A fire at Milwaukee caused the loss of \$500,000 in less than an hour.

ANOTHER lost steamer. The Allan Liner *Sarnia* is long overdue with 700 on board.

"Senator George loses his hat at the White House." The Senator is fortunate. A good many others lose their heads.

Senator Hill, of New York, is to visit Washington State in the fall. His trip, it is said, will mark the beginning of Hill's presidential boom for 1896.

A notable difference between a man and a mountain is that the nearer you get to the latter the larger it is, while the nearer you get to the former the smaller he is.

Wouldn't it be a great joke on the Hawaiian monarchists if some eligible and enterprising young American bachelor should annex the Princess Kaiulani?

A complete set of the gloves that Fitzsimmons and Hall fought for \$90,000 with is now on exhibition in Philadelphia, New York, Chicago, St. Louis, New Orleans and Cincinnati.

A wound by an oyster shell is dangerous. In opening an oyster a few days ago Jacob M. Banitt of the Bellemeade farm, Pa., was cut slightly on the hand by the shell. Lockjaw developed and killed him.

Major Robbins now wishes to be Consul General at Havana. An exchange says, "The Cuban costume consists of shirt, trousers, and hat with the embellishment of a big cigar." Rather extravagant, but the Major would stand it. Any thing for glory and the stamps.

In the sudden taking off at New Orleans of the noted English tar man, Squire Abington, the cautious-minded observer may discern a signalment lesson in hygiene. No physical constitution, however strong, can resist pneumonia if

once vitality shall have become enfeebled through fast living.

No country can progress where the horse-power of the flies exceeds that of the inhabitants. In Cuba the nimble insects keep up a close competition. The mosquitoes are abundant and wicked. They sing little, but are industrious nibblers. They operate only at night, and curtained beds afford protection.

FOLLOWING closely upon the announcement that negroes are to be imported from the South in large numbers to be employed at Home stead comes the statement that in New Orleans the negroes now have almost a monopoly of the organ-grinding business. To find the sons of Ham thus invading a field which was long ago supposed to have been preempted by the wandering sons of Italy shocks the esthetic taste; yet it is very probable that our colored brother will be a greater success at organ grinding than at padding iron or making steel billets.

LOCAL NEWS.

NEW ADVERTISEMENTS.

Howard.
For sale—Steam merry-go-round.
J. C. Harrison—Adm'r's sale of land.

The weather bureau predicts clearing and colder weather today.

Gen. Wade Hampton has been appointed by President Cleveland U. S. Railroad Commissioner.

An insane man named **D. D. Adams** cut his throat in Asheville Monday as he was about to start to the asylum in care of his brother.

Some of Raleigh's best business men are getting up a \$25,000 wagon factory, success seems assured. \$18,000 of the stock has been paid in.

The President of the Juvenile fair requests us to announce that they will have a magic lantern exhibition this afternoon—and good racing. Also taffy candy will be sold on the grounds every day.

An interesting entertainment is being arranged for the benefit of the Y. M. C. A. to be held Friday night of April the 7th. It will be an old folks concert. A live committee has the work in charge, which is an assurance of its success.

Owing to the misapprehension on his part of the time when the committee from James City would be ready to see him yesterday, Mr. J. A. Bryan was engaged so that he could not see them when they came, and they departed before he arrived at the appointed place.

The mail from New Berne did not reach the New Berne postoffice until last night. This was because the mail agent was taken sick and had to stop at Morehead and the mail in consequence passed through locked up in the car and came back on the return train along with last night's mail.

The annual meeting of stockholders of the East Carolina Fair Association was called to order last night by vice President E. H. Meadows. In respect to the memory of Mrs. Margaret J. Dunn, mother of the President of the Fair Association, who died the previous night, the meeting adjourned to Friday night without transacting any business.

