**THERE** are 15,000,000 adult male inhabitants of the United States, and 2,000,000 colored, Chinese and Indian inhabitants above the age of twenty-one.

**THE** center of population in this country, which, at the close of Jefferson's term, was forty miles north-west of Washington, is now twelve miles east of Columbus, Ind.

**BOXES** people go about reforming the work like a horse moves toward a brass band; there's a good deal of prancing and parade about it, but not much progress.—Ram's Horn.

**A** former one of old practices of Southern Republicans which the Third party in the South has adopted, is that of appealing to the National Republican Committee for money.—Alexandria Gazette.

**EVERYWHERE** there are indications of coming victory for the Democracy. The overwhelming victories in Florida and Georgia have greatly discouraged the Third party.

**GOV. CAMPBELL** introduced Gov. Stevenson to an Ohio meeting of Democrats as that efficient Democrat who had at his request out of the heads of sixty-five Republican politicians in two minutes!

**THE** Council of the Order of United Mechanics has concluded its session. The word "white" was retained in the constitution by a vote of 29 to 16. Missouri and Kansas were placed under the jurisdiction of the Council. The Councils are formed in these States. State jurisdiction was forbidden to establish branch or life insurance companies, and power to legislate on matters was taken from subordinate Councils.

**Barbecue** Committee. The committee appointed by the Cleveland and Carr Club to arrange for the barbecue on the 19th inst. will meet at the office of R. R. Street this afternoon at 2:30 o'clock.

**Barbecue** Committee. The committee are J. J. Banks, E. H. Jones, W. H. Cohen, J. A. Jones and R. R. Street.

**LIEUT. GOV. SHEENAN,** chairman of the Democratic Campaign Committee, asserted that he has positive proof that the Republican managers are importing men from Pennsylvania and negroes from many Southern States into New York, and that attempts will be made in smaller cities on Saturday of this week, the first day of registration, to register many of these people.

**THE** Democratic State Executive Committee of Nashville has arranged with R. W. Tucker, ex State Lecturer of the Alliance, to follow in the wake of Governor Buchanan and speak at the most important points where the Governor delivers his address. Mr. Tucker has been doing noble work for Democracy and that the Alliance refused to again make him State Lecturer was due to the fact that he had declared his intention of remaining in the Democratic party.

**Y. M. C. A. Business** meeting, tonight. Monthly social Friday night.

The contract has been let for the erection of a new cotton mill in Durham—the fourth in that town.

Ten new pupils entered the New Berne Collegiate Institute yesterday morning, swelling the roll to 130.

The Little Helpers are requested to meet at the residence of Mrs. George Henderson this afternoon at five o'clock.

The Morehead City Enterprise says that the White Oak Lumber Company, Mr. Terry manager, will put up a planing mill soon at Carolina City.

Shipments of fall truck crops are commencing. The first peas went off a week ago, and yesterday the steamer Neuse took out a small shipment of beans.

The Catholics will celebrate next Sunday, the fourth centenary of the discovery of America. Bishop Hall, of North Carolina, will officiate at the services. He will also officiate in both churches.

The Elizabeth City Economist-Falcon says it has been reported, that dead bodies and other indications of a shipwreck have been found on the beach at Wialle's Head, Dare county, north of Nag's Head.

Our attention has again been called to the high rate of insurance imposed in New Berne. As far as we can find out the charges are higher here than anywhere and double and triple in any places as abundant facts.

Oysters have not been coming into our market as plentiful as they should this late in the season. Fine ones in the shell command \$1.00 per bushel, and opened ones have not sold for less than 75 cents per gallon. We see that at Beaufort hucksters are delivering them in any part of the town at ten cents per quart. It would doubtless pay more of the boats to come in this direction.

The Enterprise says the fishing season at Morehead now opened promises to get better and better. A single days shipment by rail recently was 300 boxes and 40 barrels of fish. Joseph Fulcher a 15 year old boy caught \$4.00 worth in a few hours with hook and line and the Willis crew (sons of Mr. Josephus Willis) caught \$100 worth of Spanish Mackerel in one night. Another crew made \$85 and others have been very successful.

The Synod of North Carolina will meet at Statesville on the 18th inst. next Tuesday. The location of the Presbyterian Orphan's home just rebuilt is only a few miles distant and during the session the Synod will go down in a body and formally receive the property from the committee. Rev. C. G. Vardell, left yesterday morning to spend a few days with his wife at Blowing Rock. From there he will go Statesville to attend Synod and will go with its members when they visit the Orphan's Home.

Carteret county is wide awake and good work is being done within its borders. At a meeting of the Cleveland and Carr Club at Beaufort, Saturday, Mr. J. T. B. Noe, chairman of the Third party, appeared before the meeting and in a public speech declared himself as done with the Third party and immediately had his name enrolled as a member of the Cleveland and Carr Club. It was only a few days ago that the secretary of the Third party in the same county did likewise by coming out in a public card disclaiming all affiliations with that organization.

