The annual meeting of the Orion Knitting Mill of Kinston was held on the 20th inst. The report showed that since January 1, 1893, the purchases

the mill has manufactured 14,891 dozen pairs of stockings and has given employment to about 70 people, paying them for their labor \$5,247.60.

The mill is now regarded on a firm basis and that the company has a good Every promise of Scripture is a 22, and it is intended to sell enough of incorporated four years later. The first temperance principle quice une writing of God, which may be the stock, if possible, to increase the to- session was held at Waynesville, and pected.

The Free Press is reviewing the remill will then pay better than ever. The bulk of the firs: money was ex-

in the way of fuel, steam, engineers, or super intendence which would low-

make that much more clear profit on sale. The mill, commenced in this small way, with operatives that had no previous knowledge of the business, has obstacle as it presented itself until its solidity and permanent prosperity is so well assured that that there was only one dissenting voice in the stockholder's meeting against the proposed inorease

This showing of the success attendof the advisability of establishing factories in a small way at first if

last night from the Wake Forest Boat start, and let them work up to larger bent--while the membership had ings of the enterprise justify. Every such institution is a powerful

The Free Press says of this one: The Orion Knitting Mill has been a great help to Kinston and has benefitte d

nearly every citizen-the only man we have heard of saying he was injured by it, said it kept him from getting a white cook. We suppose his white cook found more profitable employ-ment in the knitting mill. The Free Press is in favor of the stock and capa-city of the mill being increased so that it will give profitable employment to

more white girls. The Orion Knitting Mill has filled the vacant dwelling house of Kinston with occupants; it has caused the trade of the town to improve; it has given many ple profitable employmet; it has ad-

ded new life to the town, and has helped out in many ways-directly and indirectly. It is the most beneficial industry ever established in the town. Is will be of greater benefit to the town, and profitable to the stockholders, if the capital is increased as proposed.

We have heard many of the best with great uniformity a re business men of the town both stock- Scott's Lady of the Lake: holders and those owning no stock, say they will subscribe liberally to the erance exercises at Morehead
