As to the latter, he has had a longing eye for the White is to be a Democrat this time, and no mistake.-Norfolk Landmark.

### LUCAL NEWS.

Weather-Fair till Saturday morning. Mr. and Mrs. D. F. Wilcox, of Columbus. Georgia, arrived last night to visit their daughter, Mrs. R Bansom.

The fair Committees on Ladies' Work, Art Knitting and Crocheting held a very satisfactory meeting yesterday, making arrangements for the Fair.

Today at 13 o'clock, Deputy U. S Marshall C. B. Hill will sell the steam tu. Higes at auction in Brinson's dock back of his feed store to satisfy claums Col. W. H. Lucas shipped by sail boat

yesterday a fine young bronze turkey gobbler to his home in Hyde county, which he had just received from Duplin county. Stephen L Harris, col , who has been

in jail here under bond on the charge of an assault near Vanceboro was taken up to Northampton county yesterday on a writ of habeas corpus.

We are still desirous of getting more names for the Fair edition of the JOUR NAL. Good lists will be appreciated Placing the paper in the hands of your friends will please them and benefit the

The annual election of offices of the Board of Trustees of New Berne Academy will take place at the meeting this afternoon at four o'clock in the office of the President. It is devirable that every member should be present.

The Washington Post says ' Secre tary of State Blaine is authority for the statement that Chili's rep y to our ulimatum is acceptable to this Govern ment, and that all likelihood of war between the two coun ries has passed.'

Dr. Long and Professor Adams de livered educational addresses to large audiences in Vanceboro on Tuesda evening and Tuesday night last and visited a number of the schools in that district, which is the largest outside of the New Berne district in Craven county.

It is not an unusual thing now to get loquiries by mail from parties who intend to exhibit at or visit the Fair. Mrs. B. B. Davenport received such a letter visterday from a party of New Jersey ladies who have been spending the winter in Notaway county, Va., who intend to be here at that time. There will in all probability be one of the largest crowds here then that ever as

The season of activity in fancy poultry is at hand and New Berne breeders are receiving their share of the orders from quite a wide territory. Hepworth, Georgia. HILL IS Stronger in Mississippi | ANOTHER NEW BERNE INVENTION.

Dr. Bagby's Cotton Chopper and Cultivator Description - One Can be Seen at the Fair.

Two or three weeks ago we told of Dr. G K. Bagby's going to Wwshington so secure a patent for a cotton chopper To Growers and Shippers of Fruit, which he has invented. The patent has not yet been moued, but the in vention is protected by the application. and one of the implements will be on exhibition at the New Berne Fair Mesera. G. H. Watars & Son are now building it.

The chopper not only thins out the coston but plows it and is intended to do she work of ten hoes and sweive

The chopper runs on two wheels. Extending from side to side at the rear alk boss placed 24 inches apart are atached. The hose go in the ground a mission on either side of each hoe which goes 21 inches deep, plows at the same operation both sides of the cotton, and as there are twelve of the knives it is easy to see that the work they perform is equal to twelve hoes, and pe pie who are used to farming operations can be supported by the contents being the same. Fourth, we are threatened with adverse resultation in consequence of the arrevul. for ten hands to chop out as large an larity of the packages in use.

For these reasons we do not only area as the chopper can travel over. recommend but strenuously urge the One man and one horse is the force re man, and if he has done anything quired to run each chopper, and when- the of the round booped flour warrel ever the chopper is moving over places as the standard of measure, with the where is is not being used one move-standard barrel, rounded measure, and lift the hose above contact with the crate to be proportionate parts of the ground, and the depth of work can be House lo! these many years, but it regulated by the same means, though tail quantities of Fruit and Vegetables proper one.

the chopper taken, and after implement manufacturers have had their attention Vegetables by weight. The bill by the arrangements for manufacturing and placing them on the market.

DO YOUR PART

For the Fair - Big Hogs - Premiums,

An Onelow county farmer who dropped in our office to renew his subscription for the coming year told us just killed. Une weighed 200 pounds, another 265, another 298 and the largest 533 pounds. Wouldn't that last fellow have been a daisy for the New Berne Fair? The chance at the premium he might have taken was worth been kept until then. Besides the than 400 pounds, there is a special one of a barrel of fine flour, by Messrs, by the increased expenses which i Roberts Bros.; also, balf a dozen liberal regular premiums for thoroughbred We believe that our recommends noge and if the owner can's get "the tions will commend themselves to your whole hog" to the Fair let him still re- judgement. member there are good premiums for hams, etc.

Even if there were no premiums, the good to be accomplished by the Fair would still be furthered by the pringing of all the good stock possible. Our farmers gather information from seeing what another one has and learning how he is pleased with it and what measure of success attends the raising of different varieties. He in turn should be willing to contribute what he can to benefit some one else. Fairare to a large extent educational institutions and as each individual feels an interess in making them accomplish the highest results to that extent will the Fair deserve and achieve success.

The Sting of a Monopoly.

