The Health Bill.

them to cool before proceeding. Just after leaving the Balsam we pass The Health Bill. In the Senate the voluminous bill re-lating to the Board of Health was an-nounced as the special order for 18 as o'clock Wednesday. The bill coasists of screntees type written pages and twenty-neight sections. It was ordered read and fi adopted by soctions. The reading of the bill was begun by sections and various amendments were offered, discussed and d adopted or rejected. The bill provides of for the constitution of the State Board of Health, its several officers, their duties and salaries and for the various precau-tions against the impasion or spread of re-contacious discusses, Sc. After fail disthrough one of the roughest and most magnificently wild sections of country anywhere to be found. The road runs upou terraces [cut in the side of the mountain, so high above the water that mountain, so high above the water that flows in a mad torrent at the bottom of the gorge, that the tops of the trees grow-ing there are on a flowel with the car win-dowand only a few yards away, and passes over long and airy trestles upon which we experience the exhilarating sensation of being suspended in mid air. In due time we complete the descent safely, and runjout into a fine open section of coun-try.

tions against the invasion or spread of runjout into a fine open section of coun-contagious diseases, dec. After full dis-try. The bill carries an appropriation of \$3,000 this road even in the winter season and in to be used as malaries for the officers pro-this severe weather, and the freight trains
