It was only about a month ago that Dr. Hall delivered a series of lectures in New parting with the Grand Old Party. Leading members of the various denominations have gone to hear him and do not hes itate to say that he is a man of no ordinary ability. When he left it was only upon earnest solicitation that he could be persuaded to return and deliver a few more lectures.

> On his arrival Friday night, though weary and worn from travel he delivered a masterly discourse on "Evolution and Revolution" at the theatre. Memories of that lecture will be carried down into ages. Others were: Saturday night, "Turning Seven Worlds Upside Down;" Sunday 11 a. m., "The Devil's Sermon;" 5 p. m. Raleigh, April 29th, 1892. Hon. Jno. Robinson, Commissioner of Agriculture, Raleigh, N. C.

Dear Sir: In reply to your verbal in-quiry of this day, I have to say that in my opinion it is the duty of Tax-Listers have been made about Dr. Hall, to fill the blanks relating to agricultural statistics and make the returns thereof prescribed by chapter 586, Laws 1891, and a wilful refusal to perform such duty will make them guilty of a misdemeanor. This duty does not depend upon the payment to them of the "compensation" mentioned in the although the compensation is not then shall be allowed compensation "under the same rules and regulations as nov govern the listing of taxes." 'rules" now governing the payment of compensation for listing taxation, so far as I am informed, are contained in section 4, chapter 326 (Rev. Act), Laws 1891. This clearly contemplates that the pensation. There is no other provision made. Certainly the Department of Agriculture, in the absence of any special authority, has no power to make the payment. In fact, that Department cannot appropriate money for any purpose; it can only apply moneys which may have been appropriated by the General Assembly.
