## LOCAL NEWS.

Weather fair and continued warm.

The street sprinkler is doing good service in keeping the dust down and the atmosphere more pleasant.

The Argus announces that the Presbyterian congregation of Goldsboro have extended a call to the pastorate of their church to Rev. H. G. Miller, of Berkley Va.

The Bay line which suffered so severely from the disastrous fire in Baltimore, announced on the fourth page, is the connection of the Norfolk, New Bern and Washington Direct Line.

The price of potatoes dropped considerably yesterday. The best we heard of any selling was \$3.75. Some of Mr. Jos. L. Rhem's sold in Philadelphia for that figure. Some quotations were as low as \$1.25. Beans sold from \$1.00 to \$1.75.

Mr. A. Cohn is back from the North where he has been on a business trip partly in the interest of the Teachers' Assembly. He informs us that the last of the several fine organs and pianos to be used during the session of the Assembly has been started for Morehead.

The subject spoken on by Rev. E. T. Wilson at the Church of Christ last night was "Trials." It was directed principally to young people, and was a very able discourse indeed. Mr. Wilson impresses you as a man of God, a gentleman of refinement, polished and scholarly.

Yesterday was another great truck shipping day. The steamer Enola took out over two thousand packages, the steamer Neuse about five thousand and the Atlantic and N. C. Railroad about 16,000 packages. By far the greater part was potatoes, though there was a pretty good quantity of beans and some squash and cucumbers. The railroad and every steamer line had large amounts on hand last night ready for the next boat or train.

Those who witnessed the fine combination Indian club and dumb bell drill at the Collegiate Institute Commencement can anticipate in a measure what the entertainment will be like given tomorrow night in the Y. M. C. A. Hall by the Physical Culture class for the benefit of the Association.

The exercises will elaborate and will consist of free exercises, Indian club and dumb bell exercises, horizontal and parallel bar work and tumbling. The admission price is only 25 cents.

The report of the County Commissioners to the justices of the peace of Craven county for the past two years makes a very favorable showing for the management. There is a reduction of over \$1000 from the expenditures of the previous two years. Expenses that would be governed have been kept down to the minimum and all bills examined carefully. But for court expenses and supporting the poor the figures would be remarkably low as will be seen by reading the report.

Capt. S. B. Waters, with his fine little yacht "All Rights," intended to take the gentlemen who are spending a few days in the city in the interest of the N. W. and C. Railroad out sailing and show them the harbor and water approaches to the city but business matters prevented their coming. The gallant captain, however, with a few of his friends, took the trip and with splendid refreshments had a very pleasant time. Our visitor missed a great deal as far as the enjoyment of the occasion was concerned.

**True as Frothing.**

The Greensboro Record could have scarcely made it more pointed when it states that the effort of any newspaper to build up a town is practically nullified unless backed up by the business men of the town. A stranger turns from the news columns of a paper to its advertising columns, and if he fails to find there the business of the merchants and professional firms, he comes to the conclusion that the editor is not appreciated, in which case it is a good place to keep clear from.

No town ever grew without the active assistance of its papers. Nor can papers grow and build up their localities without the assistance of the town. Business men should realize this and remember that in lending support to their local paper they are not only building up their own business, but are helping to support that which is steadily working for the growth of the whole town.

## FINE PRESSED BRICK.

A New Enterprise on the Eve of Starting.

Dropping in at Messrs. W. P. Burrus & Co's yesterday we saw a few brick made by a machine which he has recently purchased. Though these were simply run through to test the workings of the machine and without the care that will be exercised when it is running regularly they show well, both as to smoothness and bright attractive color. Their strength was proven by taking one of them and a hard burned, hand made brick and dropping them in the same manner from equal heights. The hand made brick broke entirely in two right through the centre; the machine made one remained intact.

The brick will be manufactured by Mr. Clifford Simpson, who has had considerable experience at such work, at his brick yard at Riverdale.

The product of the machine is expected to nearly equal Philadelphia pressed brick, and its capacity is 25,000 per day. The machine is not a common one; it cost about eight times as much as some of those now in use in the State, and gives a pressure of three thousand pounds to the square inch. Before purchasing it Mr. Burrus had an expert to visit the brickyard and pass judgment as to the character of the clay and its adaptability for making the class of brick proposed. He pronounced it the best he had ever seen with the exception of that found at one place in the mountains of Western North Carolina.

