DUFFY'S MALT WHISKEY for medicinal use, for sale by JAS. REDMOND.

I. CALVIN SCHAEFFER'S WILD CHERRY ROCK and RYE, put up expressly for throat and lung diseases, for sale by JAS. REDMOND.

WE learn that of the eleven nominees of the Third party at the Raleigh convention seven are ex-Republicans.

THE Mutual Banking Security Trust and Safe Deposit Company, in which the Iron Hall funds are deposited assigned on the 17th of August.

CARR and Jarvis are making a great canvass. Other speakers are doing good service and the prospect of Democratic success grows brighter and brighter as the days go by.

AT Washington Park, Chicago, on August 17, the trotting mare Nancy Hanks made a mile in 2:07 1/2 taking the record which has hitherto been with Maud S, at 2:08 3/4 and Sunol 2:08 1/2, on a kite shaped track.

SENATOR M. W. RANSOM, Messrs. R. O. Burton and E. O. Beddingfield spoke at Jackson, Northampton county on Monday to a very large crowd. Great enthusiasm prevailed and much good was done.

It is stated that the Republicans are offering to defray the expenses of a contest by Kolb, the defeated Third party candidate in Alabama. What have the Republicans to do with it? Do they already regard the Third party in the South as an annex to their own political organization?

THE condition of affairs in Tennessee is truly distressing. Miners and State troops have had one or two skirmishes and a battle may take place at any moment. As far as reported the miners have got the better of the fighting, but their final defeat is inevitable. The convict labor system is at the bottom of the difficulty and must be abandoned.

GOV. BUCHANAN announces that he does not know what he will do concerning the convicts who have been sent back. The Governor inclines to the opinion that the Board of Prison Inspectors should declare the lease void because the times claim the authorities don't

protect them against mobs and insurrections and until they are protected in their working of the convicts, they will not pay for the support of the convicts.

WE have no personal acquaintance with Dr. Exum, the nominee of the Peoples' party for Governor of North Carolina, but we understand that he is a reputable and honorable citizen. His nomination is not a case of "struck by lightning." The party is in a bad way and needs a doctor, and as Exum was near by he was called in. We understand that he at once prescribed a bondage for the head, "Thompson's Eye Water," and a poultice to the spleen. Later, Patient reported to be sinking; pulse low; respiration irregular and difficult; temperature 105; occasional cramps and symptoms of convulsions. Dr. Harris, of Raleigh, consulting physician; Eaves and Butler professional nurses.

LOCAL NEWS.

NEW ADVERTISEMENTS.

Howard.

Auction sale.

W. T. Hill—Bicycle for sale.

Jos. A. Morton—Change in business.

C. E. Slover—Sugar cured hams, etc.

Fair weather today.

The Third Party tried Skinner again at the Congressional convention in the first district, but he wouldn't "gee" and they nominated E. A. Moyer of Greenville.

James, the infant son of Mr. J. P. Brogdon, of Trunton, died at Kingston Thursday night. Rev. T. M. N. George left yesterday morning to accompany the remains to the home of the parents and to conduct the funeral ceremonies.

It is a settled fact that Hon. Adlai Stevenson, Democratic nominee for vice-president, will speak in Goldsboro on Wednesday, September 21st. There will doubtless be thousands from the neighboring places there that day to hear him. From Goldsboro he is to go to Charlotte.

Dr. Frank Hughes is replacing the sheds in front of his stores on Middle street occupied by Capt. S. B. Waters and Mr. C. C. Green with new ones and he will also repaint the front of both stores. The work is being extended also to the adjoining store occupied by Messrs. A. Schult & Co.

Mrs. S. S. Whitford, widow of the late Col. John N. Whitford, died at her home in Beaufort yesterday morning, after an illness of several months, with an affection of the head. She was about 36 years of age. She was a devout Christian, and a member of the Episcopal church from early youth. She leaves many friends to mourn her death.

There were some good bargains made in furniture at the auction of the effects of the late Mrs. Caroline Patterson yesterday. The twenty-five shares of the National Bank stock sold well. They sold at 138. It was held in much better appreciation than the Government bonds. The highest bid they reached was 115. The remainder of the furniture will be sold today.

