ONLAW COUNTY AND NEW RIVER.

Cotton Peanuts, Turpentine and Oysters—Fruitful Vine— Fine New Sharp-Tribute to Mrs. Taylor.

Crops are all in and peanuts are being eaten pretty fast both by boys and people too.

The low price of cotton and peanuts is very bad on the farmers, and turpentine is not much better.

Every one that can, has gone oystering.

An old "sage" says "rich men for money, poor men for childrens and niggers for dogs and gounds, but if any man black or white, rich or poor, can beat this gourd story, (and a strictly true one too), we will say no more about gounds, on Mr. Sol Gornton's land, one gourd vine covered an area of one quarter of an acre of ground, ran over the top of a building 30 feet high, and bore 200 gourd gounds, at the counting which was in September, and had as many young ones that were not counted at the time, only the grown ones were counted, and remember, only one vine which had three branches or runners to it. Now if any one can beat this gourd story, let them pitch in and we will tumble, but it must be a true story—ours is true, and we have good proof if you want it.

Capt. R. Foster, of Swainsboro, has launched his fine Sharpie, "Joseph" 20 tons she will carry 240 lbs turpentine. We took a sail on her to Beaufort last week to see the custom officers, she sails well she is 56 feet long and 17 feet wide and draws only about 12 inches water light and about 3 feet loaded she cost near \$1200.

We were sorry to hear of the sad accident that caused the death of the esteemed wife of Col. S. B. Taylor, of Catherine Lake. She was a good woman we knew her well and the many friends of the deceased deeply sympathize with Col. Taylor and children in their sad bereavement.

Skin Diseases.

What spectacle is more disgusting than that of a man or woman with a skin disease which shows itself in pimples or blotches on hands, arms, face and neck? It is simply impure blood. See what BRANDRETH'S PILLS did for a chronic case:

George Chapman, Pincering, Mich., says: "For four years I was in the Mounted Infantry in the U. S. Army, residing during that time principally in Texas. Almost all of that time I had a chronic skin disease, characterized by an eruption over the entire surface of my legs and thighs, arms and chest. The doctors termed it eczema. I had given up all hopes of ever being cured, when BRANDRETH'S PILLS were recommended to me. I concluded to try them, and I have thanked God daily since then that I did so. I used them for about three months, and by that time, was completely cured and have never had any trouble since."

Nothing can hurt you so much as to doubt the word of God.

No gripping or nausea after using BRANDRETH'S PILLS. Constipation, Biliousness, Headaches, Stomach Troubles, Liver and Stomach Disorders, Sugar coated, oval. Price 25 cents. Give them a trial. For sale by F. S. Duffy, New Berne, N. C.

A TWILIGHT VISION.

VIRGINIA ROBERT HARRISON.

Gray twilight shadows lay about The cheerless little cell, Where sat an aged monk whose thoughts

Held him "death gloomy spell. He mused in deep humility Upon a lone life's span.

All spent within the cloister walls, And thus his reverie ran: "My days have passed like counted beads

Upon a rosary string With prayer and fast with matins, mass, And peaceful vesper sung: And in those hours of work, when some

Have painted pictures rare, And some wrote books of blessed raints, Who spent their lives in prayer, I have done naught but try each day, A childish sport and trifling; To teach the village boys, Dear Lord, Forgive my useless life!"

Then glorious grew the dusky cell With light, but not of sun Nor moon nor stars, but a lining from The radiant form of One With tender face and pierced hands, Who softly said:

"Not so, As much as they; for, lo! The beauty of their painted work With fleeting time departs. But thou hast pictured lasting scenes On little children's hearts. And while the pens of others wrote With ink that fades away, The words thou hast imparted on My children's minds will stay Till they and thou and I shall meet In Paradise the Fair."

Then paled the light,—the vision fled, And on his knees in prayer, Ecstatic from the Saviour's words, The aged brother fell. And, like a soothing mother, Night Came to the little cell.

A Remedy for Poisoning by Snakes and Dogs.

The Berlin correspondent of the Therapeutic Gazette says that a remedy for blood poisoning caused by the bites of snakes and rabid dogs has been discovered in Africa by a Doctor Engels. Five hundred Africans bitten by poisonous snakes were treated with the extract of the noble palm, and four hundred and eighty-seven were cured in five days.

