C. C. OLSEN, Druggist and Apothecary, Middle st., four doors from Pollock. jan21

**OLD** papers for sale at the JOURNAL Office by the dozen, hundred or thousand.

**HEAVY** rains and incessant gales continue in Spain, causing great damage.

**THE** mayor of Pittsburgh, Pa., is charged with forgery and embezzlement.

**THE** Ocmulgee river has been opened for transportation between the ocean and the city of Macon.

**A** LAMP bursts and ignites the gas instantly killing six men and fatally injuring seven others at Nanticoke, Pa.

**THE** New York Legislature is still in doubt. The Republicans seem to have the Senate and the Democrats the House.

**COL. POLK** says the South is against Cleveland. This is the same Col. Polk who said Ohio was against McKinley and Sherman.

**THE** Gambetta monument at Ville d'Avray, France, has been inaugurated. Gambetta's heart, preserved, was placed at the base of the statue.

**THE** recent failures in Berlin caused a great run on banking houses in that city, but all the demands were met promptly and the excitement subsided.

**ON** Monday last a cyclone passed over the Andam Islands, situated in the bay of Bengal. Seventy seven lives were lost from the East Indian steamer Enterprise.

**THE** Raleigh police seem to be wide awake. Saturday morning they captured three daring counterfeiters, Jesse Goodwin, J. W. Dezeran and John Allen Johnson.

**THE** stock market in New York has recovered from its late depression and is again active. At Chicago the grain market is fluctuating, prices have a downward tendency.

**A** STORY is going the rounds of a row in Charlotte between Rev. Sam Jones, Forepaugh the circus man, and several members of the press, which we regard as entirely venial.

**CAPT. SCHLEY**, in denial of the rumor that the U. S. steamer Baltimore had been blown up by the Chilians, telegraphs that there are no indications of any feelings of hostility against the Baltimore's presence at Valparaiso.

**ON** the 26th and 27th inst. the negroes are to hold a convention at Raleigh in behalf of education. It is to be hoped that they will accomplish some good by it and avoid at least expressing a want of gratitude for what the whites have done in North Carolina for the education of the negroes. Rev. J. O. Price, D. D., the Methodist negro orator and teacher at Salisbury, is at the head of the movement.

**In** an interview Mr. Mills says: "To win, we must fight the enemy, and not fight each other. If we go to the country on the issue of Tariff Reform alone, we will succeed, because we are thoroughly united on that question. If we press the question of free coinage of silver in my judgment we will lose every Eastern State and gain nothing in the West. We will lose the Presidency, the Senate, free coinage, Tariff Reform, and everything, and get for our pains a few anti-mill-

tary usurpation of our ballot boxes, and life officers guarded by soldiers certifying local government out of the hands of the people."

Two swindlers have been captured at Raleigh. W. O. Woodlief and Hubert Warren got hold of a young white man named John Moriarty, and pretending that they were detectives, arrested him claiming that he had counterfeit money. They made him show his money \$1.45, and then took it. Moriarty informed the police and the swindlers were captured and are now in jail.

In Kansas the Alliance party was simply "not in it" in the recent election. The sockless Simpson was the only Alliance man who succeeded in putting his county ticket through. With the disappearance of the Alliance from the political field the issues for 1892 become clearer and sharper. Shall the people be taxed to support monopolies, or shall each industry have free raw materials and a free market? That is the meaning of the Alliance collapse.—Philadelphia Record.

## LOCAL NEWS.

### NEW ADVERTISEMENTS.

Oyster Supper.  
A. Miller—Gold fish free.  
Parsons & Edwards—Wood yard.  
Wm. P. Lawrence—Paper hanger.

**COTTON**—New Berne Market—Sales yesterday 110 bales at 6 1/4 to 7.

**Capt. S. B. Waters' yacht "Just Right"** which he recently received from Philadelphia makes quite a nice addition to the boats of the Yacht Club.

Vast quantities of fish and clams continue to be shipped over the A. & N. C. R. R. and by the steamer lines running to the city. The supply is remarkably abundant and fine this season.

We have received from Grantsboro an extended and elaborately written account of a marriage, but owing to its length and to the fact that we announced the event at the time, we will have to refrain from publishing it.

