Princeton University has 1,072 students.

Mr. Tipton gets the position of State statistician.

In England a box of tin costs \$2.97. In New York under the robber tariff it costs \$5.50.

Minnesota timber thieves have stolen \$3,000,000 worth from the State.

A cloak of prairie chickens feathers, made by a Dakota woman is a World's Fair curio.

New York and Boston capitalists want to buy all of Canada's iron rolling mills and make a combine.

Mr. E. J. Hale expected the Turkish Mission up to the very time Mr. Terrell's name was sent in.

Bishop Howe, of Central Pennsylvania, has just celebrated his 85th year. He has been more than sixty years in the ministry.

Hundreds of clerks thinking they were in life settled in Washington. They will have to sell and get if the right division of offices is made.

After wrestling with the all-important question an authority or etiquette has decided that gloves should not be worn at dinner, but are perfectly permissible at an ice cream function.

Two Ohlian Balmacedists have taken refuge with the American Legation at Santiago. Minister Egan requested safe conduct for the two men, but it was refused by the President of Chili.

The county Alliance all over the State met Thursday. Ohio Wilson says the Wake Alliance did not discuss the cotton acreage question

but talked about the "oustedness" of the last Legislature's action regarding the Alliance charter.

The main issue of which Mr. Cleveland was elected was that of the tariff. That is the issue upon which there is most harmony among Democratic congressmen, and that is the one also in which the people of the country are most deeply concerned.

## LOCAL NEWS.

### NEW ADVERTISEMENTS.

Howard. D. Hassell—A card.

For sale—Feather bed.

Mr. B. K. Bryan, of Charlotte returned home yesterday morning.

A bakery is to be started in Morehead City at an early date by Taylor Bros. of that place.

Mr. J. J. Tolson has rented the place so long occupied by Mr. Alex Miller on Broad street for his residence.

The committee on concert are doing good work under the directorship of Mr. F. E. Morton. The date will be Wednesday the 26th inst.

P. H. Wiggins, col., of James City brought in specimens of grown peas from his garden in James City. He intends to pick Wednesday and expects to get about five boxes.

Col. A. J. Yeomans brought in the first strawberries offered for sale on our market this season yesterday. They were sold by Mr. John Dunn and brought 25 cents per quart.

Three hundred dollars reward is offered for the arrest and delivery to the proper authorities of John Allen Johnson, who shot Deputy U. S. Marshall Upchurch in Raleigh on the 4th inst.

The meeting at Centenary church is increasing in interest, and the very excellent sermons and earnest labors of Rev. W. M. Bagby are very much appreciated by the large and growing congregations which attend these services.

The balloon ascension at Greenville by Mrs. Nellie Steele took place Thursday though it was raining. It is an extremely rare occurrence for such an attempt to be made on account of the liability of the parachute to fail to open if wet or damp, but she ascended about 500 feet while it rained. Prof. and Mrs. Steele leave Greenville now for Kingston.

Mr. J. B. Holland on his recent trip North purchased a new stock of goods which are arriving and being arranged in the store just vacated by Mr. Milton Holland nearly opposite the Baptist church. Mr. Holland will handle pretty near the same line of goods that he dealt in when a member of the firm of Holland & Jarvis. He expects to be ready for business about the middle of this week.

Dr. Reid continues as editor of the Advocate and will give it his supervision as much as possible after his removal to Greensboro. Dr. Dan Atkins of Statesville has been appointed Associate editor and will move to Raleigh and be in charge of the office. Mr. John W. Jenkins, who has been on the staff for some time will be assistant. The change occurs July 1st.

The Board of Health of the City of Raleigh has issued an order to all owners and occupants of property to clean them up and the city is to remove all debris beyond the city limits. The special sanitary measures are being taken, because the board recognizes at this time the paramount necessity of thorough cleanliness. The example is worth following.

If a guessing contest were on foot as to the largest tax that any single North Carolina firm pays we suppose that very few people would guess even one tenth of the correct amount. The statement is made that the Dukes of Durham pay at the rate of over \$50,000 per month buying over \$13,000 worth of cigarette stamps each week, or \$2,000 per day! A pretty large amount to end in smoke.

