A grandson of the officer began an investigation about two years ago, and his representative has reported to him that the claim has been allowed by the courts, which gives the Georgia family of McDonalds a fortune running into the millions, perhaps \$20,000,000. The exact amount is not given, but it is said to approach the above figures. One thing at least is not conjecturedthe inheritance has been allowed and the heirs identified, and it is a very large sum. The McDonalds are plain, hard-working farmers, leading the frugal mountaineer's life.

Bat, after all, the widest difference between the Alliance and the Third party is the spirit that controls them. The Alliance is for peace, brotherhood and prosperity: National Democratic Ticket, the Third party is for open war, devastation and ruin-any thing to. beat the Democratic party. The members of one are the wollds master-builders, those of the other are the tearersdown of what others have built.

> It is admitted that the Alliance and the Third party is a little mixed, but it wont be long before every man will be in his right place. Alliance men will be true to their principles, true to liberty and right, true to conscience and to God, and stand resolutely in the great Democratic party-the original and only peoples' party.

> On the paramount issues of the day the Democracy are one and inseperable. They stand for a reduction of the tariff and economy and reform in every department of Government, and they set their faces as flint against the Force bill. Alliance men would have preferred the nomination of some Democrat other than Cleveland. but as between Cleveland and Weaver they infinitely prefer Cleveland.

THE ALLIANCE AND THE THIRD PARTY.

In some quarters there is strange confounding of the Alliance very different; different in origin, purpose, constitution and spirit.

The Alliance had its origin in the distressed condition of the country generally and of farming interest especially. The Third party had its origin in dissatisfaction with the political situation as related to office, office-holders and office-see kers.

The purpose of the Alliance is to dignify labor, elevate agriculture and promote the moral, intellectual and material advancement of its members. The purpose of the Third party is to revolutionize the country; paralyze labor and energy by seizing the property of the citizen and giving it to the Government-in a word by exchanging for its ex-Confederate soldiers American liberty for Russian tyranny.

He told her she was a hopeless viotim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption; she bought a bottle and to ber delight found herself benefised from first dose. The Alliance and the Third par-ty are constituted differently. The Alliance is composed of broad-minded men who look upon labor as in the cure of Congh Croup and Bronchits, while its wonderful success imption is wi property as sacred, and believe that man's highest happiness is found in the enjoyments of home comforts in the enjoyment of home comforts in the sweet society of