The Henderson Gold Leaf says: "Vice-President Stevenson has accepted an invitation to be present at the next meeting of the Teachers' Assembly at Morehead City. It is understood that a private car will be tendered the Vice-President, who will be accompanied by his family, and no doubt many admirers of Mr. Stevenson all over the State will be attracted to Morehead City to do him honor."

Mr. M. Porter starts up his brick-making business at Riverdale this week for the season. In the past year he made and sold 500,000 brick and received orders for many more. He thinks he could have disposed of a million if he had made them, consequently he intends to make many more this year than heretofore. With the increase of building in New Berne the probabilities are that they will all be needed.

All hope of the missing White Star Line freight steamer has been given up. News brought by the British steamer Coventry shows that she is undoubtedly lost. The Coventry passed one of the Naronic's life boats floating keel up on March 4th and a little later the same day passed another showing evidences of having encountered rough weather. The boats were south by west of Sable Island and there is a bare hope that the occupants were picked up by a passing vessel.

Official statements of February exports as they come piecemeal from the Bureau of Statistics, show decreases in nearly all items, and the final statement to be made later in the month, is likely to contrast very unfavorably with that of February, 1892. There was a loss in breadstuffs of \$10,398,919, a decline of \$557,768 in petroleum, and a decline of \$11,380,373 in cotton. The shipments of the latter for the month fell off 285,397 bales, and during the same months of the year 1892 were 1,278,865 bales less than they were in the corresponding month of 1891.

Young Grandmother.
An Exchange says: Rozetta Hinton, a colored woman living near Princeton, N. C. was a grandmother before she was twenty-seven years old. She was under thirteen when her daughter was born, and this daughter became a mother before she was fourteen.

Building at Durham and Asheville.
The Durham Globe says: Brodie Duke has already let the contract for twenty houses around about his cotton mill and bonded warehouse, in North Durham, and he tells us that over a hundred will go up there within a very short time.

The Asheville Gazette says: It was reported yesterday that Mr. George W. Vanderbilt has decided to build forty ten thousand dollar houses on his estate near Asheville. This great outlay of money, nearly \$500,000, will be of great advantage to Asheville and Western Carolina.

This Reads Good.
The Wilmington Review says: The crops down about Wrightsville and Middle Sounds are looking well. Radishes are almost ready for market, green peas, onions and beets are growing beautifully, asparagus is about ready for market and strawberries are fruiting freely. Capt. E. W. Manning shipped his first lot of asparagus to day and strawberry picking will probably begin early in April, provided, always, there is no untoward weather to set them back.

Don't Plant Much Cotton.
Here is a piece of sensible advice from the Warrenton Record and a warning against a mistake that is likely to be fallen into in pitching the next crop: "Because cotton and tobacco have advanced to remunerative prices, and cotton far beyond what we expected when the crop was planted, don't go next year and plant every acre of land you can cultivate in these crops, and neglect the cultivation of food stuffs. Begin with corn, etc., first, and when you have pitched a crop large enough to make plenty, even if the seasons should be unfavorable, then make all the tobacco and cotton you can. Don't you know this is good advice? If so follow it."

Coming and Going.
Presiding Elder F. D. Swindell, who has been holding quarterly conference in the city left for his home at Goldsboro.

Mrs. S. J. Hudson, left to visit relatives at Kinston.

Dr. O. W. Blackhall of Raleigh, arrived last night for a short stay in the city and is stopping at Hotel Albert.

Mrs. E. M. Duguid, who has been up to Kinston a couple of days on business, returned home last night.

Mr. Dempsey Wood and Mr. S. I. Wooten, of Lenoir county came down on business are stopping at Mr. N. S. Richardson.

Mrs. C. K. Hancock and children left to visit Mr. and Mrs. F. L. Hunter, of Henderson.

He Ought to Have It.
One of our exchanges is credited with saying that President Cleveland has only one name-sake old enough to hold office and that young man is Grover Cleveland Bridgers, of Halifax county, this State, 34 years of age.