M. N. Hales, of Rocky Mount, has been appointed mail agent on the A. & N. C. R. R. in place of Jas. Battle, col., of Goldsboro deceased. We are told the place pays \$300 per year and such appointments as are still made by Republicans as Cleveland though he has been in power about a month and a half has not turned out the head Republican officials who have the appointing power.

The Norfolk Ledger says that there is very apparently a growing sentiment in this country in favor of the woman suffrage, but if the scenes at the first Kansas election in which the gentler sex was allowed an unrestricted ballot, and which occurred this month, are to be repeated, the growth of the sentiment is likely to be retarded rather than accelerated. It is stated that in one of the cities dozens of women stood about the polls and "worked" for their friends; that the wife of a wealthy resident was candidate for Mayor, and that she appeared at the various precincts with two brass bands. She was, however, defeated. Man honors woman in her proper sphere, but when that is overreached, as in the above instances, he can no longer attain that same regard and respect for her that is universal in all enlightened lands.

TUTT'S PILLS in 100 years.

## OFF TO CHICAGO.

Six Tanks of Ocean Inhabitants from Morehead for the World's Fair.

The United States Fish Commission car which went down to Morehead a week ago after live salt water fish for the Columbian Exposition passed through yesterday morning with its six tanks filled with the specimens secured. Mr. J. Frank Ellis, superintendent of the Commissions car and Messenger service and Capt. M. Gleason were along with the exhibits. Hon. Marshall McDonald, Fish Commissioner will join them in Virginia and accompany them to Chicago.

The gentlemen express themselves well pleased with the results of the trip, having been more successful such as they desired than they anticipated.

Of edible fish in the tanks there were spotted trout, gray trout, hog fish, whitings, spots, croakers, tautogs, blue fish and flounders.

Non-edible fish were represented by specimens of nurse fish, skates, stingarees, burr fish, tooth fish and gars.

In the line of crustaceans there were king crabs, stone crabs, sea urchins, fill-deers, conchs, and welks.

Specimens of green and red algae and other sea flora attached to rocks and shells were also being taken along.

This is the first experimental trip of the car. The distance (1200 miles) from Morehead to Chicago, is the longest that an attempt has ever been made to transport live salt water fish and new methods have been brought into use for the occasion and it remains to be seen what the result will be.

The water is kept in commotion as we stated in a former article by means of an engine at the centre of the car and kept at a temperature of from 58 to 64 degrees by passing through a cooler—that being considered the desirable temperature.

The seven carloads of salt water taken up from Morehead to Chicago a short time ago is considered a perfect success. After being filtered it is clearer even than when taken from the "briny deep." An aquarium at the World's Fair will hold 25 carloads of fish and they can be seen with perfect clearness by all visitors.

Members of the service will ere long make another trip to Morehead seeking specially for kinds of fish that are not well known. There are four cars in the service work. Two of them are now engaged in getting fresh water fish from the Mississippi river.

**Revival at Wilson.**

Rev. John F. Butt has returned from a glorious meeting near Wilson where he has been assisting Rev. W. W. Rowe.

About eleven professed faith in Christ, 27 came forward and around the Altar pledged themselves to lead a Christian life in the future and soliciting the help and prayers of all Christians.

About 60 Christians pledged themselves by open demonstration to a more devoted Christian life than they had formerly lived. One good lady who had made a will and given in it \$500.00 to help remodel the church building concluded not to wait till death, but under the warning influence of the meeting and the solicitation of her godly and very popular Pastor Rev. W. W. Rowe, concluded to advance it immediately and the ball was set in motion by other liberal contributions so in a few months the people of Black Creek will have one of the neatest churches imaginable.

The results of the meeting leads Mr. Butt to the following reflections: "A Holy Ghost Revival of religion in a church is indispensable every year—every week. It convicts and converts sinners makes professing Christians more joyful and useful and has great effect on pocket books and ends very frequently in so much love to God as to make them not ashamed to live in a mansion well furnished and worship in a shanty."

