counties remember that they have a direct interest in it and that upon each individual, as such, rests a certain proportion of the responsibility for the measure of its success.

Plan well ahead of time for the Fair. Select and save something nice for it whenever you have the opportunity and more than that put forth extra effort and make something purposely for it. This has been a splendid year for both the city and country and with the help of each one who made exhibits at the last Fair, augmented by the help of their neighbors whom by a few words they can induce to do likewise at the next Fair, the exhibition can be made even more of a surprise to the visitors than the preceding ones. Every man and woman to the work and keep the matter moving.

**What the Flags Mean.**

The weather signals of the North Carolina State Weather Service which are hoisted daily (except on Sunday) at the A. & N. C. R. E. depot indicate the weather for the following 24 hours.  
Four flags, a black triangular one and three square ones otherwise colored are used. The white flag indicates clear or fair weather—no rain; the blue flag rain or snow; the white flag with a black square at the centre a cold wave, and the black triangular flag is the temperature signal.

The arrangement of the flags as they are displayed gives still more particular information as to the weather to be expected. The black flag (temperature flag) when placed above the white or blue one betokens warmer weather; when placed below either of them colder weather; when not displayed, temperature stationary, or that the change in temperature will not vary five degrees of the same hour of the preceding day.

The white flag with a black square in the centre, (cold-wave flag) indicates the approach of a sudden and decided fall of temperature. This signal is usually ordered at least 24 hours in advance of the cold wave. It is not displayed unless a temperature of 30 degrees or less is expected, and the regular temperature flag is not displayed with it. The cold wave flag also means that a frost will occur.

Besides the four flags spoken of there is still another, a half blue and half white one. This is the local rain flag; it means that there will be rain in the immediate section but that it will not be general.

**Snow Falls in Maryland.**  
GUMBRILLAND, Md., Oct.—Snow was reported at Sand Patch, about twenty-five miles west of this city, yesterday afternoon, and advice from Frostburg, eleven miles north of here, state that a number of flakes fell there. This is the first snow of the season reported in this vicinity.

**Probably Means War With China.**  
SHANGHAI, Oct. 14.—The foreign ministers have broken off negotiations with the government and have announced to China that now their own governments must act.

**Gratifying to All.**  
The high position attained and the universal acceptance and approval of the pleasant liquid fruit remedy Syrup of Figs, as the most excellent laxative known, illustrates the wisdom of the qualities in which its success is based, and are abundantly gratifying to the California Fig Syrup Company.

## INVADIED BY RUSSIANS.

**China and England** Protesting Against Operations in Asia.

LONDON, Oct. 13.—The Chinese minister to Germany has arrived at St. Petersburg from Berlin in consequence of sudden and urgent orders from Peking regarding Russian encroachments upon Pamper, the extensive table land of Central Asia, called from its altitude "The roof of the world." The Chinese government became alarmed over the advances that the Russians had penetrated far beyond the frontier of this district, and the minister was instructed to proceed to St. Petersburg and obtain positive assurances with regard to the intentions of the expedition.

China and England are acting in concert in the matter, owing to the receipt of trustworthy information to the effect that the territory of Afghanistan has also been violated, Sir R. B. Morier, the British ambassador to Russia, and De Stael, the Russian ambassador to England, are now both in London, and today had a long conference at the foreign office.

**Woman in the Church.**  
WASHINGTON, D. C., October 13.—The discussion of "The Church and Her Agencies," was continued at this morning's session of the Ecumenical Methodist Conference today.

The essay on this subject was delivered by Rev. Benj. St. James Fry, M. E. Church, St. Louis, and editor of the Central Christian Advocate, Rev. Wm. Gorman, of Belfast, Ireland; Prof. J. P. Landis, of Ohio; Rev. Thomas Hunt, of England; Rev. W. F. Oldham, of Pittsburg; Bishop Hood, of the African M. E. Zion Church; Rev. C. F. Reid, of Kentucky; Rev. J. W. Hamilton, of Boston, and others spoke, and they all favored having women take an active part in church work and occupying the pulpits if they wished to do so.

