THERE is a mistake as to the statements in regard to the condition of affairs in the first district. It is true that the Third party seems stronger than it did two weeks ago, but that is because of the withdrawal of Republican candidates. It is also true that Democratic meetings were not as large last week as formerly, but that was owing to the increased number of Democratic canvassers. On some occasions appointments were within one and a half and two miles of each other and the crowd was necessarily divided. The Democracy of the first district is alert and determined to win.

LOCAL NEWS.

Democratic speaking by candidates tonight. Hear them.
Grady and Shaw, Potter and Parrott, at the Court house tonight.
The Republicans of Pamlico county held their convention Saturday but neither made any nomination nor endorsed any one for county officers.
In our notice of the Democratic rally at Bayboro we omitted to mention the fact that Col. W. H. Lucas was one of the speakers. He spoke half an hour. His address though short was an admirable one.
The work is going on well at the knitting factory getting in readiness. The engine was being put in yesterday and some of the machinery may arrive this week. Mr. Rishton, who has been North after it returned yesterday.
A correspondent writes us that some black-hearted Third party man or Republican cut the flag halyards of the Democratic flag at Havelock, but the mischief was promptly remedied and the flag is floating in the breeze as proudly as ever.
There is a statement in the Charlotte News that Natural gas has been discovered in Wilkes county, near Wilkesboro. The discovery was made by the fathoms of some fishermen setting fire bait at night, where it had bubbled out. State Geologist Holmes is expected to examine into the matter.
Hon. B. F. Grady, Democratic candidate for Congress, John G. Shaw, Esq., Democratic candidate for Presidential elector in the Third Congressional district and Messrs. L. A. Potter and Geo. F. Parrott, candidates for the State Senate are all billed to address the people of New Bern tonight. The speaking will be in the court house, commencing at 8 o'clock. Let everybody be on hand.
The Charlotte News states that fertilizer works are to be established below New Bern by Mr. James Gray of Boston. Mr. Gray is the purchaser of the 3,000 acre farm at Cranston owned previously by Col. J. Y. Bryce, of Charlotte and Mr. A. DuFour, of Asheville. The price paid was \$15,000. The News says the new owner expects to do an extensive business as he has almost inexhaustible beds of the richest marl at his command.
Mr. W. T. Hill returned yesterday from Newport where he has been visiting relatives. As we stated when he left he used his bicycle for the trip. He followed the railroad running by the side of the track. It is obvious from this that he had a rough path to travel over, and different otherwise by reason of its narrowness, culverts being in the way, &c., but notwithstanding these obstacles, Mr. Hill made the 25 mile trip in just three hours—an average of a mile in every 7 1-5 minutes.
We have a letter of inquiry as to the truthfulness of the report, from a gentleman who heard that Mr. J. A. Jackson, of Vanceboro, had said he would rather see the State and County under negro jurisdiction than see the Democrats in power. While those are not the words Mr. Jackson used they are in accord with the way he has expressed himself. We have it on perfectly reliable authority (and there has never any attempt been made to deny it) that Mr. Jackson said he "would vote the Third party ticket if the blackest negro in the State was on it."

Coming and Going.
Mr. J. W. Moody left yesterday morning to spend some time in Winston on business.
Miss Lillie Morris, who has been in the city a few days canvassing, left, returning to her home at Kinston.
Judge Seymour returned home on the steamer Nense.
Mr. M. Makey left on the Neuse, for Edenton to make arrangements for moving there, that he may be nearer his farms in Tyrrell county.
Mrs. W. M. Watson returned last night from attending the State Fair.

Columbus Day.

