**DUNN & Co's**, weekly review of trade says that there is a distinctive improvement, not only in transaction in comparison with last year, but also in the prospects for the coming season.

**CONGRESSMAN HENDERSON**, of this State, denies that he has ever promised any one to give way for Mr. Leuzar. A rumor is in circulation in his district that he made such a promised two years ago.

In a letter to Chairman Gordon, of Va., Mr. Cleveland says of the Force bill: "I regard it as a most atrocious measure and I do not see how any Democrat can think otherwise." He said as much in 1890, and again in 1891.

**SENATOR PALMER** has introduced in the Senate the bill introduced in the House by Mr. Barrows, providing that women employed in the government departments shall get the same rate of compensation that is given to men employed in the same grade of work.—Right.

**THE Caucasian**, edited by President Butler of the Farmers Alliance, while opposing the National Democratic ticket, supports the Democratic State ticket. It says: "The Caucasian is for the present State ticket and will advocate it and vote for it under any and all circumstances."

A **UNITED PRESS** despatch to the Virginia from Baltimore July 23, says: The News this afternoon has the following special from its Washington correspondent: "It is understood by some of Mr. Hill's admirers that he has for some time contemplated resigning from the Senate. He may do so at any time." We hope Senator Hill will not resign.

**MR. CLEVELAND**, in his letter to Mr. Gleason, says that he understands perfectly well that the Democracy of Virginia have no holiday task in securing the electoral vote of the State for the party and yet he has "such faith and confidence in their steadiness" that he cannot bring himself "to entertain any apprehension as to the result." The ex-President has in effect said the name of North Carolina. Groves is right.

## Theory in North Carolina for years has been—"more hog and hominy." It is pleasant to be assured by the State Department of Agriculture that stock raising has been increased, that a great many more hogs are on hand, and that corn will be in great plenty. Very good all this for the hungry people. It was never wise for North Carolina farmers to keep their smoke houses in Cincinnati and Louisville and their grain fields in the West. A good, wise farmer will try to raise at home all the supplies possible. Hay fields in the North for farmers South is something absurd and inexcusable.

**LOCAL NEWS.**

**NEW ADVERTISEMENTS.** W. J. Rountree—Executor's notice. Barrington & Baxter—House wanted.

Fair weather is again promised for today. Three good days together. Hurrah!

Tonight is the time for the great \$500 favor German—the most elaborate affair of season at the Atlantic Hotel.

Mr. C. S. Hill, formerly with Mr. H. B. Duffy, has taken a situation to travel for the Singer Sewing Machine Company in Mr. W. T. Lane's territory. He commenced yesterday.

Rev. Mr. Jones, of Louisville, Ky., arrived last night and preached with fine effect at the Church of Christ. He is an able man and one of the Faculty of Hamilton Female College. He is here in the interest of the College. Mr. Jones is a native North Carolinian but he moved to Lexington, Ky., soon after the close of the war.

The Goldsboro Messenger says: In a letter from Mr. W. H. Lyon, of Goldsboro's Big Racket store, who is now in Raleigh, written to us, he winds up with saying: "Just 81 years ago today, on Sunday, July 21st, 1861, I with my regiment, the 6th N. C., was in battle at Manassas—the first battle. I have the same C. S. A. belt I wore that day. Money could not buy it. How time flies and people forget."

Sunday night the house of Mr. A. B. Gaskill, (generally known as Mr. Biggs Gaskill) near Swift Creek was entered and robbed while he and family were attending Antioch Free Will Baptist Church, about a mile distant. The trunk in which Mr. Gaskill kept his money was taken out, broken open and about \$100 in money secured. Nothing else was stolen. It must have been some one familiar with the premises. Mr. and Mrs. Gaskill joined the church during the meeting which was held while the robbery was being committed.

Today at noon Hollowell & Peterson's excursion will pass through the city. This is the 93d excursion these gentlemen have run from Goldsboro to Morehead, and they generally carry good crowds. Much of this is due to the low rates which they inaugurated with the commencement of their excursion business and have maintained ever since. The charge is only 50 cents the round trip from New Berne to Morehead. The excursion will start back at four o'clock tomorrow afternoon and arrive here at 6:10 p.m. Special rates for board were secured at Morehead for the excursionists, and arrangements made with the boatmen to take parties of excursionists to the surf and return for 10 cents each.

**Hotel on the Banks.** The Morehead City News gives the following item: "It is rumored here that there will be a large hotel built on the banks opposite Morehead before another season. We hope it is true and the hotel will be built for it is certainly a fine place for one. You can get the breeze from the ocean. A fine place for driving on the beach, and good surf bathing right at your hands."

