**MISH, SACRAMENTAL PORT** and SCUPPONG WINE for sale by JAS. REDMOND.

**DUFFY'S MALT WHISKY** for medicinal use, for sale by JAS. REDMOND.

**THE** largest and best selected stock of Ladies' Oxfords ever brought to New Berne now in stock. BARRINGTON & BAXTER.

**SENATOR WOLCOTT**, Republican, says it would take a half million dollars to carry Indiana for Harrison.

**ALGER** seems to have made but little headway at Minneapolis. The dim outlines of a barrel in the distance is about all the showing he has.

**A FUSION** of the Prohibitionist, Republicans and People's party is a rare mixture that may be found on North Carolina soil before the campaign is over.

**"PROTECTION** is the key note of the Republican party," says the Chicago Inter-Ocean. That's true in a general sense, but just at this moment self protection is what the grand old party most needs.

**THE** State Campaign in South Carolina opened at Barnwell on Tuesday, and between the adherents and opponents of Gov. Tillman's administration the scrimmage promises to be one of extraordinary activity and acrimony.

**"Two** years ago there were 27,000 men in the Alliance. There are not 6,000 in the State today, and this break to the third party will smash the order." These are the words of State Alliance Lecturer Tucker, who is in a position to know what he is talking about.—Knoxville Tribune.

**"GEN. J. W. FOSTER** is mentioned as the most probable successor of Mr. Blaine, as Secretary of State. Chaney Depew is also mentioned." The President hardly can do better than to promote the present excellent Assistant Secretary of State. Mr. Wharton is a much better international lawyer than either Foster or Depew.

**SINCE** the good crops and attendant prosperity of last year were wholly due to the McKinley law, it seems about time for some one to point out that the floods and wash-outs of this spring, with the distresses which they are likely to create among farmers, are to be charged to the fact that the Democrats are likely to get hold of the Government this fall and wipe out Maj. McKinley's marvelous measure.—Chicago Times.

**SENATOR WOLCOTT**, who thinks the "jig is eternally up" with Mr. Harrison, don't seem to have a very high opinion of the average Indiana sovereign when he declares, "I tell you, a Presidential election is as good as a wheat crop for those fellows in Indiana."—Star.

**COL. L. L. POLK** is reported to be very ill at Washington. Physicians say that he cannot recover. This is sad news to very many North Carolinians and to not a few beyond our borders. While there is life there is hope. May a merciful Providence spare him long to be a comfort to his family and friends.

## LOCAL NEWS.

**NEW ADVERTISEMENTS.** J. C. Harrison—Admin's notice. Whitty & Co.—Hay rates, etc. For sale—Buggy and refrigerator.

**Weather** fair and slightly warmer.

The steamer Enola will leave this evening at 7 o'clock. A chance for late truck shipping.

**Mr. T. W. Dewey** of the Farmers & Merchants Bank has been appointed notary public and has duly qualified for the duties of the office by taking the oath prescribed.

At the regular council of St. John's Lodge, No. 3, A. F. & A. M., Wednesday night, June 8th, the following officers were elected for the ensuing year: J. H. Hackburn, W. M.; I. L. Chestnut, S. W.; H. J. Lovick, J. W.; T. A. Green, Treas.; J. S. Basnight, Sec.

A correspondent from Wallace, N. C., writes the JOURNAL that the author of the beautiful poem recently published in the JOURNAL—"The Children at Home" was Elizabeth Stewart Phelps. When published we stated that the author was unknown. Thanks for the information.

**Rev. Julian Ramsey**, of Beaufort, who has just graduated at Trinity College, arrived last night and is visiting relatives in the city. New Berne Methodists will have the pleasure of hearing the first sermon he will preach after graduating. He will remain and conduct the services tomorrow, the pastor, Rev. R. A. Willis, being absent.

**Goldboro** Argus: Certainly the oldest citizen in Wayne county—and perhaps the oldest in the State, died at his home in Fork township on Tuesday of this week. It was Mrs. Mills Howell, whose husband preceded her to the grave several years ago. Her age is definitely known to be 102 years. She was a most wonderful woman in memory and vitality.

