CITIZENS OF NEW BERNE.

Do you feel interested in cheaper and better transportation in crossing Neuse and Trent rivers? You will be called on in a few days to lend a helping hand, Will you assist in this important enterprise? Will you subscribe two hundred and fifty shares of twenty-five dollars each? If so, the steam ferry enterprise is an assured fact. There is no doubt that the remaining one hundred and fifty shares can be raised on the north side of Neuse river in Pamlico and Beaufort counties. Four hundred shares are all that are required to complete the cent, will amount to \$2,500. This amount being paid on the boat, will justify any shipbuilder in building it, and will give us three years time on the balance with payments of one, two and three

With the hearty co-operation of the people of New Berne and the people on the north side of Neuse river we can have this ferry in operation within the next six months across both rivers, with the cost of ferringe less than one half the present rates. Now we have the charter, and a broad one, and let us no no longer delay in completing an enterprise which will add so much to our prosperity, wealth and trading facilities,

There is no reason why the ferry should not pay a dividend of 25 per cent, per annum. Build a boat with an upper deck that will accommodate one hundred or more people, and there will be many a day during the hot summer months that the boat will take in five dollars or more at five cent a head from our citizens who can swiftly cross the Trent and Neuse rivers, and enjoy the refreshing breezes. Let the boat be con the arms of another negro and he was structed in the modern plans for the comfort of passengers, and there will be no lack of a liberal support.

Citizens, remember that you are not giving away your money, for you are surely investing in an enterprise that will return it to you tenfold.
