THE VICTORY!
The VICTORY of the Democracy in State and Nation over the combined forces of the enemy must be gratifying to every patriot.

It is a matter of congratulation that the splendid triumph of Cleveland and Stevenson is not sectional. The North, the South, the West and the East contribute to the glorious result.

While Democrats did well in all parts of the country, it is especially gratifying that New York and Illinois stood by their illustrious sons and secured victory to the Democratic flag.

The triumph of the National Democracy is the harbinger of a bright and glorious future, but it is the consciousness that our beloved North Carolina is safe that fills our hearts with joy and gladness.

All parts of the State did well. While the press and the State canvassers are entitled to warm praise, it is to the incorruptible patriotism of the masses that we are indebted for our splendid triumph.

It is matter of sheer gratification that so many Democrats who had wandered off returned to the fold in time to swell our majority and participate in the glory of the achievement.

Let us, with charity for our wanderer, joyful thanksgiving to the God of our fathers.

Whoop! whoop!
When a boy I had a couple of coons for pets. They were passionately fond of honey, and one evening made a raid on a beehive. There was a ball at the house that evening, and the young people had just become deeply interested in "the dancers" when the coons and the little busy bees mixed. The battle only lasted one round. The coons saw that they were outclassed and wanted to come home. They did so, and brought half a bushel of industrious bees with them. As they entered the sitting room, squalling with pain, they looked like great black balls.

The ball was a fine dress affair, and by the time the coons had taken a couple of turns around the room, shedding bees at every step, everybody—including the grand-ams—was dancing. The guests hustled out of doors, only to meet the rest of the bees coming in. They had all sworn out search warrants for these coons, but were content to take substitutes. They crawled down in the coverings of the ladies and up the pantaloons legs of the gentlemen.

They swarmed on bald heads and bare shoulders. Fine ladies rolled on the carpet in Parisian gowns and men stood on cushioned chairs and shook their fists at heaven. Everybody seemed possessed of a frantic desire to get out of their clothes, and all the time those miserable coons were running around under chairs and climbing over sofas, shedding bees by the handful. There was no second dance; everybody appeared to think one number enough.—St. Louis Globe Democrat.

Apples as Medicine.
Chemically, the apple is composed of vegetable fiber, albumen, sugar, gum, chlorophyll, malic acid, gallic acid, lime, and much water. Furthermore, the German analysts say that the apple contains a larger percentage of phosphorus than any other fruit or vegetable. The phosphorus is admirably adapted for renewing the essential nervous matter, leucine, of the brain and spinal cord.

It is, perhaps, for the same reason, rarely understood that old Scandinavian traditions represent the apple the food of the gods, who, when they felt themselves to be growing feeble and infirm, resorted to this fruit for renewing their powers of mind and body. Also, the acid of the apple are of signal use for men of sedentary habits, whose livers are sluggish in action, those who are serving to eliminate from the body noxious matters, which if retained would make the brain heavy and dull, or bring about jaundice or skin eruptions and other allied troubles.

Some such experience must have been the cause of the following story. When baby was sick, she gave her Castoria. When she was a child, she used for Castoria. When she became Miss, she clung to Castoria. When she had children, she gave them Castoria.

Perhaps the time when a woman most feels that she is the full equal of any man is when she has begun to feel at home on a bicycle.

Dyspepsia and Liver Complaint.
It is not worth the small price of 75c. to lose yourself of every symptom of these distressing complaints, if you think as well as our store and get a bottle of Shiloh's Vegetable Compound. It is a simple, safe, and effective remedy, and is guaranteed to give relief in all cases.

and like diases. The malic acid of ripe apple, either raw or cooked, will neutralize any excess of chalky matter engendered by eating too much meat. It is also the fact that such fresh fruits as the apple, the pear, and the plum, when taken ripe and without sugar, diminish acidity in the stomach, rather than provoke it. Their vegetable juices and juices are converted into alkaline carbonates, which tend to counteract acidity. — Southern Clinic.

A Wasplish Sting.
What some wag terms "the business end of a wasp's stings" with scarcely more acuteness than the mild excretions of gas from the stomach to the gutlet that are characterized as heartburn. Never was there a case of indigestion without this symptom. Both cause and effect are removable by the fine carminative tonic, Hostetter's Stomach Bitters, which confer regularity and vigor upon a disordered and enfeebled stomach with certainty and dispatch. Besides checking the pranks of a rebellious stomach, the Bitters wake up a dormant liver, and causes the lowly contact of bile checkers. A immense reputation has also been won by this professionally approved medicine as a means of embolizing and preventing malarial trouble, and counteracting a tendency to rheumatism and kidney complaints. Neuralgia and nervousness are also remedied by it.

The magnificent national capital at Washington has cost, since the laying of its corner-stone in 1793, very nearly \$15,000,000, but the State capital of New York, at Albany, although not yet completed according to the architect's design, has already cost almost \$20,000,000 and the most expensive building of modern times.

Electric Bitters.
This remedy is becoming so well known and so popular as to need no special mention. All who have used Electric Bitters since the time of its first introduction as a medicinal agent do not regret it. It is guaranteed to cure all diseases of the liver and kidneys, will remove phlegm, belch, salt rheum and other affections caused by impure blood. Will drive malarial from the system and prevent as well as cure all malarial fevers. For cure of headache, constipation, and indigestion, try Electric Bitters. Entire satisfaction guaranteed or money refunded. Price 50c and \$1.00 per bottle at E. S. Duffy's drug store.

These facts are all the more pleasing inasmuch as the People's Singing Class is made up of men and woman who work for wages. It is a truly fine project which Mr. Damrosch and his associates have undertaken to carry out. The influence of music is beneficent and elevating. Happy is that community which is pervaded by the love of it.

What They are Good For.
Branche's Pills are the best pills ever made. They are purely vegetable in their composition and do not contain any harmful or poisonous ingredients. The same dose always produces the same effect—other purgatives require increased doses and finally cause poisoning.

Shiloh's Consumption Cure.
This is beyond question the most successful Cough Medicine we have ever sold, a few doses invariably cure the worst cases of Cough, Croup and Bronchitis, while its wonderful success in the cure of Consumption is without a parallel in the history of medicine. Since its first discovery it has been sold on a guarantee, a test which no other medicine can stand. If you have a cough we earnestly ask you to try it. Price 10c, 50c, and \$1. If your lungs are sore, chest, or back lame, use Shiloh's Porous Plaster. Sold by New Berne Drug Co.

Power against us is granted to Satan in two ways; either for our punishment, when we yield to temptation; or to our glory, when we stand the test.

The need of a perfectly safe and always reliable remedy for the peculiar diseases of summer is universal. As a remedy for the household, office, on the farm, on shipboard and for travel by land and sea, Winkelman's Diarrhoea and Cholera Remedy has proved its inestimable worth in the prompt relief and cure of all disorders originating in the stomach and digestive system, such as Cholera, Cholera Morbus, Diarrhoea, Cramps etc. Serviceable under all conditions, always ready for use, and perfectly safe. Price 25c. at all druggists. June 21st 1891.
