Big Ike and the Ferry.
Editor JOURNAL:—There is a merchant in this city known as "Big Ike" but his baptismal name is Hill Humphrey, that is, if he ever was baptized, and if he never is, he is now, alas! for the future rest and quiet of New Bern too well known as "Big Ike," the great news paper advertiser, the great steam ferry projector, the man who has several Post Laureates singing his praises through the columns of the New Bern JOURNAL. In his boyhood days he was sent to school in Jones, his native county, there he learned the three R's: "reading," "writing" and "rithmetic," after his school days were over, he embarked in the cultivation and prospect he went into, with the full purpose of growing them to an enormous size—say to the length of six inches but failed, only succeeded in getting them four inches in length with four peas in one pod, was disgusted and quit, not taking into consideration the fact that lame nature has her limits.

He then emigrated to New Bern, set himself up in merchandise, and has been about 20 years in and up ever since, and not content to let well enough alone, he has now entered into a project, which if successfully carried out, will destroy all the peace and quietness of this good old town, known, for to these many years, as "the Athens of North Carolina." This is a restless age. Our old town has caught the fever of interest and disquiet, years "Lang Syne" there was an old fashioned quiet and content, but now, with everything, three dry good stores supplied the wants of our people, and the store keepers and clerks occupied half of their time in setting before the doors upon dry good boxes, now, there are forty or fifty dry good stores, and some of them are always selling out at cost; then "old Mr. Stowe" kept an oyster saloon, and it was a very good one, and got all the trade. Now there are about 20, then 2 bar rooms were deemed sufficient to supply the needed quantity of drinks, now there are at least a dozen; then you could scarcely ever see a horse and buggy on the street, now you can scarcely cross the street without danger of being run over; then strangers on the streets were a curiosity, now there are so many that no one but Tom Hancock, the news paper reporter ever sees them, and if they are young ladies, and good looking, he always gives their names a emphonious sound. He calls Susan, Sullie; Margaret, Maggie; Mary, Manie; Sarah he calls Sadie, and invariably frenchifies the name, but a great admirer of the ladies and also in search of a wife.

In the good old days, now gone, shad sold for ten cents each, now they are a half dollar each; then sail vessels did all the coasting trade, and the arrival of one vessel from New York was quite an event, now the whole shipping business is done by steam boats, and they are going and coming every day disturbing the quiet and rest with their steam whistles. Then we had one weekly news paper and it was very weakly, now we have two daily Journals telling every body every thing, and keeping people's tongues wagging the news to each other.

Now comes along "Big Ike" with his steam ferry, setting every body in New Bern crazy to look out upon the surrounding country, and the country people crazy to get to town at cheap rates, so they can ride around the streets in their wagons. I might go on Mr. Editor and draw this article of complaint about "Big Ike" to a great length, and substantiate the truth of all I assert, and I now make a prophecy, and note it well, it "Big Ike" gets that ferry a going, then farewell and a long farewell to the quiet of this old town. OLD FOXY.

Mass Meeting in James City.
We the citizens of James City held a general mass meeting, March 13th 1893 opened with Devotional exercises. As we are citizens of James City and also of U. S. We have been settled here for 80 years and all that we have accumulated is in James City. And we think it is hard after 80 years hard toil and labor for the property of about 2,000 people more or less, to be taken from them and left homeless, without shelter and no where to lay their head. We are law abiding citizens and always have been. But it is hard, hard to have to lose all that we have worked for to, these years.

Far and Wide.
Not on this broad continent alone, but in malarial breeding tropical regions, in Guatemala, Mexico, South America, the Isthmus of Panama, and elsewhere, Hostetter's Stomach Bitters affords to inhabitants and sojourners protection against malaria. The miner, the freshly arrived immigrant, the tiller of the virgin soil newly robbed of its forests by the axe of the pioneer, find in the superb anti-fibric sledge a preserver against the poisonous miasma which in vast districts rich in natural resources, is yet fertile in disease. It annihilates disorders of the stomach, liver and bowels, fortifies those who use it against rheumatic ailments and fosters by outdoor exposure, infuses genial warmth into a frame chilled by a rigorous temperature, and robs of their power to harm morning and evening mists and vapors laden with hurtfulness; strengthens the weak and conquers incipient kidney trouble.

An attractive list of live subjects has been arranged and several eminent speakers have signified their intention to be present and participate. A detailed program will soon be made public but we at this time name the following speakers: Rev. R. J. McBryde, D. D., of Lexington, Va., Rector Lee Memorial Church.

W. P. Fife, Charlotte, N. C., Evangelist.

Rev. Thomas Hume, D. D., Chapel Hill, and others of our own State.
The singing will be in charge of Rev. Arthur J. Smith, of New York, one of the most effective Gospel singers of the country.

The good citizens of Winston-Salem send hearty greetings and extend their fullest hospitality. Reduced rates have been secured on the Railroads as per tariff rate No. 4. Local Agents will give further particulars.

As the number of delegates is unlimited we urge each Association to send as many as possible of their best men. Especially do we urge this upon the colleges and schools, for from their ranks must come many of the leaders in our work.

All pastors of Evangelical Churches are heartily invited to meet with us. From towns where there is no Association we ask them especially to come and bring with them young men who may be interested in our work.

For further information write to the State Secretaries, L. A. Goulter, Charlotte, and W. R. Gales, Greensboro, N. C. Brothers, let us make the intervening time a period of prayer for the blessing on the Convention, on ourselves and the young men of the State.
Yours in Christian love,
G. B. HANNA,
Chairman State Committee.
