THE Democratic Congressional convention at Bateville, Ark., has taken 748 ballots and the deadlock is still unbroken.

THE statement that the Democratic Congressional Convention of the Third district voted down a resolution endorsing Cleveland and Stevenson is incorrect.

FOR the second time in the history of Canada exports have exceeded imports, the only other year in which the balance of trade was in favor of the Dominion being 1880.

WITH Cleveland as candidate, Harrity as chairman of the National Committee, Whitney as chairman of the Advisory Committee, and over all the demand of the people for a reform in national affairs, the outlook seems unusually bright for Democratic success in November next.—Augusta Chronicle.

MR. HANA, prominent member of the Indiana Republican State Committee, has resigned because he could not conscientiously work for the re-election of President Harrison, and a majority of the committee of the county in which he lives has done likewise. All the latter are Blaine men, and that also is what's the matter with Hana.

THE Northern Republican press is giving out daily no uncertain sound as to their views about a Force bill for the South. They favor it. They are mumbling over frauds in the South while pretending to know nothing of great frauds in the North and in their own party. They are simply advocating a revolutionary measure in 1892 for the South because they will sacrifice everything to keep in power.—Wil. Messenger.

JERRY SIMPSON is downcast. The corn and wheat crops in Kansas are the best in the history of the State, and the farmers are so full of business that they have not time to listen to a calamity speech. If Jerry could only have had a drought in his district, with a heavy crop of mortgages and three or four labor strikes and riots to set it off, what a joy it would have been for Jerry.—Bloomington (Ill.) Pantagra, h.

THE Norfolk Virginian referring to the prospect of a fusion ticket says: Surely the good people of North Carolina are not going to endorse a combination of this kind, which is but a short cut to Republican radical rule. The people of that old Commonwealth in conjunction with the people of its sister States of the South have suffered so grievously from the effects of misgovernment under radical administration that it cannot be conceived that they will permit any return of the same by any act on their part.

"You bring up your girls," says Ruskin, "as if they were meant for sideboard ornaments, and then complain of their frivolity. Give them not only noble teaching but noble teachers, and give them the help which alone has sometimes done more than all other influences—the help of mild and fair nature. You cannot baptize them rightly in each deep, church fount unless you baptize them also in the sweet waters which the great Law Giver strikes forth from the rocks of your native land."

NEW ADVERTISEMENTS.

Howard.

Wilson Collegiate Institute.

People's party convention.

The Goldboro Headlight states that during the last few days the Y. M. C. A. of that city has raised \$1150 for its sustenance during the coming year.

One of the colored convicts at the penitentiary was overcome by the heat Wednesday while working in the brick yard and died within an hour after receiving the attack.

In speaking of the hot weather the Wilmington Review gets off the story that the sun set for a man's shirt in Raleigh, but that his life was saved by the quenching of the fire by the copious perspiration that was rolling down the poor fellow's back.

We have received the catalogue of Wilson Collegiate Institute, an excellent and strictly non-sectarian school that has a thorough and comprehensive preparatory course of study, with a full collegiate course considered by the faculty to be equal to that of any female college in the South.

A correspondent of the Roanoke News speaks of the first sermon of Rev. Julian Runley at Bethel as an able sermon and says Mr. Runley's people are well pleased. He is a native of Morehead but resided a short time in this city. Our readers will remember that he graduated last June.

Hot, hotter, hottest. The Government tested thermometer at the depot, placed with reference to getting a true and reliable record, registered 96.1-2 yesterday. The day before 95 was the highest point it reached. Thermometers in some parts of the city went over 100.

A correspondent of the State Chronicle, writing from Burlington on the 18th, says a colored woman of bad character was arrested and tried before the mayor of that town for "bathing in and otherwise polluting a well." She was fined \$5, and that night a band of white caps called on the woman, gave her a whipping and ordered her to leave town.

At the meeting of business men held at the city hall last night, to take action in reference to the meeting at Morehead, looking to the general development of the State, the following committee was appointed to attend and represent the city: Capt. K. R. Jones, Capt. Alex. Miller, Dr. Geo. K. Bagby, and Messrs. Wm. Ellis and J. J. Wolfenden.