Some twenty-four years ago the young man's uncle, Col. Martin, went to Buffalo to receive treatment at a hospital, and met Grover Cleveland, an obscure young lawyer. Col. Martin thought Cleveland was the "smartest" man he had ever seen, and went back and named his sister's child for him, saying at the time that "Grover Cleveland will be President of the United States some day."

Grover Cleveland Bridgers, is understood will ask for a fourth class postoffice in his county, urging his claims that he was the first child to be named for Grover Cleveland.

If this is true, and we have no reason for doubting it, the young man ought to have the place, or some other better one.

Small Fruit Shipment Regulations.
The Philadelphia Produce Exchange has issued a circular letter to the growers and shippers of berries informing them that at a meeting of the receivers and dealers in berries, held February 14, in the rooms of the Philadelphia Produce Exchange certain resolutions were adopted and were ratified by the Exchange on March 1st. The resolutions are endorsed and signed by 86 of the commission firms of the city. They read as follows:

1st. That, beginning March 1st, and in future, we return the standard crates and slats to the shippers, but the small baskets or cups to go with the sale of the fruit. Any shipper wishing to use the gift crate can do so, but the same will not be returned.

2d. That we discourage the unbusiness-like habit of furnishing crates free to shippers, as the system tends to encourage dishonest dealings, and that shippers of berries should refuse to accept or use any such crates, but furnish their own packages.

The planters seem to be going into the trucking business as heavily as in any former season. Large quantities of the crops that require early planting have been put in, and they all appear to be doing well, with the exception that they are a little later in their state of advancement than is usual at this season.

Typhoid fever is cured by **TUTT'S PILLS**.

Children Cry for **PITCHER'S** Castoria.

Columbian International Firemen's Tournament.
Councillman Wm. Ellis, one of our competent Fireman, and one of the judges in the international firemen's contests at the World's Fair, has received from Lawrence W. Clark, Secretary of the Columbian International Firemen's Tournament Association, a copy of the rules to govern at the tournament that were approved at the meeting in Chicago, February 15th and 16th.

The contests being an international matter it is desirable to have the rules as simple as possible, and Mr. Ellis was requested to look them over carefully and make a memorandum of any changes or alterations he might think necessary.

The only change Mr. Ellis intends to suggest, is to add one more contest, a quick-steaming one, to those proposed to be held.

The committee have decided on nine of the contests that will be held, and the prizes offered for them foot up the nice little sum of \$5,000. Those arranged for are as follows:

Steamer contest. Steamer throwing greatest distance through 250 feet of hose in 10 minutes, \$500.

Hand engine contest. 1st prize \$500, 2nd prize \$250.

Hub and hose race, 300 yards. 1st prize \$350, 2d, \$150.

Hose race, dry run, 300 yards. 1st prize \$500; 2d \$300; 3d \$100.

Hose race, wet run, 300 yards. 1st prize \$300; 2d \$200; 3d \$100.

Hook and ladder race, 300 yards. 1st prize \$500; 2d \$300; 3d \$100.

Prize drill. 1st prize \$500; 2d \$200.

Coupling contest. 1st prize \$100; 2d \$50.

Ladder climbing. 1st prize \$100. 2d \$50.

Jurors for U. S. Court.
The April term of the United States District Court for the Pamlico District will be held in this city on April 24th.

The following have been drawn to serve as jurors for this term, viz:

Craven County.—Alex. Miller, F. Ulrich, H. B. Duffy, William Dunn, Wm. R. Guion, Bryan Whitford, Berry Nelson, Washington Spivey, col., L. H. Cutler, J. B. Holland, John Gaskins, R. J. Mosely, col., J. K. Willis, C. E. Foy, Edward Bull, Geo. Brown, col., Graham Richardson, John Humphrey, Joseph Stevenson, S. K. Eaton, W. B. Griffin.