The New Berne Graded School closed yesterday with exercises consisting of recitations, declamations, dialogues, etc. The exercises were a little more than two hours in length and over a hundred of the pupils took part in them with credit to themselves and their teachers. About 250 scholars were enrolled at the school this year and excellent work has been accomplished.

**Rev. T. M. N. George** delivered an address before the literary class of the New Berne Collegiate Institute, yesterday morning on "The Bible as a Book." He treated it from a literary standpoint, and highly extolled for its value on account of its antiquity, its historical information, the desire it kindles for other information, and the simplicity and yet grandeur of its style, surpassing as it does in literary excellence every other book that the world has ever produced.

**For the World's Fair.** The executive committee of the Ladies' Auxiliary are now canvassing the city for subscriptions to aid in this work. It is considered that New Berne ought to furnish \$500 for this object. Some of our business men and prosperous truckers can well afford to subscribe \$10 each; there is scarcely any one who could not afford to give a dollar for this patriotic purpose. Remember we have more cause to be interested than any other city in the State, because a New Berne palace of colonial days is to be re-produced at the Exposition. Let every man respond.

**Prizes Awarded.** Miss Elizabeth Porter, of Cove, won the scholarship prize offered by the New Berne Collegiate Institute. This entitles her to a year's free tuition in the Institute. Her grade was 98. Miss Ross Hall, who won this prize last year, stood next. Her grade was 97. Miss Porter also won the prize in the class of political science. It was Prescott's Conquest of Mexico, in three volumes.

Miss Katie Matthews won a \$10 prize for an essay on New Berne. Also a prize for not being absent or tardy a single time during the year. Miss Bertha Kater also won a prize for the same. She has not been absent or late a single time in two years—a remarkable record.

**Mr. James Winfield** won the prize for the greatest progress in elocution. After the presentation of prizes Prof. Adams made some stirring remarks on education and on the work the Collegiate Institute was doing. The exercises then closed with a parting song composed by Prof. Morton.

## TIME FOR ACTION.

Subscriptions to the N. W. & C. Railroad to the Amount of \$10,000 Wanted Immediately.

If Secured the Survey Between New Berne and Washington Will Begin at Once.

We gave some facts yesterday relative to the present status of affairs of the Norfolk, Wilmington & Charleston railroad. We now enter into the matter more fully.

The Directors and other leading men of the road are now assembled at Philadelphia. Among them is Mr. T. A. Green.

A telegram of inquiry was sent them Thursday by prominent business men of the city, seeking information as to how soon they could commence work between New Berne and Washington.

The following was the favorably reply that came soon after to Mr. C. P. Hower, President of the Virginia corporation of the company who is now in the city:

Phil. Pa., June 9, 1892. C. P. HOWER, Hotel Albert: Message received—Have shown it to Mr. Green. If New Berne and Washington take ten thousand dollars worth of construction bonds before Saturday, Mr. Reall and I will be in New Berne not later than Tuesday next and will take up matter suggested by Messrs. Bryan and Foy and others.

Mr. Jas. A. Bryan was unanimously elected director of the consolidated company yesterday.

CHAMBERS A. McKIBBIN, Gen'l Manager.

That is, if the citizens of New Berne and Washington take \$10,000 worth of stock immediately, the work of the survey between the two cities will be begun without delay.

Messrs. T. A. Green and Wm. Dunn had already taken \$500 worth of stock each, in the railroad and upon the reception of this telegram Mr. Jas. A. Bryan headed a list with \$1,000 and Messrs. E. W. Smallwood and Chas. Reizenstein followed with \$500 each, making the total amount subscribed by our citizens, \$3,000. It is to be hoped that other men of means will do likewise. It will be an investment for their own good and also for the public benefit of this entire section.

