**NEW DRUG STORE.**—Drugs, Medicines and Chemicals, U. S. Popular Proprietary Medicines. All varieties of Druggists' Sundries, Trusses and Braces. New crop Garden seeds. Fine and Large Stock of Cigars and Tobacco. All new. Prescriptions accurately compounded (and not at a price), out in the city and suburbs. O. G. GALEN, Druggist and Apothecary, Middle St., four doors from Pollock. Jan 23/92

**TROOPS** have been ordered to Crested Butte, Colorado, the scene of the miner's trouble in that State.

**AN explosion** of dynamite Friday caused the people of Harrisburg, Pa., to think an earthquake shock had befallen them.

**DOORKEEPER TURNER** has appointed H. G. Williams, of North Carolina, assistant superintendent of the document room.

**MICHAEL HARVEY**, an insane man, shot three persons in Brooklyn, N. Y., yesterday, killing one, and then committed suicide.

**THE Norfolk woman** who has given birth to nine sets of twins is a living argument in favor of a permanent census bureau.

**SEVEN** hundred sugar beet raisers in Nebraska, are in convention at Lincoln to devise means how best to encourage the industry.

**CHARLES ADOLPHUS MURRAY**, Earl of Dunmore, is to be president of the Union Bank of South Carolina and London, shortly to be established at Columbia, S. C., with \$5,000,000 British capital.

**Two negroes** confined in jail at Live Oak, Fla., on suspicion of having murdered young Paramore at Branford, last week, were taken out by a band of masked and armed men and riddled with bullets.

**ALBERT DAWNES**, who was to have been hanged at Charlotte last Friday has been respited until January 15th. This is the colored man who was convicted of burglary. Great efforts have been made to save his neck, but the probability is he will hang.

**THE total valuation** of all property in this State, including railways, is \$257,052,000. This shows an increase of no less than thirty-one millions over last year. The increase in the valuation of railways alone this year over last year is nine millions.

**THE Emperor of Russia** has given \$2,500,000 out of his private fortune to help the people suffering from the Russian famine. According to foreign papers he also intends to visit the stricken districts, if possible, in order to learn the extent of the misery.

**A BALTIMORE dispatch** of Dec. 18, says: Tomorrow in the cathedral Cardinal Gibbons will officiate at the ordination of a number of priests. This number will include Charles Randolph Under, the first colored man to be ordained a Catholic priest in this country.

**DESPITE** the fact that the credentials of Governor Hill have been presented in the United States Senate, it is perfectly well understood that he will fill out his term as Governor. He has invited Governor-elect Flower to visit him during the last week of his administration as Governor, and to remain at the executive mansion until inauguration day.

**DR. GATLING**, the celebrated North Carolina inventor and genius, has a new gun out he calls "The Police." It is intended for the use of the city police, will fire twenty shots a second, is small and light, is carried in a light wagon with four men to handle, and is indeed a terrible weapon. Every city should have at least one of these guns.

**J. A. BRADSHAW**, of the Raleigh Dispatch, has a new gun out he calls "The Police." It is intended for the use of the city police, will fire twenty shots a second, is small and light, is carried in a light wagon with four men to handle, and is indeed a terrible weapon. Every city should have at least one of these guns.

**THE magistracy** of the city of Vienna, at the instance of the public prosecutor, have issued a decree commanding the closing of the Methodist church there. They have also prohibited Pastor Rosch from preaching anywhere in the city on the ground that his "Methodistic denunciation of the masses as blasphemous fables and dangerous conceits is an insult against the Roman Catholic religion which is recognized by the State."

**POSTMASTER Joseph P. Miller** of Highwood, Mass., a station in the town of Hamden, has been arrested charged with paying personal debts with postage stamps. Miller is the fourth postmaster arrested since yesterday. It is alleged that the postmasters had made an arrangement whereby certain card manufacturers in towns adjacent to New Haven, whose mail correspondence was very heavy, turned all matter over to them for cancellation. The salaries were hereby increased and the postmasters, it is charged, paid the manufacturers a certain amount for the favor. It is estimated that by these methods the New Haven post office has been beaten out of at least \$50,000 in the sale of stamps.

### NEW ADVERTISEMENTS.

Howard—Bounce, etc.  
O. E. Slover—Raisins, etc.  
Prof. Bell—Another testimonial.  
T. J. Turner—Christmas goods.

Christmas examinations are in progress at the Collegiate Institute.

New Berne is to be deprived of one of her charming young ladies tomorrow morning. Centenary church, at eight o'clock, is the time and place.

The second issue of the Pilot, the monthly of the O. D. Steamship company is before us. It is a good guide for travellers and replete with interesting articles that can be read by all with profit.

