Ay which would deter him from acknowledging any mistake he had made and now. having seen enough to convince that that nothing but evil can come from adthey will put in as good blows as possible for Cleveland, Carr and the entire-Democratic ticket as possible between

grow and the election In this connection it may be well to refer to some statements made by Mr. Dal M. Hardy, who in the Third party State Convention nominated Dr. W. P. Exum for Governor, but who shortly after returned to the Democratic ranks and later came out with a lengthy letter showing how the Democratic party had ever stood up for the rights of the maser as far as it had power in the government and how the republicans and the menwho became the most prominent leaderfilstle came in on the steamer New in the Third party had ever worked against the interests of the people in general.

After enumerating Republican acts of misrule and robbery in the General Government which the Democrats were The conference of the Church of Christ powerless to prevent, Mr. Hardy says in quent withdrawal:

"I, like others, flew into a passion and even condemned our only friend the the masses compose the Democratic Vice President, H. A. Latham of Wash- party, and through all these thirty-two years of misrule, has fought the battle of the masses.

"If we will be guided by our interest and the interest of our people we will elect the Democratic party to control the affairs of our State and nation

Now that defection from the Third still remain in it come over to Cleveland & Carr and give them the biggest Democratic majority that was ever given in the

Evaporated Sweet Potatocs.

Prof. W. F. Massey, of the North Carolina Agricultural Station advocates the establishment of factories of a kind ple's party Electoral Ticket in the Northern and Eastern States. No this that few people would think of-factories for the evaporation of sweet potatoes. There certainly would be no lack of the Mr. A. E. Wadsworth was in the city raw material in this State and if there is esterday with Keiffer pears raised on his money in it there is no reason why New Berne should not go alicad and make her one need wish to see. A search for as share of it. To become a truly pros. more manufacturing and the more diver-

Few people know how easily sweet potatoes can be dried, even in the sun, and how handy and useful the dried potatoes are. At best sweet potatoes are a dried or cured in an evaporator they are really no trouble to keep and are always find our farmers turning their attention more and more to horticulture. Fruit of every kind is delicious, healthful and soaked to restore the evaporated moisture The latest news in reference to Mr. J. what will probably count more largely in and then baked in pans as the fresh ones

often are, They are an admirable article for puddings and pies. For this purpose would be better, it seems to me, to grin them into meal and put up in packages with directions for making puddings. Put up in this way it ought not to be much trouble to create a market for the dried sweet potatoes. There is already an evaporating plant at Greensboro, and if this, or some other establishment, would but undertake the putting up of the sweet potato meal in packages the article would sell well. Grocerymen are slow to take hold of such products in the crude evaporated state, but in such packages, with a few attractive hand-bills and arraigned and tried. That no cry of delicious preparations that can be made from sweet potatoes, a market could soon be made for a product that eastern North Carolina can supply in limitless quanti-iest. Who will start this enterprise! lot of receipts for making the many

SENATOR RANSOM'S STATEMENT

A Contracted Currency Not Caused by Low Prices in Agricultural Products.

The Third party says that the per apita circulation is \$300 in Massachuchusetts, \$250 in New York, and only \$7 in North Carolina. The circulation is the life of Marion Butler. The circumstances are thus parrated by a special township that I have withdrawn from in Charlotte as it is Boston, New York, them for reasons best known to myself. China or Japan. This proves conclusive They have acted in a way that I di- by that the circulation per head has the
