I CALVIN SCHAEFFER'S WILD CHERRY ROCK AND RYE, put up expressly for throat and lung diseases, for sale by JAS. REDMOND.

ANOTHER revolution has broken out in Rio Grande de Sul, Brazil.

THE nomination of Stevenson was a triumph for the Young Democracy.

THAT Wigwag was a failure. Indian architecture is no good in this civilized age.

LOOK at our flag—Cleveland and Stevenson never were nobler names inscribed on any banner.

MRS. CLEVELAND and Little Ruth had a conspicuous place in the pictures and badges at Chicago.

DAVID BENNET HILL was scalped at Chicago, but as he was bold headed it didn't hurt him. David will come again.

COLERA is still making great ravages in Persia and Afghanistan. In some of the cities the streets are strewn with unburied corpses.

THE Durham Globe says: "If Cleveland is nominated and elected Richardson, of the Atlanta Journal, will doubtless go into the Cabinet."

"THE watched pot never boils," says the adage. Not so with the hypocrite. He acts most about church matters when the eye of his neighbor is upon him.

AND now comes the announcement that Edward J. Ryan, a United States Express Company employe at Washington City has shipped with \$250,000 of the Company's money.

IT has been said that Mr. Stevenson was a member of President Cleveland's Cabinet. This is a mistake. He was a subordinate in the Postoffice Department, and such was his character and ability as made his influence second to that of a Cabinet minister.

WHILE Stevenson was 4th Assistant Postmaster General many heads rolled into the basket. He was called "the bloody Stevenson," yet, there are those who object to Cleveland because he did not "turn the rascals out." Cleveland and Stevenson will do the work for them.

GENTLEMEN are showing unnecessary uneasiness because Stevenson, of Illinois, was nominated for Vice President instead of Gray of Indiana. We regard the selection of Mr. Stevenson as fortunate. Palmer carried Illinois in the last general election, and Stevenson is a more popular man than Palmer. Besides; Harrison lives in Indiana and it is not probable that Gray could rest it from him, Harrison running for the first place and Gray for the second. Indeed we consider Indiana as likely to go Democratic as it would have been had Gray been nominated instead of Stevenson.

LOCAL NEWS.

NEW ADVERTISEMENTS.
M. Hahn—Horses and mules.
Barrington & Baxter—Bath suits, etc.

The borrower of a bound file of the JOURNAL will please return it to this office.

Lightning put out the incandescent lights last night, but they came again in a few minutes.

The question of a railroad from Washington to Hyde county is being agitated in that city.

A heavy wind blew a number of cars from the track at the brick yards where they had been switched off.

The Circle of the King's Daughters served delightful refreshments at the building opposite the post office.

The mercury made another jump yesterday—reaching 90 degrees at two o'clock, the hottest portion of the day.

We were shown by Mr. W. H. Oliver yesterday, three Irish potatoes, raised by Mr. Avery of Core Creek that weighed five pounds.

The petitions are being circulated for the election to be ordered on the matter of voting the subscription to the N. W. & C. Railroad.

Messrs. Hackburn & Willett shipped five hundred boxes of cucumbers yesterday. Their previous shipment was over one thousand boxes.

The town commissioners of Durham have spoken. No more buying of cigars, cigarettes, tobacco, soda water and ice drinks there on Sunday, under a penalty of \$25.

Lovers of hook and line fishing report croaker biting pretty good in the early morning and late in the afternoon. Mr. Isaac Lewis and two sons caught ninety in a few hours, at Fort Point, just below the city.

Chronic newspaper borrowers should reform and subscribe for themselves. The borrowing is an annoyance to your neighbor, who pays for his reading, though he may hesitate to tell you what he thinks about your continuous requests.

Mr. J. F. Taylor is filling in the river and extending his wharf at the foot of Middle street further than ever before, with the intention of erecting fish houses thereon. The addition being built extends beyond his store 95 feet, and gives him a total length of 170 feet.

