Astonishingly Large Attendance.

Sunday Rev. W. H. Winfield of New Berne preached of Mr. Vine Allen Thomas in open air at his grave at the old homestead, about nine miles from T. Hill the bicyclist who was one of them New Berne, on the opposite side of Neuse river.

The attendance was immense. The B. L. Perry, one of our countymen, is vast concourse of people was estimated making preparation for multitudes of by some to be between one and two summer visitors at the Atlantic Hotel the thousand and it was the common excoming season. He is an experienced pression of many that the sermon was the no elist and will satisfy his guests. The crowning expression of Mr. Winfield's life. His subject was "The Hope of the Resurrection."

The Press Meeting at New Berne.

Up to the present time the Secretary of the State Press Association has received a of the Press Convention next week and to larger number of letters from those who expect to attend the coming meeting at New Berne than he has received any previous year. The indications point to a large attendenc. There have already been eighteen applicants for memberships.

The people of New Berne are making

arrangements to give the editors a grand time. They want them all to come Members should leave home so as to reach New Berne on the 6 o'clock train Tuesday evening. Those living in this section of the State can do this by going on the morning train, which leaves Salisoury at 8:30.

Members will bear in mind that [due must be paid whether they attend or not If you cannot go go to New Berne, send the Secretary your dues at once. If you attend the meeting, you may hand them to him when you see him.

The A. & N. C. R. R., from Goldsloro

to New Berne, will pass the editors and any member of their immediate families. A rate of one fare for members of editors families has been asked for on other road and will no doubt be granted.

Years ago, when thrown from a carringe and seriously in-jured, I gave them a thorough trial. In You must always be prompt when the a very short time the pain that I was suffering disappeared, and within a week I was entirely relieved. On another occasion, when suffering from a severe cough, which threatened pulmonary difficulties, which I was recommended to go Florida to relieve, I determined to tes during the whole time that he was in the plasters again. I applied them to my business in New Berne. This occupation chest and between the shoulder blades, and in less than a fortnight was entirely cuted. On still another occasion when about a year ago followed by partial pasuffering from an attack of rheumatism in She must prove to her husband a du pursuits. The last attack which came a sorted to the plasters, and within a very few days the rheumatism entirely disappeared. I have them constantly by me, whether at home or abroad. My family as well as myself have found them to be soverign romedy, both for external and It will be your drty to have silken hair, internal proubles. I never had but one If you wish to be called one of the fair, kidney difficulty in my life, and the application of the plasters cured me in a week. When we take into consideration the advantage of a Steam Ferry plying across I can prove it. For instance, Mr. Ipock making 25 cents freight and 25 cts for his ferriage, 10 ets drayage for his pork and ten cents drayage back to the clock for whatever he may buy in exchange for Danenburg considers his loss to be about his pork and 10 ets. freight back across \$3,000. Mr. Danenburg was insured for the river making in all 80 ets., every \$3,000 and the most of the insurance was time, Mr. Ipock brings a load of produce to New Berne market. No resent ble man will deny that two-thirds of every dollar taken in for ferringe in crossing Neuse river does not belong to New Berne Steam Ferry, ther. I say the increase of travel and the income in crossing Trent river will enable the New Berne Steam Ferry Co to put Mr. Iponk across Neuse river and return will his loaded cart for 40 cents which now cost him 80 cents and his horse, and court ... one side of the river and he on the other.

On the other hand suppose the chargeon the Steam Ferry was as much as it cost on the sail boats and a man could drive his horse and eart on without tak ing out his pork or eggs, and save breaking his eggs or damaging the sale of his pork by taking it out of the cart and throwing on the platform, off of the platform into the boat, out of the boat on the dray, would there not be a great advantage by crossing in the steam ferry, to say nothing about the reduction on freight and ferriage. Merchants of New Berne let me ask you does not two thirds of our trade lay on the north side of Neuse river and south side of Trent river. It so then is it not time for us to lend them a helping hand in giving them better and charper

transportation. One of Pamlico county's best citizen and a merchant) wrote Big Ike that at present he came to Newbern from one to three times a year but were there a good reliable steam ferry be would come at least twelve times.