All the banks in the city will be closed to-morrow—Columbus Day.
The post-office and other United States buildings will likewise close and observe the day—the post-office for the convenience of the public will however open from 9 to 10 o'clock a. m. and from 7:30 to 8 p. m. The Collegiate Institute will have exercises commemorative of the day, we give the programme elsewhere.
It is a National holiday by proclamation of the President of the United States, and it urges all citizens to cease from their ordinary vocations and join in celebrating this country's discovery and the greatness which it has attained in the four centuries of its existence.
Merchants and other business men should heed the call and give the manifestation of their interest in the manner called for.
Grand Democratic Speeches.
It was a great time yesterday at Vanceboro at the Democratic speaking.
Messrs. Carr and Jarvis did good work for the Democratic cause in speeches that altogether took a little over 3 hours for delivery. Barbecue, and other edibles as they were at Bayboro were abundant and well enjoyed.
These distinguished gentlemen spoke at the court house last night. It was crowded even to the galleries. A goodly number of ladies graced the occasion with their presence.
Mr. J. A. Bryan introduced the speakers with words of patriotism and eloquence.
Mr. Carr spoke first. He gave many carefully collated facts, among them exact figures showing the votes in Congress of both Democrats and Republicans on bills closely affecting the prosperity and happiness of the people—the Republicans voting with almost perfect unanimity against the best interest of the people and the country, and the Democrats standing almost a solid phalanx on the other side in every such question.
Ex-Gov. Jarvis followed our next Governor in his usual happy vein and plainly showed to every candid man present the absolutely untenable disposition of the Third Party, infamy of the Republican, the glories of the Democratic and the need and necessity for Democracy to fully triumph.
No honest voter seeking after truth, who heard the speeches need feel any further doubt that his place is in the Democratic party to do all possible for its success, and the consequent following of good laws and good government.
At the conclusion of this speech, "Back! Kitchin, who was present was loudly called for. He responded for about a half hour with scathing remarks against this opponents of democracy and closed with an impassioned appeal to work and vote for all Democratic nominees. He was full of enthusiasm and he was vociferously cheered.

Rev. H. W. Battle and his Present Pastorate.
Rev. H. W. Battle has a letter in the Biblical Recorder from which we take the following extract knowing that it will be appreciated by many of our readers, who would like to hear of Mr. Battle's present work:
"Oh, what longing to look upon the faces, and grasp the generous hands of the saints of the Old North State! But alas, it may not be this time, so I seize my pen and send my love (by your favor, Mr. Editor,) to many a brother whose cherished form decks the gallery of memory, and the increase of whose holy influence will fill the sanctuary of being so long as life shall last. I will not call names—they are many—but let me say that whatever of usefulness the Master may accord to my life, I shall owe in a very large measure—from the human side—to the moulding influences of personal association during my seven years' stay in North Carolina. God bless you forever!
I am quite sure many of my friends will be glad to hear from me in my new home; so, without apology, I shall write a letter somewhat epistolary in character. First, let me say—I believe, with all my soul, in the doctrine of special providences, and I have reason since my settlement as pastor of the First Baptist church of this city to be confirmed in the faith.
"My health has greatly improved. The distressing barrier of physical incapacity has melted away, and the sympathetic expressions of anxious friends are things of the past.
I have one of the best churches in the State of Virginia—and that means one of the best churches anywhere. With a membership of over six hundred, there is perfect harmony, and the pastor receives tokens of a love and sympathy as full and generous as the angels look down upon. I did fear that, in a church so venerable and conservative, I would find some difficulties in bringing about "any progress that might involve innovations. But even that fear has vanished, and we are smashing heavy customs when they stand in the way of the forward march of the Lord's militant host. Last Wednesday evening witnessed the largest attendance upon prayer-meeting within the memory of the oldest member present, and we decreed that the Sunday School should have a handsome new upright piano and \$250 worth of books added to the library. The finances of the church run like clock-work, and next Sunday the tones of that glorious organ, and the words of the psalms, will be on our shelves. But recently a collection for the building fund of a struggling sister church brought upon the instant \$1,800 from the congregation, and every cent as good as cash. Yet this is not a very wealthy church. Religion and system is the secret. The pastor baptized last Sabbath and will again baptize next Sunday. God seems about to pour out a prodigious spiritual blessing upon us. Dear friend, I beg you pray that it may come.

LET ALL PEOPLE HEED THIS. Is any White Man of the South Willing to Aid Directly or Indirectly in Bringing These Things to Pass?
The National Republican, published at Washington, D. C., contained the following editorial:
"With the Lodge National Election law in full force over the South and various Democratic strongholds up North, we may confidently look for a different state of political affairs than now exists. New York city will then return several more Republican Congressmen than at present, while more than twenty negro representatives from the South will render the Republican control of the future Congress absolutely safe and sure.
"Heavy taxes should be laid upon the property of the whites to develop and extend the public school system of these States. Separate schools for the two races should be abolished, and the plan of bringing the youth of both colors into close and equal relation in the schools and churches given a fair trial, as one of the most potent elements to break down the detestable Bourgeoisie of the South. The State laws against the intermarriage of the races should be repealed, and any discrimination against the blacks in the matter of learning's, trades or obtaining employment should be a criminal offense—while the colored man's right to hold office should be sacredly protected and recognized. A few years of this policy will solve the race problem satisfactorily."
The National Republican is a most ardent advocate of Harrison's re-election. It voices republican sentiment and republican doctrine, and the language of the above editorial cannot be misunderstood.
Harrison after hearing of the Democratic victories in Florida and Georgia spoke vehemently in favor of bayonets at the polls and said excitedly: "I AM NOW MORE THAN EVER IN FAVOR OF RAMMING A BAYONET INTO THE BACK OF THOSE THROATS."
White men of North Carolina read and reflect.
Can you take any chance, and vote anything but the straight Democratic ticket?