News reaches the city that Baynard Daniels shot Stanley Watson at Goose Creek Island, Thursday, and he was not expected to get over it. Both are white men of that place. Mr. Daniels was arrested and placed in Bayboro jail. There had been a lawsuit between the two men in time past.

The sewerage company have been doing pretty rapid work during the last few days. At the junction of Broad and Bern streets they have been laying pipe in all directions, working mainly on Broad street, but branching out a square on either side. They have now reached the macadamized road.

The price of potatoes having slightly advanced, they are going forward again. The steamer Neuse took out 5,000 packages of truck yesterday, about half of them potatoes, the others cucumbers and beans. The steamer of the N. N. & W. Direct Line took out about 6,000 packages, nearly all barrels of potatoes.

A special meeting of the board of city council was called yesterday afternoon to take action upon the sewerage construction, the city physician having advised against the work being allowed to go on during the heated term on account of the liability of the digging to engender disease. There was no meeting of the board, however, on account of the lack of a quorum.

The reform school for young criminals advocated by the State Board of Public Charities and by the Teachers' Assembly, is something that ought to be established in each county. It will keep young offenders from hardened criminals, and discipline coupled with the acquiring of useful knowledge will tend to make good men and women of them as they grow older.

Bishop Lyman will preach at Morehead, Sunday. This will be an attraction additional to the cool sea breeze. The Baptist Sunday school will also observe the day as Children's Day, and will have enjoyable singing, recitations, etc., an hour that will not be interfered with by other services. A special treat, leaving New Berne at five o'clock, will give all who wish to do so an opportunity to go down and return that night for one dollar for the round trip.

TEACHERS' ASSEMBLY.
School Exhibits—Addresses by Hon. J. C. Scarborough and J. S. Carr—Cleveland Ratification Meeting—Artist Beard Again—More Visitors.

(SPECIAL JOURNAL CORRESPONDENT.)
THIRD DAY, THURSDAY, JUNE 23, 1892.
Another bright day dawned on the Assembly. In the morning we spent considerable time among the exhibits of school work displayed in several rooms on the first floor of the Assembly building. As we enter the hall we come first to the exhibit of the Graded School at Charlotte, in care of Mr. Graham, the Superintendent. This was the first Graded School established in the State. The exhibit is many times larger than any of the others, and is exceedingly interesting and valuable. It includes a large variety of work, from the simplest child's work to the most elaborate and ornate, embracing subjects in all branches taught, drawing, both to scale with instruments, and free, or off hand drawing, as well as work in wood with tools—not to teach trades but principles.

The Winston city schools are represented along nearly the same lines as the Charlotte, and the exhibit contains many things of superior excellence. The public schools of Reidsville also make a fine show of work of similar character. The Model School Room arranged with desks and other school furniture from Bartlett, Haywood & Co., of Baltimore, is very suitable, convenient and elegant.

When the hour for opening arrived the hymn "Children of the Heavenly King" was sung by a full chorus of voices, and Dr. J. B. Shearer, President of Davidson college read impressively a portion of the Scriptures and led our devotions in grateful and fervent prayer.

Several items of business, not of special importance to the general public, were transacted, after which Capt. C. B. Denson, Secretary of the Board of Public Charities, introduced a resolution in regard to presenting a memorial to the next Legislature, asking for the establishment of a Reform school for young criminals, which was referred to a committee, and will be brought forward for discussion and action in a day or two.

As the time approached for Mrs. Idalia G. Myers, of Washington City, to deliver her address on "The True Teacher," a letter from that lady was read by Vice-President Blair, stating that she could not be present. Hon. J. C. Scarborough was substituted, who gave a very interesting and felicitous address, tracing the progress of public sentiment and educational improvement during his incumbency as Superintendent of Public Instruction, and speaking very encouraging words for the future. Though his address involved some statistics and numerous dates, he seemed to be treading on very familiar ground.

