**UNPRECEDENTED** cold weather for this early in the season is prevailing in Europe.

**MRS. CHARLES STEWART PARRELL** continues very ill and her recovery is doubtful.

The testimony in the Motz case is all in. Public opinion very much in favor of the defendants.

The Tennessee convicts at work in the mines have been released by the miners. No arrest reported.

On Tuesday elections were held in the States of Colorado, Iowa, Kansas, Massachusetts, Michigan, Mississippi, Nebraska, New Jersey, New York, Ohio, Pennsylvania and Virginia.

The Baptist State convention that meets in Goldsboro next week will consist of about 400 delegates, representing a constituency of about 100,000 members. L. L. Polk is President of the convention.

The Inman Steamship Company have decided to use oil instead of coal for fuel on their six big steamships, and the vessels are all to be fitted up with the necessary tanks. The oil is from the Lima field and will be piped to New York.

An alarming fall of the water of Lake Michigan is reported at Chicago, for which nobody seems able to account. A fall of a few more inches and the people of Lakewick, occupying one fourth of the city, will have their water supply cut off. It will be a bad condition of affairs if Chicago loses her beautiful water front before the World's Fair.

As Mr. Gladstone is almost the only member who sits in the House of Commons with his hat off, his face is more carefully scrutinized by visitors and becomes better known than that of any other man in public life. Strangers admitted into the gallery invariably express deep disappointment when they are informed that he is absent from his place.

Referring to the demand for better houses, the Southern Building Record says, that throughout the South within the past four or five years more houses of various kinds have been erected than were probably built during the whole period of twenty years previous. At first the buildings were of cheap structure, built as speedily and economically as possible, but that the present demand is for an altogether better style of building with the best improvements of the date. The idea being now to build homes and not houses for speculation.

The Norfolk Virginian says: But there is a way to enable American ships to recover their lost share in the ocean carrying trade, and this would be to repeal the Navigation laws and to remove every burden of duty upon the maritime of shipbuilding. The effect of steamship bounty would be to create an oppressive monopoly of transportation on the high seas, and at the same time to heavily tax the people. A repeal of the Navigation laws, on the other hand, would enable American merchants to carry goods under the country's flag, and to receive the dollar to

It is settled that Persia is to have a good exhibit at the World's Fair. With the view of giving encouragement to this purpose the Government has shown great liberality in ordaining that no export duties shall be levied on goods sent to Chicago, and that all articles purchased at the Fair shall be admitted into Persia free of duty. Evidently the Shah knows a thing or two about promoting reciprocal trade between the two countries.

**ROBERT BONNER**, owner of the New York Ledger attributes his success to his liberal advertising. We quote: When I began to advertise one page some people would say:—"Oh, that is throwing money away!" others, again, would say:—"Oh, he knows what he is about." When I advertised two pages some of my acquaintances would shake their hands gravely. When I advertised four pages of the dailies my friends were inclined to give me up. Finally, when I took the whole Herald (for it was an eight page sheet at that time) people thought I had become draft sure enough.

**LOCAL NEWS.**

**NEW ADVERTISEMENTS.**  
J. M. Howard—New Goods.  
W. B. Lane, Sheriff—Reward.

**COTTON.**—New Berne Market—Sales yesterday 177 bales at \$ 1 3 to 7.27.

Mr. G. F. M. Dail has sold out his grocery business on Broad street to Mr. Jas. M. Harrison.

The Y. M. C. A., annual Week of Prayer will be observed in this city next week by the New Berne Association.

Jos. Pollock, col., had one of his fingers injured by a saw at the Simson mill yesterday, but not bad enough to cause the loss of it.

Though the audience at the theatre last night was not large the evening was made quite enjoyable by such excellent performance.

The Baptist State Convention will assemble in Goldsboro next Wednesday. It will represent a membership of about 160,000 and is expected to be a large assembly. Dr. Thos. Hume, Professor of English in the State University will preach the introductory sermon Sunday night.

The neat and pretty 61-page book entitled "The Norfolk and Southern Railroad and its Tributaries," which has been issued by the Norfolk and Southern Railroad with a view to bringing more directly to the notice of the general public the advantages of the section through which the road whose name it bears and its tributaries pass, is attracting considerable attention. It was written by Mr. Frank A. Heywood, a New England journalist employed for the purpose, after a careful study of the country. It contains a description of New Berne and vicinity, engravings of our Fair buildings and others in the city, and sketches of other East Carolina cities similarly illustrated and with notices of their chief industries. It is a pamphlet of interesting information and deserves a wide circulation. It can be secured from the Norfolk and Southern Railroad Company, Norfolk, Va.