Efforts are being made at Edenton for the organization of a \$50,000 stock company to establish a knitting mill. New Berne cannot afford to remain passive and let neighboring cities surpass her in establishing factories.

On Tuesday the 29th inst., Judge H. R. Bryan will try an important injunction case at the court house in New Berne, that of the W. and W. Railroad vs. the Sheriff of Halifax county in regard to the right of collecting taxes in question.

Tickets for Prof. Winston's lecture and Collegiate Institute entertainment will be on sale at the New Berne Drug Company's store, corner Pollock and Middle streets, today and tomorrow, commencing at 10 o'clock this morning. Call early and secure your choice of seats.

"Our Country Cousin" didn't get here last night. It would have been a first-rate April fool if it had been the right time of year. No cause for their non-appearance was assigned. Proper connections were made by the railroads so no fault lies there. A troupe owes it to the public in a matter of this kind to telegraph information of the failure as soon as it is known.

Seats for the Cook entertainment will be on sale Wednesday morning at Green's drug store. Mr. Cook has worked hard to give an attractive program, and we have no doubts but that the entertainment will be liberally patronized. He has always shown a perfect willingness to assist others in their enterprises, and it is but fair treatment for others to show their appreciation when a chance is offered.

We thought argument on how to spell this city's name was about exhausted. The people at any rate seem to have pretty well decided the matter for themselves, as fully nine-tenths of the more intelligent citizens of New Berne write the name in two words, but the busy "little b" has a spark of vitality left and is stirring around despite the watery weather. Another circular is being distributed in advocacy of the almost obsolete one word system.

**That Double Mail.**  
All over the city the people are talking of the double mail and are unanimous in desiring it. Of course it is a new thing and will be an experiment, but it ought to be tried. It will in various ways increase the volume of business in the city, and along the line of the road by the increase of facilities. While the question is being agitated in the line to secure, and we suggest that our most prominent business men call a meeting for the purpose of conferring or appointing a committee to confer with President Chadwick on this important matter, the securing of which will benefit both the city and country. Even Jacksonville, small as it is, and with a railroad but little over half completed, has a double daily mail. Why should not we?

**Notice.**  
The public are hereby notified that Chairman Bridge, Trans street, is up for readers and will be impossible until further notice.

**J. A. BRADSHAW**, of the Raleigh Dispatch, has a new gun out he calls "The Police." It is intended for the use of the city police, will fire twenty shots a second, is small and light, is carried in a light wagon with four men to handle, and is indeed a terrible weapon. Every city should have at least one of these guns.

**Bright Outlook.**  
The Fair Premium List books will be out next week. The premiums have been materially increased. Rev. Edward Bull is also expected to start this week on his annual tour, billing the Fair in the different cities of the State. Contracts for good side shows have been closed. Special features have been introduced and everything looks remarkably bright for the coming exhibition. During the past week Mr. C. Reizenstein, the secretary and treasurer, has received letters from quite distant States—Missouri, Illinois and Ohio, in reference to it. Our Fair is gaining a wide reputation and deservedly so. Let every man arouse himself and work diligently in its behalf. The time is drawing very nigh and it is time to be moving in earnest in the matter of special preparations.

**Institute Tennis Court.**  
The most fascinating of all the pleasures of the Institute boys and girls is tennis. It is a game in which the aim is to keep a tennis ball in motion within certain defined lines of the court by means of a racket. The exercise thus given the pupil is light and calls into play the organs of the body. The beauty of the game is activity, and well-played is scientific. Old as well as young may enjoy the enthusiasm such diversion affords the mind. Surely the student must be provided with some satisfying recreation after school hours that is not excessive in its nature and presents an opportunity for pleasant and profitable social intercourse.

Prof. Thomas has just had completed a handsome tennis court on the play grounds of the Collegiate Institute. He has ever had the best interests of the Institute pupils at heart and devoted much energy and consideration to their welfare by getting up pleasant rides, walks, social gatherings and other innocent and pleasant pastimes.

Is Peg Leg at Work?  
Exchanges are giving items to the effect that Stephen Daniel, a colored excursion manager of Goldsboro will run three separate excursion trains immediately after Christmas carrying colored turpentine and plantation hands from this State across the South Carolina line, for Georgia and South Carolina contractors, the object being to outwit the law which makes it a misdemeanor for agents to carry laborers out of the State without paying a license of \$1,000 for each county operated in. The statement is made that "Peg Leg" Williams and several other labor agents are engineering the scheme and that every negro who will agree to cross the State line will be given free transportation and for every one thus smuggled over, Stephen Daniel is to receive a bonus of \$2.50. It is further stated that one of the trains is to be run from Morehead City.