Mr. Frank Beard's subject, "Drawing in the Public School," was treated in a very agreeable and helpful way, but all too briefly. Mr. Beard is an exceedingly interesting speaker as well as a remarkable free hand artist. When he gets started his audience never wish him to stop. Like Oliver they want "more."

After dinner—Mr. Cleveland having been nominated "sure enough," a Cleveland ratification meeting was held. Mr. Daniels, late of the State Chronicle, called Maj. Finger to the chair—on the top of a table in the center of the ball room, who made a ringing speech, and was followed by Messrs. Scarborough, Carr, Mason, McIver and Daniels. Dr. Dixon of Greensboro being called, declined, only saying that he "was for Cleveland always," also, Mr. Graham of Fayetteville, who replied from the gallery, "I ratify Mr. Cleveland." The greatest enthusiasm prevailed, and if any one had a doubt as to the triumphant election of Mr. Cleveland next November, he kept it religiously to himself.

When the train came down it brought a good reinforcement of teachers, "and so we go toward the stars." There are enough people now at the "Atlantic" to stock a small town—some say toward six hundred.

The discussion of the night session on the topic "What business men expect of the public schools," conducted by Col. J. S. Carr of Durham, was confined mainly to an interesting and practical address by the speaker named. As it will be published, we make no outline.

The opening was made very pleasant by a song by that "sweet singer," Miss Lula Brown of Greensboro, the accompaniment being by Miss Bessie Worthington of Rocky Mount, a teacher of music in the State "Normal and Industrial School for young women," who has charge of all the music at the session.

King's Daughters.
The Circle of King's Daughters will open an Ice Cream Parlor, opposite the post office, every Tuesday and Friday, from 5 p.m. to 10 p.m. 1892.

Men Who Injure a Town.
The following are a few of the class that stand in the way of the advancement of a town, and are a detriment to any community:
First, those who go out of town to do their trading. Second, those who oppose improvement. Third, those who prefer a quiet town to one of push and business. Fourth, those who run down a town. Fifth, those who think business can be done slyly, without advertising. Sixth, those who distrust public spirited men. Seventh, those who oppose every movement which does not originate with themselves. Eighth, those who put on a long face when a stranger talks of locating in town. Ninth, those who oppose every enterprise which does not appear of personal benefit to themselves. Tenth, those who seek to injure the credit of individuals.

Of course we have no such men in New Berne. They all live somewhere else.

Water Works and Electric Railway.
The indication is that the work of constructing water works and building the electric street railway will soon begin in earnest and be urged forward with all reasonable dispatch, as the New Berne Water, Electric Light and Railroad Company have purchased from the New Berne Electric Light and Power Company the franchise and contract granted it, for lighting the streets of the city and are making the arrangements for constructing both the water works and the street railway, the work of each to be going forward at the same time, that of the water works a little in advance of the electric railway.

This company will run the street lights by the same works that run the cars, but the New Berne Electric Light and Power Company retains the incandescent light, the small ones, and will continue to run them as heretofore.

Now, as the city is going forward so steadily and unmistakably on a solid, healthy growth, the companies of this kind who get a foothold may be considered fortunate, as their improvements will continue to increase in value as the city advances in prosperity.

Coming and Going.
Mr. Shepard Bryan left yesterday for Chapel Hill to take the summer law course at the University.
Mr. Wright Moore went up to Raleigh on business.
Mrs. Eliza and Mrs. Abigail Bell, of Harlowe, passed through en route to King's Mountain to spend the summer with relatives.
The steamer Neuse took out the following passengers: Mrs. Jao. S. Long, leaving to spend the summer with her brother, Major E. S. Marsh, at Haslin, Bouafort county; Messrs. Jas. F. Milligan and Patrick O'Sullivan, steamboat inspectors, en route to their home in Norfolk from Morehead, where they have been on professional business; Mr. F. H. Zaigler, of Elizabeth City, on route to his home from attending a meeting of the North Carolina Undertakers' Association at Morehead, which ended Wednesday night; and Mr. H. W. Blasing, of Norfolk, returning home from a business trip to this city, looking after the establishment of a branch bottling establishment here, which he intends to have in operation by the 1st of July. A portion of the machinery for it has already arrived.

