THE Third party of Texas on Friday put a full State ticket in the field.

RICHARD CROKER pledges Tammany to work and vote for Cleveland.

THE New York Sun feels so confident of the election of Cleveland that it takes time by the forelock and suggests Wm. C. Whitney for Secretary of State.

WHEN the Nashville American remarked that "Grover Cleveland has weighed in the scales and not found wanting," it expressed its estimate of Grover in an epigrammatic way, and uttered a solid fact. That gentleman is not only hefty of head but pulls down the scales with an emphatic 300 pounds. When he sits down on Harrison in November that hat will present an awful appearance.—Star.

CANDIDATE Stevenson gets himself up about right. He said, to a United Press reporter at Chicago: "I believe we can carry Illinois for the Democratic ticket this fall. I don't say so because I am on the ticket. With Cleveland and Gray or Cleveland and Boies we could do it. The people are ready for a change and they want to see a return to a government by the people—the old Jeffersonian Democracy."

THE Democracy of the nation has displayed the pluck of its pretensions and the courage of its convictions. It wanted Grover Cleveland as its leader, and it has placed its standard in his hand. It believed him to be the strongest candidate and it has nominated him. . . . Could any candidate appeal more directly to all citizens not tenaciously partisan, whose chief concern in the coming election is to get the best man for President—the man most sure to administer that great office with high courage and patriotic purpose for the best good of all the people?—N. Y. World.

We may say of the ticket nominated at Chicago, as we did of the one presented at Minneapolis, that it is eminently respectable. Grover Cleveland is a man of great personal integrity, of uncommon intellectual gifts, and of good general judgment. His administration of public affairs during his four years at Washington was beyond reproach. His errors which lost him the election in 1888 were his confidence in himself and his unwillingness to accept the advice of others.—N. Y. Journal of Commerce.

LOCAL NEWS.

NEW ADVERTISEMENTS.

Hotel Gordon.
Jas. W. Biddle—Notice.
J. H. Crabtree & Co.—Founders, etc.
H. H. Dowdy—New boarding house.

Weather today: probably fair and slightly warmer.

Owing to the bad weather yesterday the ice cream parlor established by the King's Daughters did not open, but they announce their readiness for the public this afternoon from seven to ten o'clock.

Our townsman Mr. P. M. Draney received a telegram announcing the somewhat sudden death of his brother Mr. F. M. Draney, of Washington D. C. and left yesterday morning for that city to attend the funeral. Mr. Draney had been sick only since Wednesday. He leaves a large family to mourn their loss.

We learn from the Wilmington paper that burglars are at work in Wilmington. Last Friday night a residence was raided and a W & W Railroad conductor was robbed of \$60 in money and a diamond ring. Sunday night an attempt was made to enter another house but the occupants awoke while a window was being raised to get in. The man at the window was seen to be a negro.

The Raleigh correspondent of the Wilmington Messenger says that one of the great features of North Carolina's exhibit at Chicago will be that of manufactured tobacco. It will be a consolidated exhibit from the eight great tobacco manufacturing towns. This collection will be in charge of Col. Julian S. Carr, and it is quite certain that nothing at the World's Fair will surpass it, though of course Virginia manufactures will make great efforts.

Fourth of July Sports.
The Yacht Club is making strenuous efforts to get up an enjoyable celebration for the Fourth of July.

Big preparations are being made for an all day fete with brilliant illuminations and fire-works at night. There will be sail and rowing races, tub races, and swimming races. Refreshments will be served through the day as well as at night.

The Fourth in Washington.
Washington, N. C., is preparing for the grandest Fourth of July celebration it has ever had. There will be fire works, horse races, foot races, bag races, etc., with cash prizes to the winners and a great bicycle race the winner in which is to receive a handsome silver cup as the prize. A match game of base ball and a mammoth procession composed of brass band, military, baseball clubs in uniform, fire companies and their engines, the Goddess of Liberty and thirteen beautiful girls representing the thirteen original colonies, etc. etc.

The marshals for the occasion are to be taken from half a dozen contiguous counties. Twelve of them from New Berne.

Addresses will be delivered by our next Governor, Hon. Elias Carr, and by Hon. Don Gilliam of Tarboro.

Coming and Going.
Mrs. S. S. Willitt, accompanied by her daughter, left yesterday morning for Baltimore to visit her sister, Mrs. W. T. Yeast, and for Philadelphia to visit her husband, Lieut. S. S. Willitt.

Mrs. Basil Manly left to spend the summer at Hillsboro.

The following returned from Morehead: Mr. Jacob Brown, Miss Jennie Hall, Mrs. E. B. Cox and Miss Lucy Brian.

The following were among those who passed through from Morehead: Dr. G. W. Sanderlin, en route to Seven Springs; Col. H. D. Cameron, of Asheville, en route to Raleigh; and Mr. E. A. Latham, editor of the Washington Gazette, on route to his home.

