LOUISIANA held her State election last Tuesday. There were five tickets in the field.

HARRY SKINNER is addressing gatherings of Alliancemen. He advises farmers to stick to the Democratic party.

The President has sent to the Senate the agreement with England of the modus vivendi for Behring sea pending arbitration proceedings.

The power works near Mt. Arlington, N. J. were blown up last Monday and seven men were blown to atoms. It is not known what caused the explosion.

PROFESSOR Massey, of the Agricultural college reports that the late frosts did not badly damage the peach crop; apples were not hurt, but pears were badly injured.

No news has been received from the seat of trouble in Johnson county, Wyoming, since Saturday. Many persons are flying from that section. It is thought the troops and Ruelers have had a fight and the telegraphic wires have been cut.

The Russian Government has decided to punish, without trial, all persons accused of the hideous crime of teaching the Polish language. Thus the manufacture of Nihilists continues to be the most active industry in the Czar's dominions.—New York World.

"I NEVER attended such a meeting as our late State convention," said Hon. John T. Meagher, of Mankato, Minn., at the Arlington. "Every county in the State had a full representation, and the gathering was enthusiastic and harmonious. Cleveland was solidly in strutted for, but great as was the applause at mention of his name, it did not exceed the demonstration when the chairman declared in favor of an honest dollar.

MR. BUTLER'S latest is to ask the County Alliance to commission the representatives who are to meet him in conference "pledged not to go back on the St. Louis demands" as delegates to the State convention. He also advises all Democratic Alliancemen to attend the Democratic primaries. We shall be glad if all would attend the primaries, with the understanding that they will stand up to the Democratic party and its national and State platforms and nominees. It is exactly what they ought by all means to do. Raleigh News and Observer.

On last Monday evening John P. Jones shot and instantly killed S. B. Brookshire in the streets of Hendersonville. Both were prominent men of the town and the latter was the uncle of Mr. Jones. Family troubles are supposed to have been the cause of the homicide.

The Iredell county Alliance accepted the government ownership of railroads (Centralization in essence) and all the other St. Louis political monstrosities almost unanimously. Brethren, this is the diet good Democrats are commended to take or to have the State handed over to the Kangaroo black-tan concern. You must forget all, go back upon a life-time record, accept the wildest, most revolutionary dogmas or find yourself "out in the cold." The cold is not so bad after all if you preserve your manhood.—Wil Messenger.

LOCAL NEWS.

NEW ADVERTISEMENTS.
Found—Gold rimmed spectacles.
Dr. D. S. Harmon—Ophthalmic optician.

Dr. L. C. Vase, of Savannah, Ga., will conduct the services at the Presbyterian church tonight.

Three hundred bales of cotton, which Mr. J. E. Latham purchased in one lot from Greene county, left here yesterday for Bremen, Germany.

The addition to the Presbyterian lecture room is nearly ready for the plasterers and painters, the carpenters having almost completed their work.

Reduced round trip rates and special rates to military companies are to be given to Charlotte to attend the celebration of the Mecklenburg Declaration of Independence on the 20th of May.

Palmer & Rivenburg, of New York, quote market steady. Peas \$2 to \$2 50; Beans \$3 to \$3 50; Cabbage \$2 to \$3; Asparagus \$3 to \$5; Lettuce \$2 to \$4; Potatoes \$5 to \$7, and Strawberries 30 to 50c.

Mr. M. Porter, the brick yard man of Rutherford, is getting ready for a big summer's work. He will begin the burning of the first kiln of brick of this season on Monday. He has 150,000 now ready for burning and is making at the rate of 15,000 a day.

Engine No. 8, of the A. & N. C. R. R., which has just had a complete overhauling, left the shops yesterday in good shape and ready for work. She has been equipped especially for the summer travel which will begin in a few weeks more.

The News and Observer tells that a pair of English sparrows have built a nest and hatched a brood in an arc electric light in that city. They do not seem to be disturbed either by the light at night or by the lowering of the lamp each morning to renew the carbon.

Rev. J. W. Gurganus has met with the misfortune of losing his horse, by colic. The loss will fall heavily on him as he is a poor man and is serving scattered churches. Prompt contributions of any amount from his friends to aid him in purchasing another will be money put to a good use.

A Stoneville correspondent tells the following additional facts in regard to the shooting of George Blount by Southern Hammond at Vandemere. A physician pronounced Blount dangerously wounded. Hammond was taken to Bayboro and failed, but he and another who was in jail broke out that night and made their escape.

There were 12 accessions to the Vanceboro Methodist church as a result of the week's services held there by Rev. J. F. Butt, and Rev. J. W. Gurganus. The revival was a most glorious one. Besides the converts there were numbers of backsliders reclaimed, the Christians were greatly strengthened and much good accomplished.

The machinery of the ice factory for the additional 12 ton plant is in all position and the work rendered necessary by the enlargement is about completed. The first freezing in the new part will probably begin today. The next work will be to overhaul the old part while the new is working and as soon as this is done both new and old will run regularly.

The meetings at Centenary Methodist church are growing better and better. The earnest and faithful gospel preaching of Evangelist Lee is arousing lukewarm Christians, convincing backsliders and sinners of the evil and dangers of their ways, and causing men to choose the good part that shall not be taken away from them. There were two more conversions last night and many asked for prayers. Mr. Lee's subject tonight will be "The Prodigal Son."