The part of the work to which this money will be applied will be the survey between New Berne and Washington and other work incidental thereto. Capt. A. W. Styron, one of the most progressive citizens of Washington, N. C., is also in the city and he is anxious for the road. It was through his instrumentality that the Washington Industrial Association was organized through the efforts of which the Atlantic Coast Line was induced to run a branch line to that city. Capt. Styron is enthusiastic in his praises of the good results that have come to Washington in increase of business and otherwise from the building of that road.

The Washington Industrial Association having accomplished the purpose for which it was formed has been disbanded but Capt. Styron expects for it to be re-organized, and he thinks the surest plan for effective work will be for a similar Association to be organized in New Berne and for the two to unite their efforts for securing the N. W. & C. railroad. Any of our business men who wish to meet and converse with Capt. Styron on the subject, can find him at Hotel Albert.

Mr. McKibbin, the general manager of the road has had considerable railroad experience. He was formerly acting vice-President of the Union Pacific and also the general purchasing agent for the same road.

A number of the most successful business men from along the route of the road have part in its management, (two of the Directors, Messrs. Green and Bryan are of this city,) and it is not intended to have any unnecessary delay in building it. Mr. Hower informs us that if the citizens of the two places will take hold of the matter with the proper spirit the probabilities are that the portion of the road between New Berne and Washington will be constructed inside of 18 months—possibly within six months.

New Berne is on a steady tide of prosperity which has come in the natural course of events through her manifold resources. Of those and the growing business resulting from them we will not now speak but we will allude to one of the results from them, the building in progress in every part of the city. In the central portion of the city within six months there have been over 25 dwellings and business places erected costing from \$1,000 to \$4,000 each, and buildings costing over \$1,000, especially in the suburbs have been quite numerous. One contractor, Mr. J. A. Simpson has put up 40 neat tenement houses under one contract for one firm, Messrs. Dunn, Reizenstein & Ives. Counting all that have been built the number would exceed one hundred since last fall, and this has not been brought about by any forced pressure. On the contrary the demand arose of itself and forced the building to be done out of sheer necessity, as there were not houses enough to accommodate the growing population, and the new ones have been occupied as rapidly as finished and the building will go on without interruption.

The coming of the N. W. & C. railroad will be a mighty factor in increasing this desirable state of affairs and for developing the resources of the

city to a degree that many of our citizens little realize.

We must leave no stone unturned to secure the road. We are glad that Mr. Reall and Mr. McKibbin will be in the city next week. We hope for good results from their visit.

**Prof. Winston's Lecture.**

President Winston's subject last night was Universal Education. He showed in the course of his lecture that the rich might afford to live in ignorance, but the poor must train themselves for effort, and having his lecture one would feel that there is no one poor but what an education can be secured if the determination is strong enough.

He showed the power in many pursuits that arises from a thoroughly cultivated brain, and that in the line of invention an hour's thought has sometimes been of more service to the world than the physical labor of a million men.

He showed that North Carolina as a State is suffering by the masses not having trained intellect and made a convincing argument against it and a powerful appeal to do away with this hindrance to advancement and to secure the value and power that would come from cultivated intellect.

Our people very readily recognize in Mr. Winston one of the ablest educators and foremost men of the State and this opinion was heightened last night. As President of North Carolina's foremost institution of learning he is the right man in the right place, and is an enthusiastic new life into it. He is a strong friend of education and improves himself upon all.

**Truck Movements.**

Truck keeps moving lively. The steamer Newberne of the N. N. & W. Direct Line, leaving at 2 p. m. yesterday, took out 3,553 packages; the steamer Neuse of the E. C. D. line, leaving at 6 p. m., took out over 5,000 packages. The shipments were nearly equally divided between beans and potatoes, the latter being slightly in excess. In round numbers 9,000 packages by steamer. (Counting them as evenly divided and putting the potatoes at \$2.50 per barrel and the beans at \$1.50 per box, a fair average price as will be seen by the telegraphic truck quotations, it will figure out exactly \$18,000 as the value of what went off by the two steamers.

