ARRETT'S Cognac Brandy used very much in the sick room. For sale by JAS. REDMOND.

THEY who forgive most shall be most forgiven.

WASTE of public money is a crime against the citizen.

EX-PRESIDENT HARRISON has returned to Indianapolis.

NECESSITY for revenue is the only justification for taxation.

CHARITY may cover a multitude of sins, but that is not its regular business.

A Philadelphia Normal school girl defused a sausage as a thing tied up at both ends to hide its contents.

THIRTY-SIX nominations were sent to the Senate during the last session of Congress that were not confirmed.

WE can no more evade the laws governing our national health than we can escape the laws of God and nature. Cleveland.

THE Sea's upheaval near the Farol Islands brought up a century-old brig containing three skeletons and \$5000 worth of golden guineas.

THE newspapers find abundant occupation for ex-President Harrison. He is to go duckhunting on the Kankakee River. He is to resume the practice of law at once in Indianapolis. He is to lecture at the Stanford University.

THERE is much anxiety about vessels at sea. A small fleet of steamers is now over due. A belief is gaining that the Naronic, a twin steamship fitted with "twins" screws and considered by her builders to be almost unsinkable, has been burned with sixty passengers on board.

SENATOR MORGAN, who went abroad as one of the representatives of the United States in the Behring Sea controversy, is quite ill at a hotel in Southampton, England. His illness is an attack of erysipelas caused by a blow on the head in being thrown from his berth during the gale which occurred on his passage to Europe.

EVERYBODY who has a true sense of right and propriety will approve the adoption of a resolution

by the Grand Army Encampment of Pennsylvania, Monday, that the pension roll shall be made a roll of honor. In taking this action the Grand Army has shown itself imbued with a proper degree of self-respect, as well as a regard for the public treasury.—Washington Star, Ind.

The last meeting of President Harrison's cabinet took place at the usual hour to day. All of the members were present and at the conclusion of half an hour's conference, the President arose and in a few words, bade them good by. He thanked them for the support they had always given him and attributed much of the success of his administration to their wise counsel, faithful services and devotion to the country's highest good. He thanked them for the personal good will they bore him, and wished for each one happiness and success in all their undertakings. He then shook hands with each in turn, and in a voice which betrayed emotion, bade them good by.

LOCAL NEWS.

NEW ADVERTISEMENTS.

Howard, Nunn & McSorely—Soda.

I. H. Randall—Gold, silver, etc.

Among the closing acts of the legislature was the granting of the charter of the Supreme Lodge of Knights of Harmony a growing order which had its origin in this city.

The steamer Neuse brought in a corpse from Elizabeth City yesterday for interment here. It was that of Mrs. Mary E. Brock, formerly of this city, who died the previous day.

The fines imposed by acting-mayor Wm. Ellis, in four days amount to \$50, the costs to \$25.90, total \$75.90. At this rate the collections from the evil doers will go considerable way towards defraying the expenses of the city.

Mr. P. LaMontagne, who for some past has been representing truck commission houses has this season added the sale of fertilizer and will handle vegetable and fruit crates and baskets a little later. He is using the former Old Dominion office and warehouses.

Heavy storms and severe cold have made it so hard on wild animals in the neighborhood of Stockton, Pa., that wolves and bears have made serious depredations on live stock and wolves have even entered villages to such an extent that the inhabitants do no dare go out after dark.

We look hopefully to the truck season of 1893, which is now beginning. Spinach shipments are increasing, cabbages which were injured somewhat by the great cold of January are coming out nicely, peas are green and flourishing, and potato planting has kept the truckers busy for a week past.

Mr. Clifford Simpson, of Riverdale informs us that a false rumor has been started to the effect that he was assaulted and struck in the face in this city on Saturday the 25th of February, whereas he was not in town at all—was at home that whole day, and no such occurrence took place then or any other time here or elsewhere. He wants it known that the story is entirely without foundation.

In aid towards the establishment of the steam ferry it has been suggested that extra copies of the JOURNAL be published with a reproduction of the communication in Wednesday's paper on that subject. We will again give the article and furnish a few hundred copies free to be mailed to the business men on the opposite side of the river. Would it not be well to send out one or two thousand in Pamlico and Beaufort counties?

Gresham was sworn into office Tuesday; the remainder of Cleveland's cabinet on Wednesday. The first meeting was held at 3 o'clock. All the members were present. President Cleveland started business in a simple, direct manner. The session was two hours in length and was devoted to the discussion of Hawaiian annexation, the financial situation, etc., but the greater part of the time was devoted to the question of appointments. Cleveland impressed the necessity of going slow in making selections.

Neuse & Swanboro Railroad.

The charter of the Neuse & Swanboro road was granted by the legislature, and a meeting of the incorporators will soon be held in New York and this will be speedily followed by the opening of subscription books.