Pamlico County.—D. H. Abbott, B. F. Perkins, Wallace Whitcomb, Daniel Hooker.

Beaufort County.—Bryan Bonner, Joseph D. Myers.

Carteret County.—Sam Eason Wade, Joseph Lupton, M. A. Jeffrey, Ralph Howland.

Hyde County.—John Berry.

Wilson County.—Jonathan Ellis, Joseph N. Bryan, W. G. Dixon, Jr.

Lenoir County.—W. L. Kennedy, John Field, Jr., John H. Dawson.

Pitt County.—Willis R. Williams, Fred Harding, Robert Hodge, Geo. B. McCorter.

Onslow County.—David Sanders, R. G. Ward, James Erwin.

Jones County.—J. P. Brogden.

Wayne County.—W. D. Lane.

Edgecombe County.—H. H. Shaw, H. B. Bryan.

Greene County.—W. E. Best.

In Cleanliness Lies Safety.
It is to be hoped that the Quarentine Conference held in Washington will result in good to the country. The South is always in danger of the yellow fever, and unless anticipations are unfulfilled cholera will visit our shores before the summer ends.

There is the greatest need of all possible precautions, and it is both necessary and wise that every city and town throughout the country shall be put in the best condition of cleanliness that industry and sanitary science can accomplish. Begin now.—Wm. Messenger.

The advice of the Messenger is good. In view of the greater probability of danger, city officials should be unusual rigid in enforcing sanitary regulations, and all intelligent citizens should take special pride in keeping their premises in perfect order and in seeking to impress the need for doing so upon all others.

Dean Thomas Complimented.
In speaking of the second musical and social entertainment of the day and night classes of the New York Trade Schools the Plumbers Trade Journal, of New York, pays the following compliment to our townsman Mr. John Stanly Thomas, Dean of the school:

"Too much praise cannot be given Mr. Stanly Thomas for the carnival manner in which he makes things both entertaining and instructive for the Trade Schools."

"The classes this year are above the general average of talent. In fact, as they intermingling in these societies considerable natural musical and oratorical talent has been developed, which shows a marked improvement at each gathering."

"Mr. Thomas has great ability and an amiable character that instills cheerfulness into all whom he comes in contact with. Nothing seems to fall under his magnetic management."

BROAD STREET FRUIT STORE.
Just arrived a fresh lot of northern fruit, parsnips, carrots, beets, bananas, coconuts, rutabagas, turnips, apples and lemons.

To my friends and patrons while passing Broad St. please call. Any article purchased of my stock not as represented, the money I will refund on return of any article. Thanking you kindly for past favors hoping to receive a continuance of your patronage.

Broad Street Fruit Store. Second door above Middle, next door to Mr. Chas. Swert's beef stall.

JAMES D. BARFIELD, Proprietor.

Should Not be a Public Thoroughfare.

EDITOR JOURNAL—No doubt there are other readers of the Journal besides the writer, who endorse the article in your Sunday's issue, relative to the Episcopal church grounds. It is time some regulation was adopted restricting the use of the grounds to the members of that congregation, in going to and from worship.

The entire community ought to have an interest in the preservation of such beautiful grounds as surround this church, and not to use them as a public thoroughfare.

There is another practice that ought to cease, and that is many persons on their way from the postoffice, at night thoughtlessly tear the wrappers from newspapers and circulars, and throw them over the fence into the church yard. Why cannot these people be a little more considerate of the rights of others, and wait until they get home to tear off the wrappers and burn them?

To quantify and keep these grounds in order requires a little labor and involves expense, let us hope that attention having been called to this subject the practice will be discontinued.

Committee Meeting.
TUESDAY, MARCH 21, 1893.

We the undersigned committee of James City representing the people met to the court house at 11 o'clock according to appointment and stayed there until 12:30. And the Sheriff sent for Mr. Thomas Diggins.

