As a man was known by the company he kept, so also might he be known by the books he read. If men read their Bibles more instead of arguing about them, they would soon be able by instinct to distinguish the vile book from the noble.

It certainly appears a matter of decided significance that there has not been a state election, north or south, since the presidential nominations were made in which the tide has not been with the Democrats. Is it going to be another tidal wave?—*Louisville Courier-Journal.*

HARRISON was so completely thunderstruck at the great Democratic tidal wave that swept over Florida and Georgia that he gave vent to himself in the following language which was given verbatim as it was furnished us: "I have washed my hands of the south," the president added with considerable temper, "it is a land of rebels and traitors who care nothing for the sanctity of law, and I will never be in favor of making an active campaign there until we can place bayonets at the polls. I am now more than ever in favor of ramming a force bill down their throats."

LOCAL NEWS.

NEW ADVERTISEMENTS.
Howard, Nunn & McSorley, 210 S. 2nd St. 210
Hackburn & Willett, Hospital Hand, W. M. Watson, C. S. C.

August 18th, the anniversary of Virginia Dare's birthday, will be North Carolina day at the World's Fair.

The New York Legislature's appropriation law has been declared unconstitutional. This practically means Democratic control of the Legislature.

The forest of the mountains, the weather bureau yesterday afternoon was "Part until Sunday a.m. Probably increasing cloudiness during Sunday, but probably without rain."

Here is another thing from the Morehead City News: "Mr. William Wells and brother of North river caught near Morehead City a few days ago 160 barrels of mullets at a single haul. There is money in such fishing as that."

Are you going to the State Fair? Tuesday will be a big day. Besides the Fair, Raleigh will celebrate her centennial anniversary. Great preparations have been made for it. Round trip tickets from New Berne, including one admission to the Fair, cost only \$2.75.

A big real estate deal has been made of 3,000 acres of land in this county, located near Croatan. The sale was made to a party of gentlemen from Boston through the instrumentality of our townsman, Mr. W. E. Clarke. Though not well drained the body of land is rich and abounds in an inexhaustible supply of marl. Blue, white and gray varieties abound. In addition to supplying the local demand for the marl, the proprietors are going to experiment with shipping it North by a vessel.

With such delightful weather as we are having it seems odd to read of snow storms. Yet, telegrams state, for two days the severest storm ever known on the Union Pacific railroad has been raging at Cheyenne and as far West as Ogden, Utah. All railroads have been blocked—the cuts are filled with snow piled up in some places 18 feet; it is five feet deep on a level. The Cheyenne Northern is entirely blocked; even telegraphic communication being cut off. There are belated trains and no one knows where they are. It is estimated that about one third of the cattle on the ranges have been destroyed by the storm.

Killed by the Machinery.
Tony Cotton, a colored employee at Moody & Roberts mill was accidentally yesterday morning soon after the mill commenced work. He, in connection with two other hands was mending a large belt which worked only about two feet from the drive wheel which was revolving with great rapidity. He was careless and reckless and instead of keeping on the farther side of the belt he got over between it and the wheel, though urged by his companions not to do so. While those engaged in prizing up a pulley, weighing 900 pounds that bore down on the belts preventing the two ends from coming together, he raised it out of its resting place and it fell showing him over into the wheel, this caught him and tossed him up against the joint and he fell several feet away his head crushed and with severe injuries to his back. He lived until about 11:30 a. m. He was a married man about forty years of age.

Special Notice.
We beg to notify our patrons and the public generally that having purchased the good-will and fixtures of "John Brown the Barber," we hope by polite and strict attention to business (so "Prince of Wales" also) to merit a continuance of the patronage so generously bestowed upon our former employer.

For the World's Fair.
The U. S. Government are going to make an exhibit of the agricultural products of the country at the World's Fair. Mr. W. H. Oliver was requested by the Commissioners to select some samples of cotton to be placed in the exhibit. Mr. Oliver selected the samples from a lot of cotton raised by Mr. H. H. Perry and yesterday forwarded the same. This we think is the first exhibit which has come from this place.

A \$4,000 Order.
Here is a pleasing item from the Kingston Free Press in regard to the continued success of the Kingston Knitting Factory: "The Orion Knitting Mills received, among others, an order several days ago from a house in Chicago for 3,160 dozen hosiery, amounting to near \$4,000. The machines for making misses hose, 8 in number, have orders now on hand that will tax their utmost capacity until the middle of February. We are glad that the mills are doing so well. This industry has done more for Kingston than any one thing we could mention, and if no better motive should urge our mounted citizens to invest their capital in this enterprise, their industry is a sufficient one."

At the last time the New Berne Knitting Mill will be in operation and we hope in the early future to be chronicling similar success in reference to its achievements.

Coming and Going.
Rev. N. M. Journey and family passed through yesterday morning returning from Beaufort to their home near Wilmington.

