Bell Cross, Camdem Co., N. C., *October 12th, 1892. Hon, F. M. Simmons, Chairman, Raleigh, N. C.

Mg Dear Sir: - Answering your favor of recent date, in which you ask me to give you for publication what I know about the existence in North Carolina of an order known as the "Gideon Band, would say, at Gatesville, in Gates Co., in December, 1891, Mr. S. Otho Wilson, in the presence of Mr. James' F. Brinson of Pamlico county (District Lecturer for the First District,) being I then State lecturer, proposed to me that I should become a member of the said order. I replied to Mr. Wilson that I could not sent to connect myself with the Band unless he would first reveal to me the character and purpose of the order. This he consented to do upon my promising secrecy. Mr. Wilson then read me the obligation which he wished me to take, and outlined the general objects and puroses of the order.

The organization was a very rigid one and according to my best recollection the penalty of a disclosure of the secrets of

the order was death. The plan of organization was as fol District Chief and a County Chief. The State Chief received his orders from the State Chief, and the County Chief from the District Chief. The membership in each Congressional District was 300, and n each county, I think, no more than 30. This thirty were to be especially selected for their efficiency and influence, true and tried men who could be relied upon under all circumstances, in all meetings etc. It was the duty of these chiefs and members. to obey and execute all orders emanating from their superiors. Mr. Wilson stated that the object of the oranization was to aid and promote Reform movement. The initiation fee was \$2.00. This conversation took place

lianapolis Alliance Council,
After Mr. Wilson had revealed the After Mr. Wilson had revealed the whole thing to me, I told him I regarded the movement, as goutlined by him, as being a very dangerous one, and that I thought it would result in the destruction of the Alliance and the defeat of the Reform movement then proposed, and I postively refused to have anything to do with it. Mr. Wilson then burned in my presence the obligation which he had read to me, and pretended he was merely considering the advisability of organizing the order, although I have since learned he had initiated Mr. M. L. Reed, of Buncombe, during the previous August, and

combe, during the previous August, an appointed him chief in the 9th Congressional district. During this conference Mr. Wilson stated to Mr. Brinson that he had selected him to be chief in the 1st Congressional district.

member of the present House of Representatives and a prominent member of the Alliance, and Mr. J. S. Bell, a member of the present State Senate, and recently State Alliance Lecturer, disclosing the existence in this State of an unlawful and dangerous secret political society, whose chief is S. Otho Wilson, the official head

of the People's party in North Carolina. The letters show conclusively that this society did exist in this State but recently, and if it has censed to exist, the duty of showing this fact rests upon the mer who it is shown introduced it.

In exposing this dangerous scheme to the liberties of the people and the peace and good will of society, these gentlemen House Prom Buncombe, Showing but discharge a plain duty of good citizenship. The facts which they have disclosed clear the mists from the present anomalous political situation in North Carolina, and explain many things connected therewith, otherwise unaccounta ble because so radically at variance with all the known characteristics of our peo ple. It accounts for the refusal on the part of many of those supposed to be under the influence of this society to hear discussion upon important questions affeeting vitally their highest interests; it accounts for their refusal to read litera-ture not having the stamp and sanction of the leaders in this movement; it accounts for their bad temper and the absence in their political conduct of that independence and conservatism which has ever been a distinguished character istic of the North Carolina "breed" wherever found; it accounts for the au tiated me in the order of Gideonites at in their political evolutions they move Goldsboro in August, 1891, on my return and act; it accounts for the remark w frequently hear coming from the simpler know and admit to be their political duty because they are sworn to do otherwise and it accounts for the humiliating facthat a people hitherto brave and free have apparently surrendered their inde-pendence, fettered their consciences and

ensed to act as free men, I need not go into an explanation of low these results might logically flow from the means employed, for every in telligent man will readily understand how easily a few men acting together in secret under common orders and to: common end may shape and direct the action of a multitude, each individual acting for himself.

As the existence of this secret society acting upon and directing the political convictions of these people accounts for the eccentricities which have marked their recent conduct, so that conduct corroborates and supports the evidence

of charity and in the form of benevolene became the secret auxiliary of a corrupt, political party, and brought every home and fireside in the land under the shadow of a hand which neither the laws of God NUNN & McSORLEY'S

which this legislation was aimed, and the one which now defies it are of foreign inception, and [were born of disorders and agitations from which we are happily ex-

The "Union League" was of Northern birth, begotten of the troublous time which immediately preceded its introduc-tion here, and the "Gideon's Band" is the offspring of that wild recklessness which characterizes the incongruous nationalities which constitute the lower strata of western metropolitan life, and which now and then breaks forth in Hay Market riots and Mafia butcheries. A man better acquainted than Me

Wilson with the sentiments of our people would not have attempted to transplant and introduce here an institution so obnoxious to our most cherished conceptions and ideas of free, open and honor-able political action. If he was himsel-imbued with the wild vagaries and methods of the "Orders" and "Unions" A National Chief, a State Chief, a with which he was thrown in contact or his visit to the west immediately preceding his overtures to Mr. Bell, hi better judgment should have taught his they were out of joint with the pre-con ceived notions of our people, and could only result in injury to the cause be wished to advance.

There have been many rumors and whisperings of the existence here of this dangerous "Band," but until the letters of Messrs. Bell and Reed there was no tangible evidence; and I now submit these proofs with full confidence that the conservatism of our people will not be slow to repudiate it, and fittingly rebuke the desperate agitators and demagogue who dared introduce it.
