How He Fixed the Burglars.

A German paper tells of a certain dyer at Roslin who was awakened in the night not long ago by some burglars who were working his establishment and were just ready to get away with a large bundle of valuable dyestuffs. He seized a gun and ran into the dyehouse, where he found two men, whom he compelled to jump into a large vat of indigo dye. By threatening to shoot, he forced them to plunge under the liquid several times, then opening the door he ordered them into the street. He did not notify the police, but he told the story next morning and nobody had any trouble in identifying the burglars on sight. They are marked men at Roslin.

Household Sweetness.

Mr. Plummer—I just found my hat on the refrigerator. I wonder on what ridiculous thing I will find it next?

Mrs. Plummer — Probably on your head, dear.

And Mrs. Plummer smiled sweetly as Mr. Plummer slammed the door and rushed downstairs.—Judge.

Spirited Fishing.

Little Girl — Papa, what's in those bottles?

Papa—That's the bait.

Little Girl—Well, don't they have trouble to keep the bait on their hooks?

Papa—No; the trouble is to keep their hooks off the bait.—Smith, Gray & Co.'s Monthly.

Prepared to Contest.

Barclay Wyckoff—So your uncle was eighty-eight when he died; did he retain full possession of his faculties?

Pelham Parker — I—er—really couldn't say. The will hasn't been read yet.—Puck.

Comparisons are Odious.

Prunella—That is my grandmother's portrait.

Van Cutting—Indeed! She resembles you.

Prunella—Yes, but people tell me I am the more attractive.

Van Cutting—No doubt. She is dead, I believe?—Puck.

A Critical Situation.

Young Lady—Mercy on me! And so, when fast in the jungle, you came face to face with a tiger. O-o-o! What did you do?

Modern Traveler (proudly)—Photographed it.—Rare Bits.

Crisp and Casual.

The Empire of Japan comprises nearly 13,000 cities, towns and villages, in which 40,000,000 people live.

A magnet at Willet's Point, Long Island, is considered the largest and strongest in the world. It is made of two 15-inch Bahlgren guns, wound around with eight miles of cable charged with electricity.

Only one $10,000 bill and only three $5,000 bills are now outstanding. Originally there were $40,000,000 worth of $10,000 notes and $20,000,000 worth of $5,000 notes. The others have been redeemed.

How to Flavor a Tenderloin.

To assure a delicious steak broil a tenderloin and at the same time a small piece of round, which usually contains a great deal of well-flavored juice. Then cut the round steak into small bits and squeeze it in a lemon-squeezer over the tenderloin. Tenderloin is usually neither juicy nor particularly well flavored, but by this method one gets a very delicious steak.

Where Canaries Come From.

About 250,000 canary birds are raised every year in Germany, and besides the 100,000 birds that are sent to this country, the English market takes about 50,000, and the next best customers are Brazil, China, the Argentine Republic and Austria, to which country salesmen are sent with large numbers of birds every year.

VAGRANT VERSES.

A Strange Occurrence.

We strolled upon the beach one eve,
'Twas in the month of June;
The Summer wind was soft and sweet,
And brightly shone the stars.

We sat down beneath the bluff,
Upon the soft, white sand;
No human creature was in sight,
—I held her little shawl.

Her face was very fair to see,
As up she gazed above;
And as my arm stole round her waist
I told her of my debts.

She turned her lovely eyes to mine.
And down I bent and kissed her;
And, strange as it may sound to you,
She said she'd be my wife. —Life.

A Warning.

When Maud and I last chanced to meet
I made love in short meter,
And told her that she was so sweet
That I could almost eat her.
That night I dreamed I had done so,
And took that meal with glee.
Was it a warning? This I know—
She disagreed with me. —Judge.

Liquid Glances.

He to his Boston sweetheart cries
(The prettiest of lasses):
"Drink to me only with those eyes,
And from those bright eye-glasses."
—Puck.

The old and reliable firm of Cohn & Weisel was established in Newbern in 1852. The oldest house now in the city and the only surviving member of which is Adolph Cohn, who has been engaged in the Music business for the past ten years and is now located on Craven street, three doors below the City Hall. I would be pleased to inform my friends, patrons and the public generally that I have secured the large and elegant brick building formerly occupied by John Patterson, deceased, where I have ample accommodations for properly conducting my large and increasing business, and will constantly keep on hand

of the latest designs, lasting tone, superior workmanship and of leading manufacturers and the best material. Also a good supply of SHEET MUSIC.

And I will endeavor to make my business as popular as the old firm used to be, and one that will give satisfaction to my numerous patrons.
