AN interesting calculation has been made by a French geologist to the effect that, taking into consideration the wear and tear on the solid land by ocean washing, rivers, wind and weather, and leaving out of the calculation volcanic action, the world will in four and a half million years be completely under water and no dry land exist at all.

It is evident that the Republicans and the Third party leaders who are co-operating with them have entered into a conspiracy to play the bulldozing game as extensively as they can in the South in the coming election. The instructions to precinct inspectors by chief supervisors, the inquiries by supervisors as to the extent of their powers, the meddling by precinct inspectors, with State registrars and the arrest which have been made at this instance all give proof of this.—Wm. Star.

Which shall it be, Cleveland, the friend of the South, the advocate of low taxes and the advocate of free election, or Harrison the enemy of the South, the advocate of high taxes and the bitter opponent of free elections. Weaver does not count except to help Harrison.

We appeal to every man, Democrat, Republican and People's Party ever to aid us in saving to the people freedom of elections. We are all in the same condition. The rights of the people are imperiled by the threatened force bill. We need various reforms but if the Republicans succeed in this election and pass the force bill, all chance of reform is gone for years to come.—Wilson Advance.

It is evident that the Republicans and the Third party leaders who are co-operating with them have entered into a conspiracy to play the bulldozing game as extensively as they can in the South in the coming election. ALL BRIGHT FOR DEMOCRACY.

MACUNE GIVES UP THE THIRD PARTY FIGHT.

And Advises Alliancemen Substantially to do the Same.

SHAFFER UNDER BOND—A THIRD PARTY REGISTRAR ILLEGALLY ERASES DEMOCRATIC NAMES.

The Country Safe—Let Every Democratic Vote be Polled and a Crushing Majority be Given.

Special to JOURNAL.

RALEIGH, N. C., Nov. 7th.

In a letter just published Dr. Macune concedes the defeat of the People's party and urges Alliancemen not to let politics any longer prejudice the Alliance.

In the last number of the National Economist the same advice is given in a leading editorial by Dr. Macune.

The New York Herald, heretofore neutral as to the Presidential election, says in its leading editorial for Sunday's issue that Cleveland will certainly be elected.

Shafer, the bulldozing chief of Federal supervisors, was arrested Saturday and held over in a bond of \$500.

Third party register of Person county has been struck from the registration books the names of all Democrats whose names were written in full. This omission is clearly a matter for challenge at the polls.

A telegram from Harity, Chairman of the Democratic National Executive Committee to Chairman Simmons of the 7th district.

New York, Nov. 7th 1892.

P. M. SIMMONS, Raleigh, N. C.

The eve of the election finds us even more confident than we have been. New York has been practically abandoned by the Republican managers and they are prepared to concede New Jersey and Indiana. We shall also carry Connecticut.

The vote will be no break in the electoral vote of the Southern States. Request every Democratic Chairman to make certain that the full Democratic vote in his district is polled.

(Signed) WM. F. HARRITY.

The Meeting at Mr. Calvary Temple on Sunday was well attended and it was a very spiritual meeting. Some of the prominent citizens attended and participated in the services. A good stove was made a present to it, and Mr. Butt got a letter informing him that a thousand feet more of plank had been donated to it by one of the mills in James City. If another stove from some generous citizen is given, as it is thought will be the case, the Sunday school and 4:00 o'clock meeting on Sunday afternoons will not have to go into winter quarters.

The Winston Sentinel says that P. F. Gordon, a colored man about fifty years of age, whose skin has been turning from black to white for the past fifteen years, has returned to Winston from High Point. Gordon says that he was born in Petersburg, Va. There is now not a single spot on his body. The only marks left to show that he is a member of the African race, are on the back of his neck. The case is a remarkable one and excites the curiosity of every person whom Gordon meets. There is also a colored man in New Bern in whom the same phenomenon is in progress.

The Philadelphia Record gets off a striking cut entitled "Shall the Republic be sold? Shall Americans heed the lesson of the decline and fall of Rome—of the Praetorian guards who sold the chief office to the highest bidder?" It represents Carter, Chairman of the Republican National Executive committee, on an auction block offering the United States Presidency for sale while around him are representatives of monopolies, trusts and protected industries, holding aloft their bags of gold and bidding for the prize that their class may be "protected."

