THE real danger in the Force bill lies in the clause which Federal officers would certify the return of the members elected to the House of Representatives. It don't matter who gets the votes. It don't matter who has five or six or ten thousand majority. The Federal supervisors fixes the identity of the individual who attends before the speaker, and to be sworn in on the day when Congress organizes.

SEVERAL years ago the leather industry had begun to decline to such an extent that it was seriously contemplated to abandon the entire industry. The operatives were reduced to a condition bordering on misery. Then some representatives came down to Washington and caused hides to be placed on the free list, and forthwith under the stimulus of this admission of free raw materials, the leather trade of the United States leaped at once into a condition of unprecedented prosperity. We can defy competition in any open market in the world. The direct cause of this unprecedented prosperity in that industry is through placing hides on the free list.

It cannot be long before the great body of consumers in this country realize the daily tax levied upon them by the McKinley tariff. Let us take a few of the commoner necessities of life. The tariff on woolen fabrics is from 40 to 70 per cent. On cotton goods the tax is from 40 to 60 per cent. Shoes are taxed at 25 per cent. for the commonest styles, and more for the better qualities. Cheap crockery is taxed 45 per cent., common glass tumblers and lamp chimneys, 60 per cent. Were it not for these enormous taxes on common articles of daily consumption the working man could live from 40 to 60 per cent. cheaper than he is now able to do. This bonus, to which every workman contributes, goes directly to the manufacturers in increasing the profits of their business.

THE Homestead affair, like every lockout, shows the fallacy of protection as a benefit to labor. Harper's Weekly exposes the fallacy of the thing neatly in this paragraph: "During that famous period when the United States had a low tariff, from 1844 to 1861, wages have been as much higher than

those in any European country as they are now, and during that low tariff period they were steadily rising. Wages in this country have always been higher than European wages, not on account of any tariff, but on account of the circumstances surrounding us—the large quantity of cheap, fertile, and easily accessible land; the almost inexhaustible abundance and variety of natural resources inviting enterprise; the numberless opportunities for fruitful activity; the exceptional energy and productiveness of labor in the country, etc.

Hansel Street M. E. Church has purchased pipe organ. It is expected to arrive next week.

There will be a special song service held at the Y. M. C. A. tomorrow afternoon at 8:30 o'clock.

Every voter in the State should read every line of Senator Vance's letter which was published today.

Robert Green, the oldest barber of the city died last night about 7 o'clock. He was about 87 years of age.

Carl your eye in the window of Meers, Hockburn & Willet's dry goods department as you pass by and see the clown and his antics.

Gen. Adia H. Stevens came to his regular address to the people of North Carolina for the present to a conference held at Rocky Mount, Thursday.

The funeral of M. J. M. Kline will take place at half past ten o'clock, this morning, from the residence of Mrs. J. H. Chapman. Funeral services will be held at 10 o'clock.

There are no new cases of cholera in New York. They have been very fatal in all forms in that city. The pathological examinations, in the case of John Carr who died at Raleigh in New Brunswick, N. J. showed that his disease was genuine cholera.

A skilled veterinary surgeon is a useful man in a community, and New Berne is soon to have one who has studied up on this subject. Our townman, Mr. Ferd. Hahn, left yesterday to take a course in Veterinary surgery at the New York Veterinary College.

The Fair at Edenton will be held Oct. 23, 24, 25 and 26. It promises to be held there and to be magnificent. Now if every other fair would do the same thing and strictly adhere to one of the greatest errors that was ever connected with these public exhibitions will have been removed.

Col. John L. Morehead, of Charlotte, introduced resolutions in the meeting of the Stockholders of the A. & N. C. R. R. heartily endorsing the present administration and recommending President Chadwick to the incoming Governor for reelection next year. They were adopted unanimously.

The University of North Carolina has established two Thomas F. Wood scholarships—one in medicine and the other in the University. The occasion being the presentation by Mrs. Wood of the library of the late Dr. Thos. F. Wood, of Wilmington, which is valued at \$5,000 and is composed of carefully selected works on medicine, botany and general subjects.

Rev. L. L. Branson, of Raleigh, is proposing to issue this winter another volume of "North Carolina Sermons." This will be the third of the series. It will contain thirty sermons by leading ministers of the State from various denominations—each sermon by a different minister. Over a thousand copies have already been engaged. Mr. Branson arrived last night in the interest of that and his other publications.

All citizens should take pride in keeping the sidewalks and the portion of the street bordering upon them in front of their residences in a clean and tidy condition. At some places graps and ground pea hulls, etc., in considerable numbers can be seen barely swept beyond the limit of the sidewalk and left scattered around promiscuously. They are unsightly and besides, it has a tendency to aid in promoting disease as they decay. Such refuse should always be placed in a box or other receptacle for the city wagon to take away as it goes its round.