In addition to this the special truck train of the A. & N. C. R. R. is carrying into Goldsboro daily between thirty and forty cars loaded with truck. Yesterday's train was composed of 38 cars and each car has a capacity of 200 packages, which means from 6,000 to 8,000 packages more from the city and vicinity along the line of the road.

Remember the shipping of truck of some kind is a daily occurrence from New Berne for over half the year, and some idea of the magnitude of the business will be realized.

**Coming and Going.**

Mr. Roscoe Nunn, Assistant Meteorological Observer, who has been visiting his relatives in the city, left yesterday morning returning to Raleigh.

Mrs. R. N. Tate, who has been visiting her brother, Mr. D. S. Willis, left yesterday morning returning home accompanied by Mrs. Willis to visit her.

Mrs. Kate Moyo, who has been visiting relatives in the city, returned to her home in Kingston.

Judge Robert W. Winston who has been holding Superior court, left for his home in Oxford.

Mr. Rouse Harrison left on the steamer Newberne of the N. N. & W. Direct line, moving from Trenton to Norfolk.

Messrs. F. Ulrich and Thos. Daniels returned last night from Winston where they have been attending a meeting of the Commandery.

Mr. Jacob Gooding returned to the city last night from a business trip.

Misses Louella Makeley and Bessie Patterson returned last night from St. Mary's School. Misses Eva Salisbury and May Lee, two other pupils, accompanied them, the former to visit Miss Makeley and the latter to visit Miss Patterson.

Misses Maggie and Kathleen Bryan returned from St. Mary's School accompanied by Miss Sallie Cotton to visit them.

Mrs. John O. Green and children returned from a visit to friends in Raleigh.

Mr. Charles Duncan passed through returning from the college to his home in Beaufort.

Mr. Mary Roberts went down to Morehead to visit relatives.

Miss Hatlie Davis who has been visiting relatives returned to her home in Morehead.

Mrs. C. T. Watson went down to Newport to visit relatives.

Mr. Thomas Ruffin, book-keeper of the Atlantic Hotel, spent yesterday in the city and returned last night.

"Think naught a trifle though it small appear."—YOUNG.

## HARRISON NOMINATED.

THE FIRST BALLOT DOES THE WORK.

McKinley Gets More Votes than Blaine.

MINNEAPOLIS, June 10, p. m.—Blaine nominated by W. exp. of Col. rale, Harrison nominated by Thompson, of Indiana. Michigan a divided no candidate.

Two hours were taken in speaking by Warren M. Depew and others.

It is said if the election falls to McKinley, William McKinley will be selected for vice President, and if Harrison is nominated Morton will be selected for vice President.

Motion to proceed to ballot carried and the call of States ordered, amid great cheering.

Harrison was nominated on first ballot. The totals of first vote are as follows: Harrison, 534; McKinley, 183; Blaine, 175; Reed, 4; Lincoln, 1.

McKinley telegraphed congratulations to Harrison.

Harrison's nomination was made unanimous.

**Catalogue of the University.**

The catalogue of the University for 1891-'92 is a very handsome and readable publication. During the year past there were 248 students, a gain of 50 over the year before. Of these 55 were students of law and 18 of medicine and pharmacy. There were 27 students who were graduates of colleges and were pursuing advanced, or special, or professional courses; of these, two were graduates of Davidson college, two of Wake Forest, two of Guilford, and the University of New Brunswick, and twenty of the University of North Carolina. The most popular course of study seems to be the "Course in Philosophy" which requires Latin but not Greek. There were 57 students of Greek. There were 9 students in Engineering. We are glad to observe that six brief courses of Study have been established for young men who are not able to spend four years at the University. These brief courses give special preparation for business, for farming, for teaching, for journalism, for the study of law and for the study of medicine.

The University has 21 teachers and 11 buildings. The entire expense for education may be reduced to \$200 a year. Tuition costs \$60. There are about fifty scholarships granting free tuition. Any deserving young man can get help. Those who are interested in education are advised to write for a catalogue to President Winston, Chapel Hill.
