LET every Democrat get to the polls early next Tuesday and do his duty.

NOT a single Democratic vote should be lost. Every one is needed.

WHEN you vote for a Third party man you are helping the Republicans. Are you willing to do this?

THE announcement is made that the Sultan of Johore will visit the World's Fair. Who is the Sultan of Johore anyway?

If \$22 a day for a carriage is a fair sample of Chicago prices during the World's Fair only millionaires can afford to attend.

THE new boundary line between Mexico and the United States, which is being surveyed, has made "grenasers" of a lot of people who fondly imagined themselves to belong to the family of Uncle Sam.

Two masked men held up the South bound express train on the East Tennessee, Virginia and Georgia railroad Monday night, and robbed the express and mail. It was all done in three minutes.

INDICATIONS point to an unusually hard winter upon defeated candidates.

When the cold north wind doth blow; When, oh where, will the poor fellows go?

It may seem a little queer, but all the same it is the truth that the statesman who have gained the greatest honors for England, during the present generation, were not Englishmen. Lord Bessborough was a Jew; Mr. Gladstone is a Scotchman.

AN American bought an English bicycle in the United States upon which a tariff tax had been paid. He took it with him to England and upon his return home made to pay the tax a second time although he proved that he had bought it here. What a villainous law! What an outrageous robber tax!

THE Republicans have absolutely no chance of success except by the Third party's dragging off enough votes from the Democratic party to turn the election to the Republicans. Is it not amazing that a white man can be found willing to pursue such a suicidal course as to withdraw his aid just as his party with it, could get entire control of the Government and thus be able to make and execute the laws that will give the relief the people need.

LOCAL NEWS.

NEW ADVERTISEMENTS. Howard. Nunn & McSorley. Orange St. "Jimmie" - Election returns.

President ED. W. J. MONTGOMERY held quarterly conference at St. Peter's A. M. E. Z. church Sunday.

The Woman's Missionary Society of Centenary M. E. church will meet this afternoon at 3:30 o'clock, at the residence of Mrs. G. W. Neal.

To the disappointment of many, Maj. Robbins and Mr. Smith, failed to arrive. Local speakers however came to the front and made good Democratic talks.

Mr. J. M. Pate has been recuperated. Mr. J. W. Stewart has returned from the West where he has been purchasing horses and mules with one of the finest stocks of them ever brought to the market.

Beef cattle were swarming plentifully. This means that the farmers are aiming to get rid of their surplus animals to save the winter feeding. However those who hold until a little better will have to get better prices.

Mr. J. P. Taylor has wisely made provision for self protection in the event of a fire by putting down a safe pump on the wharf in front of them. Circumstances might arise that would make it of great service.

Mr. H. G. Reid, registrar of Halifax precinct in Halifax county has instituted a suit in Halifax Superior Court against Chief Supervisor J. H. JONES A. W. Shaffer for \$10,000 damages for false arrest. The action will be pushed to the utmost limits of the law.

The Annual Conference of the A. M. E. Z. Church of North Carolina will be held at Kinston beginning Tuesday Nov. 22. The following Sunday which is expected to be the concluding day an excursion will be run from this city to Kinston. This session will be notable in one regard. The conference is to be divided and this will be the last meeting of the body as now constituted.

The store of Mrs. A. H. White, the new milliner was robbed Wednesday night of about twenty-five or thirty dollars of stock consisting of hats and ribbons. The thief did not enter the store; he simply kicked in a pane of glass in one of the show windows—which had been left without shutters—and stole such things as fell within his reach. It seems remarkable that such a robbery should be committed in the heart of the business part of the city, near electric lights, and yet not attract attention. Even if these robberies are on a small scale, when one of the scamps is caught he ought to be punished severely enough to give a wholesome lesson to any others who might have a mind to try similar doings.

Choir for the Protracted Meeting. The attendance on the choir practice for the approaching protracted meeting at Hancock Street Methodist church is on the increase with each recurring appointment. Wednesday night there were between 30 and 40 out and the choir was enthusiastic as well as large. Mrs. R. F. Berry and Miss Sadie Whitford will be the organists during the series of services. Rev. J. F. Butt has a letter from his son, Mr. A. L. Butt, an excellent singer saying that he will be here on the 10th inst. and remain to assist during the meeting. The choir will meet again for practice to-morrow night.