The welcome meeting and social gathering at the Y. M. C. A. hall last night was a very enjoyable affair and passed off as planned. The address of welcome by President Adams, Mr. S. M. Brinson, Rev. R. A. Willis and Mr. T. A. Henry were all short but pointed and admirably adapted to the occasion, and the response of Mr. Thos. G. Wilkinson, the new Secretary, was also good and appropriate. Religious exercises preceded the speaking, and the speaking was interspersed with the singing of hymns. After this part of the programme was over, games, music and conversation were indulged in to the enjoyment of all until the time of departing.

The State Fair and Centennial.

A large four page publication called the "State Bulletin and Raleigh Centennial Herald," has been received at this office which is full of descriptions of special attractions which will be presented at Raleigh during the State Fair. In the same week Raleigh will celebrate her one hundredth anniversary, and these two occurrences combined bid fair to make the week one of the most interesting and attractive ever known in the State.

It is evident from the publication received by this Tuesday, Oct. 13th, the opening day of the Fair and Centennial will be no grander day of the week; for on that day will occur a great Allegorical Historical Civic and Trades procession, in which will be the most gorgeous and magnificent floats, representing various interesting events, ever seen in the State.

It will be no more brilliant and attractive than the famous parade. In fact it will partake of the nature of a circus parade; for in the procession will be seen the special features of "Pawnee Bill," "Wild West Show," This show, which is the greatest outdoor show on earth, representing all the thrilling phases of wild western life, will give a performance in the open air every day at the Fair grounds. It includes over 100 Indian bowmen, and 100 mounted cowboys, including bucking horses, and cowboys, buffaloes, etc.

There will be a display of fireworks on the night of the Fair week never before seen in the State. The "Bulletin" contains a programme of this pyrotechnical display, and the programme complete in this edition.

On Thursday will occur the laying of the cornerstone of the Confederate monument, which is cost \$15,000.

On Friday there will be a grand military procession and regatta practice, and on Saturday there will be a grand regatta, including grand regatta, grand regatta, grand regatta, special regatta, and many other things to particularize. There seems to be no doubt that the coming Fair will be the grandest ever held in the State.

It is expected under their names that the following will be the names of the judges:

Any one can obtain particulars by addressing H. W. Ayer, secretary, Raleigh, N. C.

Cholera in Europe.

At Petersburg there is a slight decrease in new cases, and deaths from cholera but it is increasing at several places in Europe.

At Hamburg on Wednesday there were 180 new cases and 97 deaths. The previous day there were 119 new cases and 64 deaths. At Brussels it is spreading both in the city and suburbs. In Paris and suburbs, there were reported 59 new cases and 29 deaths. At Berlin people living and employed on barges, are becoming infected with cholera more and more every day, a fact that is causing much anxiety. Three cases and one death are reported at Rotterdam and there are isolated cases at several other places in Holland.

Weaver in Georgia.

Gen. Weaver and his co-laborer, Mrs. Lease, held a speaking in Columbus, Ga., Thursday. There were about 800 present, about one-third of them Third Party men.

Weaver's speech consisted of denunciations of the Democratic party, and charges that all the evils and distress of the country were attributable to it.

Mrs. Lease sailed into the Democratic party lively. She extolled Weaver and the Third Party, and characterized the Atlanta Journal as a lying sheet and its representative as a liar.

Third, Horton, the Journal reporter who got the affidavits of parties in Pulaski, showing forth Weaver's brutality during the war, was on the stage and immediately sprang forward, stating he had affidavits in his pocket to prove the correctness of the Journal's reports and would read them.

Gen. Weaver declared that he had engaged the house and Horton should not read the affidavits. Great confusion ensued of cheers and hisses. Finally Horton was taken from the stage. He told Weaver that he could not read an insult from a woman, that her sex protected her, but he would hurl the lie in the teeth of any man who would step out as her champion.

Cleveland and Carr clubs are still being organized in the county but there are not enough of them yet. Every neighborhood ought to have a good and wide-awake club. They should meet at least once every week, probably on Saturday afternoon is the best time, and have a few short speeches and discussions upon the situation. The following clubs are already in good trim for valiant service, with our city club as a starter: A club just across Neuse river, with S. W. Latham as President; Jasper, W. W. Prescott, President; Thurman, J. C. Thomas, President; Fort Barnwell, M. E. Carr, President; Cove, G. W. Richardson, President, and one at Harlowe with J. S. Marton as President. If there are others in the county we would be glad to have their addresses and publish any notice they may desire.

WHICH SHALL COME DOWN!

