THE modus vivendi hangs fire. Damaged ammunition was one of the causes of France's defeat by Germany.

THE Peoples' parties' coon has been treed up a pole stalk. Confound a varmint that can't climb higher than that!

NORTH CAROLINA beats all the States on flowers except New York. The Empire State has a Flower for its Governor.

How to relish food is a subject to which the rich give much study. The poor also think about it sixteen hours a day.—Binghamton Republican.

GEORGIA and Alabama will be all right. Both States are full of rattling stump speakers, but the people are conservative and Democratic to the core.

Boss professed Democrats are "running high" on "the right of private opinion." See so. But, if you go to the wrong end of a mule you will be thunderstruck, all the same.

DEMOCRATS are consoling themselves with the idea of a split among Republicans. Not a bit of it. They will have a devil of a catwailing over the nominations, but the last son-of-a-gun of them all will vote the Republican ticket.

No, we don't know where to place a man who is a candidate before a Democratic State Convention, but associates with the advocates of the Peoples' party.

FROM St. Louis comes the report of the burning of two children. They were locked in the house by the parents, who are employed away from home during the day.

"WELL, ain't the Alliance and the Peoples' party all the same?" No sire; not by a jug full. There is as much difference as there is between "biled" crow and fried chicken.

THERE is a new railroad on the tapis. It will be from Henderson to Washington, N. C., and will go through Franklin, Nash, Edgecomb, and Pitt counties via Battleboro, Tarboro and Greenville. Ho! for Washington!

The Gazette announces that the Washington barrel factory will in a few days be able to turn out 400 barrels per day.

The subject of the address that Rev. J. W. Lee will make tomorrow afternoon in the Y. M. C. A. Hall is "Baptism." Every man in the city ought to hear it. Five o'clock is the time.

The artesian well which is being bored at Wheeling, West Virginia, has reached a depth of 5,400 feet. At a depth of 2,300 feet the temperature was 79 degrees, at 4,300 feet, 103 degrees, and at 5,400 feet 111 degrees.

Evangelist Fife was called away from the Bible conference meetings at which he and Rev. Mr. Needham were holding in Oxford by a telegram informing him of the illness of his wife at her home in Fayetteville.

Yesterday R. V. T. M. N. George preached a sermon on the Crucifixion and Atonement—a subject suited to Good Friday, the anniversary of the crucifixion. The week being "holy week" is being duly observed in the Episcopal and Catholic churches.

The ward committees met last night and appointed next Friday night (April 23d) as the time for holding the conventions to nominate city councilmen. There was a full meeting every member present—and the vote was unanimous for holding a convention.

A Jones county gentleman had Dr. G. K. Bagby to extract 80 teeth at one sitting. He took no anesthetic—nothing whatever to assist him in passing through the ordeal and yet he gave not the least expression of any pain he suffered. There's a case of fortitude for you.

The Republican State Convention was a noisy and unruly body. At one time 20 or 30 delegates were standing on their feet at one time and the confusion was great. One of the delegates wanted to send a gentleman from New Berne back to this city to attend to his office. The convention adjourned without nominating any state ticket.

Fire which originated in Hay's shop (or small furniture factory) in Kinston, Thursday night destroyed that and the adjoining place belonging to Marsh A. Gray and occupied by him as a residence and law office. The loss, near as we could ascertain, was about \$3,000. We were informed that each of the parties carried about \$1,000 insurance. Dr. G. K. Bagby's dwelling on the opposite side of the street was damaged to the extent of \$100.

The Free Press tells of the organization of the third party in the court house there. About 200 people were present at the meeting, mostly on-lookers, not in sympathy with the movement and about 25 took part in the meeting. Though the number was small it is said that they were a determined set of men. Prof. E. P. Houser made a speech that seemed to be an effort to win negro support to the new party.

We thought is shipping lightwood to the North. A lady there has sent off five hundred barrels cut into kindling wood and packed in barrels headed up with cloth just as potatoes are shipped. Kinston goes a step farther and is manufacturing kindling wood. The Free Press tells of Messrs. Ashford, Gehrmann & Bus' compound kindlingwood and machinery for manufacturing the same. This kindling is made from saw dust and shavings, and is a fine thing for starting fires. It seems to us that there ought to be big money in making and selling this article in large towns and cities. This kindling is compressed into small bales, convenient for use, and it takes a very small quantity of it to start a fire. It will pay millions of dollars to start large towns to investigate the merits of this new invention.

The Date Fixed.
A letter was received in this city last night from Evangelist Fife, after the article in another column referring to his meeting here was in type, stating that he will begin his meeting here on Sunday, May 8th. He proposes to occupy the tent here in which the meetings will be held. It will accommodate 2,500 or 3,000 people.

Address to Children.
Evangelist Lee will hold a special meeting for children and young people with their parents at the Y. M. C. A. Hall this afternoon at 4 o'clock. Though Mr. Lee's address will be made to the children it will no doubt be interesting to all and every one who would like to attend will be heartily welcome. This meeting will take the place of the one that is being held regularly at the same hour every afternoon in Centenary Church.

Entitled to a Cadet.
We have a letter from Hon. B. F. Grady, Congressman from this (the 3d) district which says:

"The 3d Dist. is entitled to a new cadet at West Point in 1893, to be selected by the 1st of July 1892. Perhaps there may be doubts about the selection, because of transfers of counties from one district to another. If so, it may be proper for me to state that Craven and Jones taking the places of Wayne and Pender in the 3d District, take also their place in the matter of cadetships at West Point and Annapolis.

"Any desired information will be furnished to those desiring to compete for the position.

"The examination will be held some in May or June."