The road will be thirty miles in length. It is planned to run from Swanboro and connect at Riverdale with the A. & N. C. R. R., to which it will beyond doubt be a valuable feeder, as it will, a good portion of its length pass through a richly timbered country and very fertile lands, and its sea coast extremity, the Swanboro region is one of the finest fishing sections in existence.

R. C. D. NOTICE.

On and after March 1st the steamer Neuse will sail down New Bern river, N. C., until further notice.

Geo. HARRINGTON, Agent.

The James City Matter Again.

In accordance with the decision of the Supreme court, the clerk of the Superior court issued to Sheriff Lane, writs of possession to place the James City property in the possession of Mr. James A. Bryan.

Upon attempting to serve the writs the deputy sheriffs were defied and they had abandon the attempt.

The occupants of the property are making a mistake when they place themselves in opposition to the laws of the country. The law is more powerful than they are and will have to be obeyed as the sheriff is required to execute it and to call to his assistance if necessary whatever aid may be needed—the full power of the county first, that of the State afterwards, and even that of the general government if it should become necessary.

Any who resist the sheriff or his deputies in the discharge of their duties, unpleasant though they may be, lay themselves liable to severe penalties.

The courts of the State have decided the possession of the property and there can be no possible change from the decision. The easiest course and the wise one for those on the land to pursue is to seek Mr. Bryan without any delay and make arrangements with him by which they can continue to happily occupy their homes.

Nothing is to be gained and much may be lost by a contrary course.

Coming and Going.

Miss Maude Budham of Edenton, who has been visiting Miss Kathleen Bryan left yesterday morning to visit friends in Goldsboro.

Mrs. W. P. Marshall went up to Kinston to visit friends.

Messrs. F. Ulrich, J. F. Taylor, L. J. Taylor and N. Tisdale who went to Cleveland's inauguration returned home yesterday on the steamer Neuse.

Mr. E. K. Bishop, returned last night from attending Cleveland's inauguration in connection with a trip to New York on business.

Miss Ada Schenck arrived to visit her sister Mrs. J. J. Dismay.

Mr. P. M. Draney returned from attending the inauguration.

Mrs. T. E. Mace went down to Beaufort to visit relatives.

The steamer Neuse of the E. C. D. line took out the following passengers: Rev. F. L. H. Pott President of the Episcopal College at Shanghai, China, who lectured Tuesday night in this city en route to Portsmouth, in the prosecution of his work in behalf of the college; Mr. Ralph Gray on a pleasure trip to Norfolk, accompanied by Mr. H. C. Lumsden on pleasure; Mr. P. W. Harrell returning from New Bern to his home in Edenton; Miss Mary Griggs returning to Elizabeth City from Goldsboro and from a short visit to Miss Lillian Roberts of the city; Miss Cliff Childress en route from Swanboro to her home in Virginia; and the following gentlemen leaving from business trips: Messrs. R. F. Whitehurst, J. P. Borders, J. C. Womack, O. M. Burton and W. C. Schendler.

Mr. Bol Cohen was also a passenger on the Neuse. He leaves for New York and other northern markets to buy in a good spring stock early.

300 Families Left Homeless.

The Mississippi cyclone of last Friday rendered over 300 families in two districts of Lauderdale county homeless and destitute.

Farmers who were in comfortable circumstances are left penniless, with not an ounce of food or raiment to clothe their families. In many instances their horses and mules were killed and they are without the means of cultivating their crops.

Two more of the injured at Toomsboro died yesterday, making a total death list of twenty-nine so far as known.

THEY WILL ALL STAY IN.

Republican Officials With Four Year Commissions to Serve Their Terms.

All Republican officials who hold commissions for four years will be allowed to remain undisturbed by President Cleveland until their terms expire.

This is the determination to which the President has come, and he has announced it to his friends. In taking this step he returns to the practice which he followed eight years ago, but which was really inaugurated previously by President Hayes. It was observed with considerable fidelity by President Harrison and will now be put into strict execution.

The rule will not apply, of course, to foreign appointments nor to positions in the departments. Its enforcement will enable the President to consider the question of appointments as vacancies occur, and will relieve him of the crush which he would necessarily have to endure if he undertook to make a complete change in the first year of his administration.—Washington Post.

BROAD STREET FRUIT STORE.

Just arrived a fresh lot of northern fruit, pears, carrots, beets, bananas, coconuts, rutabagas, turnips, apples and lemons.

To my friends and patrons while passing Broad St. please call. Any article purchased of my stock not as represented, the money I will refund on return of any article. Thanking you kindly for past favors hoping to receive a continuance of your patronage.

Broad Street Fruit Store. Second door above Middle next door to Mr. Geo. Swart's best stall.

JAMES H. DANFORTH, Proprietor.

