THE President has sent to the An Admirable Exercise for Schools. Miss Dora B. Rogers, the teacher of Senate the note of Lord Salisbury A BIG FAT OX.-I will have for the season, at my stall on Saturday merging. Onas. E. NELSON. the Literary Department of Kinsey Seminary, has a very sensible and practical article in the last number of The Court at Beaufort, came up yesterday were discussed for a short while School Girl on "Language Drills." Aland referred. The President notithough designed primarily for the school room, some of the ideas adfied the British Government that vanced are worthy of courideration by our Government would patrol any one interested in youth.

Behring sea alone and enforce the It would seem that any scholar who laws if England would not join her has the advantage of such drills as are in so doing. -

recommended would be reasonable sure of obtaining a better flow of words THE London Graphic says: "The and of gaining 'n ability to think quickdispatch of a portion of the Pacific ly and to express his or her ideas more squadron northward snows that easily, explicity and connectedly, Lord Salisbury is not disposed to which accompliahment would give the recede from his position. President power to present a line of thought at came up yesterday morning and left on Harrison has apparently taken any time in the best manner so that it the steamer Neuse, of the E. C. D. line would be readily grasped by the hearer Lord Salisbury's complaisance for or reader and impressed upon them.

irresolution, hence his swaggering To acquire such an art is of great rejoinder. A little more corresvalue and training along this line pondence and reflection will show ought to receive considerable attention n every school. Miss Rogers says:

Developing language, is giving addi-tional power. "Language is that faculty of the mind by whose activity A SCOTLAND NECK, N. C., correspondent of the Richmond Times, ideas and thoughts are associated with their established signs." March 22, says: A meeting has Words without ideas do not constitu been called here for next Saturday knowledge. The idea should receive for the purpose of ratifying the primary importance, and the new word or phrase should be taught as a secondtion. Persons who are active in less thoroughly trught, and the pupil the calling of the meeting say that should be required to use it.

To cultivate language the following party bas no following here yet, but occasionally a man thinks a freely about it. We learn good Eag-

lish, as we learn bad, by imitation Later, let them talk with their pencils national ticket would be the about the object and read what they have said.

Give the children opportunities LOCAL NEWS to describe things or places they have seen, to relate stories, and to repeat items of intelligence in their own lan-

guage. 8. Encourage each pupil to use to express his own ideas, the new words learned from books or from the conversation of others. 4. Aid each pupil to suggest, or to learn more than one way to say the

same thing. 5. Impress the idea "that I know, but I can't tell" doesn't know well enough. By skillfally questioning younger pupils, and by topical form of recitation from older ones, require each nember of the class to give in concise

language, the substance of every les-son learned. With the above drill a child will soon An indian club drill by girls and b)ys will be one of the attractive feahave a good vocabulary of words and will be, able to use them freely and tures of the program at the Y. M. C. A.

Composition day will not inspire the East Front street between New and terror that very frequently is seen in every face. A little tact on the part of fohnson is being graded and put in excellent order. It is effective work and teacher will forbid any such announcement as the following: "A com position must be produced by such and such day,"-- a command that is frought with terror to the average school girl or boy. But a little wise handling of the class on part of the teacher and these carsful language deills will post that Bird hutturs may lay aside their little guns till fall. The law forbide the

hooting of partridge, quail, doves, robing, larks or wild turkeys from careful language drills will rob that school-room spectre of all of its terrors and make it one of the most delightful The (foldsboro Young Men's Ohristian

" Poor clothes make unhappy faces." It is a well known fact that a man's emotion and surroundings will in time have an effect on his facial expressions. That is to say, if a man for any considerable time wears a raw edge Collar he will look unhappy, or if his tronsers are fringed at the bottom, or if his coat is too tight in the back it will have the same effect. In your trouble come to us, we will try and help