**Barbecue** Committee. The committee appointed by the Cleveland and Carr Club to arrange for the barbecue on the 19th inst. will meet at the office of R. R. Street this afternoon at 2:30 o'clock.

**Barbecue** Committee. The committee are J. J. Banks, E. H. Jones, W. H. Cohen, J. A. Jones and R. R. Street.

## Atlantic Baptist Association.

The Atlantic Baptist Association are going to have a fine meeting. A very good delegation, about twenty gentlemen and five ladies, arrived on last night's train to attend it. Among the number were Rev. C. E. Taylor, D. D., President of Wake Forest College; President J. B. Brewer, of Murfreesboro Female College; Rev. Dr. C. Durham, of Raleigh; Rev. J. H. Edwards and wife, of Goldsboro; Rev. A. L. Stowe, of Kinston; Dr. R. H. Lewis, of Kinston College, and Rev. A. D. Hunter, of Greenville.

The Association will convene this morning at 10 a. m. The time of the afternoon session will be determined at the morning session, and the introductory sermon will be preached at 7:30 p. m. by Rev. J. H. Edwards of Goldsboro. An invitation is extended to all to attend the sessions of the convention.

## Coming and Going.

Master Leo Sultan left for Winston to enter Davis' Military Academy. Mrs. Maria A. Kilburn left on the steamer New Berne, taking the remains of her husband, the late Mr. John M. Kilburn to Boston for interment.

The steamer Neuse took out the following passengers: Mrs. W. H. Whedbee and children who have been spending the winter at Mrs. M. E. Manly, returning to Baltimore, Mayor Manly accompanying them; Gen. C. A. Battle and Hon. W. T. Caho who have been canvassing in Pamlico county leaving to continue the canvass in Elizabeth City and neighboring places; Messrs. E. Danenberg and M. H. Sultan going to New York on business; Messrs. S. M. Brinson and Edward Clark leaving on a pleasure trip of a few weeks duration in the New England States; Mr. P. R. Pleasants, moving to Norfolk; and Mr. B. F. Thomas on a business trip to Norfolk, and Messrs. R. H. Nixon and L. E. Duffy on a Northern business trip.

## Remarkable Peas.

Mr. D. C. Simpkins showed us yesterday the finest bunch of peas we ever saw or ever expect to see. There were seven on one bunch and the little twigs making out from within a space of 18 inches. It was almost a solid block of peas. There were at first four others on the branch then we doubt not it was a solid block indeed.

The weight of the twenty-one peas was twenty-two pounds. They were grown by Mr. Elijah Davis, of Smyrna, on a seven-year old tree purchased from the nursery of A. D. Pratt which Mr. Simpkins and his brother represent. The tree was estimated to have borne 700 of the peas this season. They are of the Duchess De Angouleme variety. If it is possible to preserve the bunch intact in alcohol or otherwise it ought to be done. It is well worthy of a prominent place at the State Fair, the New Berne Fair or the World's Fair. It is a striking and convincing proof of the adaptability of the soil and climate of Eastern North Carolina to fruit growing.

The spirit of emulation which prompts a farmer to display that in which he has made a signal success is a worthy one, and if with the display he makes known any special point to which he feels is due much of the success he is to that extent a benefactor of his fellow farmers. We hope that all the farmers of Craven and adjoining counties will remember these things and make special efforts to save specimens of all their finest products for exhibition at the next New Berne Fair. Remember the exhibits now while the crops are being gathered.

## TRINITY COLLEGE.

Programme for the Dedication of the Ground and New Buildings at Durham. The completed programme for the dedication of Trinity College is a fine one. The Dedication sermon, as already announced, will be preached by Rev. Dr. E. Hoss, Editor of the Christian Advocate, Nashville, Tenn., at 10 o'clock a. m., at Main Street Methodist church.

At half-past 2 o'clock p. m., a procession of the municipal authorities and civic and military organizations, visitors and citizens, will be formed in front of the post office, and march to the main entrance to Trinity Park. The procession will be under the command of Mr. T. B. Fuller, Chief Marshal.

On arrival at Trinity Park the procession will be met by the trustees, faculty and students of the college. An address of welcome to the college authorities will be delivered by Capt. E. J. Parrish in behalf of the mayor and municipality of Durham. This will be responded to in an address by President John F. Crowell on "The Relation of the College to the Life of the People."

A formal transfer will then be made of the buildings and grounds to the Board of Trustees in the following order: The Main Building and College Inn, by Washington Duke, Esq. Trinity Park by Col. J. S. Carr. The Technological Building by President John F. Crowell.

The Furniture by Rev. Dr. E. L. Reid. The Dedication Address will be delivered by Rev. Dr. E. A. Yates. Prayer by Rev. John R. Brooks. Duzology.

The ladies are especially invited. The trustees and students of the college are also invited.

## THE STATE FAIR.

### NEXT WEEK THE TIME.

Grand Preparations—Great Premiums—Many and Unusual Special Attractions—Everybody Should Attend.

