THERE is no political significance in the selection of Chicago as the place for holding the Democratic convention. The decision turned on the accommodations offered to delegates.

THE Cleveland managers are rather top dignified. They seem to be waiting for the people to call on them. Stir your stumps gentlemen. It will be time enough to hold receptions after the election.

THE Herald's Montevideo dispatch says that Admiral Walker, with his flagship, the cruiser Chicago, accompanied by the cruiser Atlanta and the gunboat Bennington sailed for Valparaiso on the 22nd instant.

BRAZIL is again under a dictator. Unlimited powers were conferred upon President Peixotto by the legislature before it adjourned virtually constituting him a dictator during the recess, which lasts until May.

THE War Department calculates that it would require an army of not less than 100,000 men to subdue Chili. But there is no need of commitments yet awhile. Be patient, gentlemen, there is time enough to pack your knapsacks.

THE Wilmington Star says: The Obilians are all soldiers. A law of the Republic which has been in force for forty years which requires all citizens between the ages of twenty-one and forty years, to meet and drill for six hours every Sunday.

FROM the President's message it would seem that the press of the country has been too severe on Minister Egan. The JOURNAL takes pleasure in announcing that Mr. Egan has the full confidence of the Government and all he has done is endorsed by the President.

THE latest craze reported dropped suddenly into the Coleman House, in New York, told the clerk he was just from heaven and all he wanted to be perfectly happy was a million dollars. The clerk didn't have that much money to spare and referred him to a policeman for the charge of him.

THEY tell us that one of the results of the trouble in the coal mining district in Tennessee, is that the miners are leaving the State and going where they will not have to compete with convict labor. Over 300 have so far gone to Arkansas.

THE President's Obilian message is a long document, alike creditable to the patriotism and the ability of Mr. Harrison. It vindicates Minister Egan and clearly pre-empt the demands of this Government. It does not advise a declaration of war, but leaves Congress to act upon the facts of the case.

THE war feeling is epidemic. On last Monday Miss Mitchell, a society belle of Memphis, cut the throat of Miss Feila Ward, one of her associates with a razor, killing her instantly. It is said that the tongue of a woman is sharper than a razor and it is to be regretted that the sharper instrument was not used in this case.

THE Lancet publishes an analysis of the bread in common use in the famine-stricken districts of Russia, showing that ten per cent, and probably more, of the article is composed of woody fibre husks, leafy matter, seeds, silica sand and other foreign substances. The so-called bread is of a dirty brown color, and resembles peat. Experts to whom it was submitted failed to recognize it as bread.

THE Chamber of Commerce, Cotton Exchange and Produce Exchange of Charleston, S. C., have adopted resolutions protesting against the appointment of a negro as postmaster of that city. The resolutions have been sent to the President, but from the known partisanship of Mr. Harrison, it is probable they will add to his purpose to insult the white inhabitants of Southern cities and towns by giving them negro postmasters. —News and Observer.

WITH Blaine and Harrison out of the way, keep your eye on Gen. Alger. He is a practical politician of the modern type. He and his trusted lieutenants have been laying pipe ever since the last convention. The General has held firm his grip upon the Grand Army of the Republic and established the most pleasant relations with prominent Republicans from one ocean to the other. He has been shrewd in favoring Blaine, for with Blaine withdrawn Alger has a claim established upon the Secretary's large and zealous following. —Detroit Free Press.

Oyster Canopy to Open. Mr. T. H. Oakley, general manager for Messrs. Moore & Brady's oyster cannery, who has been in the city a few days making investigation as to the desirability of now commencing operations informs us that it is decided they will do so, opening next week, but he says, that only moderate prices can be paid for oysters as good ones are abundant and the price low this season in Baltimore.

We will all be glad to have the factory running again even if it does begin late in the season. The money from the running of each industry of the kind always helps to promote business activity and the work given is quite a benefit to those employed.

An Ordinance to Compel it to be Sold Thus in New York.

Following is the text of an ordinance now under consideration by the Board of Aldermen of New York, the adoption of which is urged by the Retail Grocers' Association, one of the chief arguments in its favor being the irregularity in the capacity of the packages now in use.

An ordinance to regulate the sale of vegetables and fruits within the corporate limits of the City of New York, the Mayor, Aldermen and Commonalty do ordain as follows:

Section 1. No person shall sell, offer or expose for sale any vegetables or fruits in barrels, baskets, boxes, crates or boxes within the corporate limits of the City of New York, except the rights of the contents of such barrel, basket, box, crate or bag shall be as follows:

Sec. 2. Every barrel of spinach shall contain not less than forty pounds; every barrel of sprouts shall contain not less than twenty-five pounds; every bushel of sweet potatoes or onions shall contain sixty pounds; every bushel of turnips, carrots, parsnips or beets shall contain fifty pounds; every bushel of sweet potatoes or onions shall contain fifty five pounds; every bushel of tomatoes shall contain sixty pounds; every bag of string or wax beans shall contain forty pounds; every bag of cranberry or lima beans or green peas shall contain not less than fifty pounds; every barrel of apples and pears shall contain not less than one hundred and thirty-five pounds, and every basket of peaches not less than twenty-five pounds.

