JOHN W. DANIEL has been unanimously re-elected United States Senator by the Legislature of Virginia.

THE Chilean press places the responsibility for the difference between that country and the United States, on Minister Egan.

As soon as we saw it stated that Mr. Mills was "sinking" we denied it on the strength of his well known character. It turns out that he is quite sick with no symptoms of "sink" in his case.

In the trial of the Sobenck-Eife matter Judge Schenck and David Schenck, Jr., were acquitted by the jury. Dr. Sobenck had submitted and was adjudged to pay a penny and costs by Judge Brown, presiding justice.

A VICKSBURG dispatch of Dec. 15, says: Jno. P. Richardson, the largest cotton planter in the world, died on the Epps plantation in East Carroll Parish, La., yesterday. He owned fifteen plantations in the States of Louisiana and Mississippi.

WHY should the dynamite be able to obtain dynamite with which to do infernal work, or, to change the form of expression, why should not the manufacturer and sale of the explosive be so regulated as to keep it out of the hands of irresponsible persons? That is a question of some significance in the light of recent events.—Washington Star.

A FIRE is raging in the shaft of the Egypt Coal Company's mine at Egypt. In the levels a number of miles were at work. All these have been suffocated. The depth of the mine is some 400 feet and there are several levels or lateral cuttings in which the coal is mined. The mines were used in drawing the coal along these levels to the shaft, so that it could be hoisted to the surface.

FRIDAY evening at Fairmount, Davidson county, Frank Cross was murdered. The news as given to the Salisbury Herald is as follows: There was a railroad speaking at Fairmount and after the speakers had finished and the crowd was dispersing, Dick Hall, who had been drinking freely during the day, got on a horse belonging to Frank Cross with the apparent intention of riding it away, when he was scooped by Cross and asked to get off. He did so at once, and jumping on Mr. Cross with a knife on him all to pieces. He then fled leaving Cross so badly lacerated that he died during the night.

PROF. LEG WILLIAMS is here to-day, distributing his enticing literature. Prof. Leg, as everyone knows, is the great negro trader, and the army of negroes he has led to Arkansas will almost equal the host of Israel. He has beautifully colored lithographs depicting scenes which the darkey cannot resist. No. 1 shows the old negro leaving the mud-daubed cabin in the black jack, carrying his belongings in a tow sack. Each scene improves until the end of the series where the same negro in the Western home, calling Thanks, giving turkey, while outside corn, wheat, cotton and melons are piled to the roof of his humble abode.

A number of Onslow county carts were in the city yesterday with choice New River trout, which retailed at from 15 to 25 cents each. The vendors informed us that they have been very abundant this year, and since the railroad penetrated to that neighborhood, the industry has assumed much greater proportions than formerly, but nearly all of the fish are shipped by rail in the monthly steamer, the same convenience bringing them here not only in large quantities but in better condition than ever before.

THE President thinks there are conclusive evidences that the new tariff has created several great industries, which will, within a few years, give employment to several hundred thousand American working men and women. There is a general curiosity to know what these industries are, where they are and what are the conclusive evidences of such great results. Cannot some of the monopoly advocates enlighten the people? Begin with the tin factories, and tell us where they are and how many boxes of tin-plate they have turned out.—Baltimore Sun.

IF you would let the great American Republic outstrip all rivals and become a land of milk and honey, with golden rivers running everywhere and a bucolic people happy beyond the race, all you have to do is to strengthen the bonds of taxation and levy contributions upon the poorer classes for the special benefit of Nabobs and Millionaires. This is the sum of the wisdom of the Harrison-Reed-McKinley gang who are the agents and exponents of the half million rich men of their party. The higher the taxes the happier the people. What a commentary upon common sense!—Wil. Messenger.

EIGHT Congressmen voted for Watson, of Georgia, for Speaker. Our North Carolina Congressmen were not recorded that way. We don't know how any of them voted, but will try to find out and report. They will be looked after during the session.—Progressive Farmer. You ought to have known how they voted. Their votes were recorded a week before you published the above. These eight Congressmen voted for Crisp on thirty ballots and you say Crisp was supported by the railroads. What are you going to do about it? Who elected these gentlemen to Congress anyhow?—Charlotte Chronicle.

There will be a German at Lowthrop Hall, Tuesday night, given by the Waverley Cotillion German Club.

The Episcopal rectory is getting well under way and presents quite a handsome appearance. When completed it will number among the finest residences of the city.

The macadamized road has received the additional top layer of fine shell rock for the length of nearly three squares. The work is completed almost to New street.

Pupils of the Collegiate Institute and the Graded School took a collection among themselves and raised fifteen dollars for the orphans at the Oxford Asylum and forwarded it to them yesterday.

The weather has been so pleasant the last few days that bees have been flying around. They could be seen enjoying the candy displayed in front of the confectionery stores. We guess the cool change will make them keep in their little hives today.

Yesterday, Mr. J. Suter, one of our large furniture dealers, made sale of a rocking chair to a lady living in Minnesota. It is a medium sized rocker with spring bottom and back, and especially suited for comfort and ease. Quite a far-away sale for one of our business houses.