Mrs. E. K. Bryan and the family of Mr. C. S. Hollister and Mr. O. H. Guion went down to Morehead last night. Also about 75 people from other points.

Commencement at Pollockville.
The Commencement of Pollockville Academy was a very good and successful one. Exercises of the usual character were held Tuesday night, and the attendance was so large that the Academy would not hold the crowd. So well did the pupils acquit themselves that the interest never flagged during the 24 hours the exercises lasted.

Thursday Hon. F. M. Simmons delivered the annual address, the meeting had been changed to the Baptist Church on account of its larger size but it failed to accommodate the many who wanted to hear the address. They came from the surrounding country, from Trenton and from New Berne. The meeting would have been changed to the open air at the last but for the fact that enough improvised seats could not be secured to accommodate the ladies. Mr. Simmons gave a practical talk on Education and commanded close attention, as he always does.

Mr. Alex. H. White, a graduate of Trinity college is principal of the school. It has a large attendance and is in a flourishing condition. The whole of Jones county is taking a great interest in education. Such interest is well anywhere, for educational matters are among the most important that can engage the attention.

Railroad Meeting at Washington.
It will be remembered that after the railroad meeting was held in New Berne several of the gentlemen connected with the road went over to Washington with the intention of having a meeting there. We got the following item in reference to the proceedings from the Gazette.
"Mr. F. D. Wilson, of the A. E. Ry. and General Manager McKibbin, made speeches at a meeting of the business men late yesterday, in the interest of the N. W. & C. Railroad. Some of our citizens also discussed the project. A committee was appointed to report at a subsequent meeting. Capt. W. B. Bodman, Jr. was chairman and H. A. Latham, secretary of the meeting. Lateness of the hour prevented further details."
From Mr. C. P. Hower, who is still in the city we learn that vigorous efforts are being put forth by citizens along the route of the original survey of the railroad to resist it. In order to gain the point one gentleman offers half of his farm of 4,000 acres, and to let the railroad divide it as they choose provided they leave him his house, and it is also promised that good subscriptions will be voted.

It is to be hoped that Washington's progressive citizens will not be negligent while the question is before them but will see to it that it is decided right. The road is very important to Washington as well as to New Berne and now is the time to work for it.

John C. Cagle, ex-editor of Montgomery county, has severed his connection with the Republican party because that party did not support his paper. The Statesville News declares that if this is a valid reason for changing political persuasion, some editors of the Democratic persuasion can set up a valid reason.

The Goldsboro Argus says: "Ever since the close of the Fife meetings the Y. M. C. A. has been conducting a noon daily men's prayer meeting held daily, except Sunday, in Association Hall. Much good has attended the holding of this service and it is their intention to continue it. The meeting begins at exactly 12:15 p. m., each day and lasts till 12:35.

Benefit Hancock St. Methodist Church.
1. The three grand Panoramas of the Apocalyptic Vision of John on the Island of Patmos.
2. Thirty beautiful Scenes in the Old Testament, and
3. Black Valley Railroad.
Will be exhibited for the benefit of Hancock Street Church, on Thursday, Friday and Saturday night, in the Y. M. C. A. Hall, at half past eight o'clock P. M.
As it is desired that all who want to help this church may see them, the price has been reduced to 10 cents for children under 12, and 15 for adults.
See hand-bills.

FAR SUPERIOR AND CHEAPER THAN EVER BEFORE!
M. HAHN has just arrived with a FRESH SUPPLY of West Virginia HORSES AND MULES and is prepared to meet the emergency, Low Priced Potatoes. It will pay one and all to call and examine before purchasing elsewhere.

Honry R. Bryan, Jr. M. R. Howard.