CITY COUNCIL PROCEEDINGS.

March 7th, 1893.

Board met after recess in regular session, Mayor Ellis in the chair, present councilmen Lovick, Latham, Roberts, Crawford and Eubank.

Minutes of last meeting read and adopted.

Petition of J. W. Harrell to move his place of business to the west side of Middle street, granted.

Petitions from citizens numerous signed asking the repeal or modification of the hog law were presented and on motion of Councilman Crawford the ordinance passed last meeting prohibiting hogs within the city limits was repealed.

Councilman Lovick moved that a committee of three be appointed to lay off a hog district and report a suitable ordinance governing the same.

Petition of I. W. Eubank to erect shed on Broad street, granted in compliance with fire ordinance.

Permission was given Mr. Conkley to unload coal car near Pollock or South Front.

Mr. T. F. McCarthy, to avoid confusion of names, desired the Board to make some definite designation of the section in which he lives at the intersection of Pollock and Queen streets.

On motion of Councilman Lovick that quarter of the city as a distinctive title, will hereafter be known as "McCarthy's Square."

Reports of committees received.

S. and P.—Work on Broad will continue as far as Hancock, and stop there for a while.

W. and D.—Wharf at foot of Johnson is nearing completion.

The ordinance committee reported the following ordinance which was adopted:

Be it ordained, That all Railroad Companies, whose lines of track is now laid on any of the streets of the city, and such as shall, in the future, have such line of track laid on any of said streets, be and hereby are required to put, keep and maintain the grade of said streets, at such points as said streets may intersect other streets of the city, in such condition, that the grade of said streets shall conform to and be uniform with the grade of such intersected streets.

That each and every violation of this ordinance shall subject the offender to a fine of fifty dollars.

That for each and every day, upon which said grade of said streets at such intersections shall fail to conform to the grade of said intersected streets, such failure shall be deemed a separate offense.

That this ordinance shall be in effect on and after the 1st day of April 1892.

Adopted.

Chairman Latham, Lights, stated that the lights previously ordered would soon be properly placed.

Ordered that the Electric Light and Gas Companies be directed to move lights in Five points to save interference with the railroad.

Ordered that the tree trimmer be instructed to trim the hackberry oak in front of S. F. Fulford's residence.

On motion of Councilman Lovick, James E. Boyle was ordered to move the old market house in West End nine feet.

Mayors' report as follows read and adopted:

To the Board of Councilmen of New Bern: Gentlemen—I have the honor to report the following fines and costs imposed for violation of the ordinances of the city from March 1st to March 7th:

Fines,	\$50.00
Costs,	25.90
Total	\$75.90

Wm. Ellis, Act. Mayor.

Marshals' report as follows read and adopted:

March 7th, 1893.

To the Hon. Mayor and Board of City Council.

Gentlemen:—Below please find my report for the month of Feb. 1893.

We have made during the month 24 arrests. All convicted, 4 served time in cells.

Fines collected,	\$52.25
Costs	44.13
Total	\$96.37

One half of the above cost \$22.06 was deducted for my fees, the balance \$74.37 paid to the city treasurer.

POLICE RECORD.

Eli Elliot, Informer 6, Ex. 3.

J. B. Dixon, " 8, " 8.

S. F. Hurtt, " 4, " 6.

Thomas Wilson, " 6, " 7.

Very Respectfully,

J. M. HARRETT, C. M.

Month's bills allowed.

Board adjourned.

W. D. WALLACE, City Clerk.

THERE IS MONEY IN THIS.

One Hog Yields \$40.95 Worth of Lard in Addition to the Meat Saved.

Mr. W. H. Bray has killed his prize fat Berkshire hog which he exhibited at the Fair. His dressed weight was 628 pounds. Mr. Bray made 315 pounds of lard from this porker and sold it to Mr. John Dunn at 13 cents per pound. \$40.95 was the amount of cash that Mr. Bray received for the lard and he still has the hams, shoulders, etc., to eat.

With such successes before his eyes why will any farmer waste his time with common breeds of any kind of stock. Get the best and do likewise.

500,000 CABBAGE PLANTS FOR SALE.

For sale grown from the best seed, grown by the old reliable seed house of Johnson & Stokes, of Philadelphia, Pa., and Peter Henderson & Co. of New York. Price \$2 per 1000. Over 500,000 at \$1.50 per 1000. Lettuce Plants same price. N. H. BRYAN, Young's Island, S. C.

REMARKABLE COLD SNAP.

Florida and Georgia Truck Nearly Ruined.

The Savannah News of the 6th inst. has telegrams from 3 points in Florida and 5 in Georgia telling of a surprisingly hard and disastrous freeze.

In South Florida the cold wave was not sufficiently severe to do much damage. At Jacksonville the mercury reached only 38 and in the fruit and vegetable section around it there was no frost to speak of, but from other portions the news is distressing.

