It is difficult to make the man who goes it blind see the folly of his ways.

SENATOR HILL'S reported resignation probably applies to the political situation, and not to the Senatorship.

WHATEVER people may think about the Homestead strike the nerve of H. C. Frick compels admiration.

SOMETHING is wrong with the make-up of the man who cannot see sunshine in everything at this time of year.

THERE were 286 deaths reported in New York city Friday making 1,434 for the week, which is the heaviest rate in twenty years.

PRIVATE Washington advises say that the anti-option bill has proven a gold mine to the Congressional lobbyists, journalistic and otherwise.

THE Board of Visitors at West Point report favoring doubling the cadets by giving two to each Congressional District instead of one as at present.

WATERMELON candy is the latest. The juice of the melon is boiled down to a consistency of syrup and from this the candy is made. It is said to be very nice.

THE Democratic primaries were held here to-day. The party in this township is stronger than ever and the Third partyites can be counted on the two hands, it is said.—Raleigh cor. W. Messenger.

THE public bears much about the occasional fellow who wins a few thousand dollars gambling in stocks or in ordinary gambling establishments, but nothing of the 999 poor devils who "go broke" on the game.

THE Atlanta Journal says that "the Republicans will send money and speakers to North Carolina, and believe they can carry the State with Third party help." This suits us down to the ground. We always welcome capital from abroad, and in the Third party's "campaign of education" they need just that very thing—Republican help.

MEN are so peculiar that as a rule a man tells his wife the most when she asks him the least questions. A turtle will keep its head in if it is poked and bothered, and a man is a great deal like a turtle.—Aitchison Globe.

REPORTS from the democratic primaries held in the different precincts in Wake show party enthusiasm to be intense in the country. All meetings were well attended; delegates were elected in good feeling and in harmony; enthusiastic democratic speeches were made and law and order prevailed.

LOCAL NEWS.

NEW ADVERTISEMENTS.

Howard.

Big Ike—Safes for sale.

F. Ulrich—Old Virginia cheroots.

C. R. Thomas—Commissioner's sale.

The regular monthly meeting of the New Berne Yacht Club will be held at the club house tonight.

The meetings at the Church of Christ are proving quite interesting. Rev. Mr. Hawkins is making a fine impression upon his hearers. His subject tonight is "Why people commit suicide."

It will doubtless be of interest to the friends of Miss Lena M. Hudgins, of Greensboro, in this city, to learn that she is to be in Goldsboro for awhile, in charge of a special music class.

Mr. Daniel Lane was in town yesterday selling some of his peaches and cantaloupes. We took one of his beautiful Eaton's Golden Cling peaches into Mr. L. S. Wood's and weighed and measured. It measured 11 1/2 inches in circumference and weighed just thirteen ounces. Who can beat that?

A pretended drummer named Rosenberg—but who afterwards said his real name was Scagal—came to grief for passing bogus checks in Durham and Oxford, by which he secured \$150 in money. It was found on investigation that there was no such firm as he claimed to represent. He was traced by a Durham policeman to Selma and arrested. He was taken to Oxford to be tried for forgery.

A good pulverized shell rock pavement, similar to that in front of the Presbyterian church, is being put down in front of the Methodist church and of the building formerly used as the parsonage. Mr. Alex. Miller, who has had so much experience at work of this kind, is supervising it. It will extend from Dr. Street's houses to Mr. Geo. Bishop's. Now if the property owners on either side will extend the walk to the cross streets it will make a very handsome walk for that square.

Coming and Going.

The following parties passed through yesterday morning en route from Morehead to their homes: Miss Anna Burwell, Raleigh; Miss Blanche Williamson, Smithville; Mr. A. J. Pemberton, Fayetteville and Mr. Wm. Mudd Martin, New York.

Mr. Basil Manly returned to the city from a short stay in Morehead.

Mrs. J. A. Richardson and Miss Mand Amyette left to spend the summer in the Western part of the State.

The family of Mr. Geo. N. Ives left to spend the summer at Blowing Rock.

Mr. C. B. Foy left yesterday by steamer Albemarle of N. N. & W. line for a trip to New York, visiting relatives.

Rev. F. D. Thomas, of Warrenton, arrived and after spending a few hours in the city with his relatives left for Morehead where his family are summing.

