may.

**SPRING** has leaped from Winter  
into the bosom of Summer. April

his shirt bosom.

feeding the animal on ordinary  
veal.

to support a man of ordinary size  
in the water." Rate! We are no  
fish. Tell us how to get a support

**THE Chicago Herald** declares  
that the Illinois Democrats retired  
Palmer. But didn't Palmer retire  
himself when he declared for  
Cleveland?

**THE Republicans** are industri-  
ously engaged in carrying the State of  
Missouri, a very pleasant Spring  
pastime that can't be enjoyed in  
the fall.

**In Finland** the women consider  
a kiss on the lips as the greatest  
insult, even from their own hus-  
bands. They are uncivilized of  
course.

**THE Philadelphia Record** in its  
"In and about the city" says:  
"Whiskey will be weighed instead  
of gauged after today, but the  
effect of an over dose will be pre-  
cisely the same."

**A MAN** in Texas is so much in  
love that he has become a letter-  
carrier, so he can get to read her  
letters sooner. Besides, as a letter  
carrier he knows if she is getting  
letters from any other fellow.

**MR. CHANNERY DEWEY**, of New  
York, paid a handsome tribute to  
General Lee in his address at the  
laying of corner stone of the Grant  
Monument.

**THE Norfolk Landmark** says:  
"Palmer and Flower, Palmer and  
Russell would make a strong tick-  
et; there is no mistake about it.  
Practical politics will play a very  
great part in the Chicago Con-  
vention, and factional politics will have  
to be eliminated to the utmost pos-  
sible extent."

## LOCAL NEWS.

**NEW ADVERTISEMENTS.**  
Nelson's Ferry.

**Farmers & Merchants Bank.**  
A. & N. C. R.—Memorial day.  
W. F. Hill—50. carriage route.  
J. W. Stewart—Cheap buggies, etc.  
Hackburn & Willett—A thin pocket-  
book.

The material is being hauled to the  
ground for Mr. J. W. Stewart's new  
residence on Pollock street.

Bryan Wiggins, who had his skull  
fractured by a blow from a gun in the  
hands of another colored man, is get-  
ting along as well as could be expected  
from the severity of the wound.

The steam riding gallery or merry-  
ground after a rest of a month is in  
operation again, and intends to keep  
running a month or two to gather in  
the spare nickles of the pea and bean  
pickers and other truck gatherers dur-  
ing the busy season.

The time when the shipments of truck  
require a daily special truck train has  
arrived, and the truck train, No. 208,  
on the A. & N. C. R., on and after Sat-  
urday, May 7th, will run daily from  
New Berne except Sunday, leaving  
here at 11 o'clock and arriving at  
Goldboro at 3:27.

John Wright, col., driver of the New  
Berns engine, was thrown from the  
engine while proceeding to the fire  
night before last. One of his shoulders  
was badly bruised, but no bones were  
broken or dislocated, though the inju-  
ries are severe enough to lay him up  
for awhile.

The steamer Trent will leave from  
the yacht club wharf at 10 and 11  
o'clock a. m., and 1 and 3 o'clock p.  
m., to take all over to the picnic  
grounds who desire to go. Consider-  
able preparation has been made, and a  
merry time is expected. The notice of  
the races is given elsewhere.

The steamer Newberne, of the O. D.  
line, took out 1,162 packages of truck  
yesterday; the railroad near a thou-  
sand. In round numbers 2,000 pack-  
ages for the day. By reference to truck  
quotations it will be seen that this  
means five or six thousand dollars for  
the truckers.

A business meeting of the Young  
Men's Christian Association will be  
held tonight at eight o'clock at the  
hall. A full attendance of the mem-  
bers is requested. One of the important  
questions to come before the meeting is  
the matter of procuring another Gen-  
eral Secretary in place of Mr. H. L.  
Walton, recently resigned.

In yesterday morning's report of the  
election the vote polled in the second  
ward was credited to the third and that  
of the third to the second. Mr. S. R.  
Street received 93 votes being every  
one cast, and the largest number ever  
given any candidate in the ward, which  
was very complimentary at a time  
when there was no opposition to arouse  
interest and bring the full strength out.

The Farmers and Merchants Bank  
complete statement for the first year,  
ending April 30th, shows a profit of  
nearly 9 per cent. This is a remarkably  
good showing, especially when it is re-  
membered that it is generally consid-  
ered satisfactory for a new bank if it  
does enough business the first six  
months of its existence to pay expenses.  
Another good point of the bank's busi-  
ness is that it has less than a hundred  
dollars of overdue paper. These things  
show well for the bank and also for the  
prosperity of the country.