At Gainesville the mercury on the night of the 4th went down to 27 degrees; ice formed a quarter of an inch thick; the earth froze a half inch deep, and the appearance of the fields at noon was pronounced frightful. Lettuce was cut by the wholesale—from 25 to 50 per cent. 80 per cent of cabbage in some fields were ruined.

Beans, cucumbers, squash, canteloupes and tomatoes not under cover are killed. Tomato plants and cucumbers were killed even under cover. All the orange blossoms which were out were killed and grave fears are entertained that the large fruit crop of all kinds is gone by the board. The damage has only been exceeded in 1886.

At Lake City the early pea crop was destroyed and beans killed to the ground. At Johnston, Ga., the fruit was killed, all the ponds frozen over and a heavy wind played havoc with turpentine trees, blowing thousands to the ground.

At Wallacoochee, Ga., the freeze was one of the harshest of the winter. Ice formed 1 3/4 inches thick, the freeze was harder than that in March of last year which proved a total destruction of the fruit crop.

North Carolinians New Hand Book.

The Board of Agriculture has published a handsome volume, prepared as we understand it, by that excellent editor, Col. John D. Cameron, containing over 200 pages and profusely illustrated with handsome pictures of scenes in this State.

This hand book is for use in connection with the World's Fair, and is a worthy presentation of the resources of our State. No section has been overlooked. The rice fields and the mountains as well as the fisheries of the Albemarle and the forests and mineral resources of the centre. The cotton mills and other manufacturing interests all find their appropriate places.

Some of the pictures are very beautiful, while the literary part is equal to the high merit of Col. Cameron and worthy of his fine subject. The publication is creditable to the State, and the Board of Agriculture is to be complimented on their work.—News and Observer.

GENERAL ASSEMBLY.

Last Day—Farewell is Said, and the Members Separate.

SENATE.

The senate declined to strike out from the Confederate monument bill the provision that North Carolina granite must be used.

The anti tobacco trust bill came up on third reading and was indefinitely postponed.

The remainder of the session was devoted to the ratification of 260 bills. When everything was completed and the hand of the clock pointed to the hour of twelve, although it was really later than that hour, President Doughton made appropriate closing remarks, after which he declared the Senate adjourned sine die.

Immediately afterwards Senator Sherill presented to Johnston county the banner given by Senator Vance to the "banner democratic county."

HOUSE OF REPRESENTATIVES.

Mr. Spruill made an announcement that the railway commission bill had come over from the senate with the statement that that body had refused to adopt the report of the conference committee. The design of the bill was to make constitutional commission act of 1891, which had passed the house unanimously. In the senate Mr. Means, of Cabarrus had offered some amendments which had the effect of emasculating the bill, and the latter thus amended came back to the house for concurrence. The house refused to concur in the amendments and the senate declined to recede. Then it went before a conference committee six of whose seven members signed a report that the senate should recede. But the committee report was not adopted by the senate. The result is the death of the bill.

This was the end of the bill. As soon as the commissioners attempt to enforce any of the penalties prescribed by the act of 1891, they will be met by the railways with the defiance, which this act was intended to remedy, that the penalties are uncertain, and the act presenting them unconstitutional.

Mr. Williams of Craven introduced a resolution authorizing the Attorney-General, the Auditor and the Treasurer to be a committee to investigate the chief shell fish commissioner. On motion, it was referred to the committee on fish.

Mr. Starnes offered the following resolution: That our senators and representatives in Congress be requested to use all their influence to secure the enactment of a law forbidding the use of the hoop skirt in the United States. This was unanimously adopted and sent to the Senate.

Three republican members made speeches thanking the speaker heartily for his treatment of their party, and declared that the friendliness of the body had never been surpassed.

THE END.

Just at noon by the clock (really it was 1 p.m.) Speaker Overman rose and said I declare this house adjourned sine die.

Str. Albemarle.

On and after March 3, 1893 until further notice the Str. Albemarle, of the N. N. & W. Direct Line will sail Tuesday and Friday at 11 a.m. from New Bern.

HARRIS & SONS, Agents.

ROYAL BAKING POWDER
Absolutely Pure.

A cream of tartar baking powder Highest of all in leavening strength.—LATEST UNITED STATES GOVERNMENT FOOD REPORT. ROYAL BAKING POWDER CO., 106 Wall St., N. Y.

"Come give us a taste of your quality."—SHAKESPEARE.

You can judge the quality of some things by taste, but the only way to judge a shoe is by wear. The shoes we sell—the old reliable Stacy Adams' & Co's. have been tested in this market for ten years, and all agree that they are wear resisters. None like them as a customer remarked to us a few days ago. Prices \$2.00 to \$5.00. See us for Hats, Clothing and Underwear.

J. M. HOWARD.