**Changes in the Music Houses.** Mr. A. Cohn has secured the services of Miss Addie Sue Harris, an esteemed young lady of Raleigh, as stenographer and type-writer in his music house. She has arrived, is stopping at Mr. G. F. M. Dail's, and has entered upon the discharge of her duties. Miss Harris is the daughter of Mr. J. O. L. Harris, editor of the Raleigh Signal.

Mr. Cohn has also engaged the services of Mr. S. W. Brooks, of Grifton. He is expected on the 10th prox.

Mr. W. B. Barrington is branching out and adding music to his sewing machine business and he has secured the services of Mr. Willie Stalling, formerly with Mr. A. Cohn. Mr. Barrington represents the house of J. S. Ames, dealer in the leading pianos and organs. Some are now on hand. Additional ones will arrive this week, two of those coming are already sold to parties in Beaufort, the trades being effected by Mr. Barrington while attending the District Conference.

**Proposals.** Sealed proposals will be received for thirty days for the construction of a boiler for the Atlantic Steam Fire Engine.

For further information apply to the chairman of the fire department committee. Wm. Egan, Chairman F. D. Com. July 23d, 1892.

**Children Cry for Pitcher's Castoria.** The welcome guest is the invited guest.

## Coming and Going.

Mr. Jas. A. Bryan who has been spending a week or two at Morehead returned home yesterday.

Capt. Wm. Hill left on a business trip to Laurinberg and his brother-in-law Mr. Herbert Wetherington of Cove who has been spending some time in the city left for Wilmington to take a position on the W. & W. Railroad.

Dr. J. H. Benton, dentist, returned from spending a short time at Newton Grove and at Carroll Beach, where his family are spending the summer.

Our former townsman, Mr. Jas. R. Roberts, of Anniston, Ala., passed through last night en route to Morehead. He intends to come up this morning to spend some time with his relatives in the city.

Mr. John T. Hargett returned from a visit to relatives in Greene county.

Miss Zylphie Land, who has been visiting at Mr. W. T. Lane's, left for her home in Johnson county.

Mr. J. T. Hall returned from a visit to relatives and friends at Trenton.

Mrs. M. Blumgardt left to spend some time at Morehead City.

Mrs. M. A. Davis, who has been visiting relatives in Beaufort, returned home.

The steamer Neuse took out the following passengers: Mr. J. Y. Gosler, of the firm of Gosler & Co., lumber dealers, of Philadelphia, returning home from a business trip to the city; Mr. J. K. Brown, special agent of the U. S. Treasury Department, who has been visiting the custom houses of this locality in his official capacity, en route to other points; Mr. Jas. A. Bryan, Vice-President of the N. W. & C. R. R., to attend a meeting of the officials in Philadelphia; and Master Allie Cook to visit relatives in Philadelphia.

The family of Mr. Geo. F. Wyman, superintendent of the New Berne Sewerage Company, arrived last night moving to the city from Denver, Colorado. They have been on the journey ever since last Tuesday. They will live in the house on Broad street formerly used as the Episcopal rectory.

**Big Excursion to the Colored Fair.** A letter has been received by the Secretary of the Oriental, Industrial, Stock, Fruit, and Agricultural Fair of this city from the manager of the excursion will be run to the Fair by rail from Norfolk. It will come through on Monday, August 8th, the first day of the Fair and the tickets will be good until Saturday, August 13th, the day after the Fair closes. Ten cars have been chartered and 700 people have agreed to come on it.

Among the excursionists will be two brass bands, numbering 24 members to compete for the premiums offered for the best band, and also a base ball club to enter the contest for the \$75 and \$25 prizes offered for the 1st and 2d best teams. Five clubs from different cities have thus far announced their intention of coming.

Arrangements have been made for entertainments in the Fair Theatre building and a fine elocutionist has also been secured.

Everything is looking favorable for a large attendance—one considerably in excess of previous years, and the management strongly urges on exhibitors to make special efforts for a fine display of truck and farm crops, cattle, poultry, game, fancy work and all other lines.

**Macadamizing the Streets.** Now that the streets in the business portions of the city are well graded, it is proposed to go forward with the improvements begun and endeavor to make the road beds firm, free from mud, and easy to use in all kinds of weather as was intended from the time the street improvements were begun, and to that end it is proposed to apply a thick coating of shell rock marl. The first supply of it has just arrived, and Middle street will probably be the first to receive attention.

The lastest qualities of work of this kind should be well considered. Thoroughness, so that the greatest durability will result, is highly desirable. The marl alone on moderately used thoroughfares seems to be reasonably successful, but the past experience with the three-inch coating applied some months ago on Middle street seems to have demonstrated pretty clearly that it will not do to depend on where heavily loaded teams are constantly passing over it every hour in the day. The mucky condition was about the same where it had been used and where it had not. There must be a solid foundation below to secure the desired hard compactness. A layer of the shell rock itself, suitably broken up and properly distributed below the marl, will give such a foundation, and nothing short of this or some equally stable substitute therefore is like to give permanently satisfactory results.