**Brewery Burned.**

Mr. E. Danenberg's beer bottling establishment was burned last night about half past ten o'clock. The machinery and stock were valued at about \$10,000, some insurance; the building at about \$8,500. It belonged to Mrs. P. Holland, and there was not any insurance on it. The building was of brick and the walls are standing. It is thought that considerable of the machinery is not injured past use.

The fire had a strong hold when discovered, and saving the wood buildings on each side was a fine piece of work. No engine department could have done better—A hook and ladder company is the only thing that could have made an improvement.

Several of the people of James City came over yesterday and took out leases on the James city property they occupy. It is to be hoped that this opening of a pacific settlement will be followed by each and all of the others at once. It is the wise, proper, law-abiding course for every citizen to obey the orders of the courts voluntarily.

A beautiful gold medal has been presented our townsman, Mr. M. H. Sultan, by the members of the New Berne Steam Fire Engine Co. It was purchased through our young jeweler Mr. A. E. Hibbard, and is quite handsome. On one side of the medal is the inscription: "Presented to M. H. Sultan, in appreciation of services rendered as Foreman—1893."

On the reverse side are the words "New Berne Steam Fire Engine Co. No. 1," and in the center is an engraving of the engine. On the outer circle, acting as a girdle, is an eagle with outstretched wings.

## Church Services.

Hancock Street Methodist Church.—Sunrise prayer meeting every Sunday morning at 7 o'clock. Preaching at 11 a. m. and 8 p. m. by pastor Rev. J. F. Butt. Subject: "The rich fool and the converted and Baptized Jailer with his children. Sunday school from 2:30 to 4, 30 minutes of it singing service. An organist of talent and ability who can sing and play any piece of music at first sight, will deeply interest all who attend all the services. Samuel R. Ball, superintendent of the Sunday school is an expert with drawing on the blackboard and in his lectures on the same, crowds attend.

Centenary M. E. Church.—Rev. R. A. Willis, pastor. Services at 11 a. m. and 8 p. m., conducted by Rev. W. M. Bagby, of Greensboro. Prayer meeting at 9:15 a. m. Sunday School at 4 p. m., J. K. Willis, Supt. The meeting which has been in progress in this church will be continued during the week. The public are cordially invited to attend.

Christ Church.—Rev. T. M. N. George, rector. 2nd Sunday after Easter. Service with Confirmation and Holy Communion at 11 a. m., the Bishop of the Diocese officiating, assisted by the rector. The evening service will be omitted. Sunday School and Young Men's Bible Class at 4 p. m., Sunday School at the Chapel 9:30 a. m. The public are cordially invited to all services. Attentive ushers.

Mt. Calvary Temple.—Sunday school 9 a. m. Mass meeting at 4:15 p. m. Rev. John F. Butt has returned and will help in the meeting. It is expected that the meeting will be conducted by one of our most intellectual citizens noted for his spirituality and comprehensive talks. Everybody invited to come.

Presbyterian church—C. G. Vardell, pastor. Service 11 a. m. and 8 p. m. Sunday school 4:45 p. m. Prayer meeting Thursday 8 p. m. The public are cordially invited to attend all these services.

Baptist Church.—Services 11 a. m. and 8 p. m., conducted by the pastor, Rev. Rufus Ford. Sunday school at 3 p. m.

Church of Christ.—D. H. Petree, pastor. Meeting for men at 9:30 a. m. Sermon at 11 a. m. and 8 p. m. Sunday School at 3 p. m. Come and hear.

Gospel meeting at Y. M. C. A. conducted by Rev. W. H. Willis at 5 o'clock. Good music may be expected.

**Run Over.**

A little white boy named Charles Nelson about 8 years old who lives near Bishop's factory, was accidentally run over yesterday morning on South Front street by one of the carts engaged in hauling the surplus dirt from the A. & N. C. R. R. where the track is being lowered. When the cart was backed up to load the horse became frightened by a train and started off and before the driver could gain control of him the little fellow was knocked down and one of the wheels ran directly across his face breaking the bridge of his nose and causing severe contusion of the cheek and eye which barely escaped being destroyed.

Bad as the wounds are it is likely that, but for the fact that the cart was not loaded and the accident occurred on newly hauled soft dirt, it is likely that the results would have been much more serious. Dr. N. H. Street is the attending physician.

