Mr. Cleveland has appointed Mr. Hannis Taylor, of Alabama to be Minister to Spain.

When religion is made a science there is nothing more intricate, when it is made a duty, nothing more easy.

Look out for cholera. There have been seventy deaths at L'Orient, France, and two hundred cases within a week.

The United States Circuit at Toledo, Ohio, decided that a boycott was a conspiracy. That is important and worth remembering.

The New York World claims to have averaged in the month of March 421,330 each day. That is enormous and is about as much as any other the American newspapers have.

The appointment of Judge Lochren as Commissioner of Pensions causes great satisfaction to all parties, especially of the Northwest. He has a brilliant record as a soldier.

The number of men seeking office from the President has by no means diminished and the President's list of daily callers is still as large as ever. Virginia leads all the States in this respect.

The desire to say some great thing has prevented the utterance of many a wholesome word, and anxiety to accomplish some wonderful work has crushed in the bud many an humble deed of exceeding grace and sweetness.

There is not in the world a nobler sight than an aged and experienced Christian, who, having been sifted in the sieve of temptation, stands forth as a confessor of the same, testifying from his own experience the reality of religion.—Cecil.

Let me truly feel that in myself I am nothing, and at once through every inlet of my soul God comes in and is everything to me. And as soon as I feel this, the almightiness of God pours through my spirit like a stream, and I can do all things through Him that strengthens me.—Wm. Mountford.

LOCAL NEWS.

NEW ADVERTISEMENTS.

Howard, Lucas & Lewis—Something new. W. J. Smith—Horse for sale.

Hackburn & Willett—High prices wiped out. Miss Harriet Lane—Millinery opening. W. H. & R. S. Tucker & Co.—Trimming, etc.

Prof. Walter Steele and wife who made balloon ascension at the New Berne Fair have arranged to have one with parachute leap at Greenville next Thursday, weather permitting. They will go to Kinston the following week.

The coroner's jury in the case of Andrew Williams, col., who was killed on the log train at the Bachelor creek grade Friday, completely exonerated the railroad from all blame in the matter. They found that the death was an accidental one caused entirely by the deceased's own carelessness. The railroad had provided a car for all hands to ride in and instead of being inside he was taking a ride on top of it. He was not an employee of the railroad but of the Stinson Lumber Company.

Democratic Nominations at Kinston. The candidates for the Mayoralty election in May, have been selected:

For Mayor, James P. Hill; Aldermen 1st Ward, Jesse T. Heath; Aldermen 2d Ward, James Temple and E. F. Cox; Aldermen 3d Ward, S. H. Abbott; Aldermen 4th Ward, S. H. Rountree, Jr.

Coming and Going. Mrs. S. A. Groves of Bartow, Fla., is visiting her son, H. M. Groves.

Miss Manie Dowdell of New Berne, who has been in charge of the telegraph office at Dover, left yesterday to take charge of the one at Abingdon, Va., a more responsible position.

Miss Alice Collins who has been visiting relatives in Edenton and making a brief stay in the city left yesterday morning returning to her home in Hillsboro.

Miss Rebecca Collins of Hillsboro arrived en route to Edenton and is making a short visit to Mrs. John Hughes.

Mr. and Mrs. W. P. Smith went down to Beaufort to visit relatives.

Mr. Hill Humphrey went down to Riverdale on business.

Miss Hattie Dail is back from Asheville.

A Correction.

The announcement of steamer and stage connection between New Berne and the Onslow railroad at Maysville, via Pollockville, was premature.

A gentleman from Onslow received such information from what he deemed a reliable source but it was a mistake. The train will however in a very few days be running regularly to Maysville and any of our citizens who choose to make use of the road in going to Wilmington can do so then by driving over to that point.

The steamer Howard will continue running through to Trenton as heretofore. Captain Lassiter says her officers and owners have not ever been approached in reference to running in connection with the railroad.

Rev. F. W. Farries.

Rev. F. W. Farries, formerly of Ottawa, Canada, who has just moved to New Berne to take charge of three neighboring country Presbyterian churches, will preach the Presbyterian church of this city.