Miss Helen Bryan, of Durham, arrived last night to visit at her uncle's, Judge H. B. Bryan.

Miss Clamie White, of La Grange, arrived to visit relatives.

Messrs. Alex. and Clarence Miller and R. B. Willis, and Mrs. L. Ives and Mrs. W. G. Erinson went down to Morehead last night.

Among those who passed through going down to Morehead last night were Mr. Marion Butler, President of the State Farmers' Alliance, President Geo. T. Winston of the University, and a party composed of Prof. Joe Kinsey, of Kinsey Seminary, and his daughters Misses Eva and Ida Kinsey, Miss Blanche Marchison, of La Grange, and Miss Emma Simmons, of Oliver, Jones county.

NEXT SUNDAY AT MOREHEAD.

Prof. Hamill and Rev. Thos. Dixon—An Intellectual Feast.

Next Sunday is to be one of the most enjoyable and beneficial days at the Teachers Assembly that has ever been in the history of the Association. As our readers know, the renowned Rev. Thos. Dixon, of New York will preach at 11 a. m. and will also lecture the previous evening.

But prominent, and almost foremost, among the instructive and improving exercises of the day will be the instruction in Sunday school by great Sunday school workers especially by Prof. H. M. Hamill, the justly celebrated and widely popular Superintendent of the Normal Department of the Illinois State Sunday School Association. He is the recognized leader of such workers. His state, in this line, is the best equipped and best organized state in the Union and it is largely through his efforts that this greatly desirable condition of affairs has been brought about.

Those who were so fortunate as to hear Prof. Hamill's lectures at the State Sunday school convention when it met this spring in New Berne are likely never to forget the combined simplicity, conciseness and yet thoroughness of the work done, through his mode of teaching accompanied by skillful black board illustrations, or how interesting and profitable they were to both young and old. His capacity for the work has been fully shown by his success wherever he has been, and his talent of impressing dates, extraordinary events and details relating to them upon the memory of all hearers is wonderful, and his remarks are not confined to what is prepared for the occasion but he answers any question asked by those in the audience on matters pertaining to the work with a quickness and appropriateness that shows unmistakably his vast fund of knowledge acquired by extensive reading of the most select literature, by personal contact with the ablest and most devoted Sunday-school workers and by long personal experience of his own.

Prof. Hamill will begin his work at Morehead on Saturday, by "A Normal Training Lesson" at 11:30 a. m. Sunday afternoon at 5 p. m., there will be a Sunday-school mass meeting and addresses will be delivered by Prof. Hamill and other prominent Sunday school workers, and at 8:30 p. m., he will lecture on "Sunday-school Opportunities." We venture the opinion, from the reputation of the gentleman and from our own knowledge of his remarkable gifts and zeal that not one who is at all interested in the religious instruction of youth will regret whatever trouble they may go to in order to hear the lectures.

Wind and Low Tide.
The long continued southwest winds blowing the water out of the rivers caused one of the lowest tides yesterday ever known. It was near five feet below the average. Steamers and schooners that had been floating serenely at wharves found themselves on the bottom and not able to pull out when they wanted to, and numbers of small boats in shallow places were left on land with the water many feet from them.

At Justice's wharf the waters had receded nearly as far as the end where the revenue cutter Winona usually lays, and from there to the Yacht Club house it was nearly as far out as Ransom's channel before water was reached.

In Lawson's creek—we do not know its width, probably about 300 feet—the water was so low that only the channel, about twelve feet in width, contained any.

The saw mills and yacht club, however, made good use of the opportunity that the low water afforded by cutting down steps of piling that had been left in the water when the tops had decayed. Ordinarily there would have been no way of getting rid of them except by pulling them up at a cost of a dollar each, while yesterday they were out off at trifling expense.

The low tide commenced the previous day and kept getting lower and lower until the middle of the day when it came back, and in a few hours the waters resumed their normal condition. It is said that at one time as the water was going out it fell about two feet in two hours.

We have been having continuous rains and there is water, water, everywhere. This being so, it is a strange condition of affairs that there should be so little in the rivers.

A heavy gale prevailed all Monday night at Morehead but we learn of no special danger beyond the frightening of some of the people by its violence, and the overturning of a bath house.

Democratic Ratification Meeting.
A meeting of the Democrats of Craven county is hereby called to assemble at the court house in New Berne on Monday evening, July 4th, at 8 o'clock, for the purpose of ratifying the nominations of the National and State conventions of the Democratic party.

TEACHERS' ASSEMBLY.

Talks and Reading of Historical Papers—Pleasurable Pastimes—The Crowd Increases.

(SPECIAL JOURNAL CORRESPONDENT.)