Mr. O. H. Guion and family left to spend some time at Morehead. Also Mrs. L. L. Hendren and her daughter Miss Carrie.

Mrs. Henrietta Hay left to visit relatives in Morehead.

Mr. W. B. Boyd returned from Raleigh and went through to Morehead. He came back sooner than intended on account of the illness of his daughter at Morehead. We are pleased to learn, however, that she is better.

Rev. John Gibble, of Beaufort, who has been spending a short time in the city, and Rev. D. McLeod, of Beaufort, who has been attending the Baptist union meeting at Trenton, returned to their homes.

Rev. Homer T. Wilson, of Louisville, Ky., who is summing at Morehead, spent a short time in the city and returned to Morehead last night.

Mrs. A. E. Wadsworth, of Perfection, is visiting her sister, Mrs. J. W. Biddle. Mrs. Ed. Wadsworth is visiting relatives in the city.

The following parties passed through en route to Morehead: John L. Sullivan, Baltimore; Mr. and Mrs. T. A. McGroovy, Miss—McGroovy, and Misses Bessie and Alice McGroovy, of Columbia, S. C.

PRESENT IMPROVEMENTS.

Stores and Buildings Being Erected Thick and Fast.

Erecting new stores and dwellings and improving old ones is getting to be such an ordinary occurrence in New Berne that the work is taken as a matter of course and excites very little comment from those residing here. Let us, however, commence at the Presbyterian Parsonage and see what work of this kind we will find in progress from that point to the market dock, five and a half blocks.

First, the parsonage itself, having an additional two rooms added, one on each floor, and the roof of the old as well as the new part is being newly tinned.

Next to that we find Mr. O. Marks' handsome and convenient dwelling getting well under way and being pushed forward by architect Simpson with a force of about a score of men—carpenters, brickmasons, tinner and painters.

Next to that, the building that was so long the residence of Mr. Geo. Allen has been moved twenty-five feet farther back than before, and is receiving some alterations that will add to its appearance and comfortableness.

Passing on and crossing to Middle street we find Mr. C. E. Foy's house moved into a better position and ready for additions that will be built at once.

Adjoining this is Mr. J. J. Howard's pretty new residence, almost ready for occupancy.

Going on down to Pollock look half a square to the right and there is Mr. Stewart's elegant residence, on which the work has progressed far enough to show that it will be a gem of architectural beauty, one of the most elaborately ornamented buildings in the city.

Going on to the market we find that the two-story store of Mr. U. S. Mace in which the fire at the market was stopped after it had damaged it greatly, has been put in as good order as ever and is occupied again—Messrs. W. P. Burrus & Co. having just moved in.

Adjoining this in one continuous stretch and fronting on the market dock are ten good, new business stands with a plank walk and covered shed in front. Some of them are finished and occupied, the others nearly finished and engaged. They are as follows: First, a large building of Mr. U. S. Mace, divided into three stores, each 20x58 feet, and another compartment, one half of which is open and contains ten box stands for selling fish or other commodities. Each one of these has a hoping top so that any slum or water runs from it to a gutter and is conveyed immediately into the river, and the interior of each one is so arranged that anything can be put in on ice or not as preferred, and locked up each night. There is convenient space for walking all around and examining the articles exposed for sale. The rear half of this division of the building is a restaurant, which is already in operation.

At this point it is intended to erect a 15-inch brick wall for the safety of buildings on one side in case fire should break out on the other.

The next building is Mr. S. H. Scott's store, commenced just four weeks ago today, and which he moved into Monday.

The next one is Mr. J. F. Taylor's. It is 60x45 feet, and is divided into a double store for himself and a single store for Parsons Bros. They have all but a few weeks, as has also Mr. Samuel Parsons, who uses the upper floor for his sail loft.

Next is another building of the same size, to be divided into three equal apartments, each 20x45, for fish shippers. Architect Lane has a good force of hands at work on it now. It is about half finished, and as soon as it is completed, Mr. Lane will go right ahead and put up another two-story building for Mr. Taylor alongside, to be used for the same purpose. It will be 80x48 feet, and be divided into four apartments 20x48 feet. When these are completed Mr. Taylor will have stores that have a frontage of two hundred feet in the busiest part of the city, and the whole frontage of the stores of which we have been speaking, from Messrs. W. B. Burrus & Co. down will be three hundred feet, bran new, well finished and brightly painted. They make a decided change in the appearance of things in that locality.