Mr. Farries was for eighteen years pastor of the Church at Ottawa, Canada, and for 13 years Chaplain of St. Andrew's Society—a benevolent society composed exclusively of Scotchmen and their descendants without regard to religious belief.

We see in the Ottawa papers accounts of the parting from him of those whom he had served. The church congregation held a meeting to bid him farewell and a parting gift was presented.

The society also through its President, Alderman McLean, presented him with a farewell address which is a beautiful specimen of pen engraving and also with a purse of gold through the ex-president of the society.

The address sets forth the marked ability and success with which he had discharged the duties of his office, the esteem in which he was held by all classes of the community and his readiness when occasion required to promote the claims of every charitable and patriotic movement.

The presentation was followed by kindly and graceful speeches from the mayor, ministers and other prominent gentlemen all of whom spoke in highest terms of him and of the great regret at his departure.

New Berne secures a very desirable addition to her population in the coming of Mr. Farries and family and the churches to which Mr. Farries will minister are fortunate in having so able and zealous a worker to serve them in the early years of their organization.

A Bright Future.

The close observing business man can not fail to realize the progress of this section for the last few years and the still greater promises of the near future.

The farming lands are in a better condition and planters are more hopeful as the new year advances. They are raising more home supplies instead of confining their dependence upon cotton as a money crop with which to purchase these necessities. The lesson of experience is not a dear one, but the more trying it is, the better will the lesson have been learned as a rule, and they apply equally to all occupations.

In New Berne the same onward and upward move is noticeable. Brick buildings have taken the place of wood. Residences are more modern and better painted, and in fact our city looks more than a hundred per cent. better than it did ten years ago.

Our streets and pavements are in a much better condition than they have ever been before, and though they have been a feature of considerable expense, who is it that does not want to see them even more presentable and serviceable.

Naturally the streets of New Berne are easy to keep in fair order, and the expense in making them first class so they would stand the wear and tear of heavy and continued traffic is much less than in nearly any other town or city in the State. We need and ought to have just such streets and pavements. If the shoddy patch work had been abandoned years ago we might have had at least a portion of the city laid with a substantial and durable pavement.

New Berne is growing rapidly and we must realize that the time for throwing off the old robe and putting on the new is at hand. The times are different. New blood is growing up and the forward step is to be made, so we want not only first class streets but a better looking city in every way. Better institutions of learning, better business houses, better buildings, and better newspapers, &c. Not but what we have many of these that are very creditable, but their beauty in too many instances is offset by that which is uncomely and sometimes offensive.

An elegant brick building will have an old unsightly wooden bulk adjoining it, handsome residences sand-witched with dilapidated shanties. Again sometimes can be seen splendid residences with some prominent scar or blemish that mars the looks of the entire structure. It may be either a broken down or unpainted fence, rotten door steps, fimsily chimneys, carelessly kept flower yards, &c. Give us a little less of the costly and more that is in harmony.

Truck in Ga., S. C. and North Carolina.

Mr. E. C. Palmer, a member of the firm of Palmer, Rivenburg & Co., of New York is in the city stopping at Hotel Albert in the interest of his house.

Mr. Palmer has just concluded a thorough canvassing tour of the truck regions of Georgia and South Carolina. He summarizes the results of his observations on the truck outlook in those States as follows:

The acreage in potatoes is about as usual. They are forward and the prospect is fair for a good yield. Cabbages are also as forward as usual.

Peas were very much injured by the hard freeze of the 4th of March (at which time the ice was a half inch thick) and the yield of this crop will be light.

Strawberries were thrown behind about three weeks by the cold spoken of. They will give a good crop but late and come into competition with North Carolina berries.

Mr. Palmer considers that North Carolina truck is looking exceedingly fine. He has not as yet been much in the potato sections but from what he learns he thinks the acreage smaller than usual and the prospect good for profitable prices on North Carolina crop.

Many peas were planted and their flourishing condition indicates an early and large crop.

The cabbage crop is rather small, but this will mean good prices for those that have got them.

A large quantity of beans has been planted but it is too early yet to surmise about the result.

Don't Bother Me.