We rejoice in the advance in brick making; thus one by one improved methods are superseding old ones, to the financial profit of the progressive men who lead the way, and to the benefit of the community in general, and Mr. Burrus is one of our enterprising men who is doing much in pushing forward this desirable state of affairs, as our people know from the other enterprises with which he is connected—the New Berne Improved Cotton Ginnery and the Agricultural Lime Kilns. The latter of which, though they would not, on account of their common looks, strike an uninformed observer as being of much importance, have nevertheless proved of great service in furnishing our farmers and truckers with an excellent home market fertilizer at a very moderate cost, which has in some instances brought land, the nature of which required just such an application, to a high state of fertility, that without it could not have been made profitable.

We wish Mr. Burrus a continuance of the success which has attended him, and which he so eminently deserves in all his undertakings.

**Home Mission Work.**

Those who attend the cottage prayer meetings conducted by members of Hancock street church are now manifesting much interest and the attendance of neighbors of the families in whose home they are held is limited simply by the capacity of the rooms to accommodate the attendance.

At the meeting at Mr. Alex. Paul's on Tuesday night there were several requests for prayer and one conversion. Last night being the regular prayer meeting the services were held in the church and conducted by the pastor Rev. J. G. Butt.

To-night the meeting will be held at Mr. J. Ballard's near the long wharf.

There is also an open air meeting held on sabbath afternoons at 5 o'clock on the hill on which Messrs. W. P. Burrus & Co's. lime kiln is situated at the foot of German Street. These meetings are presided over by the pastor but instead of preaching he simply makes a very brief talk and then throws the meeting open for short addresses from any one—none to exceed five minutes in length.

The meetings are interesting, well attended and good effects produced by them can be observed.

Such work should be encouraged. It could be carried on with spiritual profit to a much greater extent than is done.

Christians should aim not so much to get blessings to themselves as to extend them to others, and such work as this is one good way to both to give and receive good. All are invited to attend the meetings.

**The Entertainment.**

The entertainment by the Little Sunbeam Society for the Baptist church yesterday afternoon and evening was well attended and quite enjoyable. The refreshments were excellent.

The one for the benefit of the Yacht Club was also quite a success. The illuminations on the water extended from Justice's wharf to the rear of the club house and were quite pretty. The boat race was won by Claud Foy and Blount Smith. A very good crowd was in attendance.

**Honor Roll.**

The following constitute the honor roll of the Collegiate Institute for the month ending June 10th:

Mrs. Emma Hunter, Katie Mathews, Bertha Kafer, Bertha Willis, Mamie Daniels, Rosa Dail, Elizabeth Porter, Mary Barrington, Daisy Sweet, Carrie Henderson, Alice Carson, Lucy Abbott, Annie Fowler, Lida Snow, Eliza Simmons, Alberta Ulrich.

Mrs. James Whitfield, F. S. Albridge, Harry Dickins, D. P. Whitford, H. N. Roper, Samuel Windley, Charles Bagby, John Enter, Laville Henderson, Frank Willis, Lillie Tolson, Leona Culler.

## County Commissioners' Proceedings.

Ordered, That the sheriff refund to Robt. Hancock, \$3.45, the amount of poll tax collected from him on account taxes 1891, he being a freeman and exempt from paying the same.

Cleora Gaskins, constable township No. 2, presented his annual bond which was on motion accepted, approved and ordered to be recorded.

On motion the Board in order to attend the annual meeting of the Justices of the Peace adjourned to meet the said justices in joint session at 12 o'clock, m., for the purpose of levying taxes for the ensuing year, electing a new board of county commissioners and doing such other business as may come before them.

Monday, June 6th, 1892.

The board of county commissioners and Justices of the Peace of Craven county met in joint session at the court house in New Berne at 12 o'clock m., according to the law.

The roll of justices was called and forty-two justices were found present, viz., Geo J. Dudley, R. W. Smith, E. A. Atkins, S. W. Latham, S. E. Whitford, Alfred Gaskins, Joseph Kinsey, Jos. E. Konegny, J. W. Lane, R. A. Russell, G. W. Richardson, B. F. Borden, Jno S. Morton, W. E. Salter, Isaac Taylor, L. M. Gilbert, J. A. Chesnut, John R. Holland, B. E. Williams, M. N. Fisher, J. H. Hunter, Geo D. Conner, G. L. Harrison, H. H. Perry, Washington Spivey, W. G. Brinson, E. B. Cox, Robt Hancock, G. T. Richardson, S. R. Street, E. S. Street, Nathan Tisdale, Enoch Wadsworth, W. M. Watson, T. F. McCarthy, C. E. Foy, W. W. Carman, Geo Green, jr., W. B. Lane, A. E. Wadsworth, O. H. Wetherington and L. H. French.

Commissioners present, Jas A. Bryan, E. W. Smallwood, J. A. Meadows, Daniel Lane and Wm. Cleve.