Three New Bern horses came in for a share of the honors at the Raleigh races. Mr. Jos. Kinsey's bay gelding Joel Kinsey won first money in the race for three-year-olds; Mr. Benj. Hahn's Roano W. won third money in one race, and Dr. Leinster Duffy's Abdallah won fourth money in one of the races in which there were nine entries, though he was placed at the disadvantage of drawing the ninth position, which put him on the outside of the last line of horses to start.

State Breeders' Association.

In accordance with previous notice a large and enthusiastic meeting of gentlemen interested in the subject assembled at the Mayor's office in Raleigh Wednesday night and the North Carolina Association of Trotting Horse Breeders was duly organized.

Col. Benham Cameron nominated Capt. B. P. Williamson as president of the association and on motion of Mr. Batchelor he was elected by acclamation. Benham Cameron was elected 1st vice-president and J. W. Bethell 2nd vice-president. Messrs. W. S. Kennedy, S. Banks Holt, J. H. Harden, E. B. C. Hambley, J. S. Carr, were elected directors and W. P. Batchelor was elected secretary and Treasurer, all by acclamation.

Mr. T. S. Hendricks, so well known under his air name of "Aurelius," was called on and addressed some brief but pointed remarks, which were frequently interrupted by applause. Messrs. R. S. Tucker, J. W. Menafes, J. N. Holding, J. N. Williamson and M. E. McCown were announced as a committee to revise the constitution and prepare by-laws and also to secure additions to the membership of the association.

Shell Rock Wanted.

Sealed proposals will be received for thirty days, for furnishing 1,000 tons shell rock, delivered on wharf at New Bern.

For further information apply to
W. D. WALLACE,
City Clerk.

Aug. 20th 1892.

RAILROAD AND MINING TROUBLES

New York and Tennessee Thoroughly Aroused Over the Strikes.

The troubles at Buffalo have assumed such proportions as to cause the Sheriff of Erie County and the Mayor of Buffalo to call for more troops. Governor Flower immediately ordered out 3,000 additional militia making 8,000 on the grounds.

The strikers were very threatening and some became so turbulent that the troops were ordered to charge upon them and it was only after bayonets were freely used that they were dispersed.

The strikers boldly proclaim that no more trains shall run between New York and Chicago.

Other troubles are anticipated at Louisville and Reading but railroad men express confidence in winning with sufficient military force for their protection.

IN TENNESSEE.

In Tennessee the situation is even worse. Large numbers of miners from Kentucky are pouring into East Tennessee to reinforce their comrades. Governor Buchanan is still confined to his home suffering from nervous prostration, but is determined to put down the rioters at all hazards. In addition to the entire force of the State militia, he has ordered the sheriffs of all the counties wherein trouble exists to summon large forces for assistance, and it is yet thought that Government troops will have to be called. The citizens are fully aroused and freely volunteer their assistance.

Repeated attacks were made by the miners on Coal Creek Station, and Camp Anderson, but were finally repulsed with heavy loss of life.

Telegraph wires have been cut in many places, making it difficult to get news.

Threats have been made against a number of State officials, and there is a reign of terror generally.

Sunday School Conference.

The New Bern District Sunday School Conference began its session at the appointed time yesterday morning. Prof. G. T. Adams made the address of welcome. Rev. B. R. Hall, of Goldsboro, responded, and in the absence of Rev. C. H. Robinson, of Morehead, who was assigned to the duty, Mr. W. L. Arnold, Superintendent of the Sunday School at Morehead, made a good talk on "The Teacher and his Class." The usual work in the way of reading reports, etc., was gone through, and the convention adjourned to the afternoon.

At the afternoon session, Rev. F. D. Swindell, presiding elder of the Wilmington district, made an admirable address, and the regular routine of business was transacted.

At night there were a number of short talks on "How can the schools be induced to prepare the lesson?" "What to do with those who will not prepare them," and kindred topics, after which the main discussion of the evening, "The Sunday School a Factor in Saving the Boys," was indulged in by Rev. B. R. Hall, of Goldsboro, and Rev. F. L. Reid, of Raleigh, to the edification of all hearers.

The meetings are proving quite interesting. Good singing is a feature of the conference. Every one, irrespective of denomination, is invited to attend, and numbers outside of the Methodists are availing themselves of the advantage of hearing matters relating to Sunday School work discussed by both ministers and laymen.

Coming and Going.

