CONSECRATION.

A Bible Reading Conducted by Prof. Hamill Wednesday Morning.

Prof. H. M. Hamill presented the fol Sunday School Association upon Corof being prodened and remembered.

First what does Consecration mean. second what does it bring, third how is it made. It ought to preface what we read by an explanation of the word consecration itself. You will find it many times in the Old Testament, comparatively few in the New Testament, but there is a word used there interchangeable with consecration with an additional sense, the word sanctifica cation. The word consecration means two things, first that I may come before God as a christian impelled by a sense of guilt, and second consecration sometime is brought shout not through a sense of guilt but through a sense of gratitude.

Consecration is a definite act. It means filling your hands. It includes money. I do not put that first because it is most important On motior, Greensboro, Darham, and Reidevil's were put in nomintion for holding the next convention. Reids-There are a great many people that are ville selected by a vote of 23 to 19 converted last in their pockets. I think for Greensboro. The closing exercises of the Convention last night were very interesting and enjoyable. The newly elected President, Mr. W. G. Burkhead, on entering upon the discharge of his duties,

made a speech showing much depth of salvation of some soul, or in the buildfeeling as to results of the convention, its effects upon him, and his intention of prosecuting Sunday School work with more zeal.

The question box was a profitable exercise. Practical questions relating to points in Sunday School work, about

which there might exist differences of opinion as to the advisability of making use of or rejecting certain customs and practices, were asked by Prof. Hamill and answered by Mr. Reynolds.

There were quite a number of short, spirited talks by evangelists, ministers, and other delegates showing their appreciation of courtesies of which they save others, I have seen them at the were the recipients, of their enjoyment fits received which they intended to pass on to others.