NEW YORK gamblers offer \$1,000 to \$800 on Cleveland.

ALABAMA is all right. Stevenson is making a splendid canvass and the Democracy is aroused.

CLEVELAND will be elected and will Carr. But that is not all. The next U. S. Senate will be Democratic.

GEORGE K. BOWDEN, Republican candidate for Congress in the Norfolk, Va., district, has withdrawn from the contest.

THE United States Supreme Court has decided that the Michigan election law is constitutional. This insures the election of six Cleveland electors in that State.

ANOTHER bomb has exploded in the Republican camp, thrown by ex-Governor Jacob D. Cox, of Ohio, who has declared for Cleveland. He was Secretary of Interior under Grant.

REV. DR. HOGE, of Richmond, converted a prominent citizen from the Third party to true Democracy by a prayer he offered. It is a sin to be a Weaverite as well as a calamity.—Messenger.

MRS. LEASE modifies her position. She is only in favor of abandoning Weaver in Republican States. In Democratic States, and especially in the South, she is still for Weaver. "Jes so, Judge."

It is reported in Indiana that in the event of Mr. Cleveland's election Gov. Gray, of that State will be made Postmaster General. We have no objection to Gov. Gray, but it strikes us that the announcement is premature.

COLS. HARRY SKINNER and Thos. B. Long, Third party candidates for elector-at-large and State Auditor, respectively, in this State, have resigned James M. Masborne, of Lenoir, and B. O. Butler, of Vance have been appointed in their stead.

JUDGE GRESHAM desires the statement attributed to him that he will vote the Democratic ticket and take the stamp for Cleveland. Gresham, Judge Gresham is in sympathy with the Democratic party, but it would be obviously improper for a Judge of the Federal court to take the stamp in a political canvass.

MR. CLEVELAND will not go to Chicago this week. In a letter to the exposition officials, he explains that he cannot take the political advantage which his friends think would accrue from his visit since Mrs. Harrison's extreme illness will prevent the President from going. Who but Cleveland would not be a magnificent success? Cleveland is a man.

Big Steamships—The Largest One Ever at Wilmington.

The British steamship Calliope, Captain Flutham, arrived in port yesterday, and is consigned to Messrs. Alexander Sprunt & Son. She is still larger than the steamship Leander, and is the largest vessel that ever put into this port. Her tonnage is 1,927, and she will carry 10,000 bales of cotton.

The British steamship Hurworth, Captain Person, also arrived yesterday. Her tonnage is 1,568, and she comes from Las Palmas to Alexander Sprunt & Son.

The British steamship Urania, Captain Smith, reported in below Saturday, came up to the city yesterday, and will be loaded by the Health Cotton Company at the Wilmington Compress. The tonnage of this ship is 1,704.

SALEM'S OLD ENGINE.

A Description of the Oldest Fire Engine in the South.
At the express office this morning was a curiosity and an old piece of machinery, being sent from Salem Female Academy to the Raleigh celebration. It was the first fire engine ever brought to America, and was built in 1784. On the pipe is "John Thomas, Pochler Gadsdenberg, 1784."

It is a portable affair, looking very much like the large paste tube used by circus bill posters, having two handles on each end with a long lever or pump handle by means of which the water is forced up through a brass pipe, on the end of which is the hose. By laboring at the lever, a good sized stream is thrown. The old machine is still in good working order, and will be returned to Salem after the Raleigh exhibition.—Greensboro Record.

Special Notice.

We beg to notify our patrons and the public generally that having purchased the good-will and fixtures of "John Brown, the Barber," we hope by polite and strict attention to business (no "Price of Wales" aim) to merit a continuance of the patronage so generously bestowed upon our former employer. Respectfully,
H. L. BAZZA, Proprietor.

COMING RAPIDLY.

Twenty-five Republicans in One City for Cleveland.

There are over twenty five citizens of Winston-Salem, formerly Republicans, who will this year vote for Grover Cleveland. Among them are some of the best business men in this community. These men are actuated neither by prejudice or other bad motive, but they have become convinced that the social, political and commercial prosperity of the South will be favored by the election of Cleveland, while on the other hand the attitude of the Republican party is unfriendly to the South and Southern interests.