Demorest Medals. The Argus tells that a contest for a Demorest gold medal, will be held near Goldsboro on Nov. 6th.

An oratorical contest for a Demorest diamond medal which is very valuable, has just been held out west. These diamond medals are competed for by those from any state of the union who have won all the lower grades of medals. The winner in this case was a young lady of Georgia only 14 years of age.

Again we say, some of these contests ought to be held in New Berne. It costs nothing, except the purchase of the books from which the selections for recital are to be made, and they cost, we believe 15 cts each. The selections indicate wholesome teachings and the oratorical practice will be a benefit to those who engage in them.

SPECIAL EDITION.

Two Thousand Extra Copies of this Journal to be Distributed.

With this issue of the JOURNAL we send out an extra 2,000 copies to be circulated in Craven and adjoining counties. This edition contains a great amount of special matter. Among it is the damning evidence of the Gideon band doings of the under-handed Third party, and the little less important disclosure of the vile bargain between the Republican party, and the leader of the Third party in Tennessee, by which for a specified sum of money, the latter were to fool the Democrats and get enough of their votes to give the state to the Republicans. It is hardly possible to conceive of political rascality, treachery and hypocrisy, more infamous than is there shown to exist.

To what extent this is being done in other States, only those know who are taking part in the machinations. Dr. EXUM told Mr. D. M. Hardly that \$50,000 was promised the leaders in the State for themselves and \$100,000 for the Third party campaign expenses if they would draw off enough Democratic votes to give the electoral vote to Harrison. Such iniquity is simply monstrous.

Enough has been made manifest to convince any one that the Third party is the tool of the Republicans, and with the eye of the honest voters of the South opened no danger need be apprehended. They cannot be bought and sold for money, and now that they see the net has been set for their feet they will get to the polls on the 8th of November and consign the one-third-Republican party to merited oblivion.

That every one within our reach may be posted in regard to the developments of which it gives an account, is the object of sending out this special edition.

In Pamlico. Mr. J. B. Leigh has been canvassing during the last two weeks in Pamlico. During the time he has been pretty well over the county. He finds the Third party has more following about Grantsboro and Arapahoe than anywhere else. At Goose Creek Island and Jones Bay, the Third party idea has virtually been abandoned and the full Democratic strength is expected to be polled.

The indications are that there not being any Republican county ticket in the field, the colored people will largely vote for the Democrats.

Mr. Dal M. Hardly has also been canvassing in Pamlico.

He spoke at Deleann's store, Baird's creek and Janeiro. He and Mr. Cahoon came back to New Berne early yesterday morning and Mr. Hardly left on the train for his home at Goldsboro.

Messrs. W. T. Cahoon and H. L. Gibbs left yesterday morning to continue the canvass in Pamlico. Mr. C. L. Pettigrew, candidate for the State Senate is also speaking in Pamlico. A thorough canvass has been made and will be continued until the day of election. In fact the same is the case all through the county around New Berne.

Watch Your Tickets. Every voter should see that he has seven different tickets when he goes to the polls next Tuesday, as there will be that many boxes in which to place ballots. You are to vote for Presidential Electors, for State officers, for Judges, for Constitutional Amendment, for Congressman, for Senator and Representatives, for County Officers. Be sure and see that you have all these tickets, and be sure that they have on them the names of the Democratic nominees.

Coming and Going. Mr. A. Cohn has returned from a business trip in parts of this State and Virginia.

Mrs. Virginia Harrison of Chicago is visiting at Dr. Charles Duffy's. Messrs. L. J. Moore and M. D. W. Stevenson returned last night from Trenton, where they have been attending court.

Miss Lillie Bell, of Morehead who has been visiting Miss Laura Peterson, of Goldsboro passed through last night returning home.

TURNING THE TABLES. Registrar Reid Gets Out an Order of Arrest Against Shaffer.

Special to the JOURNAL. RALEIGH, N. C., Nov. 3.—Registrar Reid, of Halifax county who was arrested last Friday by order of Chief Federal Supervisor of this place has sent out orders of arrest against Shaffer and Supervisors Geo. W. Shovinn and Alex Robbins, negro, for illegal interference and arrest as registrar of election in Halifax township.

The people are determined to resist illegal interference with their rights whether by Federal bull-dozers or Gideonsites. F. M. SIMMONS.