James A. Bryan chairman on the part of the board of commissioners, submitted to the joint meeting the report of the said board pertaining to county affairs together with the amount necessary to be levied for county purposes for the year 1892, which is as follows:

REPORT OF THE BOARD OF COMMISSIONERS TO THE MAGISTRATES OF CRAVEN COUNTY.

NEW BERNE, N. C., June 6, 1892.

Gentlemen—The Board of Commissioners beg to submit for your consideration the following report of the affairs of the county for the past two years:

**CURRENT EXPENSES.**

The expenses of the county for general purposes for the year ending Nov. 30, 1890, as follows:

Support of the poor.....\$2,973.81  
Dept. of Justice.....4,354.00  
Miscellaneous Dept.....1,449.43  
Sheriff's jail fees.....831.45

Making a total of.....\$9,608.69

For the year ending Nov. 30, 1891, they were as follows:

Support of the poor.....\$1,949.40  
Dept. of Justice.....4,765.18  
Miscellaneous Dept.....1,645.25  
Sheriff's jail fees.....1,568.70  
Bridges.....370.67

Making a total of.....\$9,299.18

A reduction in favor of 1891 of \$609.50.

For the six months ending June 1, 1892, they were:

Support of poor.....\$ 969.77  
Dept. of Justice.....2,203.50  
Miscellaneous Dept.....630.59  
Sheriff's jail fees.....335.05  
Bridges.....1,530.49

Making a total of.....\$5,709.40

By comparison with the preceding years of 1888 and '89 this will be found to be a reduction in every expenditure except that for Bridges which could not be avoided.

The expenditures for the year ending Nov. 30, '88 were.....\$14,084.86  
And for the year 1889.....10,825.74

A total of.....\$24,910.60

Whereas the expenditures for 1890 and '91 have aggregated.....18,808.50

A reduction of.....\$ 6,102.10

And an average annual expenditure of.....\$9,154.25

Which sum, the Commissioners claim, after the exercise of the most rigid economy, is the minimum cost at which the affairs of the county can be administered, unless some means can be devised by which the cost of the Department of Justice can be reduced.

(To be Continued.)

"Why is dust and ashes proud?"

A reasonable pride should always be encouraged, at least have pride enough to dress as well as you can afford. And when your pride tells you need a new shirt or other things to complete your wardrobe do not fail to try Howard.

## Coming and Going.

Hon. F. M. Simmons left for Bayboro to deliver the Literary address at the academy. A week from now he will deliver one at the Pollockville Academy.

Rev. J. G. Johnson, of Craven circuit who has been attending assisting Rev. G. W. Starling in a protracted meeting at Smyrna, passed through returning to his home at Cove. The meeting is still in progress with interest and is being conducted by the pastor.

Mrs. D. T. Caraway left yesterday morning to spend the summer at Black Mountain.

Mr. Nace Brock left to visit relatives at Tuxton.

Mrs. Wright Moore went up to Dover to visit relatives.

Mrs. O. Marks and Mr. C. R. Frazzette and their children returned last night from a visit to friends at Kingston.

Mrs. T. J. Turner returned from Kingston, where she has been visiting her sister, Mrs. C. T. Randolph.

Mr. Harry Nelson, who has been attending Belmont College, returned home.

Mrs. J. W. Brady, of Barton, Fla., arrived to visit her brother, Mr. H. M. Groves.

Mr. L. E. Duffy, of Dover, came in on a business trip.

Mrs. R. S. Primrose left on the steamer Neuse to spend the summer in Canada, and Miss Mollie Heath to visit friends in Alexandria, Va.

**Board of Public Charities.**

Dr. Chas. Duffy returned last night from Raleigh where he has been attending a meeting of the State Board of Public Charities. Among the work performed was the putting on foot of a movement to formulate plans and a system of government for reformatory schools in the different counties that will be for young offenders and be designed both for punishment, correction, and instruction in work and primary school lessons.

The thronging of the inmates with hardened criminals in jails will thus be avoided and a chance given for reclamation. Another point touched upon was the proper care of prisoners in jails. There are matters that commend themselves to consideration of the charitably disposed.

**The General Manager Coming.**

Messrs. C. H. Hower, J. H. Reall and Capt. A. W. Styron, the gentlemen connected with the N. W. & C. Railroad, who have been spending some time in the city, went down to Morehead last night. We learn that Mr. C. H. McKibben, General Manager of the railroad, will arrive tonight. It is probable that he will go on through with the gentlemen of the city connected with the road and meet at Morehead with the others.

The important matter that is up for consideration is the coming of the railroad to this city, via Washington. With the proper encouragement we have assurance that this will be accomplished. Everything possible should be done to help along the matter.