**DIED.** At her residence on Queen street, aged 68 years, "Aunt" Frances Lane, on Saturday at 10 p.m.

She was buried from St. Stephen's (Episcopal) Church at 6 p.m. Sunday. She spent a long life as nurse among the best people of the city, and was one of the most respected of our colored citizens. An obituary notice will appear in tomorrow's issue.

**Children Cry for Pitcher's Castoria.** The welcome guest is the invited guest.

## Press Convention.

The JOURNAL proprietor, Mr. E. E. Harper, left yesterday morning to attend the annual meeting of the Press Convention, which holds this week in Charlotte. This session promises to be a very interesting one.

The people of Charlotte have actively prepared to entertain the visiting newspaper fraternity, and a pleasure trip to New York has been arranged for at the close of the session.

Mr. Harper will, by desire of some of our best business men and other citizens, extend a warm invitation to the Association to hold its next session in this city. When it met here in 1876, the meeting was mutually pleasant and gratifying to the editors and to our citizens. A banquet to the former was given at the Gaston House, and a trip was taken to Morehead. Our people stand ready as ever to welcome the newspaper men of the State again, and to do all possible to ensure a royal time for them while here.

**The Sugar Hill Meetings.** The out-door prayer meetings, conducted by Rev. J. F. Butt at Sugar Hill, Sunday afternoon, was attended by fully 150 people. In the meeting there were Missionary Baptists, Free Will Baptists, Disciples, Methodists and Presbyterians. Several gospel talks were made, and a collection was taken up as a nucleus of a fund wherewith to build a cheap tabernacle in the neighborhood.

In addition there were over 100 people on the outskirts who were as attentive and seemed to enjoy the meeting as heartily as any one.

**Impressions of Trenton.** EDITOR JOURNAL.—We have just returned from a trip to Trenton, and find a very pleasant and enjoyable condition of affairs in the village and vicinity.

Among other improvements we see that the Methodist church is being tastefully painted inside and out. It is a very pretty church with stained glass windows. The new college building is nearly finished. It is nice and well arranged. We had the pleasure of meeting the principal, Prof. W. H. Rhodes, and found him a pleasant and courteous gentleman.

The streets were in good condition, and the shade trees had just been newly and evenly whitewashed, which added considerably to their appearance.

We noticed a curiosity, a fine lemon tree, the best of the kind we ever saw, loaded with choice lemons. Some specimens of the fruit were as large as goose eggs. Some were ripe and others ripening. It belonged to Mrs. Kinsey. We hope she will have it on exhibition at the next New Berne Fair. It will be a very good match for Miss Olivia Metts' lovely dwarf orange tree with its beautiful fruit.

A gentleman cleverly furnished a nice turnout to one of the fairest young ladies of the village, and she, to our delight, took us out driving to view the farms of the vicinity. The crops looked splendid—we never saw them looking better—corn and cotton are both flourishing. There are apples in great variety, and peaches (principally, however) of kinds that ripen later are plentiful. RAMROD.

**The Notification Meeting.** Mr. Chas. Reizenstein passed through Saturday night en route to Morehead and after spending Sunday returned New Berne. Last week he was in New York and attended the meeting at which Cleveland and Stevenson were formally notified of their nominations as the Democratic candidates for President and Vice President of the United States which was done by Mr. Wilson, chairman of nominating convention in the presence of a vast enthusiastic multitude of about 18,000 people.

Mr. Reizenstein says it appeared when looking over the sea of faces from an elevated spot as if all New York was there further that everybody seemed to be looking at Cleveland and Stevenson without doubt sweep New York by a tremendous majority.

**Health in Old Age.** Edward Collison, Queens, N. Y., says: "I commenced using BRANDRETH'S PILLS over fifty-five years ago. I first bought them in London, and have continued using them since I came to this country in 1836. I am now over seventy-five years old, hale and hearty, and attribute my wonderful health to the persistent use of BRANDRETH'S PILLS. Occasionally I have a bad cold or severe attack of rheumatism, indigestion or biliousness, but four or five doses of BRANDRETH'S PILLS always cure me. When ever my children have had sick with scarlet fever, measles, acid stomach, disordered digestion or constiveness, a few doses of BRANDRETH'S PILLS restored their health at once."

"Be wise today, 'tis madness to defer." YOUNG.

**That means buy now:** We have just received from Baltimore a sample lot of men's Handkerchiefs. They are of all kinds. Cotton, linen and silk. They are beautiful and all of them will be sold 25 per cent. cheaper than regular goods. If you need any handkerchiefs or even if you do not, buy now. We have a job lot of Opaque Window Shades 3 feet wide and 6 feet long; fixtures and all complete. The Curtains have a 12 inch gilt dade and the price complete is only \$5.00. We have 6 colors of them.

At J. M. HOWARD'S.