The State Fair begins next week and judging from the extensive preparations that have been made it will be among the greatest, if not the very greatest event of the kind that has ever occurred there. The officers, comprising President, and vice-presidents, Secretaries and assistants, Marshals and assistants, Executive committee and board of Managers are composed of over 150 prominent and good workers from every section of the State.

The premium list is large and covers a wide range. There are 724 liberal premiums for every species of field and garden crops, horses, cattle, sheep, poultry, pantry supplies, mechanical, mercantile displays, ladies work, agricultural implements, machinery, cutlery and crockery. The race premiums are just as liberal; they alone aggregate \$1,500.

There will no doubt be a very fine and large exhibit along all the regular lines. In addition to these there will be many special attractions.

One exhibit that should be seen by every one is a very handsome model of the cruiser Raleigh, the superb and handsome United States ironclad which is named for the capital of this State. It is one of the handsomest vessels ever built, and the model shows all the guns and other particulars of the ship. It will be of interest to all North Carolinians.

The Executive committee of North Carolina's exhibit for the World's Fair are expected to display a number of that exhibit as shall be ready at the opening of the Fair.

Among the unique and attractive features of the Fair will be the exhibit of A. Dughi, the Italian bird fancier and dealer in pretty pet animals. He will show about 150 varieties of pigeons and a large number of pets such as Guinea pigs, prairie dogs, rabbits of all varieties and colors, talking parrots, cockatoos, owls, love birds, crows, jays, wrens, engles, Texas Jack rabbits, ferrets, hares, etc., all of which constitute an interesting show for every body, especially the favorite show for children. This exhibit, a show in itself, will be the regular fair building, every day.

A prominent young North Carolina artist and portrait painter will make a special exhibit of his work at the Fair, and during the week he will have an art sale of his pictures, which are highly renowned for happy conception and meritorious execution. This will be the first of the kind ever in the State and will be a grand opportunity for admirers and connoisseurs of high art. This pleasing feature will all hours be open and free to every one who goes into the Fair grounds.

A great and unusual species of the Pawnee Bill's Wild West Indian Museum and Encampment. Never before in North Carolina been visited by so many of the kind and there is no better opportunity will occur. It will probably attract more attention and make more talk than any other exhibit. A portion of the show consists of a grand Mexican Hippodrome. It will introduce the most daring and thrilling horsemen and champion rough riders of the World in the races, sports and games of Mexico. There will be faithful representations of a bull fight, Spanish chariot races, etc. In all there will be exhibited twenty Mexicans, fifty Indians, twenty cow-boys, twenty cow-boys, and twenty squaws, guides and trappers.

Besides the Indian encampment there will be an Indian museum; it consists of an entire Indian village where may be seen squaws at their bead work, making moccasins sewing wampum, tanning hides, &c., and the braves in council smoking the peace pipe or engaged in other occupations of their race. There also will be the papooses strapped to a board, according to Indian custom.

A picked band of cow-boys, the most scientific lasso throwers and bronco riders, will at each performance lasso and brand cattle, ride bucking bronchos, pick up coin from the ground and mount and dismount while their horses are running at full speed.

The famous Mountain Meadow Massacre will be acted out. As a life-like portrait of savage modes it is said to have no equal. A stage robbery, combined with murder will also be represented in a West realistic way.

An illustration of lynch law as practiced in the Western States and Territories will also be given. This representation is thus described. It will show a horse-thief stealing the horse of a young cow-boy; the cow-boys aware of it on a wild chase after the thief, the cow-boys, throw a lasso around his neck, jerk him off the horse, drag him around the track at full speed and wind up by hanging him to a tree and then riding around him ridding his body with bullets.

This Wild West show, the greatest ever shown on earth will be in the open air on the race track and grounds, and will be a grand success.

A number of New Just received from the Mills.

an unusually large number of attractive and interesting side shows, novelties, curios, etc., on the Fair Grounds. The Fair this year will present more and greater attractions than have ever before been condensed into one week of pleasure and general re-union of the people of the State of North Carolina.

## Prospects of the Cholera Next Year.

The London Times contains an article concerning the prospects of a cholera epidemic next year. After mentioning the cases constantly appearing in those cities and towns of Russia, Austria, Hungary and the Netherlands which were spared in August and the early part of September, the Times says: "The reports mean that cholera is doing just what it has always done formerly—creeping quietly onward and sowing the autumnal seeds in new grounds which will burst forth luxuriantly with the advent of summer."

The news from Galicia means that cholera is spreading up to the Russian border and beyond is infected; the news from Russia means that the seed is sown in the Black Sea district and the Danubian province; the news from Buda Pest means that the isolation of Galicia was an utter failure; the news from Spandan means that the waterways from Berlin to the river Oder are infected. Scattered cases in the Netherlands tell the same tale. If precedent is of any value all those districts and also Poland and France will break out into a blaze in 1893.
