TO THE PUBLIC. Snow Hill, N. C., Dec. 81, 1891. Motives of delicacy which, I am sure, a just public sensiment will duly appreciate, have thus far operated to prevent the publication by me of any statement my son, William E. Grimsley, on the Rev. J. T. Abernethy. I would now spare the public this additional infliction after so much has been said and written about those affairs, if I could feel that a longer slience would be compatible with my duty to those who are near and dear to me.

It has been published that I and my entire family denounced the conduct of

my son in attacking Mr. Abernethy. This statement is absolutely false, and it could not have been given to the public for any other purpose than to give a color of excuse for the wrongloing of one whose holy calling should have made him avoid the very sem-blance of evil, and especially the temp through last night to attend the funeral tation of the innocent.
