FOREST fires are doing great damage in Alabama.

In digging in Illinois a fine stone roadway has been discovered. When it was made and by whom is not known.

The Cumberland Fair is a big success. Gov. Holt is in attendance. By the way, the Governor seems strengthening his hold upon the people.

TIMOTHY HEALEY, the most bitter of the anti Parnell leaders, was publicly horsewhipped in Dublin by Mr. McDermott, a nephew of the late Mr. Parnell.

The *Italia*, a newspaper of Rome, thinks Europe will have to unite in calling the attention of the United States to a more correct and precise notion of the law of nations.

At the Exposition, at Montgomery, Ala., the attendance is very large, ranging from 8,000 to 12,000 daily. The display of agricultural, mechanical and mineral products is unsurpassed in the history of the State.

The Wilmington Messenger says: "Since 1860, we venture to say that the taxes taken from the whites to educate the negroes in North Carolina will aggregate more than sixty hundred thousand dollars."

COMPLAINTS are made that the Southern Exposition at Raleigh is not doing justice to the South, that it is little more than a State fair. Before making this criticism it should be remembered that the Expositions at Montgomery, Ala., and Augusta, Ga., are in full blast.

THE JOURNAL always rejoices in the success of New Bernians. We have learned with pleasure that Mr. James Brinson is rapidly rising in Colorado. His services were in demand in the late campaign, and he gave all the time to the Democracy that he could spare from his exacting professional duties. Talent, pluck and energy always win.

MR. THOMAS DIXON, like a great many smart men, indulges too much in the sensational. It seems that he took part in the New York campaign, and could not resist the temptation to appear in the arena as a gladiator against "the tiger." The New York Sun says: The Republicans carried their campaign into the pulpit yesterday, and Mr. Platt's man Fassett's man, the Rev. Thomas Dixon, tackled the Tammany tiger in a style quite equal to anything Mr. Fassett, or his other man, Mr. Godkin, has done during the whole course of the campaign, and Mr. Dixon didn't have to take his coat off to do it, either.

The October number of the Wake Forest Student is full of fresh and interesting matter. Prof. J. B. Carlyle is alumni editor; E. S. Reaves and G. W. Paschal represent the Phi Society, and W. W. Vass, Jr., and W. P. Daniel the Eta society. Mr. E. V. Howell is business manager. In addition to the editorials and college notes the following is the table of contents: Only Friends, by E. T. O.; The Scattered Nation, by Robert N. Cook; Our Colleges—Their Work, by I. T. Newton; They Wanted a Kieg. Anon; Through Maxilo, by Janie P. Doggan; Lives, by Wm. Edgar. This magazine is elegantly

printed and its articles have real literary ability. Its friends and the friends of the college ought to give it a large list of subscribers.

A BIRMINGHAM dispatch of Nov. 3, says: A regular Jack the Ripper is at work around Georgian, Ala., a small town in Butler county. This morning the horrible mutilated body of an unknown dead man was found in the public road near that place, making six murders within the last few days. Only yesterday Thos. Shepherd and wife, aged 80, were murdered in their own home. The country is wild with excitement and everybody is up in arms. Bloodhounds have been put on the trails in all directions, but there is no clue whatever to the perpetrators of these deeds. In each case the victim was brained with an axe. The latest victim is believed to be a peddler and the motive of the murder was probably robbery.

The Woman's Missionary Society of Centenary M. E. Church will meet this afternoon at 3:30 o'clock, at the Parsonage. A full attendance is earnestly requested.

The ladies of Croatan are to hold a festival next Tuesday evening for the benefit of the Presbyterian church. The money raised is to be applied to painting the church. The festival will begin immediately after the arrival of the mail train.

Cleveland's Minstrels, probably the largest that has ever appeared in this city, gave a splendid performance at the theatre last night. It was the highest order of minstrelsy—fun, wit, mirth and music. The large audience present was enraptured.

Next Wednesday is to be a big day at the Exposition. It has been set apart as Old Fellows day for the orphanage and a great gathering of Old Fellows from all over the State is expected. Ex-Gov. T. J. Jarvis will make an address on the occasion. An extra train will be run there on the same schedule and low prices as the Thursday extras have been giving. The Thursday special train will also be run as usual.