Of sixty-seven farmers and negroes bitten by rabid dogs sixty-five were saved, while two died of weakness.

The remedy is injected under the skin, and causes a moderate fever not exceeding 35.5 degrees C. On the third day the patient is without fever, swelling and inflammation of the affected part have disappeared, and on the fifth, or latest, and on the seventh day the patient is cured.—Scientific American.

THE PULPIT AND THE STAGE.

Rev. F. M. Shrontz, Pastor United Brethren Church, Blue Mount, Kan., says: "I feel it my duty to tell what wonders Dr. King's New Discovery has done for me. My lungs were badly diseased, and my parishioners thought I could live only a few weeks. I took five bottles of Dr. King's New Discovery, and an sound and well, gaining 30 lbs. in weight."

Arthur Love, Manager Love's Funny Folks Combination, writes: "After a thorough trial and convincing evidence, I am confident Dr. King's New Discovery for Consumption beats 'em all and cures when every New Discovery fails. The greatest kindness I can do my many thousands of friends is to urge them to try it." Free trial bottles at F. S. Duffy's drug store. Regular sizes 50c. and \$1.00.

Blood Diseases.

Blood diseases are terrible on account of their loathsome nature, and the fact that they wreck the constitution so completely unless the proper antidote is applied. B. B. B. (Botanic Blood Balm) is composed of the true antidote for blood poison. Its use never fails to give satisfaction.

Mrs. Laura Hart, Beaufort, S. C., writes: "A loathsome form of blood poison was killing me. My appetite was lost, my bones ached, and parts of my flesh seemed as if it would come off my bones. A friend brought me a bottle of B. B. B. The sores began healing at once, and when I had taken two bottles I surprised my friends at my rapid recovery."

W. A. Bryant, Moody, Texas, writes: "I had an agonizing case of Salt Rheum for four years, which medicine I took only seemed to aggravate until I found B. B. B. It cured my hand, which resembles a burnt surface. It also cured my two children of Itch, which had resisted previous treatment."

Sufferers should be instructed in the spring to throw off the heaviness of the sluggish winter circulation of the blood. Nothing does so well, so promptly or so safely as Swift's Specific.

I have used S. S. S. for a number of years, and consider it the best tonic and blood remedy that I ever used. In fact I would not attempt to enter upon a spring or summer in this climate without it.

To Users of "Fish-Brand" Goods.

The cloth used in our Fish Brand Jackets and Pants has always been of the highest quality, and is made of the finest material, but we have just discovered that the mill which has made the cloth for the past ten years has, through carelessness, delivered us a small quantity of cloth which is far below our standard. This defect has not occurred until some of the goods had been placed on the market, and we intend that the Fish Brand goods shall be the standard for strength, durability and water-proof qualities, we hereby inform all users of these goods that we have authorized every store-keeper handling Fish Brand Clothing to give at once a good and perfect garment for any that have been torn and are not of the usual strength.

THE BEST CAROLINA RAILROAD A FAILURE!

They are Moving Too Slow to Ever Reach Newbern.

Can the People of the Old City of Edinboro Wash on them Any Longer? Would it not be best to take our fifty thousand dollars in bonds and give it to five manufacturing industries who will move their plants to Newbern and employ one hundred or more hands each, daily? Ten thousand dollars a day to five industries of some kind would be a considerable inducement for them to move to Newbern. We have water transportation equal to any in the country. Our Railroad Commissioners give us no rates of freight as yet. We have the best sites, both water and steam, that any city has and we have to start the ball in this direction.

Would it not be well for the city authorities to look into the matter and see if something can be done? If the Railroad will be built and they intend to deliver, let them give us some assurance as to when it will be ready to start. It is a considerable doubt as to the ever realizing his native county any more if he waits to go on the N. C. R. R. The only reason for this is that the greatest boom during his existence: Steam engine has advanced from two to five hundred dollars a ton, and the houses in the city. Families have moved out of town for want of houses to live in. Women are crying. The city needs this little pile of money of 50,000 dollars railroad bonds for the progress of so beautiful a city as Edinboro. Let the city authorities once and for all vote on the matter and give to manufacturing industries an above named assurance that they will be ready to start and save the people of this county any more if he waits to go on the N.