**Truck Quotations.**  
New York, May 3.—Market steady.  
Asparagus \$2 to \$2.50; cabbage \$1.00 to  
\$2.00; peas \$2 to \$2.50; strawberries 10  
to 20 cents.

**PALMER & RIVERDURG.**

**For One Night Only.**

By earnest solicitation of many of our  
citizens, Dr. Wm. E. Hall has kindly  
consented to deliver his celebrated lec-  
ture, "Evolution and Revolution," in  
this city on Friday night, May 7th.  
Dr. Hall will be here for one night  
only. The proceeds of this lecture will  
be for benefit of the Church of Christ  
in this place.

**Dyspepsia and Liver Complaint.**

Is it not worth the small price of 75c.  
to free yourself of every symptom of  
these distressing complaints. If you  
think so call at our store and get a  
bottle of Hiloh's Vitalizer, every bottle  
has a printed guarantee on it, use  
sincerely and if it does you no good  
it will cost you nothing. Sold by New  
Berns Drug Co.

## PROVISIONS AGAINST FIRE.

**Engines too Far Off From Portions of**  
the City—Additional Facilities  
Needed for Giving Alarms.

**What Will the New Board Do?**

Two or three hours before day yes-  
terday morning the house of Violet Ann  
Wallace, col., on West street just back  
of the Fair grounds was discovered to  
be on fire inside and after about a half  
hour's work the fire was extinguished  
with small damage to the property,  
by people of the neighborhood with  
buckets of water. The fire engine ar-  
rived too late for service, owing to the  
length of time before the alarm reached  
the station, by reason of the distance.  
Though this fire was not serious, it  
gives another illustration of the need  
of having one of the engines nearer the  
western and northern parts of the city  
instead of having both of them placed  
almost in the southeast corner.

There ought at least to be some way  
provided without delay by which citi-  
zens who live at a distance from the  
station can give the alarm quickly.  
One fire bell is not sufficient for a city  
of this size. Where the bell is located  
it answers for the southeastern part.  
The ice factory's calliope whistle  
which is used as a fire alarm, and the  
depot bell meet the requirements of the  
northeastern part in that regard very  
well but the southwestern and north-  
western parts of the city have neither  
engine nor bell—absolutely nothing.

When a fire occurs in these neighbor-  
hoods in the day time people on the  
street take up the cry and by passing it  
rapidly from one to another the alarm,  
as a rule soon reaches the office, but at  
night there being no passers, valuable  
time is lost and the flames are gaining  
headway while some one is running  
down town to the office to give the  
alarm, while if a bell was located con-  
veniently he could run to that and with  
a few vigorous pulls of the rope spread  
abroad the news and likewise tell the  
firemen which way to proceed.

The need to have an engine closer  
and to have some method of giving  
alarms is obvious. We hope the in-  
coming Board of Council will give both  
matters due attention.

**Coming and Going.**

Presiding Elder W. S. Rouse who has  
been holding Quarterly Conference in  
Famlico County came up and after  
spending Monday in the city left yes-  
terday morning for his home in Golde-  
boro.

Rev. N. A. Hooker, at Kinston who  
has been filling appointments on Car-  
ter circuit owing to the illness of  
Rev. J. G. Nelson, passed through yes-  
terday morning returned home.

Mr. Geo. Green, Jr., and Mrs. Mary  
Chambers of Orange Lake, Fla., went  
up to spend a few days at Jasper.

Miss Ida Ivey of Seven Springs who  
has been visiting Miss Glennie Moody  
returned to her home.

Messrs. W. B. Boyd, W. G. Brinson,  
W. F. Rountree and Capt. K. R. Jones  
left for Salisbury to attend a meeting of  
the Grand Council of the Royal  
Arcanum.

Mr. and Mrs. E. G. McDaniel of Tren-  
ton, and Mr. Wm. Cleve of Vanceboro  
are stopping at Hotel Albert.

Capt. W. S. Simmons and wife and  
their daughters, Misses Virginia and  
Laura, left on the steamer Newberne  
for their home in Morea, Pa.

Mrs. Frank B. Spaulding and child,  
of Meriden, Conn., and Miss Mary Up-  
ham of the same place, who have been  
spending the winter at Seven Pines and  
stopping a short time in the city, left  
on the steamer Newberne for their  
homes, and Mr. Robert Frorer, of Phila-  
delphia, who has been in the city on  
business, left on the same steamer for  
Norfolk.

Mr. J. H. Reall, a principal promoter  
of the N. W. & C. Railroad, and Mr.  
Geo. F. Edmondson, left to drive over  
to Washington.