Dr. D. S. HARMON, The Russian Ophthalmic Optician and Inventor, Main Office, 88 Nassau Street, New York. Born and educated in St. Petersburg, Russia, and have four thousand six hundred patients in the State of North Carolina.
I have opened an office in this city at Hotel Albert. I charge nothing for examination or consultation.
DR. J. S. HARMON, 421.

They Don't Want the Sewerage Empty Near Them.

At the last meeting of Pembroke Club the following resolutions were unanimously adopted:
PEMBROKE CLUB, NEWBERNE, N. C., April 18th, 1892.

Whereas, We, the members of Pembroke Club of the city of Newbern, learn with alarm that the sewers are to be emptied into Neuse river, one at the foot of Neuse, the other at the foot of Rock streets; and whereas, we believe that the current at those points is not strong enough to carry off the sewerage, and the consequence will be contamination of the water, the stenches arising therefrom proving very offensive and injurious to health, thus becoming an insupportable nuisance, destructive of the pleasure and benefit we derive from our club house, as also, to the pleasure of a large part of the city's population, and tending to decrease largely the value of ours and the property of others:

Therefore, Be it resolved, That we, the members of said Club, as property owners, voters and citizens, do respectfully protest against the said points of outlet:

Resolved, That in our opinion, the question affects us so seriously, that if there is no other redress to be had, we will resort to law to see if there be no legal remedy for this infringement upon our rights.

Resolved, That the Daily JOURNAL be asked to publish these resolutions.

C. D. BRADHAM, Sec'y & Treas.

Westminster of Long-Ago.

EDITOR JOURNAL:—The recent election of Vestrymen of Christ Church suggests that the following from the Colonial Records, (Vol. 6, page 230.) may be of interest, as showing who held that position 132 years ago. Most of the names are still familiar among us. It shows, too, that Rev. James Reed, who as you have already related, made himself obnoxious to his parish in 1775, by his royalist proclivities, was, except in that respect, an acceptable minister, and zealous and diligent in his calling:

March 3rd, 1760.

"We, the subscribers, the Church wardens, and only vestrymen at present qualified, of Christ Church Parish, which is the whole extent of Craven County in the Province of North Carolina, do hereby certify that the Rev. James Reed hath served the cure of the s'd parish for 8 years & upwards, that during the s'd time he hath diligently attended one Parish Church & 8 chapels situate at very great distances from the town of Newbern, the place of his residence & centre of the Parish.

That he hath given great satisfaction to his parishioners by a regular and exemplary life and a faithful discharge of his duty & that there is a perfect harmony and good agreement subsisting between the s'd Rev. Jas. Reed & his parishioners in general; witness our hands this 3rd day of March 1760."

*This must be an error in the MS. The name should probably be Rhine. James Shino was prominent in this colony in Colonial days, and was appointed by the Council "Church Secretary of the Peace", on May 17th, 1759. GRAHAM DAVES.

At a meeting of the congregation of St. Cyriac's Parish held at the church on Easter Monday evening the following Vestry was elected: J. B. Brown, J. T. York, C. E. Palmer, R. R. Green, Sr., A. A. Bryan, I. Harris, Jr., J. H. Fisher.

At a Meeting of the Vestry the same Evening the following officers were elected: Senior warden J. B. Brown, Junior warden J. T. York, Secretary C. E. Palmer, Treasurer A. A. Bryan.

Delegates to the Diocesan Council to be held in Elizabeth City on May 18th, 1892: J. B. Brown, A. A. Bryan, I. Harris, Jr., J. T. York. Alternate Delegates C. E. Palmer, R. R. Green, Sr., H. W. Thompson, I. Harris, Sr.

Obituary.

The following obituary notice of Mr. C. E. Henry, taken from the Norfolk Conn. Evening Sentinel, will interest the many kind citizens of New Berne who by their tender sympathy and kindness ministered to this stranger in his last illness.

"His sorrowing wife has also written expressing most grateful thanks for the many kind things done for her husband."
T. M. N. G.

"Clarence E. Henry, who died of consumption in New Berne, N. C., Tuesday night, was 48 years of age. He was born in Troy, N. Y., and received a college education. He came to New York six years ago last December from Yonkers, N. Y., and accepted employment with the Newark and South Norwalk Electric Light Company. Falling he was caused him to resign, and after recuperating for several months he accepted a clerkship in the Norwalk Boston store and subsequently worked for Scofield & Hoyt.

His health again failing, in the spring of 1890 he returned to New Berne, N. C., and remained there for three months. He returned feeling better, but with a shattered system. He accepted employment with James Sutherland, a local dealer and tried to keep up, but the winter was too severe for him and in March, acting upon the advice of friends, he again went south, never to return. His arrival at New Berne he at once took his bed and lingered but four weeks.

Although a stranger in a strange city, kind friends watched over him and when he died a comforting message was sent home to his wife and little one. Mr. Reed married the late Kate Gruman in 1887 and had been the father of three children. The first died in infancy; the second, Reed, is now living at the age of three; the third Ralph, died on March 25, just after his father left for the south, aged six months. The remains of Mr. Henry will probably be buried south as that was his desire. The bereaved widow has the heartfelt sympathy of the entire community."