The accident is not considered to be due to any negligence of the cart.

**Truck Quotation.**

We received the following from Messrs. Palmer & Rivenburg & Co., of New York last night by telegraph: Strawberries 15 to 20c.; asparagus \$3.50 to \$4.50; radishes 50c. to \$1.

**No More Baggage Smashing.**

The Railway Commission has issued the following order: "All common carriers subject to supervisors of the Railway Commission shall provide such means or appliances as may be necessary to secure the careful handling of and to prevent injury to any parcel of baggage to which checks may be affixed, and at all minor stations where no proper appliances are supplied and no regular depot hand is employed, it shall be required of train hands to assist the baggage master and lift with care all baggage from the car doors."

**Widely Different Effects.**

Which will the farmers choose, a decrease of labor and plenty of home supplies at a handsome profit, or an increase of labor with smoke houses and corn cribs in the West, and ruinous loss on the production of their cotton crop? Can any sane man hesitate?

A 7,000,000 bale crop will bring 10 cents, or in round numbers \$70,000,000, while a 9,000,000 bale crop will not bring over 7 cents, or say \$315,000,000, a loss of \$35,000,000—and how about the cost of production? To raise a 7,000,000 bale crop at 8 cents per pound will cost \$280,000,000, which, if sold at as much as 7 cents per pound, would only bring \$315,000,000, or a net loss to the producers of \$45,000,000, showing a difference in favor of the lesser crop of \$15,000,000, and that with plenty of home supplies for the next crop.—Home Tribune.

**A Card.**

Trades increasing without the worthy help of our truckers. 65 per cent on the dollar for the last two weeks. Look out for croakers and grumblers.

D. H. HASSILL, 110, 11.

The above paddles his own canoe.

## The Teachers' World's Fair Party.

The party is a very select company of congenial friends, and is not an excursion by any means. The limit of members is now nearly reached, and no person will be admitted beyond the limit, as the manager is determined that there shall be one party to visit the World's Fair without any crowding or discomfort.

This party will make the trip on two special trains, and there will be persons on the trains except members of the party whose names are duly registered. The company will comprise about one hundred Raleigh people, and the others will be from every part of the State, there being a special party of twenty-five teachers from South Carolina, and another of fifteen from Virginia. The assembling point is Raleigh, and persons will be admitted to the trains only at Goldsboro, Raleigh, Durham, Greensboro and Danville. The trains leave Raleigh at 7 o'clock on July 20th and arrive in Chicago at 2:30 on the 21st.

Every arrangement for the trip is now fully arranged and the party will see the World's Fair with much more comfort than other persons will enjoy who visit Chicago, and at less than one half the expense. The visit will occupy nearly twelve days and a full week will be spent in Chicago. The total necessary expenses of the trip are only \$39, which include rail fare both ways, board and lodging in Chicago, four admissions to the Exposition and twenty street car tickets. The North Carolina Teacher has prepared a circular of full information which will be sent to any persons desiring to join the party.—News & Observer.

"Habit is a noble, every day we weave a thread and soon we cannot wear it."

Don't form any bad habits, but get in the habit of coming to Howard's for what you need in Clothing, Hats or Shoes. We have other things you need too, they are Shirts, Neckwear and Underwear. Just in a new lot of Balbriggan Shirts and Suspenders. The suspenders are long cut. They'll suit you if you're tall. New Collars, Cuffs and Wristers. Children's Jersey Suits 1 to 7 years old.

J. M. HOWARD.

**A New Tin and Plumbing Shop.**

We have recently the store lately occupied by us, moved to present stand and intend conducting in connection with our Mill Supply business a first class Tinning & Plumbing Shop, under the management of skilled and competent workmen and shall make a specialty of putting on TIN ROOFING AND GUTTERS. And repainting and repairing old roofing. OUR REPAIRING DEPARTMENT. Will be complete in every particular and work done well and promptly. We solicit an opportunity to make prices on anything in this line and are in position to make lowest possible figures, consistent with first class workmanship and material. Respectfully, D. SWANN & COMPANY, N. E. to City Hall.