Mr. P. J. Delemar, post-master at Oriental informs us that the citizens there greatly appreciate the new daily mail between that place and Stonefall via Pamlico. Mr. Delemar worked hard for the route and it was finally secured through the aid of Mr. C. C. Pool, of Elizabeth City. We are glad to note all such improvements that are made or they are badly needed in this portion of the State.

Our former townsman, Mr. George Allen, of Salem, Va., arrived yesterday to spend a few days in the city.

The family of Mr. O. H. Guion who have visiting Mrs. Guion's father, Judge J. B. Rodman, of Washington, returned home last night.

Bishop Haid arrived to conduct services in the Catholic Church today, commemorative of the 400th anniversary of the discovery of America by Columbus.

Mr. W. T. Hill, accompanied by his friend Mr. Charlie Hall is visiting relatives at Newport. Bicycle riding is their method of making the trip, each way. We guess they are getting in practice for the races at the New Berne Fair.

The Wrong Side of Fifty.
Reader, have you passed the meridian of life? Are your joints getting stiff, your muscles and sinews losing their elasticity? Are you troubled with lumbago? Are you, in short, daily or occasional recipient of any of those admonitions which nature gives to remind people that they are growing old? If so, try a course of Hostetter's Stomach Bitters, a most genial and agreeable mitigator of the infirmities of age, a rapid promoter of convalescence, and an effectual means of counteracting bodily decay. Good digestion, sound sleep, a hearty appetite, freedom from rheumatic twinges, are among the benign fruits that spring from the regular and persistent use of this superb tonic and corrective, which has received the unqualified sanction of the medical fraternity. Give it the fair trial that is desirable, and you will be grateful for this advice.

We have a speedy and positive cure for catarrh, diphtheria, canker mouth and sore throat, in BRILLOU'S CATARRH REMEDY. A nasal injection free with each bottle. It is a powerful health and throat tonic. Price 25c. Sold by

The Republican Third Party Meeting was held at Vanceboro Friday the 14th, about 300 people present, a considerable portion being negroes, who to a man expected to hear republican speeches, and they were not disappointed. Frank Koonce's speech pleased them most, not down in a censure ever made them laugh more heartily, whenever he made a tirade on the Democratic party, and abuse and misrepresentation of that party was the gist of his speech, in truth his entire speech was a rignmoole, a misrepresentation of facts and an insult to the intelligence of his audience. We are sorry to say, that he is lending his influence, and indirectly, but directly to the worst enemies of his State, for every vote he takes from the Democratic party is a vote for the republicans, and he knows it. He had the boldness to assert that the force bill is nothing, and if passed would be no detriment to the South. I can understand Mr. Editor, how a man born in a Northern State, can be a republican, but I cannot, for my life understand how a man born in the South, who went through the horrors of the war and the reconstruction period, can ally himself either directly or indirectly with a party whose hate to the South, is so fanatical a character, that it seems to have had its origin in the infernal regions.

If Mr. Koonce believes that he will secure republican votes, he will be most woefully deceived; they will fool him as badly as they will that foreigner, the Camellian Smith, an aspirant for the Senate and who would be as much out of place there as a Norway rat would be in a pan of sweet milk, and when voting time comes around they will have republican opposition, for the republicans will have two candidates out, one for Congress, and one for the Senate.

Want of time and space prevents me following his misrepresentation of facts, and his miserable attempts at ridicule. His whole speech was a failure, but it pleased the negroes very much, for it kept them in an incessant roar of laughter. A circus party and his language being in a republican district, would do well to encourage Koonce's services to make republican third party speeches to the negroes, he would to a certainty draw large crowds of republicans. He was followed by Mr. James A. Bryan, who was presented by the short time allowed him to answer the one tenth of his misrepresentation of facts, but he met him on many points and skinned him badly.

Mr. Bryan's style of speaking is exceedingly graceful, and his style of oratory is grand and his language is none of its force from being elegant, for he can give knock down arguments, even with the kid glove of oratory, and he gave Koonce some specimens of his ability in that line.

He told the crowd of the reconstruction period, and what would be the condition of the people of this State if the force bill were passed. He explained the reason why there was no more money in the country, told them of Grant's veto of the Merrimon bill, asking for the issue of 100 millions of dollars in greenbacks, how the Presidential Fraud, Mr. Hayes had vetoed the Haid bill, and how it was passed over his head by the Democrats, and much more, but time prevents my giving your readers a full synopsis of his speech. Mr. Robert Harnock also addressed the crowd from a republican stand point; his speech was received with great applause and satisfaction.

In conclusion, Mr. Editor I suggest that the third party now swallow the republican hog, tall and all, they will have it to do, or quit business; for no Democrat will support a party who occupies office, and that is all the third party leaders are after, and the republicans know it, and are using them as tools to draw away democratic voters. In less than twelve months they will repent, in dust and ashes, their course and will be glad to return to the democratic fold.
