**T**HE largest and best selected stock of Ladies' Oxfords ever brought to New Berne now in stock.  
BARRINGTON & BAXTER.

**C**HEEK pants would be fashionable among dudes if they could cash the checks.

**W**OMEN of rank go bareheaded in Mexico. Men of learning go baldheaded in this country.

**E**IGHT European powers have consented to be represented at the Monetary conference in Washington.

**C**HAIRMAN W. R. LINDSAY of the Third party has issued an address to the "people." It is the same old nonsense.

**P**RESIDENT HARRISON is off speech-making again. His title may be brushed the wrong way, but his tongue is as slick as ever.

**"K**EEP quiet, my friends, and don't kick," said the highwayman to the passenger. "Remember that contentment is better than riches."  
Washington Star.

**M**R. HARRISON is probably not moved by the hostile comments on his interview. The man who is disturbed by what his enemies say of his remarks is borrowing trouble at a very high rate of interest.

**T**HE Commencement exercises at the University this year were unusually interesting. Col. Waddell's address on Col. W. L. Saunders was a superb oration. Hon. Hannis Taylor of Mobile, Ala., filled Senator Oatlie's place admirably.

**N**ews from various sections of Tom Watson's district, the tenth, Georgia, show increasing support for Hon. J. O. C. Black, who will be the regular democratic congressional nominee. Mr. Black's friends claim that he could be elected now, and that Watson is daily losing ground. No stone will be left unturned to keep the Third party leader at home.

**T**HE Observer renews its pledge to abandon the old theories and try something new if the old are once applied and fail to meet the requirements of the case. But we cannot believe, until they are applied, that we and all our neighbors have been wrong for a quarter of a century in the faith that the application of the Democratic theories of government will right all the wrongs of the people. Meantime we must continue to exhort the people with St. Paul's admonition: "Except these abide in the ship ye cannot be saved."  
Charlotte Observer.

**H**ERE we are, a solitary little State, kicking up our heels like a jackass at Engineer Cleveland as he comes rushing along in charge of the great Democratic express on the way to the White House.—Charleston News and Courier.

**T**HE People's party in this State is not very active at present, and there are no signs that it will be very active in the future. The few meetings it members are holding are not very enthusiastic, and the attendance is not encouragingly large. The truth is that when the People's party leaders failed to get control of the Alliance they became discouraged. They know they cannot make much of a show without the Alliance, and the Alliance is not going into the People's party.—Savannah News.

**LOCAL NEWS.**

**NEW ADVERTISEMENTS.**  
Howard—Make hay, etc.  
Excursion ra es to Western N. C.  
Big Ike—For sale at a great sacrifice.

The Woman's Missionary Society of Centenary N. E. Church will meet this (Friday) afternoon, 4:30 o'clock, at the residence of Mrs. K. R. Jones. A full attendance is especially desired.

Mr. J. F. Taylor's large new store is being built with rapidity. It is covered, ceiled, partly painted, the counters are being put in, and the work on shelving will probably begin today, and Mr. Taylor hopes to be in before the close of next week.

Preparations are being carried into effect daily for the New Berne Collegiate Institute commencement. The music will be the best they have ever had. Prof. Morton has worked it up well. The literary exercises are excellent.

We were shown yesterday by Mr. T. W. Dewey a fac-simile of the largest check ever drawn in a commercial transaction. It was drawn on a London Bank in payment for canal property and was for \$1,710,000 equal to \$8,276,400 in American gold.

We see in the Elizabeth City Economist that Taylor's canning factory of that place is now industriously canning trucking peas and thereby giving employment to two hundred laborers. We wish we had something of the kind going on as long as the trucking season lasts.

Rev. J. W. Gurganus returned from Goldsboro. He gives a very favorable report of the Five meetings. They are held under the same large tent that was used in New Berne, very comfortable seats were constructed, a large platform was built for the choir which is a good one and composed of 60 or 75 members, and they use two organs. Bible readings are held in the morning. Regular services at night and there is a deep, earnest, manifestation of interest all over the city, even among those hardened in wickedness. Bar-room proprietors are among the interested ones.

The extended article on "Carolina Waters," which ends in today's JOURNAL, was first published in two issues of "Seaboard," a New York weekly marine newspaper, the representative journal of the shipping interests of America. One of the editors and proprietors, Mr. S. W. Stanton, who was in the city a short time ago, took sketches of our steamers and wharves and secured facts for the article. It had over a dozen illustrations in his paper. As the readers have noticed, it is both descriptive and historical, and contains much interesting information along both lines.

**Truck Quotations.**  
New York, June 2.—Cabbages, \$1.00; beans, wax, \$2.00 to \$2.25, round, \$1.50 to \$2.00; potatoes, \$8.00 to \$8.50; blackberries, 8c. to 10c.; huckleberries, 15c. to 18c.  
PALMER & RIVENBURG.

**Coming and Going.**  
Mrs. R. O. Crisp and Miss M. E. Crisp left yesterday morning to visit relatives in Baltimore.  
Judge H. R. Bryan returned last night from holding court at other points.  
Messrs. Frank Tiedale and Bert Thomas of the city, John Mattocks of Polkville, and Messrs. Preston and Walter Carter and Harry Loos of Hyde county, arrived from Chapel Hill.  
Miss Bell Carter, of Fairfield, who has been attending Greensboro Female College, arrived en route to her home and will spend a short time in the city visiting at Mr. W. P. Burris'.  
Dr. D. S. Harmon, the well known Russian oculician, who has been spending a month or two in the city in the prosecution of his profession, left yesterday to locate permanently in Wilmington. Dr. Harmon has been in New Berne several times, and has always given general satisfaction. He is skilled, and is withal a pleasing gentleman.