**Coming and Going.**  
Miss S. F. Nelson, who has been visiting at Judge Geo. Green's, returned to her home in Winston.  
Mr. E. F. Lamb, a prominent lawyer of Elizabeth City, and who was the chief marshal of the late Fair there, came in on the steamer Neuse on a business trip to the city.  
Mr. J. S. Cohen returned last night from a business trip to Goldsboro.  
Capt. W. E. Kitchen came in last night on a business trip; also Mr. J. L. Hardy of the State Chronicle.

**A Cigar Factory to Start.**  
Mr. Phil. L. Thomas, a native of this city, who for four years past has been a cigar manufacturer of Durham, has moved back to New Berne with his family, and will soon have a factory running here. It will be located over Mr. S. B. Waters' confectionery, and at the beginning will give employment to five operatives, the number to be increased as the demand requires.

Mr. Thomas learned his trade in this city, first working in Dr. J. L. Watkins' factory and finishing with Mr. C. Erdman, and prior to going into business for himself in Durham has acceptably filled positions requiring an expert in some of the largest houses North.

He had a flourishing factory in Durham, sometimes working as high as thirty hands, and having considerable trade in this section, but he sold out advantageously a few months ago, contracting to remain a short time with the company, and now as soon as released from the agreement he moves to New Berne, as stated above.

One more factory is assured for New Berne, and though it is not operated on a grand scale it must be remembered that through many small industries the best and most equally distributed prosperity comes. Mr. Thomas and his family will receive a warm welcome back to his native home.

## A COTTON FACTORY.

New Berne Ought to Have One—The Way Goldsboro Secured Hers.

Now that established manufacturing enterprises are flourishing in New Berne and the interest in such industries is on the increase, the question arises again, Can we not get a good cotton factory here?

The large cotton factory—the buildings for which are now being erected in Goldsboro, is a good plant that is being moved down from the North where it has heretofore been run and was secured on the following conditions:

First, Two acres of well located land on the Atlantic and N. C. Railroad at the northern limit of Goldsboro were donated for the site by one of the public spirited citizens, Mr. Arnold Borden and then an agreement was entered into by different parties of the city to loan \$10,000 on the buildings, machinery and grounds.

Ground has already been broken for the buildings, the main one is to be 75x125 feet, another 30x40 and still another 24x28, and all of them are so constructed that they can be enlarged hereafter as the business may require.

The advantages of the South over the North for factories of this kind are beginning to be realized and acknowledged even by those who would fain believe the opposite, and they are springing up all over the South. The number in North Carolina is increasing rapidly and they are paying good dividends. If our people will not invest for themselves in such a factory perhaps one can be secured on some plan similar to the way Goldsboro secured hers. Perhaps other factories are ready for a change if a little inducement is offered. Here is a good opportunity for investigation by the board of trade and for serious consideration by our capitalists and business men.

**Legs Amputated.**  
Mr. John D. Bryan, of Lenoir county, has had a chronic ulcer of several years standing and being brought to this city for treatment the place was found to be so bad that amputation of the afflicted limb was deemed necessary and it was taken off at the thigh. Dr. N. H. Street, assisted by Dr. Leinster Duffy, performing the operation.

A colored man near Havelock named Sam Locker lost one of his legs by accidental shooting. Bears had been troubling his corn, and in company with another man he set two guns and a bear trap in the woods by the field in which the bears had been. In retracing their steps they went back in a path in which one of the guns was set, thinking they were in one they had not previously traversed and the mistake was not discovered until Locker struck against the string attached to the gun, discharging it, the load of buck shot taking effect above the knee, mangling it so that the limb had to be taken off at the lower third of the thigh. The operation was performed by Drs. C. and F. Duffy, assisted by Dr. Primrose. Both operations were successfully performed and the patients are getting on as well as can be expected.

**A HARROWING STORY.**  
A Thousand Dead from Starvation—Survivors Too Weak to Bury Them.

St. Petersburg, Nov. 2.—A harrowing story comes from the province of Samara. The peasants are so reduced by starvation and want that many of them are unable to go even to the government's distributing points for supplying food. In one village no less than forty-two have perished, and the number of dead in the whole province will amount not less than a thousand. The survivors in most instances are too weak to attend the burial of the departed, and officials are compelled much against their will to enter the remains.

Samara is also visited by typhus fever which is playing havoc with those who have managed to survive the famine.

**St. Petersburg, Nov. 2.**—The Imperial Ukase, prohibiting henceforth the exportation of all cereals except wheat, also interdicts the sending out of the country of potatoes, flour, malt, meal dough and baked bread.