There seems to be an epidemic of petty burglaries in the eastern part of the State. Four houses in Tarboro were entered in one night, pockets of inmates searched and watches and other small valuables secured. One of the houses visited was the residence of a former chief of police. Nothing was stolen there however owing to the early awaking of the occupants. Other attempts were made the next night but the designs of the burglars were frustrated in each instance and at one house were fired at as they commenced operations.

Coming and Going.
Rev. D. McLeod, of Beaufort, passed through en route to visit the Exposition at Raleigh and to attend the Baptist State Convention at Goldsboro next week.

Miss Bettie L. Hall went down to Harlowe last night to take charge of a school.

Miss Alice Epper, of Middleton, is visiting her parents, Mr. and Mrs. J. H. Crabtree.

Messrs. D. B. Hooker and W. H. Sawyer of Bayboro, C. H. Fowler of Stonewall, and A. M. Williams, R. D. Williams, O. D. Lewis and A. Cleve of Vanceboro, arrived on a short business trip.—The Minstrels are in the city.

Rapid Oyster Opening.
Mr. G. N. Ives had some rapid work of opening oysters done yesterday. Nine hands began work at 10 a. m. and worked until 4 p. m.—six hours—and in that time they opened 99 gallons, an average of nearly 11 gallons each—nearly two gallons per hour, each. Mr. Ives, who has much experience in such matters does not believe this record can be beat in the country and it shows the splendid quality of the oysters, which Mr. Ives says he never saw excelled at this season of the year. The ones just spoken of were a load of fine ones from Cedar Point. A load of magnificent Far Creek oysters that were in market yesterday brought \$1.00 per bushel without trouble. The oyster exhibit at the New Berne Fair has always been a prominent feature and the display at the approaching one will be worth coming a long distance to see.

Being warmly discussed failed to pass.

M. MANLY, Mayor, Oct. 31, 1891.
Marshal's report read and adopted as follows:

THE DOUBLE MAIL.

Will be Established if Proper Carrying Facilities are Arranged.

A favorable reply has been received from the Government in response to the petition from our citizens for the establishment of a double daily mail. Willingness to supply a double mail service is intimated provided the trains will run right to take it. It now remains to act on the suggestion offered, confer with the railroad officials and then communicate with the Post-office department again on the matter. And we are satisfied this will promptly be done and we are hopeful in regard to the ultimate result.

We have been wanting the double mail accommodations a long time and some effort in that direction has been made in the past but never has the prospect for success been so bright as at present. It lies now with the railroad and the people. Let every one who desires this daily mail (and who is there that doesn't?) go to work and talk and use whatever influence he possesses for the putting on of the additional trains.

The double service is desirable, not only for the convenience in reference to the mail but for the increase in trade and in the number of visitors it will bring to the city.

Travelling and other business men who wish to spend but a few hours in the city can then do so—some now pass us by for lack of this very accommodation. Likewise those who live west of the city could then trade here and return home the same day by train and this would have a tendency to cause them to use the railroad more than they do, instead of their teams. We doubt not that the income from the increased patronage added to the additional sum the government would pay for the increased service would pay the expenses of the added trains from the very start—possibly more than do so. At any rate this service would be an important developing factor and the railroad would soon feel the beneficial effects thereof. Let us have the double mail. It will benefit us all, and everybody desires it.

Gratifying to All.

The high position attained and the universal acceptance and approval of the pleasant liquid fruit remedy Syrup of Figs, as the most excellent laxative known, illustrate the value of the qualities on which its success is based and are abundantly gratifying to the California Fig Syrup Company.

Homicide in Greens County.

Saturday afternoon about three miles from Hookerton Mr. Deb Smith and Mr. John Brown got into a fuss, which ended fatally for Brown. The trouble was started by Smith teasing Brown, at which the latter became offended. Smith struck Brown on the head with a piece of scuffling, breaking his skull. Brown died Sunday morning. Smith has left for parts unknown.—Kinston Free Press.