It is desired to call attention to a statement made by an exchange in reference to the Ocean View Hotel, which it is proposed to build on the surf side of Bogus Banks, opposite Morehead, in order to secure its correction, and that is the statement that the Teachers' Assembly is interested in the movement, whereas the Assembly has not yet even been approached on the matter. We judge that the plain and full account to date, in Wednesday's JOURNAL, of what has been accomplished and what plans have been formed for the future in reference to the matter, will set straight any inaccurate statements that may have started by announcements before the matter had sufficiently developed.

By order of the lieutenant, there will be a meeting of the Second Division, North Carolina Naval Reserves, this evening at 8:30 o'clock at the rooms of the Yacht Club. This will be an important meeting, and business is to be transacted perfecting the organization of the Division. An appropriation has been made which will enable the Division to be equipped within the next few weeks, and it is essential that among other things a complete and permanent set of officials shall at once be selected. It has been impossible to see all whom it is desirable to have as members, and such as are interested and desire to become members are requested to attend the meeting tonight.

Fatal Sunstroke.

Mr. James Scoby, an employee of Mr. J. W. Stewart's, had an attack of sunstroke yesterday afternoon, shortly before three o'clock, which resulted in his being in a dying condition at the hour of our going to press.

Mr. Scoby came here from Richmond, last December, to enter the employ of Mr. Stewart and take care of the horses at his livery stables. Wednesday he was somewhat indisposed, but attended to his duties as usual. He was heard to remark during the day that he was not perspiring any, and that when such was the case in such terrible hot weather something was wrong.

Early yesterday morning he had some of the horses out exercising on the Fair ground race track, and returned before eight o'clock, laid down for awhile, but while up and about seemed in as good spirits as ever he did. He was across the street from the stables as late as 1:15 o'clock.

He afterwards laid down again in his room at the stables, and about a quarter to 8 o'clock Mr. X. Brock, Mr. Stewart's business manager, entered the room and enquired how he was but received no reply, though Mr. Scoby was sitting on the side of the bed. Mr. Brock then noticed that his limbs were twitching and stepped out of the room for assistance, and upon returning immediately Mr. Scoby was found lying on the bed in a convulsion and he never regained consciousness, though Mr. Stewart had him moved immediately to an open but secluded place where he would receive whatever cooling air there was, and he received prompt medical attention and unceasing careful nursing.

Mr. Scoby is spoken of as a good dispo-

sitional man who understood his business and was attentive to his duties.

His home was in Starkville, N. Y. and his brother there was telegraphed to in reference to the sad event.

To the Citizens of New Berne.

All persons who are willing to contribute towards paying the expenses of the Confederate pensioners and veterans at Wrightsville Sound, will please send their contributions to Miss Mary C. Roberts, Treas. of the Ladies' Memorial Association of New Berne, promptly and without further solicitation.

The contributions can be made in money or groceries, such as bacon, lard, sugar, coffee, flour, meal, butter, etc. The freight on all articles will be paid by E. D. Hall, adjutant.

Groceries can be sent direct to E. D. Hall, Wilmington, N. C. All money will be received by Miss Mary C. Roberts, Treas., and forwarded to Mrs. Gaston Meares, Pres., Wilmington.

The Monumental Association.

The plan of organization of the North Carolina Monumental Association, recently organized in Raleigh, with Mrs. Armitage Jones, President, Miss Maggie Cowper, Secretary, and Hon. Donald Bain, Treasurer, sets forth that a lady manager be appointed for each county who is to organize that county, and that said county will furnish money sufficient to buy a block of granite on which will be inscribed the name of the county and the number of soldiers lost. It is suggested that 10 cents be the admission fee, so that every man, woman and child in North Carolina interested in the cause may join the association, feeling sure that all will esteem it a great privilege to contribute.

The object to be obtained is a commendable one that should enlist the sympathy and co-operation of all patriotic people.

New York Market.

Palmer, Rivenburg & Co., of New York, sends the following truck quotations of July 25th, 1892: Apples, crates, 75c. a \$1.00; Peas, Le Contes, \$2.00 a \$3.75; Peaches, Elbertas and Crawford, \$2.00 a \$3.00; Plums, 5c a 1c; Grapes, Ga., Del. and Niagara, 6c a 10c; Ives, 4c a 6c; S. C. Moore's early, 10c a 15c; Del. 12c a 15c; Niagara, 13c a 16c; Champions, per basket, 30c a 50c; Muskumelos, Norfolk, per bbl. \$1.00 a \$2.00, N. C., 50c a \$1.00; Watermelons, fancy, per car, \$100 a \$200, prime large, 16c a 18c, medium 11c a 16c; Cucumbers, Norfolk, per bbl., \$1.50 a \$2.00; Egg plant, Florida and Charleston, \$2.00 a \$3.00; Onions, \$2.00 a \$3.50 per bbl., baskets \$1.00 a 1.25; Tomatoes, Norfolk, 50c a 75c.