Another good and interesting meeting was held at the Y. M. C. A. rooms last night. Tonight being regular prayer meeting night in the various churches the service in the rooms will be omitted for the one time. Rev. I. L. Chestnut will conduct the meeting tomorrow night.

The New Berne Improved Cotton Ginners is running constantly and doing good work. Large quantities of cotton seed are being shipped from it to other points where there are oil mills. Our large farmers also ship quantities of seed and get back the meal in return. What a pity we have not got a good mill of this kind here.

Christmas goods are arriving, and the New Berne stores are presenting a very attractive appearance. It would be hard indeed to find show windows filled with prettier displays or more artistically arranged than those of our city. All four of Mr. John Dunn's, who is noted for his taste in such matters, are a scene of perfect loveliness.

Wilmington has a case of supposed hydrophobia. The victim is a stevedore named H. H. Kure. The Star says he was bitten on one of his hands about ten days ago by a savage dog and the wound was given simple treatment and thought to be healing, but later Mr. Kure was taken seriously sick with high fever and frequent attacks of convulsions which condition still continues.

The Sampson County Agricultural Society will hold its 23d annual Fair at Clinton from the 25th to the 28th inst., inclusive. The Secretary, Mr. J. A. Oate, thinks "the display agricultural, horticultural, industrially and in fine stock will be superb and the attendance large." Senator Matt W. Ransom is billed to deliver an address at the Fair on Thursday and Col. Harry Skinner on Friday, which has been set apart as Alliance day.

Thieves are giving the farmers, as well as the town people some annoyance. Mr. B. W. Ayen, of Riverdale, discovered that some one had been picking his cotton and succeeded Monday night in finding some one in it. Mr. Ayen fired several times with a pistol at the thief and was fired back at once in return the ball narrowly missing him. The thief escaped without his identity being discovered. Recently in the same neighborhood a colored woman had enough cotton stolen from her that she had made a bale which she had already picked and had in sacks.

One square of Middle street, commencing at the market wharf is now covered with pulverized rock well packed with a heavy four horse roller. If the street improvements that have been begun are continued in the same thorough style, ere long we will have the nicest and prettiest streets in the State and there is no reason why this should not be the case. Nature has kindly furnished this locality with abundance of excellent material for easy and cheap macadamizing and there is no valid reason why it should not be fully utilized.

### Coming and Going.

Mr. and Mrs. Chas. Hallock have taken winter quarters at the very charming house of Mr. W. P. Burrus and will be pleased to receive their friends informally.

Rev. H. C. Moore, and Mr. M. S. Webb of Morehead and Rev. Rufus Ford, Mr. and Mrs. H. B. Duffy, Mrs. Luther Lewis and Miss Bessie Whitford went out to Goldsboro yesterday to attend the Baptist convention now in session there. Rev. D. McLeod, Mrs. John D. Davis and Miss Lena Davis have also gone up to attend it.

Mr. W. C. Willett returned last night from a visit to relatives in New Jersey. Mrs. L. H. and Miss Bertha Cutler returned from a visit to relatives in Washington City.

Mrs. M. Hanf, who has been visiting relatives in the city returned to her home at Morehead.

Mr. J. B. Leigh returned on the steamer Neuse of the E. C. D. line from attending court and visiting his father in Tyrrell county, and Miss Mary L. Allen returned on the same steamer from a visit to her parents at Salem, Va.

Rev. Dr. W. W. Williams, a Presbyterian minister of Toledo, is visiting his niece, Mrs. A. S. Seymour.

### U. S. Prisoner.

U. S. Deputy Marshall, F. D. Gallup, of Boston came in on the train last night with a prisoner, an elderly gentle appearing man named Alonzo Tripp, late of Massachusetts, who is charged with perjury in a French spoliation claim. He was arrested in Fayetteville and upon their arrival here he was placed in charge of U. S. Deputy Marshall C. B. Hill. The object of coming to New Berne was to have the case removed to Massachusetts and Judge Seymour issued the necessary papers last night and the parties will leave for Boston this morning. Mr. Tripp shows no reluctance at going back. He says he was simply down this way on business. He is a lecturer and a man of some note.