A Bright Outlook.
The outlook for the coming season of the Teacher's Assembly is brighter than in many years. The attendance will be larger than ever before. Many persons have already written to Mr. Plank, the manager of the Atlantic Hotel engaging rooms during the assembly. All the hotel and assembly building will be repaired and repainted in a few days.

The assembly programme contains many new features of rare interest to the teachers and public generally.

The work of the coming session is prepared with the special view of interesting "the people" and a cordial invitation is extended to the public to attend the assembly. The same rates at Hotel and on railroad will be given to them as to the teachers.

Coming and Going.
Miss Mary Bryan left yesterday morning on a business trip to Norfolk and Richmond.

Mrs. A. J. Crisp of Baltimore, who has been visiting her son, Lieut. R. O. Crisp, left for her home in Baltimore.

Mr. B. F. Lincoln, who has been spending the winter at Mrs. Isaac Patterson's, and her husband who has been here a short time, left, returning to their home in Linden, Va.

Mr. W. P. Lawrence, of Philadelphia, who has been spending the winter in the city, stopping at the Gaston House, left for his home yesterday morning.

Messrs. Turner, De Camp and Nichols, of New York, came in on the steamer Newberne on a pleasure trip.

Mr. Gustav Zitzner, of Newark, N. J., who has been spending some weeks in the city, at Mr. G. F. M. Dail's, for his health, left on the steamer Newberne returning home restored to his usual vigor and greatly pleased with the city.

Miss Bettie Hall returned to Harlowe last night to re-open her school.

Mrs. W. H. Pennell, who has been spending the winter with her daughter, Mrs. Joel Kinsey, left to spend the summer in Philadelphia.

Mrs. P. Nunn, who has been visiting her daughter, Mrs. N. F. Nunn, returned to her home at Repose.

It is stated that the green goods men have been successful in fleecing people in Stokes county to the extent of several thousand dollars. The Goldboro Messenger very aptly says of such that the dupes of the counterfeiters are as big rascals as the green goods men themselves and the people need to be warned of both if they are found out. The man who strikes a trade for a lot of green goods expects to pass it on his neighbor. The man who expects to get counterfeit money to pass on his neighbor but gets fleeced himself by the counterfeiters is simply a cross between a fool and a knave.

The Gazette says the new Disciples church in Washington is fast approaching completion. It is of modern design and a beauty, with a seating capacity of 850 to 1,000. Each window will be of stained glass and a memorial to some deceased member. It is expected that the dedicatory sermon will be preached by Dr. H. D. Harper, of Kinston, a learned and eloquent divine, and that services will be continued several days by Rev. L. A. Cutler, a gifted minister of Virginia.

Fifth Ward Nomination.
At a regular meeting of the 5th ward, held at the Samaritan Hall on Queen St. April 14th, the following names were put in nomination and I. W. Eubank received the following number of votes, 73; W. H. Starkey, 8; Allen G. Oden, 15; Fred Douglas, 6; I. W. Eubank was nominated councillor of the 5th ward.

W. H. RICHARDSON, Chemist, J. H. THOMAS, Sec. The ward committee was appointed for the ensuing year—James as follows: R. O. Baker, Isaac Powell, Jno. H. Thomas.

The Fife-Needham Meetings.
Evangelists Fife and Needham have appointments for a Bible conference at Raleigh commencing tomorrow and at Fayetteville beginning on the 28th. We have not yet been notified of the fixing of the date for the meetings Mr. Fife is to conduct in New Berne or of any further arrangements than those we announced when Mr. Fife was in the city attending the Sunday School convention. The Messenger published the following words of approval of the meetings held in that city signed by eleven ministers.

We the, pastors and preachers of Wilmington, N. C., and vicinity, having been in attendance at the conference for Bible study in our city, April 3d under Brethren W. P. Fife and Geo. C. Needham, the evangelists, and having read the faithful exposition of God's Word, the preaching of the doctrine of grace and the honors put upon the Bible conference in our Southland, have received such help, blessing and light, that we commend these brethren and their Bible conference to all the people and cities in our Southland.

To the Republicans of the Fifth Ward.

Allow me to express my heartfelt thanks to you for your kind and much appreciated acts which you have shown towards me. Your worthy committee have informed me that while I was in active duty as a delegate for this county in the State Republican Convention at Raleigh, N. C., I was duly nominated as Councillor by you for this 5th ward. Allow me to say to you, dear friends, I accept the nomination, and if elected I assure you and the people I will do all in my humble power to represent you in the city council. As I have tried to do in the past I will do in the future to further your interest.

Your most humble obt. sv.,

Married.
On the evening of April 13th, 1892, at the residence of the bride's father, Jas. R. Taylor, Esq., in the county of Jones, Mr. Phineas L. Kornegay, of Duplin county, and Miss Sallie E. Taylor were happily united in marriage. Rev. Robt. B. Gilliam officiating.

A LEADING QUESTION.
Who is it with enterprise
Competition all defies,
And to reach each pocket tries.

Big KICK.

From whom if you would dry goods buy—
Hats, Boots, Shoes, or gorgeous tie,
Or Clothes to attract all passers-by.

Big KICK.

Who is the man with steady tent,
Doth every auction sale frequent,
And buy out stocks at low price?

Big KICK.

And who with his uttaring grit,
Makes out these goods BIG BARGAINS sit,
All for the peoples benefit?

Big KICK.

Who is it knocks high prices down,
And thereby wins a great renown
And gratitude, of all the Town?

Big KICK.

And who if you will call again,
Will show in words, and actions plain
He's truly yours, and will remain—

Big KICK.