The Goldboro Argus says: "Seventy-four blooms on the stalk of 'Night Blooming Cereus' has been the wonder of the week at the home of Mrs. A. Lehman in this city. We have never heard of such an output of blooms before from one stalk."

Rev. R. A. Willis, of this city, desires all pastors to forward to him at once the names of delegates to the New Berne Methodist District Sunday-school Conference, which convenes in Centenary church, August 19th, and to designate on the lists which ones do and which do not expect to attend.

Proposals.

Sealed proposals will be received for thirty days for the construction of a Boiler for the Atlantic Steam Fire Engine.

For further information apply to the chairman of the fire department committee.

The Outer Diamond Shoal Light.

A Washington (D. C.) special in the Baltimore Sun says:—"There is a prospect that there will yet be a light-house erected on the most dangerous part of the entire Atlantic coast of the United States—the Outer Diamond Shoal, off Cape Hatteras.

It will be remembered that about a year ago an unsuccessful attempt was made by the contractors, Anderson & Barr, to sink and secure a foundation caisson, which was carried away and destroyed by a heavy storm the night after they had got it out to the point where the light was to be located. The firm has expressed a desire to be released from its contract, and it is now the intention of the Lighthouse Board to undertake the work itself. With that end in view, Captain A. F. Mahan, of the army, the engineer secretary of the Board, has been directed to draw up plans for building a light-house on the shoal.

The building of a light on this shoal is made very difficult on account of the treacherous, shifty nature of the sand of which the bottom is composed and the frequency and violence of the storms that prevail along that part of the coast so dangerous and make the necessity for the light so great.

The work, which probably adopted the same general plan that Anderson & Barr proposed to carry out—that of building upon a foundation composed of a caisson floated out and sunk and then filled with concrete, so as to make it practically a monolith. The caisson was to be sunk through the sands to bed rock, and the tower was to be built 150 feet above the level of the sea. The rip-rap embankment was to protect the base of the tower. Captain Mahan will report at the September meeting of the board, and it will then be finally decided whether or not the government will undertake the work of construction on its own hook without making further contracts."

It is hoped that every effort will be made to get the light-house built, and that at as early a date as possible. The dangerous character of the locality should call into use the greatest ingenuity and the most arduous efforts and they should not be relaxed until the light-house is established—completed and its warning rays and flashing far out in their life and property-saving work over the perilous surrounding waters.

Confederate Veterans and Pensioners.

All Confederate veterans of North Carolina are cordially invited to attend the encampment of the North Carolina pensioners to be held at the State Camp ground at Wrightsville Sound on the 16th and 21st days of August next. Pensioners upon proper proof that they are such will be passed over all the railroads and other veterans will be given greatly reduced rates, and subsistence and camp fare will also be furnished at nominal costs. A fine address and a good time is assured.

The following letter of information has just been sent us. It is desired that all newspapers in the State copy it.

HEADQUARTERS PENSIONERS ASSOCIATION.

General Orders No. 2.

All North Carolina Pensioners who served in the Confederate Army or Navy, and who are able to go into camp are requested to report at Wrightsville Sound near Wilmington, on the 16th day of August next for a few days enjoyment.

Transportation will be furnished male Pensioners on all Railroads in the State of North Carolina on their presenting a certificate to the conductor of the train, said certificate to be signed by the Clerk of the Superior Court of their County, with the County seal attached, certifying that their names are on the pension roll of their County. Present this order to the conductor with the certificate from the Clerk of the Court.

Pensioners will be met on the arrival of their train and conveyed to the camp ground free of all charge.

E. D. HALL, Adjutant General.

Wreck and Loss of Two Lives on the N. & W. R. R.

Winston, N. C., July 27.—A caboose attached to a freight train on the Winston Salem division of the Norfolk & Western road jumped the track while crossing a trestle over Dan river at 1 o'clock this morning. The car fell into the river, a distance of thirty feet. Playman J. E. Hamilton, married, and Mike Cochran, brakeman, were killed. Hamilton died instantly. Cochran lived twelve hours. Both men were white and lived in Virginia.