We know nothing of what may have been done on other roads, but no arrangements have been made for such a train as the one spoken of to be run over the A. & N. C. R. R. Mr. S. L. Dill, Superintendent of the road informs us that its authorities have not been approached on the matter in any way by the alleged excursion runner Stephen Daniel, any agent of his or by the authorities of any other railroad. They have had not absolutely the slightest intimation of such a scheme except the published reports.

**Coming and Going.**  
Mr. J. W. Neal left yesterday morning for Laurinburg to spend Christmas with his brother, Mr. Walter H. Neal.

Mr. G. W. Lawrence who has been assistant operator in the New Berne telegraph office, left yesterday morning to take a position as telegraph operator at Radford, Va.; in the office of the Norfolk and Western Railroad.

Miss Annie Jones, of Hillsboro, who has been visiting the family of Mrs. Baill Manly, left for her home.

Miss Gertrude Bagby, who is teaching school at Vandemere, came up to spend the Christmas holidays in the city.

Miss Chattie Credle, who has been teaching school at Adams Creek, and Miss Jennie Willis, who has been teaching school at Smith's Creek, came up on the steamer Trent to spend the Christmas holidays.

Judge Frederick Phillips, of Tarboro, is spending a short time in the city and is registered at Hotel Albert.

Messrs. J. C. Watkins and E. J. Durham, of Greensboro, arrived last night and are registered at Hotel Albert.

Mr. Watkins' sister, Miss Ellis, also came down and is visiting Miss Bertha Outbur.

Mrs. Jennie Duke, of Wilmington, arrived to visit at Mr. C. Folman's.

Miss Fannie Davis, who has been visiting the family of Mr. Samuel Parsons, returned to her home at Morehead.

Mr. C. F. Sherrill, the new pastor of the Methodist church at Beaufort, moved down last night with his family from Mattamuskeet circuit, Hyde county.

Mr. Wiley Jones, a former employe of the Journal office, now a typo in the office of the Progressive Farmer, came down last night to spend Christmas with his relatives in the city.

Dr. C. B. Woody, of Kinston, came down last night on a short business trip.

Rev. O. G. Vardell returned from Rocky Mount.

Children Cry for Pitcher's Castoria.

**Death of D. B. Morton.**  
Mr. David B. Morton, one of the most prominent citizens of Harlowe, died at his home, on Wednesday the 16th inst., of typhoid-pneumonia.

Mr. Morton was a fair-dealing, accurate and enterprising business man, and as farmer, country merchant and mill proprietor he was a very useful man and one of the pillars of the community, and he was withal a courteous, kind-hearted and generous old gentleman, obliging to all and ready at all times to do a neighborly kindness. He will be greatly missed.

**Unprecedented Success.**  
Profitable fishing along the whole Carolina coast this season has never been excelled. The number caught has been startling. We have been told of the enormous quantities caught at Morehead and Roanoke. The Elizabeth City Carolinian says the number of blue fish caught about there was never so large before. Tremendous quantities are being brought to that city and shipped every day. Over twenty car loads of the fresh fish went off in one day and still they go! Was the like ever heard of anywhere before?

Mr. J. A. Paris who has just returned from a business trip in Onslow county tells of the remarkable success the fishermen there are meeting with. He met cars travelling in every direction selling the fish, besides those that are shipped by rail. The run at this time consists mainly of elegant speckled trout, but nice mullets are also being caught.

In one instance a single haul with one of the nets in New River, which consumed about 20 minutes time, resulted in securing 190 large trout. Sometimes the nets would be so full as to be unmanageable and it would be impossible to prevent the fish from making their escape. Those not informed might think from their abundance that the fish are not fine, but the reverse is the case. No one need wish to taste better.

Mr. Paris knew of one party of eight who made thirty dollars each in one day in catching fish. Where can labor expect a better remuneration than that. The success attending this industry in Carolina waters is marvellous.

**Commendable.**  
All claims not consistent with the high character of Syrup of Figs are purposely avoided by the Cal. Fig Syrup Company. It acts gently on the kidneys, liver and bowels, cleansing the system effectually, but it is not a cure-all and makes no pretensions that every bottle will not substantiate.

**Another Testimonial.**  
Prof. Bell's Treatment Endorsed by the Teachers of Washburne Seminary.

BEAUFORT, N. C., Dec. 8, '91.  
We, the teachers of Washburne Seminary, have used Mr. Bell's Eureka for great satisfaction, the improvement in the hair and scalp being very marked in a short time.

We also recommend Prof. Bell's method of cleaning the scalp, and applying his specific. Wherever he may go we wish him well deserved success in his profession.