The following gentlemen arrived last  
night and are registered at Hotel  
Albert: Mr. T. K. Bruner, Secretary of  
the North Carolina Department of Agri-  
culture; Prof. H. B. Battle, State Chem-  
ist and Director of the North Carolina  
Agricultural and Experiment Station,  
and Mr. Pulaski Cowper, a prominent  
insurance man of Raleigh. Mr. Wm.  
Kuhn, bookkeeper of the White Oak  
Lumber Company, and Mr. W. H.  
Barker, of Stella.

**A Runaway.**

The team to a two-horse wagon con-  
taining a colored man and boy, became  
frightened at the froz-pod of the  
melodious (?) squealing of a pig which  
a woman was carrying and tore down  
Nouse street wildly. The driver held  
on manfully and so successfully  
guided them that no disaster occurred  
until after they had passed Craven  
street, a run of four blocks when the  
wagon collided with a tree and was  
demolished. The occupants escaped un-  
harmed.

The released horses kept on their way  
and turning up South Front street ran  
over two little children of John B.  
Willis, col., near Clark's mill. The  
boy aged 5 years was injured but  
very little. The girl, a year older was  
struck on the head which produced a  
slight concussion of the brain, but it  
yielded readily to the doctor's treat-  
ment and no serious result is expected.

For dyspepsia or stomach derange-  
ments, no other remedy can be found  
so pleasant, prompt, and effective as  
Ayer's Cathartic Pills.

## Increasing Shipments.

There were several car-loads of truck  
waiting at the depot early yesterday  
morning and the authorities of the  
railroad knowing that there were simi-  
lar lots waiting at Neuse road crossing  
and all along the line of the road to  
Goldboro made up an extra train es-  
pecially for the truck, deeming it ad-  
visable to do so rather than to let them  
be attached to the mail and passenger  
train as is done when the amount is not  
so large as to make another train neces-  
sary. The steamer New Berne of the  
O. D. line also took out an increased  
shipment yesterday.

We are glad to note the growing ac-  
tivity. The exports mean more money  
for the grower, more money for the  
gatherers, more money for the mer-  
chants and more money in circulation  
generally.

In a short time potatoes will  
be added to the list of truck being ship-  
ped. We hear favorable reports from  
the farmers. Yesterday we saw a sam-  
ple potato about the size of a guinea  
egg, from the farm of Mr. E. M. Street.

**Notice of Race.**

The boats that sail in the race will  
assemble at 3 o'clock, p. m., opposite  
the FORT ON FOWLER'S SIDE OF NEUSE  
RIVER, and at the signal agreed upon  
will start sailing around the BEACON  
opposite STIMSON'S MILL, thence down  
Neuse river passing SANDY POINT  
Beacon to the eastward. Thence to  
stake boat anchored as near the old  
blockade as possible, rounding said  
stake boat and back to point of starting.  
All boats 30 feet over all and under  
allowed to enter: sail as you please; no  
time allowance. First man back, sail-  
ing over the whole course takes the  
club pennant. Judges in stake boat at  
starting point.

SAM B. WATERS, Commodore.

**Surprising Testimony.**

Many physicians who have examined  
into the merits of B. B. B. (Botanic  
Blood Balm), have been confronted  
with testimony which they deemed sur-  
prising, and thus being convinced of its  
wonderful efficacy, have not failed to  
prescribe it in their practice as occasion  
required.

H. L. Cassidy, Kennesaw, Ga., writes:  
"For two years my wife was a great  
sufferer. Skillful physicians did her no  
good. Her mouth was one solid ulcer,  
her body was broken out in sores; and  
she lost a beautiful head of hair. Three  
bottles B. B. B. cured her completely.  
Incredible as it may sound, and she is  
now the mother of a healthy three  
months old baby clear from any scrofu-  
lous taint."

A. H. Morris, Pine Bluff, Ark.,  
writes: "Hot Springs and several doc-  
tors failed to cure me of several run-  
ning ulcers on my leg. B. B. B. effected  
a wonderfully quick cure after every-  
thing else had failed."

## A THIN POCKETBOOK

Generally has a hard road to travel, but  
when you brace it up with such helps as  
"honest prices" and "honest goods" it  
can accomplish wonders. A thin pocket-  
book goes further at our store than a fat  
one elsewhere, for we are constantly  
treating the public right.

## He Is Coming, Boys.

Although his life has very mysteri-  
ously disappeared, and many in-  
quiring friends of his are anxiously  
awaiting his return, we take pleasure  
in informing our people and the public  
generally that he is at Enfield, N. C.,  
where he has bought a Five Thousand  
Dollar Stock at 50c. on the dollar, and  
will in a few days move the stock to  
New Berne, and give the people there-  
about a great reduction in prices as  
we have never before heard of.