The Western Union Telegraph Company has raised the price on all mesembered that the Railroad Com mission reduced the charges in North Carolina And now, it seems, the Western Union has decided to make up losses in another way. This raise necessarily effects business men and the matter, it is understood, will be brought before the Chamber of Comserce at its next meeting -Twin-City Sentinel.

An enterprise which I has a clear field of operations has a better chance embled on such an occasion in North to give low rates to patrons than if its profits were cut down by competition, but instead of being satisfied with moderate returns it is the usual custom for corporations or firms thus fixed to let greed get the mastery, and cause them to become exterionate, and again, any institution which has received Asiatic breeds of ponitry raised in this nary firms, and when the people do not that their rights should be maintained Mesers. Wm. and Ed. Gurganus. of by whatever legal measures may be

Commendable.

TO TRUCK PRODUCERS.

INFORMATION FROM THE FRUIT AND PRODUCE TRADE ASSO-CIATION OF NEW YORK.

Uniform Packages Necessary.

Truck and Vegetables in the Atlantic Coast States.

We copy the following letter as matter of information to those interest d in fruis, vegetables and truck and think it a protection to them, and the

Owing to the enormous increase in truck and fruit growing throughout the Atlantic Coast States, it has become more and more apparent each year to the receivers of the property here that packages of uniform size are not only of the wheels is a metal bar to which The equality of size 10 packaged has been annoying and embarassing to Com Merchants and a loss to Ship quarter of an inch deep, and being run vantages of uniform packages are as acress the rows or cotton, of course cut follows: First, the property could be down all except the plants that stand in handled herelto decidedly better adva. on either side of each hoe which goes much for freight as the full size and easily tell that it would be good work legislation in consequence of the irregu

immediate adoption as far as possi ment of a lever in a ratchet frame will the half-barrel crate and third-barrel standard crate or barrel.

The retail grocers of the city buy rethe depth spoken of is considered the flay have a strong organization and or three years have been untiring in their efforts to induce the Common Council of this City to enact an ordin-ance to compel the sale of Fruit and Merchants here was barely defeated last Winter and has recently teen in troduced again in form as presente

We have assured the Common Coun cil that the introduction of a standard package would pince the business or selling Fruit and Vegetables upon a more equable basis and that it would chiefly meet the objections to the pres ent system upon which retailers base their demands for sales by weight.

If the Growers will immediately take such steps as are necessary to about-b the weight of four hoge which he has all irregular packages and introducthose of standard size according to the dimension given below, we are confident the bill can be defeated. Our Association includes among its members nearly all the principal re

beivers of Fruit and Vegetables in this city. Our Committee therefore reprethe trouble of bringing him if he had fully considered this subject in all its bearings.
We realize fully that an ordinance

regular premium of \$5 for the largest which would compel the sale of all hog on exhibition, to weigh not less Vegetables and most Fruits by weigh would be disastrous to your industry

> We append the dimensions of the standard packages which we deem most desirable, and which have given

the best results They should be closely followed and the packages so constructed that they may afford all [the ventilation necessary

and display their contents to the best advantage. DIM 'NSIONS OF STANDARD PACKAGES. The Figur Barret .- the dimensions of a standard Flour barrel: Diameter of head, 17 inches; diameter of bilge 19 3 4 inches; length of stave, 27 inches

length between heads, 25† mones.

The Barrel Crate.—Ine dimension of the standard barrel crate-used oniefly for shipment of cabbages and the larger vegetables-are based upon the cubic contents of the standard Flour barrel when rounded full as to customary in the snipment of potato and cabbages in single head flour barrel covered with the ordinary buriap cover. There are two forms of barre crate, both of same capacity, approved and recommended by the Executive Committee of the Fruit and Produce Trade Association, to be selected for use according to the nature of the con-

tents, they are as follows: Crate No. 1--Length of sist, outside measure, 89 inches; size of heads and centre piece, 11 by 20 inches and 1 inch

Crate. No. 2. Length of slat, outside measure, 86 inches, size of heads and center piece, 12 by 20 inches and 1 inch

In both of these crates the slatshould be 3-8 inch thick, 8 inches wide, 4 slats to the broad side of the crate and S slate to the narrow side. [Note-We recommend crate Num-cer 1 as the standard. Crate Number

2 is recommended when the size of the cabbage is too large to be properly packed in the standard or crate Num The Half barrel Crate .-- The dimensions of the half-barrel orate are as

center piece, 11 by 18 inches and 1 inco-thick. Thickness of sists, 8 8 inch; the width of elat and number to the side. THE New York World, chief Hill tocality are hard to excel and its beplaced for enough apart to permit proper ventilation and yet near er to keep intact the contents of the

Note, the half barrel crate is used

The Bushel Crate -- The dimension of the bushel crate are as follows: Length of slat. outside measure, 28 inches, size of heads and center piece, 61-4 by 16 inches and 1 inch thick. Thickness of slats, 1-4 inch: width of slats and num ber to the side to be governed as discribed above.