SIXTH DAY, MONDAY, JUNE 27, 1892.
The fine weather of last week does not repeat itself—clouds and darkness are round about us.

The morning session was interesting, but not so many as usual availed themselves of it. The devotional exercises were made pleasant by cheerful songs, Dr. Dixon, of Greensboro, read the first Psalm and led in prayer.

The President announced as the committee to memorialize the next legislature in respect of the establishment of a State Reform School, the following gentlemen:—Capt. C. B. Danson, Dr. B. F. Dixon, Prof. J. A. Holt, Hon. H. A. Gudger, Dr. R. H. Lewis, Sup't. J. Y. Joyner, Prof. J. B. Brewer, Joseph Daniels, Esq., and Lee S. Overman, Esq.

Prof. B. F. Slied of Wake Forest college talked on "The Science of Fairy Tales." He spoke at considerable length, and told many "fairy tales" which would have been mighty tough if we had been expected to believe them. It was very well received, and appreciated. The best thing said about it was, that as meeting houses are built and churches organized the fables take themselves off to more general climates.

Dr. S. B. Weeks, of Trinity college, read an exceedingly well prepared and interesting "Historical Paper," in which he made a historical survey of historical subjects. The Dr. carried his audience with him upon most points, but in a brief discussion that followed, the position he had taken, that "the history of North Carolina ought not to be taught in the public schools," was pretty generally and strongly opposed. One speaker said, "history like charity should begin at home."

Every afternoon there is an impromptu musicale held in the Hall. Among the players today were Miss Sally Richardson of Greensboro and Miss Besse Kridler of Salisbury. Mr. Hunter Brown, of the University, played and sang some lively songs. Also Miss Lula Brown of Greensboro. A small company usually gather and enjoy it in a high degree.

At the night session Dr. W. S. Carrell of Davidson college made an exceedingly enjoyable talk on "The origin and meaning of family names." A fair audience greeted the speaker, it would have been full to overflowing, but for the fact that a severe storm of wind was raging. It required good resolution on the part of the ladies to attempt to reach the hall in the face of such a wind so terrific a storm. The wind and the beating of the waves rendered it difficult for the speaker to make himself heard. The lecture was highly appreciated.

As we return to the Hotel, a large number are adoringly worshipping Terpelchore, while the outer circle is filled with interested groups of spectators.

The train brought down more than went away in the morning, so, like some of those just referred to, we are "holding our own," with bright visions rising before us.

Come to New Berne.
A large and experienced breeder of fine poultry in Georgia writes us of his considering moving to New Berne where he thinks the climate would be more suitable for raising fine breeds. He wishes to go into the business extensively and get up an annual exhibition of fine poultry.

He has also been in correspondence with some of our dealers, who with our citizens, extend a cordial welcome, and we guarantee that if the gentleman had attended one of our recent fairs he would not hesitate a moment about this being the place for raising the finest of poultry.

Mr. W. H. Bray, one of our leading dealers in the improvement of fine birds, carries an advertisement in the Weekly Journal, and he is constantly receiving orders for fine strains of poultry. Some orders have come more than two thousand miles distant, and in every instance the highest gratification is expressed by the purchasers.

For a fine poultry and stockraising section, and a fine trucking section, we challenge the world.

"Sweet childish days that were as long as twenty days are now."

WADSWORTH.

We have received a new lot of the white duck hats for the little ones, all sizes. Also lot of bathing trunks for the boys. We would call attention to our line of bathing suits for men, \$1.50 to \$2.50, also white rowing shirts at 50c. Black bicycle shirts with collar at \$1.50. A few more of the fancy double breasted Vests left. New lot Under wear just in.

Obituary.

With sadness we announce the death of our friend & brother Wm. H. Edinson, who was generally known throughout the County. He died at his house in Vanceboro last Friday night about 3 o'clock in the 74 year of his age. We hope that his condition is much better now than it was while lying. He was a member of the Episcopal Church and rejoiced in the doctrines of the same. His death has thrown a gloom over our entire Village and community. Highly respected and beloved, he stood among those with whom he associated, hence we are most sorrowed and feel that we have lost who will be missed and remembered for years to come. He made us a good friend, Master for years in Vanceboro, also a Justice of the Peace. He discharged the duties of said office correctly and with judgment for many years. Yet, we miss him in many ways, but we console ourselves in the belief that he is better. The Lords decree has gone forth that all must die.

The Lord giveth and the Lord taketh away.

Blessed be the name of the Lord.

To the bereaved family, we extend our heartfelt sympathies believing that this dispensation of Providence and all others is good. We therefore bow in humble submission, saying, "Thy will be done."

O Lord "On thy Promise we rely." The funeral services were performed by Rev. Colin Hughes, on Monday evening. A large number of people assembled to pay the last respects to the deceased.