THE FEDERAL SUPERVISORS.

They Have No More Right to Violate the Law Than Any One Else.

IF THEY ATTEMPT ANY INTERFERENCE WITH THE ELECTION THOSE HOLDING IT CAN IMPRISON THEM AT ONCE.

Synopsis of the Law—Let All Registrars and Judges of Election Post Themselves Thoroughly and Not Submit To Any Bull-Dozing.

EDITOR JOURNAL.—Are we to have Federal interference with our election or not. It appears from the arbitrary action of chief supervisor Shaffer that we are. It is evident that a system of bull-dozing is going to be perpetrated by the supervisors appointed, to prevent a free and fair election; instructions have been sent by the chief supervisor to his subordinates which are not in accord with the law, either Federal or State.

SUPERVISORS DUTIES. The Attorney General of the State, who is the legal advisor of the State officials has been called upon to give his opinion as to the duties of supervisors of elections appointed by the Federal government; his opinion is full and clear, and is contrary to the instructions sent out by Chief Supervisor Shaffer.

Now it is evident that either Attorney General Davidson or Chief Supervisor Shaffer is wrong, one or the other, which one is wrong? Without discussing the point further we say that the Attorney General is right, he has stated in his opinion, (which is an opinion for the public) that supervisors in county and parish election districts have not the right as such supervisors to challenge voters, or to make lists of registered electors, or to scrutinize ballots or returns. In fact they have no duties to perform with respect to registration but simply to be in the immediate presence of the officers holding the election and witness all their proceedings including the counting of the votes and making the returns thereof.

POWER OF ELECTORS AND JUDGES. Now the election has to be held under our State election law, and no other law, the provisions of our State election law should therefore be carefully observed. Our registrars and judges of election should see to it that the provisions of the State law are observed and carried out, and that no person should be allowed to violate that law. Section 2735 of that law constitutes the judges and inspectors of election in each ward or precinct, an inferior court, for the purpose of maintaining order and enforcing obedience to their lawful commands. To prevent any violation of the election law is a part of their duty, and their sworn duty. They have the power to have arrested and committed to jail for a period not to exceed thirty (30) days, any persons who shall disobey their lawful commands, or shall by any disorderly conduct in their hearing or presence interrupt or disturb their proceedings, they can issue the writs and depudate any person to take the offender or violator of the law to the county jail.

WHO CAN VOTE? Sec. 2734 provides that no judge of election shall receive the vote of any person unless they (the judges) shall be satisfied that such person is in all respects qualified and entitled to vote, and if the judges of election do receive such vote or assents to receive such vote he shall be guilty of receiving the same knowing it to be illegal.

Sec. 2732 provides that any person who shall cause or procure his name to be registered in more than one election ward or precinct shall be guilty of a crime infamous by the laws of the State.

Sec. 2681 provides that no person who has previously registered in any ward, township or precinct in the county shall be allowed to register in any other ward, township or precinct in the county until he produces the certificate of the registrar where he was formerly registered, that the elector had removed and his name had been erased. If any person registers in any township, ward or precinct while his name is on another registration book in the county, he is guilty of a fraudulent registration, and his ballot is illegal, and the poll holders or judges receiving his ballot are guilty of receiving an illegal ballot knowing it to be illegal, and both the voter and poll holders or judges of election can be indicted.

Sec. 2689 says any elector may challenge the votes of judges of election, and challenge the votes of any person who may be known or suspected not to be a duly qualified voter. Hence the judges of election should examine every voter as to his qualifications to vote, that they are not absolutely certain about, for their own protection.

Sec. 2676 provides that no registration shall be valid unless it specifies as near as may be the following.

LEGAL REGISTRATION. The full name by which the voter is known, his age, his occupation, the place of his birth, the place of his residence, the township or county from whence the elector has removed. If the registration is defective in either of these respects the ballot would be in illegal one, and if accepted by the judges of election they would be guilty of receiving an illegal ballot knowingly.

Sec. 2688. Provides that whenever a voter is challenged the judges shall explain to him the qualifications of an elector, and shall administer him the oath, if he insists that he is qualified to vote, and if he takes the oath, the judges may still refuse to permit him to vote if they be satisfied that he is not a legal voter, of which they are the sole judges.