Announcement was made yesterday that E. R. Dudley, col; would speak at the court house last night, and tell his reasons for voting for Cleveland. He spoke in an independent way, taking Democratic positions on the various issues. One of his very strong points was his antagonism to the Federal government's interfering as state officers. He talked conservatively and sensibly to his race about the presumption of the Republicans, in acting as though they owned their franchise, as was instanced in the attempt to deliver their vote on a portion of the ticket to the Third party, which direction of the leaders he advised them against, and told them to show their independence and patriotism by voting for the men who would give them the best government. After this speech J. T. York, another colored man, made a brief talk denouncing what had just been said, and declaring his intention to exercise his manhood today in voting the Democratic ticket.

Quarterly Conference.

The fourth and last Quarterly Conference of the Methodist Church on Hancock street for this year was held on Friday night by the Rev. W. S. Rone, P. E., in which strongly complimentary resolutions were passed in reference to the very successful work that Rev. Jno. F. Butt had done among them during the year in building up the congregation and nearly doubling the membership of the church. The resolutions also asked the Presiding Elder to use his influence with the North Carolina Conference and the Bishop to have him returned to them another year.

The following officers of the church were elected for the next year: Superintendent of the Sunday school, Samuel R. Ball; stewards, Wright Moore, W. H. Jackson, S. R. Ball, J. J. Ballard, D. M. Hollowell, J. R. McFarland and Thomas Meadows.

V. M. C. A. Notes.

The children's gymnasium class at the Y. M. C. A. will meet this afternoon at 4 o'clock at the rooms of the association. The price will be 50 cents until the 1st of January, payable in advance.

The meeting of the Women's Auxiliary which was to have been held at 4 o'clock this afternoon, has been postponed till Tuesday Nov. 15th on account of the election.

The week of prayer, for young men appointed by the international committee of the Young Men's Christian Association begins on Sunday Nov. 13th. Meetings will be held each night, except Thursday and Sunday, at the association rooms.

Remember the Y. M. C. A. "entertainment Friday night. Something new and interesting.

Coming and Going.

Mrs. P. M. Simmons left yesterday morning to spend a few days at Raleigh.

Presiding Elder W. S. Rone, who has been holding quarterly meeting and preaching, left for his home at Goldsboro.

"Consistency, thou art a Jewel."

EDITOR JOURNAL:—There is a law requiring all liquor dealers doing business in the city of Newbern, to appear before the Board of Council, at their meeting in November and May of each year, and furnish said Board satisfactory recommendation that they are men of good moral character, and do not violate the law, which of course, includes the Sunday liquor ordinance, which the Board of Council, have been extraordinary in their vigilance to enforce.

We were present at the November meeting of the Board last Tuesday night, and witnessed the entire proceedings of the same, all of which appear in Sunday's JOURNAL, Nov. 6th, 1892.

It is hoped that every citizen of this city will refer to a copy of this paper, when they have a disposition to malign the Board of Councilmen for dereliction of duty, and note carefully the course they take, and the recommendation they require before they grant the license.

We have not one word of censure ourselves, but we have repeatedly heard the Board of Council abused, and we think it high time for some one to reflect and note carefully where the fault lies, when they are disposed to charge the officers of the law with indifference.

POSSIBILITIES OF THE BATTLE.

The Philadelphia Times' Review of the Situation.

If Cleveland shall carry all the States which voted for him in 1889, with New York and Indiana added he would receive 226 Electoral votes, or three more than a majority.

If Cleveland shall carry New York and Indiana, with all the other States which voted for him, excepting West Virginia, he would receive 229 Electoral votes, or three short of an election.

If Cleveland shall receive 220 Electoral votes, there would be no election by the people, as it is admitted by the Republicans that Weaver will carry 4 Electors in Minnesota, 3 in Nevada and 4 in South Dakota.

This would leave Harrison with 213 votes, or 10 short of an election, and the contest would be transferred to the House, where Cleveland would be certain of the votes of 28 of the 44 States.

While making calculations for a close contest and various margins in the Electoral College, it should not be forgotten that nearly one-half of all the State of the Union present more or less elements of doubt as to their vote; and as doubtful States are likely to drift strongly in one direction, the probabilities are that there will be no close vote either by the people or in the Electoral College.

There will not be a true presentation of the popular vote between Cleveland and Harrison in the election returns. In more than a dozen States either the Democrats or the Republicans will vote the Electoral ticket of the People's party. Harrison will receive next to no votes at all in some of the Southern States, and Cleveland will share the same fate in some of the Western States. Each will lose from one to three hundred thousand votes in that way.