**The Lottery Business Dying Out.**  
WASHINGTON, D. C., October 13.—The Postmaster-General has received a report from an Indiana postmaster, who lately visited county postoffices in his district, stating that the lottery business is dying out in Indiana, and that in his own city, where the lotteries formerly had great patronage and did perhaps \$2,000 worth of business a month, the income of the lotteries from the same territory at the present time is less than \$200 per month.

**Children Cry for Pitcher's Castoria.**  
"Live well—Die never.  
Die well—Live forever."  
—Old Epitaph.  
Live as well as you can afford, and wear the best clothes you can pay for, and when you need anything to complete your winter wardrobe give us a trial. We have just received a new lot of the celebrated tailor made suits of the Stein Bloch Co. They are the most perfect fitting clothes we ever handled. Our Stacy Adams & Co's shoes are considered by all that wear them to be the best in the market.  
J. M. HOWARD.

New Berne, N. C. au25dwf

UNITED STATES OF AMERICA,  
EASTERN DISTRICT OF NORTH CAROLINA,  
U. S. District Court.—Family District,  
Jno. T. Dunn et al. vs. The Steam Tug N. W. A. Cobb, her tackle, etc., etc.

**IN ADVERTALTY NOTICE.**  
All persons who may be interested in the balance of the proceeds arising from the sale of said Tug, are hereby notified to appear and make their claims at the next term of the said District court of the U. S. to be held in New Berne, N. C. on the 4th Monday in October, 1891. By order of the court, oct14d G. O. GREEN, Clerk.

**FOR SALE.**

**A Very Valuable Truck, Cotton and Corn Plantation,**

And some of the land is considered to be as fine Tobacco land as in the eastern part of the State—three miles from the city of New Berne, on the public road to Washington and on the A. & N. C. R. R., and one of the most convenient for shipping in the county, 507 acres, about 250 acres cleared, well ditched and fenced, in the state of cultivation, the balance in original growth.

Dwelling with six rooms and kitchen; large cellar; brick meat house; two barns; stables for ten mules; six frame buildings, with brick chimneys comparatively new, for laborers, together with other outbuildings. If desired, I will sell with farm, the growing crop, mules and other stock, corn, fodder, hay, and all the farm implements.

Also one 60 new Brown Cotton Gin with feeder and Condenser, one 2 horse power engine, shafting, pulleys and belts; one 10 horse power return tubular boiler, and one Power Press—all in good order. Will sell with or without farm. Terms, one half cash, the balance in one and two years time. E. B. COX, oct14dwf Box 22, New Berne, N. C.

## Prof. Eugene Wallnau

Hancock Street, near Methodist church, New Berne, N. C. Expert Piano and Organ Tuner and Repairer, educated at the University of Berlin. Satisfaction guaranteed. Tuning \$3.00. Polishing \$1.00 extra.

**TESTIMONIALS.**  
Miss Fannie Holland, Music Teacher, New Berne, N. C.  
Miss Marian B. Radcliff, Vocal Teacher, New Berne, N. C.

Prof. Gal'espé, Principal of Tarboro College, Mrs. Juliette Statton, Music Teacher, Greenville, N. C., January 3rd, 1891:

Dear Sir:—It gives me great pleasure to assure your patrons of your thorough ability as a Tuner, and I give you the liberty of using my name as a testimonial.

Respectfully,  
Mrs. Louis C. Latham:

Mr. Eugene Wallnau is engaged as Piano Tuner in the Greenville College, and he has proved himself a very competent and careful workman. He is a gentleman and conscientiously performs the work entrusted to him, and his giving perfect satisfaction, I give him, unhesitatingly, this testimonial of his work, commending his services to parties in want of so reliable a tuner and repairer.

Prof. John Duckett, Principal of Greenville College, Greenville, N. C.  
Mrs. A. G. Gunter, Music Teacher.