**A White Lynching in Georgia.**  
Atlanta, Ga., Nov. 2.—Larkin Nix of Thomas county, who had murdered the father of a girl he had ruined, for which he was under indictment, was taken from jail last night at Milledgeville and lynched. All the parties were white.

**Gratifying to All.**  
The high position attained and the universal acceptance and approval of the pleasant liquid fruit remedy Syrup of Figs, as the most excellent laxative known, illustrate the value of the qualities on which its success is based and are abundantly gratifying to the California Fig Syrup Company.

## DEMOCRATIC VICTORY.

NEW YORK POLLS UP 40,000 FOR FLOWER.

Three Out of Four of the Most Important States Elect Democratic Governors.

BY TELEGRAPH.

NEW YORK.  
Flower's majority for Governor of this State will probably reach 40,000. Latest returns indicate that the Legislature stands as follows: Senate, Rep. 15, Dem: 17; Assembly, R. p. 68, Dem. 62.

IOWA.  
Boise, Democrat, elected Governor by a fair majority.

PENNSYLVANIA.  
The State has gone Republican by over 40,000.

OHIO.  
McKinley has been elected Governor by over 15,000. Republicans also carry the Legislature by a good working majority.

MASSACHUSETTS.  
Russell, democrat, elected Governor of Massachusetts by 6,000 to 8,000 majority. Balance of State ticket is Republican. The Legislature is also Republican.

COUNTY COMMISSIONER'S PROCEEDINGS.

Action on Individual Taxes—Roads—Draining a Branch—Land Sold for Taxes—Bill's Allowed.

State of North Carolina, Craven county.

The Board of Commissioners of Craven county met at the court house in New Berne on the first Monday in November, it being the second day of said month, when the following was had and done:

Present, Commissioners E. W. Smallwood, Daniel Lane and Wm. Cleve.

Ordered, That in the case of Board of Commissioners of Craven county vs. Emeline Tucker and others that the penalty of 25 per cent due in addition to the taxes upon the property described in the complaint in said action be remitted and that said suit be dismissed or non-suited, provided the single tax upon said property, alleged to be due in said complaint for the years 1877, 1878, 1879, 1887 and 1884, together with all costs of said suit be paid by Richard Tucker as per his proposition this day submitted, on or before the June term of Craven county Superior court, 1892. The costs and the taxes to be paid direct to the county treasurer.

Ordered, That the property on the delinquent list of No. 6 township listed to W. B. Blades & Bro., upon petition of the assessors of said township be stricken from said list, the tax upon same property having been charged to Mrs. Holton M. Tolson.

Ordered, That the Board of Supervisors of Roads of township No. 6 examine the road passing from Hancock creek through the lands of P. J. Arms, W. Y. Wynne, C. J. Wynne, M. F. Fisher, William Cully and James H. Hunter, Ag'ts., leading to the Beaufort and New Berne road and report condition of the same to the Board of Commissioners of Craven county at their next meeting.

Ordered, That the valuation of the lands of Mrs. Laura Smith in township No. 5, be reduced from \$1,500 to \$1,200 in order to equalize its value with other lands in same neighborhood.

Ordered, That Handy Wright, listed in township No. 8, be relieved from the payment of a poll tax, he being over fifty years old.

Ordered, In the matter of W. H. Griffin and others:  
A petition signed by W. H. Griffin, Norman Willis, Charles Sutton and other citizens of Craven county petitioning for the drainage of a certain creek or branch mentioned in the petition filed in this proceeding, in accordance with the laws of 1887, chapter 397. It is ordered that Geo. S. Wilcox, the county surveyor summons three disinterested free holders, good and lawful men of intelligence and discretion, who shall constitute a board and the surveyor shall be chairman of said board.

The chairman of said board shall give all persons interested in having said branch drained three (3) days notice of the time of meeting of the board and do all things required of them by said act of the General Assembly aforesaid. Provided that the petitioners shall deposit with the County Treasurer the sum of twenty-five dollars for the payment of current expenses, not otherwise provided for in said act, and provided the county is saved harmless from any costs of the proceedings.

The board took a recess until 9 o'clock, p. m.

The board convened at 9 o'clock p. m. Present, Commissioners E. W. Smallwood, Dan'l Lane and Wm. Cleve.

Ordered, That the clerk make up a list of such certificates of sale of real estate for taxes for the year 1890 as are now in the hands of the Treasurer, in order that the county can institute suit in all such cases.

The following claims were allowed: Bobt G. Mosely, house rent for pauper; \$5.00; Fannie Williams, keeper of poor house; \$13.00; Irene Gentry, cook for