Never in any national contest of the last half century were there such strange possibilities as are presented in the great battle of 1892, but the popular drift seems to be so decidedly for Cleveland that his defeat is not within the range of probability.—Philadelphia Times.

A Visit North Convicted Him.

Mr. Andrews, Chairman of the Third party Executive Committee of Martin county, surprised his Third party friends in Martin on Saturday, by "withdrawing from the party and his official position in the Electoral College."

He had been North and stated publicly at Robinsonville on Saturday that he saw plainly enough while in New York, that the Third party movement in North Carolina, wholly in the interest of Harrison.—Elizabeth City Falcon-Economist.

WITHDRAWING AT THE LAST MOMENT.

Third Partyites Cannot Stand It When the Time Arrives for Their Going on Record.

RALEIGH, Nov. 5.—Chairman Simmons of the Democratic State committee, had a telegram this afternoon stating that J. C. Brown, Third party nominee for Congress in the Ninth district, has withdrawn in favor of Crawford, Democratic nominee.

STILL ANOTHER.

CHARLOTTE, N. C., Nov. 5.—A card, which will be published in tomorrow's Observer, W. D. Harris, People's party candidate for sheriff of this county, withdraws from the ticket and the race and asks his friends to join him in voting the Democratic ticket.

THE MORGAN APPLE.

A Fine but Little Known Variety of Eastern North Carolina.

Mr. Morgan, of Newland township, Pasquotank county, was in our city Tuesday with a curiosity in the pear family, and finding that he was the owner and propagator of the Morgan apple which always ranked in the premiums at the Elizabeth City Fair, we drifted into a discussion of the character and history of that prince of our native fruits, and with our money eye always wide open, though we never made a clear cent in all our born days, we told Mr. Morgan that he was sleeping by a fortune and that if he would extend the culture of his thirty or forty Morgan apple trees to as many thousands he would be an agricultural millionaire, and could snap his fingers at Harrison and all his boodles.

The Morgan apple is a large, beautifully colored, winter keeping, luscious, and full of flavor. It rivals the Skeet apple of Hyde in taste and flavor and over-shadows it in size and beauty. These two and no more are the representative apples of the Albemarle section.

The Skeet, in its perfection, is found nowhere but on the shore of Mattamuskeet Lake. The Morgan has probably a wider range of adaptability to soil and situation. It now grows in all splendor on Mr. Morgan's sandy soil in Newland. He does not know it, but he might make all the money he wants by establishing a nursery of young trees and introducing them to the public, and confer blessing upon his fellow men in comparison with which he would do more good than "all the politicians put together." Elizabeth City Economist.

We hope that Mr. Morgan, the originator of the apples above spoken of will have a good supply of them on exhibition at the New Bern Fair in February. It will afford splendid opportunity to bring them to the attention of thousands of interested visitors.

Cost of Government and Pensions.

It costs the people of North Carolina about \$700,000 a year to run the State government, and some people might consider this extravagance. Republican stumpers who are spending for a party which spent two and a half times as much when they were in power and gave nothing in return, say it is. But whether it is or not it is only about 40 cents per capita, and one-sixth of what the people of North Carolina pay per capita, for pensions alone, to the Federal soldiers who fought in the late war, and to thousands who didn't get at any time during the "unpleasantness" within fighting distance.

The people of this country, men, women and children are paying per capita, about \$2.50 pension money. North Carolina's proportion of the amount now to be paid is about \$4,044,867 or over six times as much as the total amount required to conduct the State government and keep up all our schools, benevolent institutions, private institutions and other public institutions. This tax is not felt as much as the State tax because it is paid in an indirect way, but it is paid nevertheless.

Each head of a family estimating the average family at five persons, would have to pay \$12.50 while his State tax would be only \$2.00. And that is not the worst of it for the \$2.00 he pays in State taxes remains at home and is paid back to our own people while the \$12.50 he pays in pensions goes north and west to be paid out to pensioners there and never gets back to this State. This is one of the burdens the Republican party proposes to keep up and make heavier, and this is what the third party leaders who are now courting with it are helping to do.—Wm. Star.

The New York Herald, through its small army of reporters has wondrous facilities for ascertaining points on which it wishes to give information, promised its readers that on the Sunday before the election came off it would publish the picture of the next President of the United States. This was to be based on the latest and most careful research into the political situation in the States throughout the Union. THE POSTMASTER THAT
