DIAMOND SHOALS LIGHT HOUSE. Preparations to Again Let the Con-

tract for its Construction. The construction at Norfolk of the immense caisson for the proposed light house on Diamond Shoals, off Hatteras, Mrs. S. H. Lane, who has been north purchasing her spring stock of millinery the foundation of the lighthouse could be

> here : "The officials of the Lighthouse Board are making preparations to again let the contract for the construction of the proposed lighthouse at Diamond Shoals, off

After telling of the failure of the pre-Was J. P. C. Davis, left on the steamer vious attempt to construct a lighthouse vious attempt to construct a lighthouse on the shoals, the article referred to says: Then numerous new plans were submit ted. One was to creet large electric lights on piles and connect the same with the banks by means of cables; and a powerful dynamo could then supply the light. I was not regarded feasible and was aban Mr. Spencer, a member of the Board doned because the shifting of the sand of Underwriters of New York, and his beds would wash away the piles. The wife have arrived to spend some time Hook to Gedney Point, and it does not in the city. They are stopping at Mr. give satisfaction, Yesterday the Light board have tried this plan from Sandy iouse Board received from the Signal Service a complete record of the weather The Ocean Water for the World's Fair. for the past twenty years, and charts are Another tank went down to Morchead being made to ascertain, if possible, the ing the caissons to Diamond Shoals, who new ones shall have been built.

This is regarded as the most difficult undertaking of the kind that has ever been attempted, and the board are deermined to exhaust every means in getting a foundation for the proposed Diamond Shols lighthouse. It is sadly needed. The money available will be when completed it will cost, puobably at Norfolk Landmark.

The coast of Hatterns is one of exceeding danger, consequently the erection of this lighthouse is a very important matter. Great difficulties lie in the way, but there should be no delay in the matter that can be avoided.