Mr. W. H. Pearce and family left for Seven Springs yesterday morning.

Mr. H. B. Duffy left to spend some time at Buffalo Lithia Springs.

Mrs. M. Makely and her daughter, Miss Agnes, left to visit relatives in Alexandria, Va.

Mrs. Sam'l P. Smith of Charlotte, who has been visiting at Judge H. R. Bryan's, left to visit her mother, Mrs. M. E. Bidle of Fort Barnwell.

Mrs. C. B. Hill and Miss Hattie Scales left to visit friends and relatives in Raleigh.

Mr. C. J. Thorburn, of New York, who has been visiting Mr. Thos. Daniels, left, returning home.

The steamer Neuse brought in the following passengers: Mr. Jos. B. Clark returning from a Northern business trip; Mr. N. Pugh returning from a six months stay in Philadelphia; Mr. Eddie Powell and his sister, Miss May, from a visit to relatives in Ocean City, N. J., and Miss Ada Owens of Portsmouth, coming to visit Mrs. A. E. Hibbard.

Mr. W. M. Rountree left for Durham to take a position in a leading dry goods firm of that city.

Mr. and Mrs. Jonathan Havens arrived last night from a trip to various points of interest in the western part of the State, and report having had a magnificent time.

Judge H. R. Bryan returned from Johnson county, where he has been holding court.

Mr. B. P. Williams and his son Ellis left for a week's sport at the Straits.

Misses Maggie Bryan and Calvine Howerton left to spend some time at Morehead.

Mr. and Mrs. W. R. Swindell returned from Hyde county.

Hon. E. O. Beddingfield arrived in the city last night and is registered at the Gaston House. He will leave this morning to make an address at Stoneville.

Mrs. Zoellner, of Chicago, who has been spending the summer at Morehead, left on the steamer Neuse for her home.

NEW BERNE COLLEGIATE INSTITUTE.

Its Catalogue, Equipments, Methods, etc.—A Fine School From the Primary to the Collegiate Department.

The catalogue of the New Bern Collegiate Institute is out. It shows 212 as the total number of students last year—45 in the primary department, 66 in the intermediate, 72 in the academic and 21 in the collegiate. The music department had 24 students.

The larger portion of the patronage of the school was from this county but it drew pupils also from a number of other counties and had one each from the States of Maryland, Virginia and Massachusetts.

The faculty of the school the coming term will in the main be the same as last year. Prof. G. W. Neal, however, withdraws and Mr. John Stanley Thomas leaves to continue his theological studies at Princeton. The vacancies will be filled by competent instructors.

Voice culture and vocal music are prominent features in all the departments of instruction. Regular lessons are given without extra charge and every student is required to take them. These lessons impart a clear and comprehensive knowledge of the fundamental principles enabling students in a short time to give force of expression in singing and to read music at sight.

The library now contains about 1,000 valuable volumes to which the works of standard authors are constantly being added. Beside these the reading room will be supplied with the leading magazines, periodicals, reviews and the best daily and weekly papers representing the various sections of the United States, and students will be encouraged to devote all the time they consistently can to these books and papers. To cultivate a taste for such information, a few minutes every morning will be devoted to news of the day and two good boys and girls appointed beforehand to read before the school at stated times, budgets prepared on commerce, politics, religion, domestic and foreign affairs, etc.

The school has two literary societies—the Hypatian for young ladies which holds weekly meetings on Tuesday evenings at some private residence and the Demosthenian for the young men. It meets every Friday afternoon in its hall on the first floor of the building. Its special work is the training of young men in the art of debating, declaiming, writing orations and in acquiring a practical knowledge of parliamentary law. Students are not obliged to join either society, but all are solicited to avail themselves of the advantages they offer.

Special emphasis is laid upon thorough practical work in all departments and branches.

There are a number of valuable prizes given each year—the leading one being a scholarship—one year's tuition in the school, or \$40 in money to the student that makes the highest grade of scholarship during the scholastic year. The last one was won by Miss Elizabeth Porter, Cove, N. C.

The building is well adapted to its purpose. It has a large campus and is located in a remarkably healthy city, and board can be procured for students at low rates.

Thus it will be seen that the school offers a combination of advantages not often possessed and any parent would be doing a good part by his children to give them the training it bestows.

AHEAD OF ALL.

North Carolina Surpasses all Other Southern States in Cotton Factories.

