Busidess Men of New Berne to the

Front-Agreeing to Close and Join in the Procession.

In accordance with the enterprise and

pluck of the business men of the city of Mr. Heywood Writes to the Virginian. New Berne, and as evidence of their Like the JOURNAL the Norfolk Virco-operation with the Fair Association, ginian had an editorial giving adverse they have decided to close their places criticisms on some allusions Mr. Frank of business Wednesday morning from A. Heywood made relative to this State 9:80 s.m. to 4 p.m., and form a basiness

in his magazine. Mr. Heywood in remen's procession in the rear of the firemen's parade, and in a body with which he claimed the columns of his thoir employees visit the Fair grounds paper would furnish undispute1 proofs and have a day of enjoyment. that Southern Progress was a powerful All business man are expected to join friend of North Carolina and its best

in the procession that will form at the corner of Broad and Middle streets. Dr Geo. Slover will be in command.

A good list was procured yesterday, and a general willingness to enter into the agreement was manifested by those to whom the opportunity was presented. It will be a fitting token of appreciation of the benefits the Fair has brought, for every store-grocery, dry goods and bardware, and other business houses also, large and small, to join in the procession, accompany the Governer to the Fair erronnds and help to make to the Fair grounds, and , help to make tomorrow a gala day indeed. The following are those who agreed

The following are those who agreed yesterday. The remainder will be seen today: H. B. Duffy, Joe K. Willis. Ohas S. Beil, Churchill & Parker, J. J Tolson, J. M. Harrison, John Dunn, Mrf. S. H. Lane, Heiland & Jarvis, J. M. Howard, L. Sohultz & Co., Mrs B. B. Lane, M. E. Sultan, Red Frons Norelity Store, M. L. Hollowell & Co., A. E. Hibbard, W. H. Cohen, L. H. Cutler & Co., flarrington & Hartsr, John Sutsr, M. Blumgardt, Clark & Co., E. Obhen, Lanes & Lewis, F. M. Bowdee, S. W. Willis, "Lovick & Co., Big Ike, S. H. Soots, Alaz, Millor, J. W. Meeio, W. P. Burrus & Co., H. V. Hill, Wallace Ross, Roberts & Bro., W. F. Jones, C. S. Hallibear, J. O. Whitey & Oo., K. R. Joass, Emailwood & Slover, O. Markes & Bon, M. E. Whiteburst, D. Hassell many Caroliniums refused to settle The editor of the Virgiaian says far.her hat Mr. Heywood will readily see how this paragraph was construed, and, unless explained how subject to just and insignant protest. Headquarters Fire Depurtment. Firences will please take notice and covern themselves accordingly. The Annual Parade will take place Wednesday, Feb, 24, 1892. Parade will form borner Broad and Middle sts., 9:30 a.m. sharpo

mentioned; with a viaw to the supply of the complete manure above stated with manure constituted principally of nitrogen and potash; the pea crcp is now to be followed by a crop of corn. of some quick growing variety, planted pally of potash (say kainit) and fine bone flour; the bone flour furnishes lime

mical, also more perminant in effect, than the dissolved bone; in lands that have been marled dissolved bone is to a degree wasteful; the sulphuric acid necessary to dissolve the bone, com-bininy with the meal to form land plaster, while the phosphates of lime is seperated in the form of bone flour; the

cost of material labor and other incidentals in dissolving the bone is thus wasted; and the user is just this "loss" out of pocket. In about sinty days, cut the corn

stalks close to the ground, "tie them in shooks" and stand in rows to finish dry-

ing, apply at the rate of four hundred pounds of cotton seed meal and two hundred pounds of kainit to the acre. about September 10th to 15 (sooner if possible) drill in about two and a half bushels of black eyed and marroufat peas, and when well grown plow these under to recuperate the humuss Con-

under to reciperate the humas Con-stituent of the soil, the field will now be ready for the pea crop of the follow-ing spring or can be taken for a cab-bage crop, while the peas can be plant-ed after fall potatoes, as before. In the event that this ground is used for cab-bage plant fall potatoes first the orbit age, plant fall potatoes after the cabbage, plant fail potatoes after the cab-bage is harvested, following the course outlined as before; follow with peas the following spring, the peas to be fer-tilized with kainit bone flour, if planted

in January with thoroughly rotted compost, or cotton seed that has been rotted in a heap, so that it is no longer

capable of producing heat. In these suggestions for a course of rotation, the black eyed marrowfat pens is \$2.00 per bushel is reccommend od because.

ly from not being carefully "hand picked" to be present in the latter, 2d, Much more quickly grown than our native field pess.

CAPITAL. Srd, A better fertilizer than rye or other grain crop when turned under and next to clover in manurual value, time of growth considered.

enough, or Immediately if frozen, or when mildew strikes the leaves, 4th, Forty days growth will give a luzuriant growth.
