THE CHOLERA ABROAD.

Steady Increase of the Disease in Hamburg.

HAMBURG, September 7.—Seven hundred and two cases of cholera yesterday; deaths, 333; an increase of 28 new cases and 69 deaths.

St. PETERSBURG, September 7.—The cholera returns for September 4th, for the whole Empire, place the number of new cases at 4,779; deaths, 2,073—showing an increase of 103 new cases compared with Saturday.

PARIS, Sept. 7.—The prefect of police has begun to issue daily bulletins, giving the number of new cases of cholera in Paris and the suburbs and the number of deaths. According to these figures 89 new cases and 47 deaths occurred Monday in Paris and in its suburbs and yesterday, 50 new cases and 32 deaths.

HAVEE, September 7.—Twenty-seven new cases and seven deaths of cholera yesterday. The disease is about at a standstill.

AT NEW YORK QUARANTINE. NEW YORK, Sept. 7.—The steamship Wyoming arrived last night with 278 cabin and 363 steerage passengers aboard, including fifty Russian immigrants who will be detained some time.

The City of New York also arrived. She will probably be detained five days.

The Waisland got in during the morning from Antwerp, with 100 cabin and 475 steerage passengers, and the Spree, from Bremen, during the afternoon.

Altogether there were twenty-eight steamers from all parts of the world at the quarantine station this morning.

There were no fresh deaths or new cases on the Bagia or Normannia up to this afternoon, but it is expected several of the sick will die.

GROVER CLEVELAND

Leaves Buzzard's Bay for a Visit to New York.

BUZZARD'S BAY, Sept. 7.—Cleveland surprised the reporters by going to New York this afternoon. It is said he will be gone a day and he admitted the visit was of a political nature. He will make no speeches. The query is—is it to see Hill.

Of Interest to the Farmer. By a proper succession of crops the garden may be made doubly productive.

Look after your colts in pasture every day and keep them tame and familiar.

Don't let weeds ripen seeds before you mow or pull them and add them to the manure heap.

It pays to compost manure, as a rule, thus making it more available, less bulky and free from weed seeds.

Too many farmers think that all there is of farming is to plow the ground, sow the seed and harvest the crop.

A good clover field, cut once for a hay crop and again for seed, will give a net return that is not excelled in many staple branches of agriculture.

Stock that is fed lightly and not given much water for a day or two before shipping will shrink less than if stuffed to their full capacity.

A horse cannot be properly fed at a less cost than thirty cents per day. This makes a heavy drain when a farmer carries one or two idle heads.

TO ELECT REPUBLICANS.

President Butlers Warning Against the Dangers of a Third Party State Ticket.

Mr. Marion Butlers is President of the Farmers Alliance in this State. He edits the Clinton Caucasian. We ask every 3rd party man in Eastern Carolina to read what he says below in reference to the Democratic party. If any one doubts the accuracy of this send and get a copy of the Caucasian of July 14, 1892.

In this editorial he says, "What is there to be gained for Reform by defeating the Democratic State ticket? Nothing, but much to lose, let the result be what it may."

"From the present outlook we very much fear that the People's party will put a State ticket in the field and possibly tickets in every county, such action if taken, would be greatly to be regretted, and should be prevented if possible. What ever differences may exist among North Carolinians over questions over questions of national policy, there should be none in the State where Anglo Saxon rule and good government is the paramount issue."

If the People's party puts out a State ticket then the present State ticket headed by Elias Carr, which upon the whole is an admirable one, is almost sure to be defeated. It will be defeated by the People's party ticket.

Now a word to those who have joined the People's party. What is there to be gained for reform by defeating the Democratic State ticket? Nothing, but much to lose, let the result be what it may. If you elect your ticket you do it at the sufferance of the Republican party, and you are at their mercy now and in the future. If you are the cause of the Republican party capturing the State you have given a heavy blow to the cause of Reform and put the management of your State in unworthy and incapable hands. Let not those who want office more than they do Reform persuade you into taking any such unwise action.

If the People's party candidates are run for the Legislature then the chances are that the Republicans and the Railroad influence will control the next Legislature. This would not only mean misrule for two years if no more but it would undo all the Reform gained by the last Legislature. The reformers can control the next Legislature as easily as they did the last if they will stand together and not run a Third party ticket. The same applies to nearly every Congressional district in the State.

In this district the people have control of the convention, and can nominate a man who will stand by the people in Congress. We did it two years ago and we can do it again. If three tickets are run in this district the chances are in favor of the Republicans being elected.

Children Cry for Pitcher's Castoria.

Why Democrats Should Work.

The following from the New York World worth remembering: Every Democrat in the country should do his utmost to elect Grover Cleveland this year because—

The election of Cleveland means the restoration of Democratic principles to national affairs not for a term but permanently. Because the election of Cleveland will put an end to billiodollars. Because his election will bury the force lill idea with no hope or chance of a resurrection.

Because his election will be the first step toward the breaking down of that kind of tariff taxation which aims to enrich the few at the expense of the many.

Because it will put a final end to the policy of centralization in which the republic's greatest dangers lies.

Because it will free the country from the scandal of Baum, Elkins Wood, Wanmaker and the rest of the personal slimes that have blotted its fair name.

Every workman should do all he can for the election of Grover Cleveland, because his election will go further than anything else could to restore to the party and honesty of government which independents seek.

Every workman should do all he can for the election of Mr. Cleveland because his election means a popular government, the equality of men and end to the false conditions which make Carnegie possible and permit Pinkertonism to run riot. It means equal laws for equal men and an end of favors to the few.

Mr. Cleveland and the Farmer. We do not believe that there is a man in America who would sacrifice so much for the American farmer as Grover Cleveland. We not only believe it. We know it. How! because he sacrificed his reelection trying to relieve him of his burdens. Prominent gentlemen asked Mr. Cleveland if he did not think that his tariff message would bring down the condemnation of the money power on his head, and probably defeat him. His reply deserves to live:

"Gentlemen, I have given those matters thorough consideration. I have done right. I am willing to accept the consequences for myself and my party. In what I have done I have had in my mind one man, who has been oppressed, bowed down, well nigh ruined by taxation—that is the American Farmer."

1,000 GOOD DEMOCRATS WANTED.

Letter From Grover Cleveland. GRAY GABLES, BUZZARD'S BAY, MASS. July 13, 1892.

WILL S. HAYS: Dear Sir—I received a copy of the song you have written to be used as you say, for an "encourager" during the approaching campaign. I believe, with you, that the influence of songs and music of the right sort ought not to be overlooked as important adjuncts to a political campaign; and so far as I am able to judge, this latest production of yours must serve a good purpose in that direction. One thing I am certain, the composition of this song by you is a sure demonstration that the composer is actuated by the sort of spirit and enthusiasm which wins elections.

The following song is the only by our coming president recognized CAMPAIGN SONG:

CLEVELAND IS THE MAN. Come rally round the good old flag, and give them loud huzzas. Let every man do what he can, to help our noble cause.

For Cleveland and for Stevenson we'll battle every storm, And pass the cry along the line for Revenue Reform. Shout! boys! shout! our cause is bound to win!

For honest Government we'll fight, for all that's true and fair, For Grandpa's hat will get nash'd flat, when Grover takes his chair. He ran this grand old country once, as president did reign.

As Democrats let's put him back, to run it once again. Shout! boys! shout! etc., Let Democrats throughout the land, for gallant Cleveland shout.

From every throat and cast his vote, and man for man turn out, Let's win our cause, the world's applause, and do all that we can, Work day and night with all our might for Cleveland is the man. Shout! boys! shout! etc.