North Carolina has not got as many north cotton factories as some other States but what is better she has got more of them, and another gratifying condition is that there are so many more when the spindles are counted North Carolina surpasses any other State.

The Textile Manufacturers' Directory, gives quite different figures from those of the census of 1892, in regard to the number of cotton mills in the South. There is no doubt that these figures are correct. Number of cotton mills in Georgia, 80; in South Carolina, 57; in North Carolina, 157. Number of spindles, Georgia, 517,761; South Carolina, 513,898; North Carolina, 541,961. This gives North Carolina 24,190 spindles over any State in the South.

The Rocky Mount Argonaut says truly of the above statement that it is a grand one, and one that North Carolina should be proud of. Our manufacturing interests are gaining day by day, and better than all, they are all paying and paying well. Twenty to thirty per cent. is realized from many of our mills. Surely, the dawn approacheth.

Public Speaking.

Hon. Octavius Coke has appointments at the following places at the times specified.

Beaver Creek, Monday, August 22.

La Grange, Tuesday, August 23.

Vanceboro, Thursday, August 25.

Bayboro, Saturday, August 27.

Hon. E. C. Beddingfield at Riverdale, Monday, August 23.

Pollockville, Wednesday, August 24.

Hon. Walter R. Henry will speak at Aurora on Monday, August 22nd and at Jamestown on Tuesday, August 23rd.

GROWING IN FAVOR.

Cypress Rivals White Pine for Sash, Doors, and Blinds—Brisk Demand for Such Products Encouraging Outlook for Factories.

New Bern needs and should have more manufacturing industries. They are essential to her progress. We have urged the importance of wood working factories. We regard them as second to none and we see that one kind of lumber, cypress, which abounds in this region, the chief use of which heretofore has been the manufacture of shingles is coming into vogue for higher purpose of making sash, doors and blinds. On this point a New Orleans correspondent of the Tradesman says:

In the capacity of traveling salesman for cypress lumber and cypress sash, doors and blinds, I can say that the prices have advanced from \$3 to \$7 in the last two years. In the past year two large cypress mills were erected in this section and they have more than they can do. Cypress is fast taking the place of white pine throughout the United States. Two years ago where one car went into Texas and Kansas, today twenty cars are shipped. Some six years ago the first car load of cypress was shipped to Chicago and today it is being shipped by the million. The outlook in Texas and Kansas is very encouraging. All mills are filled up with orders.

New Orleans has one of the finest sash, door and blind manufacturing plants South of St. Louis. This is the New Orleans Manufacturing and Lumber Company, limited. This factory consumes 150,000 feet of cypress per week and an equal amount of pine. It employs about 170 hands. This is the first plant to make sash, doors and blind out of cypress and to enter the field in competition with white pine. They now have more orders than they can fill. Texas, Kansas and Louisiana are among their outlets.

Sash, doors and blinds are advancing in price today they are from five to ten per cent. better than one year ago.

Five years from now the cypress and yellow pine mills of the South will be what the white pine mills of the North have been in the past.

With such activity in the market as indicated by the above statements, why should not such factories be a paying investment for some enterprising New Bern man or company? The New Bern Lumber Company set a good example by making investigations and establishing a first class ice factory, a kind that would not at first have suggested itself but which on being looked into promised well, and they are reaping well the reward of their pluck and sagacity, as their business requires them to more than double their capacity inside of twelve months and they are running night and day and still find it all they can do to fill their orders.

Other spheres of manufacturing are open. Who will be the next to make such an investigation and branch out with originality in a new enterprise of a kind that is not now catered to in the city.

Different Feeling for Confederates.

Our Third party friends ought to consider the fact that while Weaver the blatant and audacious owner and hater of the South has always delighted in calling them rebels, our former candidate for Governor, Elias Clegg, was the man that first originated the idea of a Soldier's Home for the old Confederates and showed his faith by his work in sending a check for \$100 to help keep it up. Washington Gazette.

Lost.

On Middle street, between Radcliffe, restaurant and the Racket store, a Knight Templar's badge, a keystone on one side, a cross and crown on the other. Finder will be rewarded by leaving it at H. J. Lovick's.

Notice.

On and after this date Shaving will be Ten Cents at my Shop, Middle street.

New Bern, N. C. John Brown August 20th