Sec. 2688. Provides for the railing off of every voting precinct. But one voter to be allowed in the enclosure at a time, no one but the judges of election shall be allowed to speak or interfere with the voter while in the enclosure. The voter can put his vote in the boxes himself or he can request the poll-holders to put it in for him. A separate place can be provided for the holding of the Congressional election, in the same manner.

THE PENALTIES. Sec. 2749. Provides that any registrar or judge of election failing to perform the duties required of him by law, shall be fined not less than \$200, nor more than \$1,000, or imprisoned not more than six nor less than two months at the discretion of the court.

Sec. 2709. Provides the punishment for fraudulent registering or voting and illegally voting which punishment is imprisonment not less than six nor more than twelve months or fined not less than one hundred nor more than five hundred dollars at the discretion of the court.

Sec. 2749. Provides that any person who corruptly takes the oath prescribed for voters shall be imprisoned in the penitentiary from 2 to 5 years.

HELD TO THE LAW AND YOUR RIGHTS. All of the above enumerated are parts of the election law, no supervisor has any more right to violate those provisions or any of them than another, they can sit and look on and see that the judges perform their duty, but any interference, with the voters, or the registrar or judges of election would violate this law and he could be imprisoned for the offense. All the judges of election should keep their election law with them, and consult it. I have given this synopsis of it as it will serve as an index for them, and for another reason, that they may see that they have taken the oath to hold the election under this law, and no other, and not to allow themselves to be bullied by these miserable supervisors, who have been appointed and instructed by their Chief Shaffer to intimidate the registrars and poll-holders in the discharge of their duties, to every law-abiding citizen see to it that it is not done. "Eternal vigilance is the price of liberty," and no voter can set idly by and allow our rights and liberties to be trampled upon, by them. Having faith in the conservatism and patriotism of our people, I believe that they will see that a fair and free election will be had without the intervention of the Federal authorities. Let the stigma of dishonor rest upon those who have asked for this Federal intervention in our elections, and those who have accepted the appointment as supervisors. Let Democrats demean themselves as true, honest, liberty-loving patriots, law-abiding and fearless in the right and all will be well. W. T. CAHOON.

BOODLE

IN THE SOUTH!

Chairman Carter of the Republican National Committee,

Caught Buying the Third Party of Tennessee.

"A TRAITOR IN THE CAMP"

Nashville, Tenn., Oct. 23.—The publication of the Irvine Hill correspondence in the Courier-Journal this morning has proven the political sensation of the campaign. The fact that the letters were published to be genuine leaves no room for doubt in the mind of any people that they contain truth.

The People's party had been revealed to be less concerned about the Republicans, though numerous conferences and consultations have been held by the leaders of both sides.

The publication of the correspondence has led to the divulgence of another fact. It consists of many Republicans in East Tennessee who have been killed very vigorously because they had advocated a coalition with a section of the State, and have threatened to repudiate the deal they thought they should confine his campaign to the Democratic stronghold in Middle and West Tennessee, and not attempt to go to voters in the Republican section. Mr. Buchanan, however, was all over East Tennessee, and it is limited that prominent Republicans have been named of his action and that to some extent they explain to me that the very interesting correspondence between Messrs. Irvine and Hill and the Democratic leaders.

EXCITEMENT IN KNOXVILLE. HURRIED CONFERENCE OF LEADERS—AN INTERVIEW WITH COMMUNIST.

Knoxville, Tenn., Oct. 23.—When the Irvine Hill correspondence was made public here, among the Republicans were aroused a lot of it took several days for them to regain their breath to speak. When they did, for once in their lives they did not cry a "Democratic lie," but said that there was a traitor somewhere. Later in the day there was a hurrying and a scurrying of the faithful. All the afternoon and evening they have been closeted together in various places, and enormous has been the order of the day.

To-night all kinds of speculations are being made by the Hawk element against the Blue-Gibbon element of the Republican party. Each side accused the other of rascality and treachery.

Hill is the maddest man in East Tennessee to-night and swears he will find out how the letters got out if it cost him every dollar he has on earth.

Joe Ivins acknowledged to-night that he wrote the letter to Hill, and says he is proud of it. While he disliked for it to get out, because it contained some things which he did not want known, he admits that the statements therein contained are true. It is the general sentiment here that this means the certain and overwhelming defeat of Winstead and the withdrawal of Buchanan.