Sec. 3. And that every barrel, bag, box, basket and crate of vegetables and fruit offered or exposed for sale, or sold within the corporate limits of the City of New York not otherwise provided for in the previous section, shall be labeled, stamped or marked with the actual weight in numbers, and shall be at least one inch in size, with the actual and correct measurement or weight of the contents thereof.

Sec. 4. Strawberries, huckleberries, blackberries, raspberry and all small fruits and berries now sold in baskets or boxes, shall be sold only in baskets or boxes containing full quarts, pints and one-half pints dry measure, the crate or package containing the berries shall be plainly marked in letters at least one inch long with the actual number of quarts, pints one-half pints dry measure in each crate or package.

Sec. 5. Foreign and domestic oranges and lemons are exempt from all the provisions of this ordinance.

Sec. 6. All foreign and domestic fruits and vegetables sold at public auction, or sold from the docks for consumption outside of this city, are exempt from the provision of this ordinance.

Sec. 7. No person shall offer for sale any vegetables or fruits, except fruits and vegetables which are bought by count, in any store or business place in the City of New York or within the corporate limits thereof, except by weight, or if sold in baskets, bags, boxes, crates or barrels, the actual weight or measurement of contents thereof to be marked on each basket, bag, box, crate or barrel, in letters or numerals of at least one inch in size.

Sec. 8. No person shall sell, offer or expose for sale within the corporate limits of the City of New York any vegetables or fruits in any other way than provided for in the previous sections, except such vegetables and fruits as are now by custom sold by count and not by weight or measure.

Sec. 9. Any one violating any of the provisions of this ordinance shall forfeit and pay a fine of one dollar for each and every offense.

Sec. 10. The Clerk of the public market of the City of New York is hereby directed to post in conspicuous places in the markets of this city copies of this ordinance.

Sec. 11. All ordinances or parts of ordinances inconsistent with the provisions of this ordinance are hereby repealed.

Sec. 12. This ordinance to take effect on May 1, 1892.

We trust that the above presentation of facts and suggestions will enable Fruit and Vegetable Growers to appreciate the importance of uniformity and concerted action in this matter; the immediate adoption of packages of standard size as set forth above will certainly place the business of shipping and distributing these goods upon a better and more satisfactory basis than ever before.

The Fruit and Produce Trade Association of New York.

J. H. KILLGOUR,
WM. J. PHILLIPS,
S. B. DOWNS,
Committee.

As stated above, a prime reason why the adoption of the above ordinance is urged is on account of the many different sizes and shapes of packages used which has always been objectionable and a subject of annoyance to commission men and produce dealers generally. The retail men are working to secure the passing of the above ordinance but it will make a needless increase of work, expense and delay, and the N. Y. Fruit and Produce Exchange is striving to defeat it and that end they have recommended certain shapes and sizes of crates and barrels as the most desirable and are doing their utmost to secure their immediate adoption all over the country. To accede to the request and promptly fall into line with the movement will be for the benefit alike of growers, sellers and consumers.

Tomorrow we will give in full the recommendations of the N. Y. Exchange as to the dimensions and other matters and the reasons for them.

WHEN? Considerable interest has centered on the "When?" that greets the eye on every page. For the benefit of the curious, we will state that the word "When?" is the exclusive property of an organization in the city, and that it is never used save on the approach of some great cause for reforming.

Just what great truth is in store now for the people of New Berne remains to be seen, as the organization above mentioned have not yet seen fit to explain.

Let us hope it is entire freedom from the Grippe. **Jan 28th.**

EDITOR JOURNAL.—The North and Northwest during the winter months do not call for money by the hundred thousand. So any one who could use to an advantage one, two, three, four, five, six, seven, eight nine or ten thousand dollars, would find it to his interest to borrow it from the Eastern Building and Loan Association of Syracuse, N. The Eastern has already loaned several thousand dollars to its members in N. C. In my presence December 21st, 1891 it granted all applications on 100 North Carolina members.

DISAPPOINTMENTS Sink the Heart of Man, BUT RENEWAL OF HOPE GIVES CONSOLATION

No doubt there are many poor hearts disappointed at Christmas Eve when they have traded all the year with their favorite merchant, and when Xmas comes the merchant shows his appreciation by chucking over the counter a pair of pins or a pair of five cent stockings, or some other worthless article. No doubt the customer can see himself with saying, "Never mind, I will trade with some one else next year." Merchants have given this matter much earnest study, and so far have given considerable dissatisfaction because Mr. B. gets a very nice present, and Mr. C., who lives next door, gets some worthless article. I wish to say to all who have been disappointed that now is the time to turn over a new leaf, as everybody says they will do at the beginning of a new year. Commerce now trading with me, the lady or gentleman who spends the sum of one hundred dollars with me at Christmas Eve next I will give an Eight Dollar Suit of Clothes or a Five Dollar "William." Now keep your old stockings home and not be begging for the pitiful sum of five or ten cents next Christmas Eve, and bring your little book along and every time you spend a dollar Big Ike will put it down, and no doubt at the end of the year you will have spent a hundred dollars and the suit of Clothes or a Five Dollar Bill in return.

U. S. Marshal's Notice of Sale Upon Execution in Admiralty.