**BUCKLE UP! AMERICA SALVE.**  
The Best Salve in the world for Cuts, Bruises, Bore, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns, and all Skin Eruptions, and positively cures Erysipelas, or no cure required. **Superior Court.**  
The following cases were disposed of yesterday:  
**State vs. E. E. Tucker**, col., carrying concealed weapons. Guilty, with recommendation to the mercy of the court.  
**State vs. Georgiana Howe**, col., larceny. Imprisonment six months in jail with leave to be hired out.  
**State vs. John Bryan**, col., larceny. Not guilty.  
**State vs. Leon Waters**, willfully resisting officers. Guilty; fined twenty dollars and cost. Judge Winston in sentencing him administered a timely reproof. He spoke of the bad start he, as a young man, was making in life, and of the seriousness of the offense of setting up opposition to the law, and of the leniency with which he would deal with him this time in simply imposing a fine, that he might have encouragement to amend his ways.

The quo warranto proceedings of Baxter vs. Ellis for the office of city councilman occupied the attention of the court all of Thursday afternoon. Messrs. C. R. Thomas and O. H. Guion represented Mr. Baxter, and Hon. F. M. Simmons and Mr. W. W. Clark, Mr. Ellis.

The defendant admitted so many points that much of the testimony that was intended to be given was kept back by the plaintiff. Each side agreed on the points relating to the giving of the certificates of election, and that the old board of city council had no right to canvass the returns.

The twelve ballots marked "O. K." on the back in pencil, on which the result of the election hinged, were brought into court by Mr. Jos. L. Hahn, who testified that he had had them in his safe ever since the day of election (with the exception of the short time they were given to the Board of Council when canvassing the returns), and that they were given to him by Mr. R. P. Williams to keep.

At this stage of the proceedings a question arose as to the admissibility of testimony on the point of whether the parties who voted the marked tickets did so knowingly. This led to a lengthy and able argument on both sides as to what constituted a device, and at its close Judge Winston decided on the point of law that the letters "O. K." were a device, and this of course practically ended the case in favor of Mr. Ellis, the incumbent.

**Kinsey Seminary Commencement.**  
Messrs. Milton Hollowell and Guy Bryon returned last night from La Grange, where they have been attending the commencement exercises of Kinsey Seminary. They are enthusiastic in their praises of it, and pronounce it the best they ever attended. Music and literary exercises were held Monday, Tuesday and Wednesday nights, and Wednesday morning. A portion of Tuesday evening's exercises consisted of a spirited debate between eight of the young ladies on the question: "Resolved, That the Government should own all property." It was decided in the negative, but extremely good arguments were made on both sides. The reading of essays by the graduating class and Mr. E. J. Hilliard's address took place Wednesday morning. The address is spoken of as an admirable one.

**AT ROANOKE.**  
Mrs. Kidder and Mrs. Cotton Visit this Historic Island—Mementoes—Miss Minnie Willis' School.  
Mrs. R. E. Cotton and Mrs. Geo. W. Kidder, the ladies in charge of the Woman's Exhibit of North Carolina at the World's Fair, returned on Saturday from a visit to Roanoke Island, where they spent a day in visiting historic scenes on the island and in making arrangements for a special exhibit of mementoes of Roanoke Island where the first attempted settlement in America was made and where the first of the white race was born. They were very much interested in their visit and were treated with great courtesy and kindness by the people of the Island; their attentions universally were kind, pleasant and greatly appreciated.

They accomplished the object of their visit without difficulty and without expense. The timber for the construction of the Virginia Dare to be used at the World's Fair was kindly given to them by Mr. Walter Dough and will be out from the site of "Old Fort Raleigh" where Virginia Dare was born in 1587. It will be transported for shipment to the Old Dominion wharf by the other gentlemen above mentioned, without cost to them will be sent to Washington, N. C., to be manufactured. Mr. Sam Whitehurst, the agent of the O. D. Co., sent it free of charge. By the kindness of people of the Island they were shown over it and saw much to interest them. The roads, the soil, the sand dunes, the historic places, were a new revelation to them.

Mrs. Cotton and Mrs. Kidder considered themselves specially fortunate in being permitted to see the training of the Virginia Dare Academy at the Court House on Friday evening. The programme was varied and entertaining and the success of the exercises they declare worthy of mention as reflecting great credit upon the scholars and showing the careful training of the teachers. Miss Minnie Willis, of New Berne, who has had charge of the Academy, under the generous auspices of the "Odd Fellows" of Virginia Dare Lodge. These good and excellent ladies are engaged in a patriotic labor of love for North Carolina. They are gratified by their visit to the historic island, and they have in contemplation work that will redound to the benefit and material prosperity of the people of Roanoke Island. Kindness is a broad compass cast upon the ocean of life that produces the fruits in after years. These ladies are a credit to our State and their patriotic labors will be felt throughout the Commonwealth.  
Elizabeth City Economist.

### ENTHUSIASTIC MEETING.

Forty Thousand Dollars Worth of Strawberries.  
Mr. A. S. Maynard, representing the California Fruit Transportation Company, who has been here two weeks, looking after the shipment of strawberries in the patent refrigerator cars of his company, will leave today, as the season is about over. He tells us that from Wilmington and points on the Wilmington and Weldon Railroad this season he has handled forty-five cars of berries. This means 300,000 quarts of berries and the receipts in money to the growers aggregate the pretty sum of \$40,809.1—Wm. Messenger.