J. B. VALES, R. H. BRANCH, LEWIS WILLIAMS, EZEKIEL GRIMES, MILES SAWYER, Committee.

WILLIAM WILLIAMS, CHIEF, PAUL WILLIAMS, Sec., PRO DUO.

A LONG PROCESSION.
of diseases start from a torpid liver and impair blood. Dr. Pierce's Golden Medical Discovery cures every one of them. It prevents them, too. Take it as you ought, when you feel the first symptoms (dizziness, loss of appetite, dullness, depression) and you'll save yourself from something serious.

In building up needed flesh and strength, and to purify an enriched blood, nothing can equal the "Discovery." It invigorates the liver and kidneys, promotes all the bodily functions, and brings health and vigor. For Dyspepsia, Liver Complaint, Biliousness, and all Scrofulous, Skin, and Scalp Diseases, it is the only remedy that's guaranteed to benefit or cure, in every case, or the money is refunded.

About Catarrh. No matter what you've tried and found wanting, you can be cured with Dr. Sage's Catarrh Remedy. The proprietors of this medicine agree to cure you, or they'll pay you \$200 in cash.

Annual Meeting of Fair Stockholders.
The annual meeting of the Stockholders of the E. C. F. O. & Industrial Association will be held at the Y. M. C. A. Rooms on Friday, March 24th, at 7:30 p. m. As matters of great importance are to be considered, a full attendance is requested.

By order of the President,
MRS. CHAS. REIZENSTEIN, Sec.

Died.
March 20th, at the residence of her daughter Mrs. M. O. Windley, Mrs. Margaret J. Dunn in her 77th year.

The funeral will be held from Christ Church this afternoon at 5 o'clock. Friends and acquaintances are invited to attend.

"The people of this vicinity insist on having Chamberlain's Cough Remedy and do not want any other," says John V. Bishop, of Portland Mills, Indiana. That is right. They know it to be superior to any other for colds, and as a preventive and cure for croup, and why should they not insist upon having it. 50 cent bottles for sale by J. V. Jordan.

LOST.
Friday night March 3d, 1893, on street between Collegiate Institute and Union Point, a star shaped gold medal with the inscription "Hannah Moore Academy '89." On the other "Qui parit vincit." A liberal reward will be given for its return at this office.

"Come give us a taste of your quality."—**SHAKESPEARE.**

You can judge the quality of some things by taste, but the only way to judge a shoe is by wear. The shoes we sell—the old reliable Stacy Adams' & Co's. have been tested in this market for ten years, and all agree that they are wear resisters. None like them as a customer remarked to us a few days ago. Prices \$2.00 to \$5.00. See us for Hats, Clothing and Underwear.

J. M. HOWARD.

For Sale Cheap,
A Steam Merry-Go-Round.
In A 1 condition. Can be seen at Fair Grounds.

For particulars write to **R. F. GIERSCH,** Raleigh, N. C.

Administrator's Sale of Land
Pursuant to a judgment and order of the Superior Court of Craven county, rendered on the 6th day of March 1893, in the special proceeding entitled: James O. Harrison, Administrator of Thos. Fenner, deceased, vs. James T. Gaskill, et al., the undersigned will on

Monday, May 1st, 1893,
At the Court House door in New Berne, N. C., at 11 o'clock, M., sell in the highest bidder at Public Auction the following real estate belonging to the estate of Thos. Fenner, deceased, to-wit:

A certain tract of land in No. 5 Township, Craven county, N. C., on the south side of Neuse river, and west side of Great Marsh Cut, adjoining the lands of Gambo Fenner on the west, the lands of William Temple on the south and east, and Neuse river on the north, containing one hundred acres more or less.

Terms of Sale—One half cash; balance on a credit of six months. The property will be full payment in made.

New Berne, N. C., March 22d, 1893.
JAMES O. HARRISON, Administrator of Thos. Fenner, deceased.

Should Not be a Public Thoroughfare.