There is every indication that there will be more and better racing at the coming New Berne Fair than ever before. The track has been kept in good order during the year, and there has been considerable practice on it by residents of the city and vicinity, and a large number of fine horses from beyond the city are expected to be entered for the races. How can it be otherwise when the racing premium list, which was the largest last year ever offered in the State, has been increased 25 per cent? If you have a horse in whose speed you have confidence, bring him to the New Berne Fair and show his mettle. There will be great crowds to view his achievements, and the large premiums are well worth contending for.

### List of Letters

WM. E. CLARKE, P. M.

### Gold Mining.

The Southern Bell Gold Mine located in South Rowan, is now being worked again. Dr. A. P. Lighthill and Mr. W. F. Aldridge, two expert miners, have bought the property and will sink several deep shafts. They have been here over two weeks, and have secured other property adjoining it. Thursday twelve hands were put to work and others will be in a short time. Dr. Lighthill says they expect to work the mine for all it is worth, and he thinks the deposits are rich. They will put up machinery and leave nothing undone to develop the mine.

One of the richest gold finds in the State was made about two weeks ago, near Newton, Catawba county. We are informed that one of the properties, on which the finds were made, contains two or more quartz veins extraordinary rich in gold, samples of the ore showing a gold value of from two to thirty dollars, and panmings of the ore from a few grains to five dollars to the pan.

An adjoining property contains a large soft slate vein which yields from twenty to fifty dollars per ton. These mines will be a big thing for Catawba and we hope may add greatly to the wealth of the country.—Salisbury Herald.

### THE PULPIT AND THE STAGE.

Rev. F. M. Shront, Pastor United Brethren Church, Blue Mound, Kan., says: "I feel it my duty to tell what wonders Dr. King's New Discovery has done for me. My lungs were badly diseased, and my parishioners thought I could live only a few weeks. I took five bottles of Dr. King's New Discovery and am sound and well, gaining 30 lbs. in weight."  
Arthur Love, Manager Love's Funny Folks Combination, writes: "After a thorough trial and convincing evidence, I am confident Dr. King's New Discovery for Consumption has cured me and cured every thing else I take. The greatest kindness I can do my many thousand friends is to urge them to try it." Free trial bottles at F. B. Duffy's drug store. Regular sizes 50c. and \$1.00.

### How Is It?

Bacon is worth ten cents per pound and cotton eight cents—how is that? Our progressive (?) farmers are raising cotton to buy their bacon and their corn, too. Guess they are going to profit by the lesson they have learned this year. They are fast finding out that all cotton and no meat is a costly thing. Wonder how it would be to diversify a little. Plant one-third wheat, with now and then a few scattering acres in oats and grass. Cotton would then be worth an eighth of a dollar a pound and bacon not one-half of it. What a lovely picture would ensue. The South would soon back in the sunshine of her own financial splendor.—Southern Live Stock Journal.

If every southern newspaper would keep the subject of diversifying the crops continuously before the farmers the suggestion may be generally adopted. A good example accomplishes much in this direction, and the progressive farmer could do much by practical demonstration. The great trouble with too many is that they have not the "courage of their convictions," and while believing in the doctrine fail to practice it to any great extent.—New South.

### An Old Lady.

A gentleman from Kenansville who was in the city yesterday informed us that on October 25th, Mrs. Rebecca Brown, relict of the late John Brown, celebrated her 103d birthday at her home in Duplin county, in the presence of her grand, great grand, and great-great-grand children.—Goldsboro Head-light.

### Its Excellent Qualities

Command to public approval the California Liquid Fruit Remedy Syrup of Figs. It is pleasing to the eye, and to the taste and by gently acting on the kidneys, liver and bowels, it cleanses the system effectually, thereby promoting the health and comfort of all who use it.

**Oyster Supper.**  
The Ladies' Memorial Association will give an Oyster Supper at the Store formerly occupied by Dr. Hassell, corner Pollock and Craven streets, Wednesday evening, Nov. 18, 1891. All are invited.

Contributions will be received by the committee at the building, in the afternoon after 4 o'clock same date.

### MAILED.

Wednesday afternoon, November 12, at the residence of Mr. H. S. Grady, grandfather of the bride, Mr. J. R. Cromwell to Miss Bettie Hart. Rev. J. G. Johnson, officiating.

The bride and groom left on the steamer Neuse of the E. C. D. line on a Northern bridal tour.

**WM. P. LAWRENCE,**