ED. JOURNAL.—Allow me to state through your paper that I don't want to be bothered with ward politicians. Last year my name was paraded about the streets by some bobtail politicians. So I trust they will let me alone this year. I am old enough to do my own voting. The way is so plain, clear this year that a Democrat, though a fool need not err therein. I will be glad to see them at my shop on any other errand than politics. Some of them never come near me only just before election. Come and see me after the election and bring your old shoes and I will patch them up very cheap. J. H. BUSINESS.

St. Cyprian Church, Col.

The Vestrymen elected Easter Monday for St. Cyprian P. E. Church are A. A. Bryan, C. E. Palmer, J. H. Fisher, W. F. Allen, Israel Harris, Sr., J. T. York and Israel Harris, Jr.

The following are the delegates and alternates elected to attend the Diocesan Convention which meets at Washington, N. C., in St. Peter's Church on the 24th of May next:

Delegates—C. E. Palmer, A. A. Bryan, W. F. Allen, J. T. York.

To the People of James City.

The terms of settlement submitted by me to you some time since, having been rejected by that portion of your people represented by Paul Williams and others, and not having been complied with by that portion of the inhabitants, represented by R. H. Davis and others, I hereby notify you that I hold myself no longer bound by them. I now consider the property in the hands of the law and await its action to place me in possession thereof.

At the request of many parties interested in the matter, I have made Mr. Robt. Hancock of this city, my agent. The property will be turned over to him as my representative, by the authorities of the State and he will under the following instruction, have full control of the same.

JAMES A. BRYAN.

April 8th, 1893.
Mr. Robert Hancock, New Berne, N. C.
DEAR SIR:—I hereby appoint you my agent to take charge of the James City property and desire you to observe the following instructions in the management thereof:

1st. You will divide the lots into four classes being governed by the value of the same as follows, viz:

For lots of the first class, \$1.00 per month.

For lots of the second class, 75 cents per month.

For lots of the third class, 50 cents per month.

For lots of the fourth class, 25 cents per month.

2d. All rents shall be due and paid monthly in advance.

3d. All leases made for water front lots will terminate at any time, that I may desire to sell, rent or use the same for manufacturing, industrial or other purposes. And if such lease is so terminated the lessee shall have the right, provided all rents are paid to date to move his or her house from the lands. But if such rents are not paid as aforesaid the house shall be moved to such other part of the land as you may designate and held for said rents.

4th. To such portion as may lease the lots, and prove to your satisfaction that they built or owned the houses in which they now reside prior to the expiration of the suit between them and myself, I will execute a bill of sale for said houses, with power at any time before the expiration of three years to move said houses, upon the payment of the rent for the full term of their lease and accord them the privilege of settling for the lot from which the houses are moved until said lease shall terminate.

5th. No rents shall be charged for the lots upon which the churches, school houses and lodges are located for a period of three years and at the expiration of three years a bill of sale for said churches, school houses and lodges, together with the improvements thereon, shall be given to the congregation or trustees of the said churches, school houses and lodges and they shall have the right to remove the same from the land.

6th. Old and infirm persons unable to care for themselves, and dependent upon charity for their support, which shall be determined by you, shall pay no rent for the lots they occupy, if living alone. But if others, who are able to pay, live with them, or use the lots for any purpose, said other parties shall pay rent for the same according to their classification. This agreement shall apply to the old and infirm now upon the premises, and to none others, and shall remain in force for three years, unless terminated by their death or removal. JAMES A. BRYAN.

NATIVE NEW BERNIAN APPOINTED.

Hannis Taylor now of Mobile, Minister to Spain.

Mr. Hannis Taylor, one of New Berne's cultured and talented sons, who has for quite a number of years resided at Mobile Alabama, has been appointed by the President Minister to Spain, an honor that is merited and that is specially gratifying to his friends in both his native and his adopted State.

Mr. Taylor is about 41 years of age, is a practitioner before the Supreme Court of the United States, and is a very fine man. He was a student at the North Carolina University, and he delivered an address there at the last commencement.

Mr. Taylor has acquired great reputation as a scholar. He is the author of the latest history of the English constitution, which traces the principles of constitutional government from the early times in England to the present, which some consider the most important contribution to political scholarship ever made by the Old North State.

Mr. Taylor's appointment is of almost equal interest in the two States. He was warmly recommended by North Carolinians.