The street force were finishing the grading of Pollock street yesterday between Metcalf street and the macadamized road. They have also made an additional opening to the large sewer which runs down Metcalf street to receive drainage direct from the north side of Pollock street.

Kiesey Seminary, La Grange, N. C., will have a "Pupils' Recital" by the music and elocution classes, conducted by Misses Dobson and Phillips, next Tuesday evening at seven o'clock. It will consist of high class vocal and instrumental music and elocutionary exercises. The programme embraces two dozen excellent selections, some of them quite difficult ones from the masters. We are sure the young ladies will prove themselves equal to the requirements of the occasion and render the entire programme with credit to themselves and honor to the school.

Likes the Country. Mr. Edward Jack, of Canada, a botanist and general scientist who has been spending a couple of weeks examining the natural products and advantages of Craven county, left yesterday for New York. He is exceedingly pleased with our country. He likes the climate better than that of Florida, and speaks of the additional advantage of its being nearer North and of more convenient access, and he believes that if wealthy Canadians realized what a pleasant place it is, great numbers of them would spend the winter here every year.

A better country for deer and such game he has never seen. He is also delighted with the magnitude of our wealth of forests, and is satisfied that great benefit would be derived from having a well arranged collection of the useful woods of this section displayed at the World's Fair with statements of the locality from which they came, their abundance here, and the uses to which they are adaptable. He specially cites the intrinsic worth of sweetgum and some other timber, the value of which we do not properly appreciate. The great fertility of our lands surprises him, and taking all these favorable points into consideration he sees sufficient cause to believe that in the near future New Berne will be quite a city.

Abernethy Speaks. Yesterday was the time fixed for the investigation committee (consisting of five elders) in Rev. J. T. Abernethy's case to have begun their work at Snow Hill. Just prior to the last encounter between himself and Mr. Grimesley, Mr. Abernethy wrote a card to the Wilmington Messenger asking to cease publishing reports until the facts in the case are known. He refers to himself as an innocent man and to Mrs. Grimesley as an innocent woman and says published accounts of the trouble have been wide of the truth and unjust to all parties concerned, including the husband. He gave as his reason for keeping silence that he wished in no way to forestall the action of the investigating committee and said he "dissatisfied to try to effect public sentiment by any statement before the facts had been fully inquired into by the proper tribunal" at which time he promises them without concealment or equivocation.

Present, Commissioners, James A. Bryan chairman; E. W. Smallwood, J. A. Meadows, William Cleve and Daniel Lane.

COUNTY COMMISSIONERS' PROCEEDINGS.

More Action on Taxes in Special Cases—Execution to be Issued—Claims Allowed.

Ordered, That B. Williams and others, Supervisors of public roads in township No. 6, having reported the road in said township leading from Hancock's creek to New Berne and Beaufort road through the lands of P. J. Arms, C. J. & W. Y. Wynne, J. H. Hunter, agt., and Wm. Cully to be in a passable condition, the said road is hereby declared a public road and the clerk of this Board ordered to so inform the Supervisors of said township.

Ordered, That the property listed by L. S. Wood, agent of heirs of E. R. Stanley, corner of Pollock and Craven streets, in the city of New Berne be assessed for taxation at \$12,000 instead of \$12,500 on account of error.

Ordered, That the property of Harry Spruill, township No. — be assessed at \$130 instead of \$235 on account of error.

Ordered, That O. T. Watson be notified that if he will list his taxable property before the clerk of this Board, that the double tax charged against him on the delinquent list will be limited.

Upon examination of tax certificates of lands sold for 1889, it appearing that the lot of land listed to E. G. Hill for J. J. Powers and sold for taxes was also listed by Mrs. Nancy A. Sterling and taxes paid, it is ordered that the said certificate be cancelled.

Ordered, That the sheriff be instructed to furnish this board a list of all merchants who have failed to list their purchases for the present year in compliance with Sec. 22 of revenue act, also that the county attorney be instructed to take such action as will insure the listing and collecting of tax as ordered in said section.

The board took a recess to 3 o'clock p. m.

The board met pursuant to adjournment.

Present, Commissioners, James A. Bryan chairman; E. W. Smallwood, J. A. Meadows, William Cleve and Daniel Lane.

Ordered, That A. Cohn's property in township No. 1, be stricken from delinquent list and placed upon the supplemental list, he having listed said property with Register of Deeds.

Ordered, That the county attorney be instructed to take such action as he may think necessary to collect the taxes due the county, represented by tax certificates executed by the sheriff to the county in the year 1890, for the taxes due for 1889.

Ordered, That an execution be issued against D. N. Kilburn and his sureties on the judgment in the case of the State on Relation of the County Board of Education vs. D. N. Kilburn and others and collect balance due the school fund on said judgment.

Our Country Cousin.

"Our Country Cousin," Frank Jones' new play, is said to give him greater opportunities for the display of his abilities as a Yankee comedian than his famous and well-known character creation of "St. Pe kins." The action of the piece takes place in West Virginia, and a strong story, of intense dramatic interest, is told during the action of the play. The plot calls for great scenic and novel and realistic mechanical effects. The play has proved a great success, and will be a sure money winner.