The Democratic Executive Committee of Craven county is requested to meet at the Gaston House at 11 A. M., next Friday, July 30th, 1892.

Death of Mr. Thos. Williams.

Mr. Thos. Williams, one of New Berne's old citizens, died yesterday morning at 3:20 o'clock at his residence in this city, after a brief illness, of inflammation of the lining membrane of the brain.

The funeral services will be held this afternoon at half past five o'clock, from Centenary M. E. Church.

Mr. Williams was 77 years of age. He was born in Coventry, England, and moved to the United States with his mother and other members of the family when a youth. He was employed in New Berne in mercantile pursuits for ten years, then embarked in business on his own account in 1842, and continued in it up to the present, a period of fifty years.

Mr. Williams was a quiet, steady man who attended closely to his business and participated but little in outside affairs, though he was an active member of the Atlantic fire company in his young days and continued to be an honorary member.

He married Miss Sarah Ellis of this city. She preceded him to the grave by a few years. Two children survive as a result of the union—Mr. R. P. Williams, ex-Mayor of this city, and Mrs. J. A. Meadows.

Methodist Sunday School Conference.

From Mr. Daniel Lane, the secretary, we get the following information in regard to the Methodist Sunday School Conference, held at Grifton last Friday and Saturday.

The Craven and Grifton circuits held their annual Sunday School Conference together at Grifton, July 29th and 30th. Notwithstanding the hot weather, quite a good attendance was on hand.

Dr. Lofin, of Grifton, extended a very warm welcome to the delegates and visitors from the Craven circuit, to which W. B. Pearce, president of the conference, responded in a short but very earnest reply, and declared the conference ready for business.

About forty delegates were present from both circuits, representing twelve Sunday schools, 2,650 scholars are enrolled in these schools, averaging about 70 per cent. attendance.

There is a general improvement, with little exception, all over the work. Many names have been added since last conference to the Sunday school army. The work is accomplishing more than ever before for the Master.

A strong resolution urging earnest temperance work in the Sunday schools was adopted, and our Sunday schools are generally on the upward and onward march. The session was pleasant and profitable, and all left feeling that it was good to be there.

Views From an Alliance Signal Station.

Viewing the political horizon from an elevated moral standpoint, there appears some very strange satellites in the political atmosphere; and the most strange and unaccountable one, is he who rejects an imaginary enemy to embrace a *troupe*. This is what some of our former Alliance brethren are doing.

When you went into the Alliance did you not pledge yourselves to labor for the Education of the Agricultural classes, in the Science of economic Government in a strictly non-partisan spirit?

Brethren have you forgotten this pledge, this 1st article of our constitution? You who are arraying yourselves against your true friends in North Carolina are doing.

Let me entreat the so-called friends of reform, to look at the situation carefully, before you strike a friend to help a known enemy.

I thought when Elias Carr was nominated for Governor of N. C. every good Alliance man in N. C. could, and would, support him, and I think so yet.

Let me say to my brethren of the Alliance, look well, before you leave the principles of the Alliance, to become petty leaders in a discredited movement that in N. C. is sure to hinder the principles of "Economic government."

I do not think any good Alliance man in North Carolina can under existing circumstances support or recognize the "third party" movement. It is not a child of the Alliance, but some former Alliance men seem to be adopting it.

Elias Carr, our honored ex-president is a true and tried leader, he accepts and defends the reform movement in all its best features. As for Gen. Weaver the moral dignity of my ballot shall not be lowered by casting it for a man who can hate his country men, as Weaver hates us.

Brother, don't let some, rule or ruin, partisan lead you into a trap, purposely set to catch those who are not sufficiently educated to see through the thin covering that only partially hides the trap.

Education is the watchword of the Alliance. Education rises above prejudice. My duty to some of my fellow men whom I know do not see as far into this movement as I do, calls for this article! Yours for real reform, DANIEL LANE.

Bonds of the Norfolk, Wilmington and Charleston to be Floated This Week.

The road will run 855 miles, and when completed it will be an air line, with its connections between Charleston, S. C., and New York. The road will be opened up for traffic early next year.—Phil. Inquirer.