That's the question between the Third Party and the Republicans.

T. B. Bailey, Esq. of Mocksville, arrived in the city yesterday on the belated Richmond & Danville train. Mr. Bailey was just from Raleigh. He traveled with Dr. Ekum as far as Lexington where the latter got off to fill an appointment. Mr. Bailey said he learned while in Raleigh that the People's party had given the Republicans fifteen days in which to take their ticket down, and if they didn't do it in that time, they (the People's party) would take their own.

The expiration of the fifteen days of Third party grace will be watched for with interest by Democratic onlookers.—Charlotte Observer.

Mr. R. C. Kehoe returned on the steamer Neuse from a visit to relatives in Massachusetts.

Messrs. Dan and Herbert Roberts left on the steamer Neuse for Baltimore to take a course in Saddlery's Bryant and Stratton Business College.

Miss Florence Garner of Beaufort came yesterday en route to Norfolk to teach school and is visiting Miss Nellie Walker.

Mr. Ed. Lewis Jr., who has been visiting his father left for his home in Wilmington.

Mr. E. B. Haeckum returned last night from a Northern business trip and Mr. R. F. Broadus from a business trip to Virginia.

The Normal and Industrial School.

The date of the opening of the State Normal and Industrial School has been postponed from September 25th, to October 5th. This change has become necessary on account of an unexpected delay in receiving from the manufacturers the hot-water heating apparatus. The material has been shipped, and part of it received and put up. The authorities feared that everything might not be ready by the 25th. President Melver receives new applicants for admission every day. The institution will open with its buildings full, and about fifty students, who could not be received into the college dormitories, have secured board in private families.

Notice.

The annual meeting of the New Berne Building and Loan Association will be held at the Y. M. C. A. hall, on Wednesday evening, Sept. 28th, at eight o'clock. L. H. CUTLER, Pres.

Letter From Grover Cleveland.
GRAY GABLES, BOZZARD'S BAY, MASS.
July 13, 1892.

WILEY S. HAYS.
Dear Sir—I received a copy of the song you have written to be used as you say, for an "encourager" during the approaching campaign. I believe, with you, that the influence of songs and music of the right sort ought not to be overlooked as important adjuncts to a political campaign, and so far as I am able to judge, this latest production of yours must serve a good purpose in that direction. One thing I am certain, the composition of this song by you is a sure demonstration that the composer is actuated by the sort of spirit and enthusiasm which wins elections.

Very truly yours,
GROVER CLEVELAND.

The following song is the only by our country president recognized CAMPAIGN SONG:

CLEVELAND IS THE MAN.

Come rally round the good old flag, and give them loud huzzas,
Let every man do what he can, to help our noble cause.

For Cleveland and for Stevenson we'll battle every storm,
And pass the cry along the line for Revenue Reform.

Shout! boys! shout! our cause is bound to win!
We vote for Cleve and stick to Steve and see that they get in.

For honest Government we'll fight, for all that's true and fair,
For Grandpa's hat will get mashed flat, when Grover takes his chair.

He ran this grand old country once, as president did reign,
As Democrats, let's put him back, to run it once again.

Shout! boys! shout! 'ere,
Let Democrats throughout the land, for gallant Cleveland shout.

From every throat, and cast his vote, and man for man turn out,
Let's win our cause, the world's applause, and do all that we can.

Work day and night with all our might for Cleveland is the man.
Shout! boys! shout! 'ere.

Reduced Price, 25 cents, regular price in Washington, 10 C., 40 cents.
I have 1,000 copies on hand and must sell them.

JUDGE SEYMOUR'S DECISION.

The Roanoke Railroad Liable to Taxation.

From the Wilmington Messenger we take the following written by a Raleigh correspondent:

Judge Seymour, of the Federal court, has filed his opinion in the case involving the liability of the Seaboard and Roanoke railway to taxation. It is ruled that the road itself is not liable to taxation, but that its stock is liable. "The tax is collectible for every year since 1866. No time runs against the State, no possible presumption of payment exists. [This tax is not one upon the stockholders, it is one upon the corporation itself.] The judgment is that the State recover the amount of the tax according to the admissions agreed on, namely, as a matter of 20 cents per share (though as a matter of fact the shares are liable to the full tax of 25 cents per share for each year during which the company earned six per cent. This period is from 1866 to 1892 inclusive and the average number of shares was 12,400 making the amount due and allowed by this judgment \$27,140. The attorneys of the railway will meet they will appeal to the Supreme Court.

Judge Seymour says he expects Saturday to file the opinion in the case involving the liability of the income tax on oil. If your correspondent may hazard a guess as to this case it may be that the decision is in favor of the State's right to impose the tax.
